**REPORT OF THE TRUSTEES  
FOR THE YEAR ENDED 31 MARCH 2024**

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 March 2024. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

**OBJECTIVES AND ACTIVITIES**

**Objectives and aims**

The charity's objects ("Objects") are specifically restricted to the following:

- (1) To promote the efficiency and effectiveness of charities and the effective use of charitable resources for the benefit of the public by providing charities, non-profit or community organisations with access to property in otherwise vacant units on a non-commercial basis; and
- (2) To promote charitable use of property as a means of empowering communities, regenerating areas, developing a robust community sector, supporting social enterprise and delivering public benefit.

**Significant activities**

The charity's work involves signing short-term, meanwhile use, leases on empty commercial properties, which are then made available to charitable organisations, social enterprises, recognised community groups and qualifying local start-up businesses.

**ACHIEVEMENT AND PERFORMANCE**

**How our activities deliver public benefit**

Our main activities and who we try to help are described below. Our activities focus on providing charities, not for profit organisations and qualifying local start-up businesses with access to properties in which they can carry out their own activities for public benefit.

During the period, the charity provided space to over 180 organisations. Organisations who used our spaces have included registered charities (with a primary focus on education, unemployment, health, sport, arts, youth entrepreneurship, start-up business and food poverty), universities, social enterprises, community groups, qualifying local start-up businesses and Local Authorities.

Projects running in the charity's properties have continued to expand the reach of voluntary and community sector organisations at a time when traditional models of service delivery have been under pressure if not out-of-reach.

A brief summary of activities undertaken by beneficiary organisations during the period is included below:

The BuyGiveWork model continues to be employed using the 'Buy One Give One' approach that 3Space has pioneered in the property sector. BuyGiveWork means for every desk rental (supplied at below-market rate), one is provided free of charge to a qualifying non-profit, local start-up, or experimental project. This model enables the space to support a wide base of charitable projects and encourages collaboration between locals and non-locals.

**REPORT OF THE TRUSTEES  
FOR THE YEAR ENDED 31 MARCH 2024**

The charity's major project during the period is International House, in partnership with Lambeth Council. 3Space was selected in September 2018 via a competitive tender to take the former Council office in Brixton on a five year meanwhile use to expand its BuyGiveWork program. International House remains in Council ownership and has been earmarked for redevelopment in 2027 as part of the Brixton Central masterplan. The charity made a total rent payment to Council of £1.1 Million over 5 years with a 1 year rent free period. This ended in September 2023 and a new lease has now been negotiated for a further period until March 2027 and an additional rent payment to council of £423,000.

The building is split over 12 floors with five Give floors provided to support youth entrepreneurship, community initiatives and the arts. Five Buy floors are let at a below market rate to support Lambeth's drive to diversify Brixton's economic offer away from food & drink and retail, and towards the Creative & Digital Industries.

The charity has continued to deliver its outputs through what has been a challenging period for the office market as it adjusts to the increase in work from home post pandemic and an oversupply of office space in London. In December 2020 the charity commissioned economics consultancy PRD to prepare a report on International House which demonstrated its value. A summary of the report findings is as follows:

Typical Annual Outputs of International House

In International House has delivered the following benefits:

- 230 New jobs
- 337 People employed
- 111 Lambeth residents employed
- New jobs created during Covid 19
- 130 Businesses had access to space
- 22 New youth led businesses started
- 300 Events a quarter
- 58 Non-profits & social enterprises have a home free of charge
- 30 NEET young people into employment per year (2019)
- 20 Apprentices employed per year (2019)
- 64 Work experience placements per year (2019)
- 2,800 Attended training per year (2019)
- 4,916 Volunteers per year (2019).

Valuing these Outputs

Using standard accepted measures, it is possible to come up with an approximate gross value of each of these:

- 337 Jobs provided on site provides gross contribution of £15.9m GVA for the local economy
- 230 new jobs created account for £11m of GVA
- Tenants report increase in turnover and employment. Turnover now c £12m amongst tenants
- £800,000 rent foregone to civil society per year = effective donation to these activities
- £2.6m of social value generated per year (estimated at 15 x typical office building)

The charity has not undertaken an independent study in 2023/2024. However it is working with Lambeth and consultancy AKOU to provide additional independent reporting in 2025.

The charity has undertaken its own monitoring of its tenants via a survey that has recorded data from January 2023 to December 2023. The outcome of the survey has been summarised with the following headline outputs and responses to questions :

The list of organisations the project continues to support across the different floors including the following five Give floors:

1. Business Launchpad (BLP) was up until early 2022 the delivery partner for the Youth Entrepreneurship floor. A youth led organisation called Innovators League then took over from April 2022 until July 2024 which is outside the reporting period, at which point 3Space became joint operators with Winston Goode of Juvenis. There are a range of youth organisations and start-ups led by young people who use the floor including Abdul Karim, BiG/Bestys inspirational Guidance, Grooveschool, House on Fire, Inzyme Labs CIC, Juvenis, Milk Honey Bees, Step Now and TPro. This floor is provided free of charge to all tenants and their end users.

2. Photofusion is the delivery partner for the Photographic Services Floor. Photofusion is a registered charity and London's largest photographic resource centre. The centre's facilities include digital suites, darkrooms, exhibition production services and picture library alongside a contemporary gallery which places an emphasis on showcasing emerging photographers, alongside new work by mid-career artists. The exhibition programme includes artist talks, panel discussions and occasional related masterclasses or workshops.

Alongside its professional development and training programmes, Photofusion delivers a range of crucial outreach engagement projects, working with socially and culturally marginalised young people, offering photographer-led creative programmes, skills-based accredited courses, bursaries and internships in collaboration with local organisations and a range of funding partners.

This floor is provided rent free but Photofusion pay a service charge as some of the services they offer are paid for.

3. The Community Initiatives floor is available free of charge to local charities, non-profits and social enterprises who are based in Lambeth or who deliver programs which directly benefit Lambeth residents. 4. The Events and Projects spaces are across the ground floor and are available free of charge to the buildings tenants and have been extensively used for a range of different types of use with a mixture of workshops, training, meetings and public facing events. The use of the Event Space is free of charge to use which removes any barrier for our tenants who might otherwise not be able to afford access to centrally located and well-equipped event space, specifically young people and local charities.

**REPORT OF THE TRUSTEES  
FOR THE YEAR ENDED 31 MARCH 2024**

5. The fifth Give Hub is a fabrics and textiles studio managed by Assemble, a Turner prize-winning art and design collective. Outside of the reporting period, Photofusion are moving to new premises in April 2024 and an additional Give floor was created on the 10th floor maximising the use of that space. Common Room for Carers operated in the 10th floor from their opening in October 2022 until April 2024, when they relocated. This means that any organisation working from the building and their employees are required to be paid the London Living Wage. This is managed by a licence agreement with the tenants and is monitored via half yearly reporting requirements.

3Space provides space that acts as an interface between private business, civil society, start-ups, charities, culture and creation. Providing space which is free or low cost is one benefit. However, another benefit is from the co-location of similar organisations, the connections that are made by these organisations and the clustering benefits to the local economy. The connections formed between these diverse businesses and community initiatives is a hallmark of 3Space's BuyGiveWork approach.

3Space has been working with data consultancy AKOU to develop a model showing the impact of these relationships at International House in Brixton. The map shows how organisations at 3Space are connected to each other, the strength of the relationship and how they collaborate. You can view the work in progress on the network map here <https://akou.co.uk/3space/>.

As mentioned in the 2022/23 Trustee report the 40 Cumberland Road project was cancelled by Haringey Council. 3Space was refunded all costs for expenditure on consultants for the preliminary work.

Further details of additional past projects can be found on the Charity's website.

During the period, the charity has continued to work with and develop its Advisory Panel - a group of experts from the property, regeneration and marketing sectors - who provide advice and direction. 3Space hugely appreciates the time, effort and valuable support generously given by the members of the Panel.

**REPORT OF THE TRUSTEES  
FOR THE YEAR ENDED 31 MARCH 2024**

**FINANCIAL REVIEW**

**Investment policy and objectives**

Under its Memorandum and Articles of Association, the charity has the power to invest in any way the trustees wish. The trustees, having regard to the liquidity requirements of operating the charity have maintained a policy of keeping available funds in interest bearing deposit accounts.

**Reserves policy**

It is the policy of the charity to maintain unrestricted funds, which include the free reserves of the charity, at a level which the trustees think appropriate after considering the future commitments of the charity and the likely costs of the charity for the next year.

The charity had unrestricted funds of £217,280 (2023: £108,011) as at 31 March 2024.

**FUTURE DEVELOPMENTS**

The lease at International House in Brixton was due to expire in September 2023. However, 3Space has now secured an extension on its lease to March 2027. 3Space will continue to work closely with its landlord and partner for the project, Lambeth council.

Outside of the reporting period in December 2024 3Space has secured planning permission for the 11th floor at International House. Working with its partners Rooftop Saunas in early 2025 the charity will let space to Rooftop Saunas who will open four rooftop saunas and a restaurant to facilitate the use of the 11th floor as a place for meeting, working, food and wellness in connection with the wider office use. This will be open to tenants as well as the public.

Outside of this reporting period 3Space has recently secured a new property consisting of 15,000 sq ft at 37-38 Warren Street Fitzrovia London which will open in January 2025. Further updates will be provided in the next reporting period.

3Space continues to work on securing new properties to deliver greater impact. 3Space's goal is to replicate the success of International House and expand its operations by opening a flagship hub in each quadrant of London in the next 5 years. 3Space will continue to focus on opportunities to use publicly owned assets to implement its Spaces for Public Good approach, while also considering opportunities to again work with the private sector.

3Space is well placed to secure government tenders for affordable workspace and the delivery of social value. The charity will also continue to explore opportunities to expand its reach and impact working with the private sector.
