In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;

They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

- Identification and management of risks

Through the risk management processes established for the Trust, the Trustees are satisfied that the major risks identified have been adequately mitigated where necessary. Objectives and Activities

Charitable Objects

The aim of the Charity is

- a) To enhance the development and education of children primarily under statutory school age by encouraging parents to understand and provide for the needs of their children through a community group by:

Trustees Report for the year ended 31st August 2023 (Cont'd)

Charitable Objects (continued)

- i) providing safe, high quality group play in which parents have the right to take part, ensuring that this group offers opportunities for all children, regardless of race, culture, religion or disability;
 - ii) encouraging the study of needs of such children and their families and promoting public interest in and recognition of such needs in local areas;
 - iii) encouraging other charitable activities through which parents may help the children;
- b) To further the development and education of boys and young men and girls and young women through their leisure-time activities so as to help them achieve their physical, mental and spiritual potential so that they may grow to full maturity as individuals and members of society and that their conditions of life may be improved.

Aims and intended impact

We are an equal opportunity organisation and are committed to a working environment that is free from any form of discrimination on the grounds of colour, race, ethnicity, religion, sex, sexual orientation or disability. We will make reasonable adjustments to meet the needs of staff or children in our care who are or become disabled.

Public Benefit

The public benefit that The Crescent Pre-School Nursery Limited is providing is to advance the education of children below statutory school age in and around Stoke on Trent by the provision of a kindergarten.

In setting our objectives and planning our activities the trustees have given careful consideration to the Charity Commission's guidance on public benefit. As a charity, the parents of our children have the assurance that all our income must be applied for the benefit of the children attending our settings.

Principal activities of the Period

In its latest Ofsted Inspection, the Nursery was judged to be outstanding for the third consecutive inspection, the top judgment for any school or Nursery. It is a constant aim to remain as a facility offering the very best in learning and childcare for fewer than 5s. The local community desperately needs the facility but struggles to pay for it.

Achievements and performance

Although the impact of Covid has had some impact on our setting over the past few years we are getting back on track as a small Charity. This year we have continued to build back up our reserves which is evident in our accounts with this known we have still been able to stay sustainable which is shown evident in this year's accounts and we will continue to strive to support stability for the future of The Crescent Pre-School Nursery.

The nursery has been in a position to continue to employ high quality and highly qualified staff. We continue with encouraging and providing opportunities for Continuous Professional development such as Foundation Degrees, Ba Hons, apprenticeships and GCSE'S we have also ensured all staff have

achieved Paediatric First aid and level 2 Safeguarding and Special Educational Needs training. We also continue to be enrolled on a training scheme which has resulted in broadening the team's knowledge. Two of our senior team and one of our practitioners are now in their fourth year on a BA Hons in Early Years Course a member of the team has completed a level 3 SEN course and all the team have completed SEN training to support our ever growing demand for SEN places within our nurture room.

There has been a continuous demand for 2, 3 year funded places, particularly our Special Education Needs provision places. Over this past year our Special Educational Needs provision has gone from strength to strength we are currently the largest and most successful early years setting that provides such a tailored intervention we have a newly enhanced larger SEND room and have become part of a pilot to design a quality assured award for settings who demonstrate excellent inclusive practice. Families who access our SEND provision are from across the whole city we envisage this area of need across the city growing each year.

The nursery has three childcare rooms which provided an opportunity to provide 0-2 year old baby room which has now moved into our smaller nurture room a SEND room 2-4 years which was moved in February into one of our larger childcare rooms due to the demand of special educational needs provision needed across the city, we are the first early years setting to provide this inclusive tailored provision our third childcare room provide care for 2-4 year olds, having the three childcare rooms provides maximum childcare places for the local area and also SEND provision across the city. We also provide stay and play SEND stay and play groups and baby groups for the community which is continuing to be a huge success.

At the moment the nursery occupancy is predominantly funded for children accessing 2, 3, 4 year funding and SEND provision. The rate for 2 year old funding is higher than 3 year funding so is more cost effective. We have looked at the most effective sessions in regards to cost and staffing, whilst we are obliged to be flexible under the funding terms and conditions we have taken into account maximising the number of children in each day with quality and flexibility and the sessions provided.

The Nursery Directors have set up an onsite café within the Children's Centre which the nursery accesses for the main lunch meals, and uses a local supermarket for all other food stuffs which has positively impacted on food costs and quality. This Café has been set up to provide meals for the nursery and local families who access the site, all profit from this are gifted to the nursery.

Financial Review

Incoming resources

During the Period The Crescent received funding from the Stoke-on-Trent city council for 2, 3 and 4 year old funding and other matters, which in total came to £264,770 (2022: £246,844).

The Crescent Pre School Nursery Limited

Trustees Report for the year ended 31st August 2023 (Cont'd)

Payment by the parents was made in one of two ways, directly receiving the payment from the parents and by childcare vouchers provided by their employers.

Resources expended

The major costs during the period continue to be wages which amount to £249,065 (2022: £224,327) including employer's national insurance.

All trustees give of their time freely and no remuneration or expenses were paid in the year. No trustees or person connected with a trustee received any benefit from use of our childcare facilities in the year on more favourable terms than available to the general public.

Reserves Policy

The Trustees have established a policy whereby the unrestricted funds not committed or invested in tangible fixed assets, which are the free reserves of the charity, should be between three and six months of general (unrestricted) operating costs and the Trustees consider that this policy provides sufficient funds to cover management, support and administration costs to be able to continue the activities of the charity in the event of a significant drop in funding, or business interruption. The free reserves at the year end were £34,986 (2022: £44,250) are not within the above policy. The Trustees are hoping to replicate the results of this Period in next period's accounts which will move them higher within the reserve policy.

Investment Policy

The Investment policy adopted by the Trustees is to maintain a high standard of the assets of the Trust and implement a programme of continual development to optimise their use in line with the Charity's objectives.

Future Direction and Plans of Organisation

Due to the highly qualified Childcare Manager and the Deputy Childcare Manager, the management believe this is a positive attribute for current and future staff to encourage them to study further enhancing quality. Additionally this has encouraged, five members of staff to undertake their BA Hons in Early Childhood Studies which was completed May 2023 we are also committed to all the team developing their SEND training further in the coming year. Therefore we are committed to employing highly qualified staff, which will result in the continuation of the high quality service currently being provided.

The childcare manager is committed in planning to secure funding to develop the nursery for the children and 0-4's in particular the expansion of Special Educational Needs childcare places to ensure that the nursery continues to provide an enabling environment outdoors as well as indoors, providing optimum opportunities for the children to learn and develop essential skills that will provide strong foundations on which future personal and academic achievements can be built. This in turn supports children from deprived backgrounds to 'buck the trend' of lower achievements and extends the learning opportunities for all the children who access the nursery now and in the future.

In addition to this, The Crescent Pre School Nursery support the local offer of 30 hours funding for working families with eligible 3 year olds, whilst ensuring staffing costs are effective and continuous professional development is upheld.
