STRUCTURE, GOVERNANCE AND MANAGEMENT

Description of the charity's trusts

Type of governing document:	Trust Deed dated 27 January 2010
How the charity is constituted:	Charitable Trust
Trustee selection methods:	Trustees are appointed or reappointed on a 5 year basis by a resolution of the Trustees passed at a special meeting called pursuant to the charity's governing document.
Additional governance issues:	<p>Educate for Change works closely with 2 Community Based Organisations in Kayunga, Uganda - Kayunga Orphans Education, Care and Support Programme (KOECS&SP) and Nakabango Aids Patients Support (NAPSU).</p> <p>All trustees give their time voluntary and received no remuneration or other benefits.</p>
Risk Management:	The trustees have assessed the major risks to which the charity is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

OBJECTIVES AND ACTIVITIES

<p>Summary of the objects of the charity set out in its governing document</p>	<p>To promote the education of orphaned and other vulnerable children and young people in Kayunga, Uganda and the prevention or relief of poverty in Kayunga, Uganda by providing grants, items and services to individuals in need and/or organisations working to prevent or relieve poverty and by assisting in the provision of education, training, healthcare projects and other support to enable individuals to generate a sustainable income.</p>
<p>Summary of the main activities undertaken for the public benefit in relation to these objects</p>	<p>The focus of our activities is finding sponsors to cover the day school or boarding school fees or other educational fees of orphans and other vulnerable children in Kayunga, Uganda and by the end of the reporting year, 24 children and young people were benefitting from our sponsorship programme with 48 children and young people having benefitted from the programme in total. We believe that the children benefit from receiving an education as it improves childhood development and life skills which helps reduce poverty. School offers children a safe environment with support and supervision and education is acknowledged as a fundamental right for children. As some of the children we have been sponsoring are now becoming young adults, the sponsoring can also include paying for training and vocational fees. All orphans and other vulnerable children in the Kayunga district of Uganda are eligible to benefit from the programme.</p>
<p>Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit.</p>	<p>In planning the activities of the charity for the year, the Trustees have kept in mind the Charity Commission's guidance on public benefit and in particular, the supplementary guidance on the prevention or relief of poverty for the public benefit.</p>
<p>Additional details of the objectives and activities (Optional information)</p>	<p>A great contribution is made by the trustees, volunteers and donors and we are grateful for all the time and money they have donated to the charity, especially considering the current financial climate. We are also grateful for the work and support of Tom Maxwell Ngobi and all the others in Kayunga, Uganda. Without their valuable contribution, we would not have been able to achieve so much.</p>

ACHIEVEMENTS AND PERFORMANCE

<p>Summary of the main achievements of the charity during the year</p>	<p>SPRING</p> <p>The children went back to school in January 2024.</p> <p>One of our children was sick and we were able to send some money to cover her medical costs.</p> <p>SUMMER</p> <p>2 of our sponsored young people who have finished school were successfully enrolled on a government sponsored midwifery course at the Ntungamo School of Nursing and Midwifery. We ran a successful fund raising campaign to cover some of the costs for the 2 young people. This brings the total number of young people on a nursing course to 4. We are delighted with their progression and that we are able to continue to support them in the programme.</p> <p>One of our other young people who is also doing a nursing course was on a placement at Kiryandongo General Hospital</p> <p>We were also able to fund some tuition for the children during the school holidays to enable them to continue with their studies.</p> <p>AUTUMN</p> <p>The children returned to school to continue with their studies.</p> <p>We received some funding to pay for some goats which help with food security issues for the children and their guardians.</p> <p>We had the sad news that one of our young sponsored children is HIV+. We were able to fund some treatment for them and hope that they will continue to be able to thrive.</p> <p>WINTER</p> <p>Each year, there is a Christmas party for a number of children from the local area (including our sponsored children). We received numerous donations for the party. The party was a great success (as always) and the children were treated to turkey, rice, matooke, cake and soda.</p> <p>We are also able to donate some money to buy new bedding as a gift for the children attending the party.</p> <p>We were also able to fund some repairs to the van that Tom uses to transport the children.</p> <p>The Trustees acknowledge that it has been another difficult year for all involved in the charity and especially for the children who have been making up for the studying they missed due to the COVID-19 pandemic. In addition, our</p>

financial position remains challenging as the costs continue to increase each term. Special thanks goes to Tom Ngobi in Uganda for looking after the children's welfare this year. We are extremely grateful that all the children in the sponsorship programme stayed safe and well this year.

We now have 24 young people who have graduated from our sponsorship programme, every single one of whom finished school and has done further education and now they all have jobs (including 2 nurses, a trainee doctor, metalworkers, carpenters, a computer scientist and one of them is running his own business now doing wedding and graduation photography.) We could not be prouder of what these young people have achieved. None of it would be possible without the support of our sponsors and volunteers.

2 of our Trustees are set to visit Uganda in March 2025 and we look forward to their update following their visit.

Financial Review

Review of the charity's financial position at the end of the period	The charity is struggling financially due to the increased costs it is facing for school fees and requirements for the children and the cost of living crisis is affecting the number of sponsors.
Statement explaining the policy for holding reserves stating why they are held	We aim to hold at least £300 at the bank in unrestricted funds at any given time in order to meet any unforeseen expenditure such as vehicle repairs or sponsors dropping out of the sponsorship programme.
Amount of reserves held	£2,000
Reasons for holding zero reserves	
Details of fund materially in deficit	The school fees continue to increase and we do not have sufficient sponsorship money to cover them. Many of our children are nearly at the end of the programme and we are looking to negotiate bulk fees to cover fees to the end of their education.
Explanation of any uncertainties about the charity continuing as a going concern	We are not taking any more children on to the programme at present until the position is consolidated.
