Structure, governance & management

The organisation is a charitable trust, governed by its trust deed.

Trustees

New trustees are appointed by the current board of trustees. Trustees are selected based on the skills possessed to fill a vacant position.

An induction process exists to familiarise new trustees with the history, operations and strategy of the charity.

The board of trustees provides the strategic direction of the charity. The board meets to approve major decisions regarding events, communications with donors and the operational relationship with the mission in Uganda.

Risk Management

The trustees have completed a strategic review during which the risks to 1moreChild is exposed were considered and documented. The trustees believe that sufficient procedures are in place to manage those risks. The strategic review will be revised as situations change.

Objectives and activities

Objective of the charity

The objective of the charity is to see vulnerable children empowered and encouraged to reach their full potential. We believe that, by providing their basic needs, education and strong role models, we can create an environment where the poorest children can grow and develop to become the future leaders of their society.

The trustees ensure that the programmes we undertake are in line with our aims and objectives. Our ambitious aim is to be part of eradicating poverty in the Masese slum.

Activities

At 1moreChild we now have over 170 children. We cover the following for all of these children:

- School fees
- School uniforms and requirements
- Medical
- Football training and matches
- Some clothing
- Two meals a day
- Tutoring
- Mentoring

For the majority of these children we also provide:

- Accommodation
- Three meals a day

By the end of 2021, we had nine different houses, 6 boys houses and 3 girls houses, however we had only 6 full-time Ugandan staff. Most children have returned to the organisation after the lock down although our numbers are lower due to some children leaving the organisation after finishing their schooling and some remaining at home after the lock down.

Reading continues to be a main focus with many hours after school, at weekends and in the holidays spent improving the reading level of all children. We have an excellent teacher who spends time teaching reading to groups and individuals and we have started a small library which enables the children to have access to books every day and to have specific "library times" included in their timetables.

Report of the Trustees

For the year ended 31 December 2021

1moreChild, Uganda (continued)

Eighteen (7 girls and 11 boys) children completed P7 in December and 72 (23 girls and 49 boys) children were in senior school this year. Eleven (4 girls and 7 boys) sat for their S.4.- These are records for 2021.

We are also excited to have four children now in further education - one studying medicine, one studying nursing, another midwifery and another agriculture.

Holiday camps did not take place this year for there were restricted movements and no large gatherings allowed during COVID-19 lockdown.

Football continues to be a focus and our main avenue for meeting new children in need, however with lockdown our open evening sessions have not taken place and instead, had indoor games. This was because outdoor games/sports with the exception of cycling had been banned during the period of lockdown.

Cycling continues to be an important activity in 1moreChild. We have a cycling team who often partake in races and go out most weekends on training rides. Cycling was done 5 times a week and the other remaining days were for recovering. A number of our children have been very successful in both male and female categories.

Chess is another priority of ours teaching children how to plan ahead and work out the consequences of a move - valuable life lessons. The children have taken part in competitions in Kampala and had regular competitions within 1moreChild. This year the children have won a number of medals and trophies in competitions.

We continue to focus on small business in the holidays. However, real businesses were not possible due to lockdown restrictions on business hours, inter-district travels and big gatherings.

Grant making policy

1moreChild provides an agreed grant to 1moreChild, Uganda. This grant is made based on the availability of sufficient funds in the UK.

Funding

Our funding comes from generous supporters, individual donations and grants from trusts. Funding has been lower this year, mostly due to the fact that our Annual Cycle Ride which raises a large proportion of our funds was unable to take place again. A smaller bike ride was organised in the UK in September which raised much needed funding.

Reserves policy

Small levels of reserves are retained in the UK to fund administrative costs. The trustees aim to retain reserves of £5,000 at all times.

Financial review

The charity has continued to receive generous donations during the period under review. Donations for the period have totalled £67,233 (2020 - £136,663).

Plans for the future

One of our core values is keeping families together and as we are continuing to see a great need for schooling and support amongst the vulnerable children of Masese. We will endeavour to care for siblings of our existing children who are of school age. We hope to improve our level of academic tutoring, culture of reading and sports training. We also continue to look at ways of developing character in the children. Very few children especially those without parents/guardians and others who failed to get means of transport to their relatives remained at the organisation and most times indoors due to COVID-19 presidential and Ministry of Health guidelines.
