2 Accounting policies

INCOME

Recognition of income

These are included in the income and expenditure account when:

- the charity becomes entitled to the resources;
- it is more likely than not that the trustees will receive the resources;
- the monetary value can be measured with sufficient reliability.

Grants and donations

Grants and donations are only included in the income and expenditure account when the general income recognition criteria are met (5.10 to 5.12 FRS102 SORP).

In the case of performance related grants, income is only recognised to the extent that the charity has provided the specified goods or services as entitlement to the grant only occurs when the performance related conditions are met (5.16 FRS 102 SORP).

Legacies

Legacies are included in the income and expenditure account when receipt is probable, that is, when there has been grant of probate, the executors have established that there are sufficient assets in the estate and any conditions attached to the legacy are either within the control of the charity or have been met.

Tax reclaims on donations and gifts

Gift Aid receivable is included in income when there is a valid declaration from the donor. Any Gift Aid amount recovered on a donation is considered to be part of that gift and is treated as an addition to the same fund as the initial donation unless the donor or the terms of the appeal have specified otherwise.

Donated goods

Donated goods are measured at fair value (the amount for which the asset could be exchanged) unless impractical to do so.

Tangible fixed assets

Motor vehicles	20% reducing balance
----------------	----------------------

EXPENDITURE AND LIABILITIES

Liability recognition

Liabilities are recognised where it is more likely than not that there is a legal or constructive obligation committing the charity to pay out resources and the amount of the obligation can be measured with reasonable certainty.

Creditors

The charity has creditors which are measured at settlement amounts less any trade discounts.

Provisions for liabilities

A liability is measured on recognition at its historical cost and then subsequently measured at the best estimate of the amount required to settle the obligation at the reporting date.

Basic financial instruments

The charity accounts for basic financial instruments on initial recognition as per paragraph 10.7 FRS102 SORP. Subsequent measurement is as per paragraphs 11.17 to 11.19, FRS102 SORP.
