WELWYN EVANGELICAL CHURCH

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 30 SEPTEMBER 2022

The Trustees are pleased to present the Report and Accounts for the year ended 30 September 2022.

Objects of the charity

The charity, which is a church, is governed by a *Constitution* and is constituted as a Trust.

The church's principal object, as set out in its governing document, is the advancement of the Christian religion as defined by the *Schedule of Articles of Faith*, both in the Welwyn area and elsewhere.

This purpose is achieved by:

- a) Regular meetings for public worship and for Bible teaching
- b) Financial support for our pastor and others so that they can devote themselves to the ministry of preaching, teaching and pastoral care; this includes support to train others for this work
- c) Evangelistic activities in the community
- d) Production and distribution of Christian literature
- e) Practical help to those in need, especially to fellow believers

Summary of the charity's main activities and achievements

To further the objects and vision, the charity's main activities and achievements were as follows:

The Church continued to meet for worship and "teaching those things which concern the Lord Jesus Christ".

It placed a strong emphasis on all the means of grace and regularly met for prayer and Bible study. The Sunday services were also Livestreamed and the midweek Bible Studies and prayer meetings used Zoom to include folk who were unable to attend. During the year, the church premises were used for the teaching programme including Sunday Bible classes, and weekday evening activities for children and young people. A number of other activities for different interest groups was arranged, and the Church continued to evangelise and to show the love of Christ to the local community.

The Church took an active interest in missionary work at home and overseas by prayer and financial support.

In planning the activities the Trustees have applied the guidance given by the Charity Commission on public benefit.

Financial review

Unrestricted voluntary receipts were just under £95,000, which is much higher than in the previous year.

Restricted voluntary receipts were slightly lower at £11,000. Receipts from charitable activities were a little higher than the previous year at just under £600. A sum of £300 was received from interest on investments, and £11,500 from the sale of a parcel of land.

Overall, the total receipts increased by over £20,000 compared to the previous year.

Direct charitable activity payments were higher than the previous year by £7,000 at just over £64,000.

Grants paid were slightly lower at £25,500. Unrestricted support costs were higher by £11,000 over the year.

Overall, total receipts exceeded total payments by nearly £6,000.

The impact of Covid-19 on the church's finances has been very limited, with regular giving from members and attenders increasing. Higher expenditure has resulted from the premises being used more frequently during the year.

Future Plans

The key strategies for the church are to remain the same.

Grants Policy

In keeping with the Aims of the Charity, the Church supported a number of institutions and individuals both at home and overseas. The Church business meeting determined those causes to which grants are made, based upon either an annual review of previous recipients or as a new cause. No ongoing commitment is given to any recipient prior to renewal.

Investments Policy

The Deacons have pursued an investment policy which provides shorter and longer term returns in vehicles specifically set up for Charities. Risk is reduced by spreading across different schemes.

Policy on Reserves

The Officers have agreed a policy on reserves such that unrestricted funds are maintained at a level to:

- a) Cover ministerial, care, local outreach, administration and support costs without which the Church could not function.
- b) Provide funds which can be designated to specific projects to enable these projects to be undertaken at short notice.

At the year end, the unrestricted net reserves were in the region of £76,000. This sum is being held to

to provide funds for future use, including £6,000 for maintenance projects, and £40,000 for the ministry, eg the succession plan for the incumbent Pastor.
The trustees believe the charity should aim to hold £76,000 to meet these requirements.

The level of reserves is monitored and reviewed by the Charity Trustees twice annually.

Governance

The names of the Trustees who served since 1st October 2021 are listed on Page 1. They were elected by a majority of the Members in accordance with the provisions of the governing documents. The Trustees meet regularly to monitor and review activities in accordance with existing policy and decisions, and propose new or modifications to existing policy and decisions for adoption at the Church members meeting.

Organisational Structure

All Members subscribe to *the Rules of Practice*, which cover the administration of the Church and its Officers. The roles of Elders and Deacons within the Church are described in that document and are based on the New Testament teaching. The scope of the authority of the Church Officers in the discharge of their legal responsibilities is documented in *the Procedures for the management and administration of the Church as a charity, Fourth Edition (June 2012)*.

Risk Management

All major insurable risks are subject to normal Churches' and employers' insurance. Contractual risks are reviewed before being entered into to assess that they could not significantly impact upon the Church's ability to fulfil its objectives.

A review is undertaken during the year of the major risks to which the church is exposed. The officers have taken appropriate steps to mitigate these risks.

Trustees Responsibilities

Charity law requires us as Trustees to prepare financial statements for each accounting year which record the receipts and payments of the charity for the year.

We are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and enable us to ensure that the financial statements comply with the Charities Act 2011.

We also have a responsibility to safeguard the assets of the charity and to take reasonable steps to prevent fraud or any other irregularities.

Approval

The Freehold property above comprises the Church premises at Fulling Mill Lane.

The Program Related Investment is an advance made in September 1999 for £100,000 on a property for the Pastor who holds the registered title. The church made available an additional sum of £15,000 in March 2006 towards part-equity in the property extension. Subsequently, the new evaluation and redistribution in the share of ownership was calculated as 55.08% of the proceeds of sale in favour of the church. In March 2016 the Pastor increased his share of ownership by paying the church £35,000, thereby reducing the church's share to 48.72%. The Trustees are confident that the current market value of the property is above cost.

The accounts were approved by the Trustees and signed on their behalf,
