

REACH CHARITY LIMITED

(A COMPANY LIMITED BY GUARANTEE)

**ANNUAL REPORT
AND ACCOUNTS
2022 – 23**

**Covering the period 1 March 2022
to 28 February 2023**

ANNUAL REPORT 2022-23

The Trustees of Reach Charity Ltd are pleased to present their annual report, together with the financial statements for the charity for the year ending 28 February 2023.

The Trustees are also Directors of the Company for the purposes of the Companies Act 2006.

Purpose and impact

Reach was established to provide **support for children, and their families, with upper limb differences**, to help them feel comfortable in their own skin and to live their lives without limits.

The main activities carried out in support of these charitable purposes are:

- Organising **events** that bring children with upper limb differences together with others, both at a local branch level and at our annual Reach Activity Week for secondary-school aged children, and Family Weekend.
- Providing **support** to parents of children with upper limb differences, through networks of others who have had similar experiences and can share their learning and understanding.
- Providing **public information** to health professionals on how best to support children with upper limb differences and their parents.
- Provide Bursary **grants** to help children with upper limb differences and young adults with adaptations that enable them to participate in their chosen occupations.

In shaping our objectives and activities, the Trustees have considered the Charity Commission's guidance on public benefit, including the guidance 'Public Benefit: running a charity'.

The Board of Trustees are extremely grateful for the hard work and creativity of our volunteers and staff for everything they have done to ensure Reach continues to provide a positive difference to many families this year. We currently have more than 600 children and young people with upper limb differences within our community.

Our Vision and Values

Reach is a friendly, caring place for incredible children and their incredible families.

We give support and information to inspire and build

We offer fun activities to encourage Reach children to aim higher, whatever their age or ability.

Reach is... positive

Even in the darkest moments, we want Reach to be a ray of hope in our members' lives. We see the potential in all Reach children and celebrate their ability, never focusing on disability.

Reach is... supportive

We recognise that different families want different levels of support, and we tailor our approach to suit them.

We're there to provide resources, support and practical advice; whatever our families tell us they need.

Reach is... inspiring

Our members are amazing, and we shout about their achievements whenever we can. We share success stories and hero those 'wow' moments, big and small, to show families just what our incredible children are capable of doing.

Reach is... community

Connecting families is a vital part of Reach's work and this creates priceless bonds. Whether it's at our family weekend, branch meetings or on our Facebook forum, we help members to build relationships that last a lifetime

Ethical principles

- **Beneficiaries come first** - we carry out our work for the public benefit.
- **Integrity** - everyone who works or volunteers for Reach should uphold the highest level of integrity and personal conduct at all times.

More details on the way we apply our ethical principles is published on the charity's website:

<https://reach.org.uk/>

Governance and Decision-making

Reach is a Company limited by guarantee and is registered as a charity with both the Charity Commission for England and Wales and the Office of the Scottish Charities Regulator. We are governed by our Memorandum and Articles of Association, which are available on our website.

Responsibility for the overall administration of the charity lies with the Trustees. Together they make up the Trustee Board. Trustees are elected by members of the charity at the annual general meeting but may additionally be co-opted in-year to fill particular skills gaps on the board. Any co-opted trustee is subject to election by the members at the next annual general meeting. A third of all other serving Trustees retire at each annual general meeting but can stand for re-election if the rest of the Trustee Board supports their nomination.

The Trustee Board elects, from its members, three officers: a chair, a vice-chair, and a treasurer. The Board meet on a quarterly basis, with sub committees meeting as required to look at specific priority areas (Fundraising, Governance, Management, Finance, Ireland, and Health professionals) and discuss issues in more detail to advise the Board.

The Board aims to make decisions by consensus but, in the rare event that this is not possible, decides matters on a majority vote. All Trustees are bound by the principle of collective

responsibility – that is to say, they have agreed to accept a decision of the board, even if this was not their personal view.

The Board delegates most of the day-to-day operational management of the charity to the Operations Lead (known as National Coordinator 2022). The Board delegates decisions on the award of bursaries to the independent Bursary Panel.

The Board has a risk register for overseeing and managing risks to the charity's operation. This is reviewed by the Board at least quarterly, and more frequently as events require.

In January 2022 the Board updated its strategic priorities for the period 2022-27, to bring greater clarity and focus to how Reach furthers its charitable purposes:

- **Raise the profile of limb difference**, to help improve confidence of those living with an upper limb difference to be able to live their lives without limits.
- Run a series of **high-quality activities and programmes**, to bring together and/or support children and young people with upper limb differences to help improve their confidence in being able to live their lives without limits.
- **Improve communication with, and support for, our stakeholders**, so that every new parent and child with an upper limb difference has access to support when they need it.
- **Develop our fundraising strategy and increase the stability of income** for Reach, so that we are resourced to carry out a range of positive support for our beneficiaries.
- **Strengthen our corporate governance**, so that we protect the charity by complying with the law and furthering our charitable purposes.

Trustees' Responsibilities

The Trustees (who are also the directors of Reach Charity Limited for the purpose of company law) are responsible for preparing the Trustees' report and financial statements in accordance with applicable law and regulations.

Company and charity law requires the Trustees to prepare financial statements each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period.

In preparing financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue to operate.

The Trustees are responsible for keeping proper accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006, the Charities and Trustee Investment (Scotland) Act 2005 and the Charities Act 2011. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities

Branch Network

The backbone of Reach is our 18 Branches (17 branches 2022) throughout the UK and the Republic of Ireland. Led by 27 dedicated Branch Coordinators in 2022 who organise regional events for our members and provide support to new and existing Reach families via the telephone and face-to-face meetings.

These are often the only experiences some of our Reach children have of meeting with other children with upper limb difference. The opportunity to connect with others with similar differences, and to realise that they are not alone is invaluable. And, for their parents, the opportunity to learn from the experience of other parents is important in supporting their children grow up confident in their ability to live their lives without limits.

To remain in line with the Republic of Ireland's charity and company rules a new Company - Reach Ireland Ltd – has been registered, is being established and registered with the Irish charity regulators.

Historically all Branch finances have been accounted for within the Reach Charity Ltd annual accounts. A separate bank account has been maintained in Ireland, denominated in Euros.

On completion of the registration requirements the funds held in the Irish accounts will be formally transferred to Reach Ireland Ltd. For accounting purposes these funds are shown in the current accounts as 'designated funds'.

Notwithstanding this regulatory change the Irish branch remains very much part of our Reach family.

Highlights of 2022-23

This has been an exciting year for Reach as we continue to expand our activities following the Covid shutdown period. It has also been a period of change as we look to the continued future of Reach.

During the year we saw several changes to our Trustee Board to ensure we have the correct balance of skills and life experience to move forward, and to increase the support we can give to our members. We have succeeded in recruiting new and younger professionals as Trustees with skills in areas seen as important to the Charity, including finance, legal, fundraising, PR, medical professionals, and importantly to us – includes several with experience of living life with upper limb difference.

The Board has a balance of experienced Trustees and members new to trusteeship. This balance

of new and old ensures we have a Board that can fully reflect the views of our membership, provide a wide range of skills and professionalism in key areas, and guarantee the future of the Charity.

During the year we have also seen a change in employed staff, with great knowledge and experience of working within the charity sector. We are constantly amazed by their skill and commitment.

We have renewed our relationships and contracts with external professionals such as our legal advisors and accountants, editors of our member magazine Within Reach, and media production professionals.

We have also appointed a new Social Media Manager to refresh and manage our social media outlets, with astonishing success and growth in followers. Facebook engagement has grown by 73%, and Instagram by 49%.

Together with well-proven professional experience several of these also have life experience of living with upper limb difference. Their commitment and support of Reach is outstanding.

Annual Family weekend and AGM – October 2022

Reach's Annual Family Weekend is one of two flagship events in the Charity's calendar. Building on last year's successful virtual Annual Family Day, this year we delivered an Annual Family Day as a hybrid event, with a host of guests in a studio and beamed across the internet on a bespoke platform to connect with Reach members across the UK and Ireland.

Some 300 families were able to simultaneously live stream from home thanks to the incredible orchestration of James Jones, JJT Services, and co-hosted by the wonderful Alastair Greener and Reach Ambassador, Ella Dickenson.

Guest Speakers included: Ritchi Edwards, Frank Letch and Melissa Johns.

Research team (Ruth Lester -Reach Trustee and retired Plastic Surgeon, Emma Gilpin -Paediatric Nurse and Reach Mum, and Orla Duncan -Psychosocial Nurse Practitioner) presented findings from the Early Parental Experience Study.

Reach member and trombonist, Steven Haynes spoke about life, music, and mental health. Paralympian Pathway Manager Alisdair Donaldson and Reach parent Hannah Palin talked about advancements being made in cycling and cycling prosthetics and the determination needed to make those advancements.

Reach Activity Week August 2022

The Reach Activity Week (RAW) is our second flagship event, bringing together secondary school-age children with upper limb differences and led by a group of our adult mentors - all with upper limb differences.

The week-long adventure represents the highlight of the Reach year for many of the participants who often come back year after year. This year 33 Reach children took part at an outdoor activity

centre near Birmingham. It is all about ability, not disability, as they take part and learn new skills in a wide range of outdoor activities and learn that anything is possible!

The time spent together outside the formal activity sessions is just as important with peer-bonding and the opportunity to discuss any issues they have experienced in their lives. Try tying your shoelaces one-handed and you will see what this means!

"I've found that although tough times in life might have seemed insurmountable in the moment, they have always been the source of huge personal growth and can be a blessing when shared with others on the same path as you. Both as a way of knowing that they are not alone and that there is always light at the end of the tunnel. If any parent is considering whether to send their child to RAW next year, I promise you won't regret it."

Tony Addison, RAW Mentor

RAW24 is already booked for 6-13 August 2024 and early interest indicates this will be even more successful as our young people and families gain confidence after the Covid pandemic and want to take part.

Tyncae Family Camp

The Tyncae annual 'on the farm' family camp for Reach children and their families was held again this year. This has been the gift of the Davies' family to Reach for our families, allowing them to come together and enjoy fun and games in a relaxed environment.

This was the 25th year for the camp. Sadly, it may be the last as the Davies' are retiring. We remain extremely grateful for the support and dedication they have shown our Reach families for a quarter of a century – they will be a hard act to follow.

We will be looking at options for the future for similar events.

Regional Weekends

Following feedback from the Branches and our members two regional family weekends were held during the year as a pilot. These proved very popular, being run more locally than our major national events.

We will be looking to expand these going forward with the ambition to run these throughout the country.

Reach 18-25

Our new Board of Trustees includes young professionals with life experience of upper limb difference. Closer in age to our teenage members they recognised a potential gap in delivery and began to consult with members aged 18-25 about their needs.

Bursaries

People with upper limb differences face issues not encountered by the wider population. These often require the need for person-specific adaptations or the purchase of specialized equipment.

All of these have a cost, which can be a barrier to some families. The Reach Bursary Scheme was set up to help remove or reduce barriers associated with upper limb differences.

Members are welcome to make an application for assistance for specific needs. The most common of these is for adaptations for driving but have also included: bike adaptations, adapted musical instruments, para- athlete equipment and event costs, modified laptops, and attendance at RAW.

Award decisions are taken by an independent panel with professional knowledge and lived experience of limb difference.

In 2022 a review of the Bursary Scheme was undertaken with representatives of the Bursary Scheme as part of a wider ongoing programme to review all Reach charitable activities to ensure they continue to align fully with the charity's Objects and the Charity Commission's guidance on Public Benefits.

The review confirmed the value of the Bursary Scheme as a vital part of how we support children and young people with upper limb differences, and refocused the application form to enable applicants to provide clearer information to demonstrate how the thing they were seeking support for would remove or reduce a barrier associated with their upper limb difference.

Providing support to parents of children with upper limb differences

Our staff team and volunteer parents continued to offer telephone and email support to existing members and prospective new members as well as dealing with queries from the public and from health professionals. Being able to connect new parents with access to experience and support from other members of the limb difference community is a very important part of our work.

Social media

Reach continues to be active on social media. As well as our public sites we maintain private sites such as Facebook and WhatsApp for use of our Branches and members to ensure we are GDPR compliant and respectful of our members.

In addition, we use Instagram and LinkedIn to increase public awareness of upper limb differences, the support available, and to reach new members, healthcare professionals and potential funders.

The closed Facebook groups are very well used for communication between families, asking for advice or support, as well as celebrating the 'wins'. The closed Branch Facebook groups and the Branch WhatsApp groups tend to be used for information locally.

Our new Social Media Manager is to undertake a review of all our social media outlets to bring them up to date and increase user accessibility.

Financial position

Our annual financial accounts for the year to February 2023 are attached to this report.

Like many charities many of our usual activities were unable to go ahead during the Covid pandemic period. This affected both planned events and some fundraising activities. However, we continued to receive amazing support from our members and supporters in holding many smaller local events and received many donations in support of the Charity. The result was an accumulation of funds in excess of our Reserves policy.

The last Annual Accounts to February 2022 reported a small, planned deficit for the year as accrued funds were utilized in running activities meeting our charitable purposes. It was anticipated this would continue in this financial year.

However, we have been amazed and delighted by the support of our members in arranging a multitude of fundraising events, meaning our income exceeded all our expectations. At the same time the need to hold the Annual Family Weekend as a virtual event meant costs were below expectations.

Overall, this has meant that the accounts report a net income for the year of £23,937.

Fundraising income in the current strained financial environment carries a measure of uncertainty, and the Trustees need to act in a prudent manner to ensure the future of the Charity. The Trustees are planning how these funds are best utilized in meeting our charitable purposes whilst ensuring protecting the future of the Charity.

This includes the potential to develop further regional events and increase financial support to our Branches in holding more local events. Accordingly, the next accounting year is anticipated to show a planned deficit as funds are used in running these events.

Reserves policy

As a charity, Reach's first duty is to its beneficiaries - current and future. All the charity's money must be spent to support the charitable purposes set out in our Articles of Association.

The Board of Trustees has a duty to act in the interests of the charity's current and future beneficiaries, including ensuring that the charity is capable of meeting all its contractual obligations and liabilities. This means, at the most extreme, ensuring there are sufficient funds held to cover the cost of winding up the charity, should this prove necessary at some future date.

It also means taking steps to protect the charity against future reductions in income – the equivalent of a 'rainy day' fund, that would enable the Charity to continue to operate in support of its beneficiaries in the event of its income ceasing or being significantly reduced. A small charity like Reach is very vulnerable to changes in the fundraising environment, as the Covid-19 restrictions have demonstrated. It is important to protect the charity's services to its beneficiaries to enable them to continue, as far as possible, despite reductions in income.

The Board considers the particular circumstances of Reach in assessing the level of funds required to meet this aim which we consider should meet, as a minimum, the cost of half a year's operating costs, plus the anticipated cost of winding up the Charity in the - hopefully very unlikely - event that this should prove necessary.

This reserve is to be reviewed annually by the Trustees, and in February 2022, Accounts was set at

£135,000. The authorisation of the full Board of Trustees is required to approve any expenditure that would erode reserves below that target level.

Following the significant changes during the year within the Trustee Board, employed staff and member activities it was considered prudent to maintain this figure for this year. A further full review is to be carried out to ensure this remains appropriate and will be reported upon in the next Accounts.

Unrestricted funds as at 28 February 2023 were £210,573. This figure excludes restricted funds AND designated funds. Full "funds" are £238,078, with £13,200 restricted & £14,305 designated. This remains in excess of our reserve requirement.

Restricted funds

The charity holds £13,200 as restricted funds.

This sum (out of an original donation of £15,000) was donated to Reach to fund specific research. The funder expressed the wish that this fund be maintained for research into the causes of congenital limb differences. The fund is insufficient to commission a research project and despite efforts over a long period, we have been unable to identify any ongoing research project that meets the fund's aims. We continue to look for a suitable project that meets the requirements of the funder.

Designated Funds

Funds raised by the Branches are included within the Accounts. This includes the balance of the bank account held in Ireland, £14305, denominated in Euros. On completion of the registrations of Reach Ireland Ltd these funds will be formally transferred to Reach Ireland Ltd. As such they are not available to be included within our unrestricted balances.

Going concern assessment

Each year the Trustees are required to review the financial position of the Charity and ensure that it remains financially viable.

On review of the Accounts the Trustees remain satisfied that all reasonable steps have been taken to protect the Charity's assets and that it remains a viable Company. Reserves remain in excess of our minimum reserve and no commitment has been entered into which would change this position.

Administrative details

Company name:	Reach Charity Limited
Charity registration numbers:	1134544 (England & Wales) SC049805 (Scotland)

Company registration number: 07054164

Registered office and principal office:

Pearl Assurance House, Tavistock Enterprise House, Brook Street,
Tavistock, Devon PL19 0BN

Kent, ME19 4JQ
Co-operative Bank, P.O. Box 101, 1 Balloon Street,
Manchester M60 4EP

In preparing this report, the Trustees have taken advantage of the small companies' exemption provided by section 415A of the Companies Act 2006.

This report was approved by the Trustees on 14th of November 2023 and signed on their behalf by:

Vice Chair Gary Phillips

Treasurer Philip Robertson

ACCOUNTS 2022-2023
Independent Examiner's Report on the
Accounts for the year ended 28 February
2023

I report to the charity trustees on my examination of the accounts of the company for the year ended 28 February 2023 which are set out on pages 15 to 25.

This report is made solely to the Trustees, as a body, in accordance with section 145 of the Charities Act 2011 and regulations made under section 154 of that Act and Regulation 11 of the Charities Accounts (Scotland) Regulations 2006. My work has been undertaken so that I might state to the Trustees those matters I am required to state to them in an Independent Examiner's report and for no other purpose. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other than the company and the company's Trustees as a body, for my work or for this report.

Responsibilities and basis of report

The charity's trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the accounts in accordance with the requirements of the Charities and Trustee Investment (Scotland) Act 2005 ('the 2005 Act'), The Charities Accounts (Scotland) Regulations 2006 (as amended) ('the 2006 Accounts Regulations') and the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5) (b) of the 2011 Act.

Independent examiner's statement

Since the charity is required by company law to prepare its accounts on an accruals basis and is registered as a charity in Scotland your examiner must be a member of a body listed in Regulations 11(2) of the 2006 accounts regulations. I can confirm that I am qualified to undertake the examination because I am a registered member of ICAEW, which is one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

- accounting records were not kept in respect of the Company as required by section 386 of the 2006 Act and Regulation 4 of the 2006 Accounts Regulations; or
- the accounts do not accord with those records and with the accounting requirements of Regulation 8 of the 2006 Accounting Regulations; or
- the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
- the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by

charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

REACH CHARITY LIMITED
(A COMPANY LIMITED BY GUARANTEE)

NOTES OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 28 FEBRUARY 2023

1. Accounting policies

1.1 Basis of preparation of Financial Statements

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2015) – (Charities SORP (FRS102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) and the Companies Act 2006.

Advantage has been taken of disclosure exemptions as set out in FRS102.1.12 from the requirement to produce a cashflow statement.

Reach Charity Limited meets the definition of a public benefit entity under FRS102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

1.2 Company Status

The company, which was incorporated in the United Kingdom, is a company limited by guarantee and has no share capital. The directors of the company are the Trustees named on page 14. In the event of the company being wound up, the liability in respect of the guarantee is limited to £10 per member of the company.

1.3 Fund Accounting

General funds are unrestricted which are available for use at the discretion of the Trustees in furtherance of the general objectives of the company and which have not been designated for other purposes.

Designated funds comprise of unrestricted funds that have been set aside by the Trustees for particular purposes.

Restricted funds are to be used in accordance with specific restrictions imposed by donors. The cost of raising and administering such funds are charged against the specific fund. The aim and use of each restricted fund is set out in the notes to the financial statements.

Investment income, gains and losses are allocated to the appropriate fund.

1.4 Income

Income is recognised when the charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met or when it is probable that the income will be received and the amount can be measured reliably.

For legacies, entitlement is taken as the earlier of the date on which either: the charity is aware that probate has been granted, the estate has been finalised and notification has been made by the executor(s) to the charity that a distribution will be made, or when a distribution is received from the estate. Receipt of a legacy, in whole or in part, is only considered probable when the amount can be measured reliably and the charity has been notified of the executor's intention to make a distribution. Where legacies have been notified to the charity, or the charity is aware of the granting of probate, and the criteria for income recognition have not been met, then the legacy is treated as a contingent asset and disclosed if material.

For pledges, entitlement is the earlier of the pledge being probable and measurable or the pledge being received.

REACH CHARITY LIMITED
(A COMPANY LIMITED BY GUARANTEE)

Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Income from trading activities is the amount derived from ordinary activities and is stated after trade discounts.

1.5 Irrecoverable VAT

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

1.6 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Cost of raising funds comprise of costs associated with fundraising events which the charity organises in order to raise funds for furtherance of its objects.
- Expenditure on charitable activities comprise of costs associated with educational activities undertaken to further the purpose of the charity.
- Support costs are those functions that assist the work of the charity but do not directly undertake charitable activities. Support costs include head office costs, finance, personnel, payroll and governance costs which supports the charity's activities. These costs have been disclosed in note 8 to the financial statements.

1.7 Apportionment of costs

The apportionment of costs between "Raising funds", "Charitable activities" and "Support activities" has been done on the basis of the specific activities within each cost heading.

The following cost headings include activities covering more than one type of cost and have therefore been apportioned as follows:

- All employment related costs have been apportioned on the basis of the proportion of time spent by staff on those activities. For 2023, the following proportions have been used: 40% charitable activities, 45% support activities and 15% raising funds (2022 40% charitable activities, 35% support activities and 25% raising funds)
- Within Reach costs have been apportioned as follows: 90% charitable activities, 10% raising funds.

1.8 Intangible Fixed Assets and Amortisation

All assets costing more than £500 are capitalised. Intangible fixed assets are stated at cost less amortisation. Amortisation is provided at a rate calculated to write off the cost of the assets, over the expected useful life on the following basis:

Database - 5 years straight line

1.9 Tangible Fixed Assets and Depreciation

All assets more than £500 are capitalised.

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over the expected useful lives on the following basis:

Recorders	-	5% reducing balance
Equipment	-	10% reducing balance

REACH CHARITY LIMITED
(A COMPANY LIMITED BY GUARANTEE)

1.10 Operating Leases

Rentals under operating leases are charged to the statement of financial activities on a straight line basis over the lease term.

1.11 Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving items.

1.12 Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any discounts due.

1.13 Cash at Bank and in Hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less than the date of acquisition or opening of the deposit or similar account.

1.14 Creditors and Provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

1.15 Foreign Currency

Profit and loss transactions in foreign currencies are translated into sterling at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the closing rates at the balance sheet date and the exchange differences are included in the profit and loss account.

1.16 Financial Instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans, which are subsequently measured at amortised cost using the effective interest method.

There were no related party transactions in the year (2022: £Nil).

20. Controlling Party: The charitable company is controlled by the board of Trustees.

2022-23
Annual Report

Welcome to our 2022-23 Annual Report

This year was all about steadying the boat. Reach members appointed a brand-new Board of Trustees to make sure this could happen. The new Board includes young professionals with upper limb difference, Branch coordinators, Parents & Carers, and Board Veterans whose Reach children are now all grown up! Across the UK, Branch Coordinators gave their time to help members stay connected, organising branch meet-ups and regional family weekends. 2022 saw 'The last camp at Tyncae', an amazing annual 'on the farm' family camping experience gifted to Reach by the Davies every year for 25 years!

"A time of friendship being renewed,
and new ones being forged."

Cheryl Catesby-Potts, Tyncae Volunteer

2022 Highlights

- 17 Branch events delivered across the UK
- 2 regional and one National Family Weekends delivered
- 33 Young people attend RAW 22
- Parental Experience Survey results published
- Within Reach Spring-Summer-Winter editions published and circulated across membership
- Facebook engagement grows by 73% and Instagram by 49% under the watchful eye of new Trustee, Emily Tishaw
- National staff recruitment campaign undertaken by Trustees.

Chairpersons Statement

It gives me the greatest pleasure to welcome Reach members back into the world after covid.

To witness the renewed initiative of our volunteer Branch Coordinators getting people organised to celebrate with our children at Christmas parties and Summer activities;

To meet with and listen to the ideas of 'Reach kids' - young Adults now giving back in abundance to make Reach activities such as RAW work for all our children;

To be involved in the commitment and support of our Reach adults making sure that our little organisation will succeed and endure in our objectives of providing support services for our children living with a limb difference;

It is the dream "job" of a lifetime. It's also the most challenging.

Chris Crearner

Local Branches

Reach works through a network of local branches run by volunteers who are drawn from our membership. Each branch coordinator organises informal get-togethers each year to enable parents and children to meet, offer mutual support and have fun with other Reach children and siblings.

During 2022 the branch network of 17 branches were run by 27 volunteers covering the UK, they sustained activity on the ground whilst the new board of trustees worked to stabilise the charity. Reach is enabled by their commitment and we would like to say 'thank you' - you are incredible.

AFW 2022 BACK IN PERSON FOR THE FIRST TIME SINCE COVID!

"Difference is what makes us stronger"

Melissa Johns

The Reach Annual Family Weekend (AFW), saw some Reach families reunited, in person, for the first time since 2019. 300 families were able to simultaneously live stream from home thanks to the incredible orchestration of James Jones, JJT Services. Co-hosted by the wonderful Alastair Creener and Reach Ambassador, Ella Dickenson. Guest Speakers included: Ritchie Edwards, Frank Letch and Melissa Johns. Research team: Ruth Lester (Reach Trustee and retired Plastic Surgeon), Emma Ciloin (Paediatric Nurse and Reach Mum), and Orla Duncan (Psychosocial Nurse Practitioner) presented findings from the Early Parental Experience Study (see P5). Reach member and trombonist, Steven Haynes spoke about life, music and mental health, and Paralympian Pathway Manager, Alisdair Donaldson and Reach parent, Hannah Palin talked about advancements being made in cycling and cycling prosthetics and the determination needed to make those advancements. All this plus Football, food and fun!

The Early Parental Experience Study

"We must improve the early experience"

A parental experience survey was run by our Health Care Site Committee who were very appreciative of the participation of Reach families. The findings of the survey will be published in an academic journal for healthcare professionals, the aim being to improve the experience of new parents.

Headline results from the survey in figures:

1. Most parents received verbal information as opposed to written

2.  75% of parents felt 'unsupported' following the news about their child. We do have more written details around how parents would like to be supported.

This includes:

- a) Understanding the cause of the limb difference
- b) Being directed to a support organisation such as Reach
- c) Understanding about what the future may hold for their child both functionally and surgically and the wider life implications.

of responders thought they were given useful information at the time of the 'surprising' news.

had an appointment with a specialist by 3 months after birth.

of parents searched for information themselves.

Editors Highlights 2022

Thank to strong friends & family members. A reminder that we're all human and experiencing struggles. We're brought closer as a community that can offer great support, and the excitement of our achievements. A special shout out to our friends. The magazine, I believe, is a testament to our wins and struggles, but it's a reflection of reality for a community that wants sensitive messages and advice that is practical, helpful and straightforward, but there's a community behind us.

The growth and development of the representation of children with disabilities makes a difference. Seeing representation in action and seeing people like us in the Reach community, we're encouraged to share our experiences and work with a growing body of the representation of children with disabilities.

It's time to take a moment to reflect on your journey and the challenges you've overcome. The message was so powerful and so we decided to make it a special feature.

Para Winter is a special issue. It's a special issue following a previous one. Inspiring Reach children with the message that if you really want to do something, you'll find a way!

RAW 2022

"I've found that although tough times in life might have seemed insurmountable in the moment, they have always been the source of huge personal growth and can be a blessing when shared with others on the same path as you. Both as a way of knowing that they are not alone and that there is always light at the end of the tunnel."

If any parent is considering whether to send their child to RAW next year, I promise you won't regret it."

Tony Addison, RAW Mentor

RAW 24

Sun 06 – Sun 13 August

Jo Neal

Just before Christmas, 2022, Jo Neal, RAW Veteran Mentor and newly appointed Trustee, died – she is very missed.

"Small but mighty. You loved and laughed with such passion and our hearts are full for knowing you. You always thought of others, shared all your possessions and made us giggle with your impressions.

I taught you to tie your shoes, but you taught me kindness, compassion and fearlessness. I once heard you say "I'm just a teacher" but you were so much more to those who knew and loved you. Whilst there is much that could be said, I just want to say thank you Jo-Jo."

Fundraising 2022-23

Reach is supported by its members and community; by organising an array of events across the UK – this year these included cake, garden and book sales, a picnic dinner, a wreath making class, a dog and cat and a Car Club BBQ; by running campaigns celebrating – this year Limb Difference Awareness Month and Christmas, by putting us before you – donating birthday present money, a hairdresser donating 'one cut a day', a couple encouraging their friends to donate to Reach instead of buying wedding presents; by challenging yourselves to run, cook, camp, craft – it's you who make the difference – Thank you

Here is a celebration of just a few of our amazing fundraisers 22-23

Campaigns: The 'Walk in My Shoes' Challenge for Limb Loss Awareness Month raised £23,501

Noah & Ryan: "The boys shared tasks, opening crips, doing buttons up etc. "I am doing the walk in my shoes challenge for Reach because my best friend never lets anything get in his way!" – Ryan

Events:

- Albert & Sam: Family Charity Event in honour of Reach and their son Albert, who was born with an upper limb difference

- Emma & Stevie's Wedding: "A small donation in honour of the beautiful couple's Mummy & Daddy on their wedding day. Congratulations you pair of beautiful! Such an amazing charity, best of luck with all your future fundraising! With lots of love"

Epic: Many members undertake personal and team challenges throughout the year. We love hearing the stories and sharing the photos – here's a couple from 22-23:

- David London: "2 Brighton Ultra " should have learnt my lesson from the first time, but pain and tornails are easily forgotten." David raised money for Reach and for his son Alex. "The most fearless little I have ever was born with dual upper limb differences affecting arms and hands."
- Kirsty Murray: A 'crafty' challenge! "A friend suggested starting myself a challenge to achieve before I turned 50. I decided to see if I could make (baked) 50 things before my 50th and raise some money for charity at the same time, so 100hrs/50 was born!"

WE THANK YOU ALL!

Our vision and values:

Reach is a friendly, caring place for incredible children and their incredible families.

We give support and information to inspire and build.

We offer fun activities to encourage Reach children to aim higher, whatever their age or ability.

Reach is... positive

Reach is the warm, inspiring, welcoming Reach community of people supporting each other's lives. We see the potential in all people, children and adults with disabilities, never focusing on disability.

Reach is... supportive

We recognise that different families want different levels of support, and we tailor our support to suit them.

We're here to provide resources, support and practical advice to meet your family's everyday needs.

Reach is... inspiring

Our members are amazing, and we do our utmost to help them reach their dreams and goals. We support and celebrate you, your child, your community, big and small, every day. Families just want to see their children achieve and spread their wings.

Reach is... community

Connecting families is a vital part of Reach, and it's a unique privilege for us. When we know a family, we reach out to help improve their lives and break down barriers. We help members to build relationships that last a lifetime.

Helping children with upper limb differences live life without limits
