Objectives and Activities

Aims and Objectives

BRTUK provides a platform for our donors and members to support some of the poorest people in Bangladesh, helping to alleviate poverty and assisting development within deprived and destitute communities. In addition to this, through our fundraising activities we engage in community support initiatives in the United Kingdom.

Our aim is to provide for the basic needs of people relating to the areas of livelihood support, healthcare and education in Bangladesh, including supporting emergency initiatives such as relief for those impacted by floods and the displaced Rohingya refugees in Bangladesh.

Our objectives are assessed annually based on where we see the greatest need and where we have the appropriate infrastructure in place to deliver services to those in need.

In setting our objectives, we look at guidance notes from the Charity Commission and discuss issues with other charities operating in a similar field in Bangladesh and other parts of the world. To further this transparency and accountability we have a recognised delivery partner in Global Unnayan Seba Sangstha (GUSS) based in Dhaka, Bangladesh, who are approved by the NGO Affairs Bureau of Bangladesh. GUSS liaise and co-ordinate major projects across Bangladesh. The trustees review and then approve the primary objectives on an annual basis.

Our current objectives are:

- To continue to manage and support the Principle Womens College in Kamalpur in Biswanath, Bangladesh. BRTUK has been financially supporting this college and will continue to do so until it can run itself financially.
- Support approximately 30 gifted students currently, with the aim of expanding this programme across Bangladesh. This will be under our Student Investment Programme.
- Provide emergency livelihood support for cases identified by our representatives in Bangladesh.
- Provide health and medical projects identified by our representatives in Bangladesh.
- Support community initiatives in areas of health, education and livelihood in London, United Kingdom.

Achievements and Performance

Main Achievements

Fundraising activities

The charity aims to organise three to four events a year to promote awareness and raise funds.

The events organised typically fall into:

- Fundraising dinners with guest speakers covering topical issues for British Bangladeshis.
- Sponsored activities, taking volunteers for various events who commit to raise funds through sponsorship.
- General word of mouth and networking among extended friends, family and colleagues. We encourage everyone to donate via JustGiving, LaunchGood and other fund-raising websites.
- Our aim is to attract all people from all backgrounds with a common goal of supporting the activities of our charity in Bangladesh and potential future initiatives in London, United Kingdom.

During the course of each year, we aim for at least one trustee to visit Bangladesh, to observe the projects and validate expenditure on programmes. This is at the personal expense of each trustee.

Financial Review

Financial Position

Funds in surplus

During the financial period 01 April 2024 to 31 March 2025 the charity raised £165,340 (2024: £98,555). The expenditure in the same period was £125,991 (2024: £86,861), the charity was left with a surplus of £39,349 (2024: £11,694) for the year.

The only assets held by the charity is the cash in HSBC bank account in the UK, the balance at 31 March 2025 was £61,599 (2024: £21,950).

Income

The charity does not distinguish its income sources; all of this is generated through donations direct to its bank in the UK or via crowdfunding website. Donations are mainly generated from a wide network of friends, family, colleague, local community and targeted businesses.

The charity also has no restricted funds, and there were none in the prior year.

Structure, Governance and Management

Governing Document

The charity is controlled by its governing document, a deed of trust and constitutes an unincorporated charity.

Organisational structure

As a charitable trust we have established a committee of the Charity's Trustees as the Executive Committee (the Committee). All members of this Committee have operating responsibilities and meet regularly to discuss issues and update on progress.

The Committee appoint representatives in the UK and in Bangladesh to manage and oversee the charity's activities in both regions. These individuals are appointed based on their fit, competencies and appropriateness given the challenging environment in Bangladesh.

At least one member of the Committee visits Bangladesh annually to verify activities on the ground and ensure that our projects and campaigns reach the intended beneficiaries. Operating in Bangladesh comes with its own challenges requiring additional care to ensure that we comply with changing government requirements, protect ourselves from bribery and corruption risks and ensure that we are politically and religiously neutral.

In order to accommodate this we have established a supporter base open to all political and religious affiliations to ensure that we have a common understanding within the communities where we are active.

The trustees' report was approved by the board of trustees and signed on its behalf by:

Report of the Trustees for the Year Ended 31 March 2024

The trustees present their report with the financial statements of the charity for the year ended 31 March 2024. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

All members of the trust are bi-annually reappointed. The balance of the trustees is assessed regularly to determine if there is a need to change profile or add new members depending on the objectives for BRTUK going forward.

All new members are vetted for the appropriateness and compatibility with the political and religious neutrality of BRTUK.

Trustees are required to commit the time necessary to run the charity, to complete fundraising and awareness campaigns and to identify new initiatives for the charity. This is on the basis of no financial or non-financial compensation from BRTUK.

New trustees go through an induction programme with existing trustees to ensure that they are set up appropriately and that there is a transitional period.

All trustees are expected to make financial contributions to the operating costs of BRTUK.

Bangladesh Regeneration Trust UK

Report of the Trustees for the Year Ended 31 March 2023

The trustees present their report with the financial statements of Bangladesh Regeneration Trust UK (BRTUK) for the year ended 31 March 2023. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

All members of the trust are bi-annually reappointed. The balance of the trustees is assessed regularly to determine if there is a need to change profile or add new members depending on the objectives for BRTUK going forward.

All new members are vetted for the appropriateness and compatibility with the political and religious neutrality of BRTUK.

Trustees are required to commit the time necessary to run the charity, to complete fundraising and awareness campaigns and to identify new initiatives for the charity. This is on the basis of no financial or non-financial compensation from BRTUK.

New trustees go through an induction programme with existing trustees to ensure that they are set up appropriately and that there is a transitional period.

All trustees are expected to make financial contributions to the operating costs of BRTUK.

OBJECTIVES AND ACTIVITIES

Objectives and aims

BRTUK provides a platform for our donors and members to support some of the poorest people in Bangladesh, helping to alleviate poverty and assisting development within deprived and destitute communities. In addition to this, through our fundraising activities we engage in community support initiatives in the United Kingdom.

Our aim is to provide for the basic needs of people relating to the areas of livelihood support, healthcare and education in Bangladesh, including supporting emergency initiatives such as the issues being faced by the displaced Rohingya refugees in Bangladesh.

Our objectives are assessed annually based on where we see the greatest need and where we have the appropriate infrastructure in place to deliver services to those in need.

In setting our objectives, we look at guidance notes from the Charity Commission and discuss issues with other charities operating in a similar field in Bangladesh and other parts of the world. To further this transparency and accountability we have a recognised delivery partner in Global Unnayan Seba Sangstha (GUSS) based in Dhaka, Bangladesh, who are approved by the NGO Affairs Bureau of Bangladesh. GUSS liaise and co-ordinate major projects across Bangladesh. The trustees review and then approve the primary objectives on an annual basis.

Our current objectives are:

- To continue to manage and support the Principle Womens College in Kamalpur in Biswanath, Bangladesh. BRTUK has been financially supporting this college and will continue to do so until it can run itself financially.
- Support approximately 30 gifted students currently, with the aim of expanding this programme across Bangladesh. This will be under our Student Investment Programme.
- Provide emergency livelihood support for cases identified by our representatives in Bangladesh.
- Provide health and medical projects identified by our representatives in Bangladesh.
- Support community initiatives in areas of health, education and livelihood in London, United Kingdom.

Report of the Trustees for the Year Ended 31 March 2023

ACHIEVEMENT AND PERFORMANCE

Fundraising activities

The charity aims to organise three to four events a year to promote awareness and raise funds.

The events organised typically fall into:

- Fundraising dinners with guest speakers covering topical issues for British Bangladeshis.
- Sponsored activities, taking volunteers for various events who commit to raise funds through sponsorship.
- General word of mouth and networking among extended friends, family and colleagues. We encourage everyone to donate via JustGiving, LaunchGood and other fundraising websites.
- Our aim is to attract all people from all backgrounds with a common goal of supporting the activities of our charity in Bangladesh and potential future initiatives in London, United Kingdom.

During the course of each year, we aim for at least one trustee to visit Bangladesh, to observe the projects and validate expenditure on programmes. This is at the personal expense of each trustee.

FINANCIAL REVIEW

Funds in deficit

During the financial period 01 April 2022 to 31 March 2023 the charity raised £126,594 (2022: £147,512). The expenditure in the same period was £139,403 (2022: £142,402), the charity was left with a deficit of £12,809 (2022: a surplus of £5,111) for the year.

The only assets held by the charity is the cash in HSBC bank account in the UK, the balance at 31 March 2023 was £10,255 (2022: £23,064).

Income

The charity does not distinguish its income sources; all of this is generated through donations direct to its bank in the UK or via crowdfunding website. Donations are mainly generated from a wide network of friends, family, colleagues, local community and targeted businesses.

The charity also has no restricted funds, and there were none in the prior year.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document, a deed of trust and constitutes an unincorporated charity.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Organisational structure

As a charitable trust we have established a committee of the Charity's Trustees as the Executive Committee (the Committee). All members of this Committee have operating responsibilities and meet regularly to discuss issues and update on progress.

The Committee appoint representatives in the UK and in Bangladesh to manage and oversee the charity's activities in both regions. These individuals are appointed based on their fit, competencies and appropriateness given the challenging environment in Bangladesh.

At least one member of the Committee visits Bangladesh annually to verify activities on the ground and ensure that our projects and campaigns reach the intended beneficiaries. Operating in Bangladesh comes with its own challenges requiring additional care to ensure that we comply with changing government requirements, protect ourselves from bribery and corruption risks and ensure that we are politically and religiously neutral.

In order to accommodate this, we have established a supporter base open to all political and religious affiliations to ensure that we have a common understanding within the communities where we are active.

Approved by order of the board of trustees on 23 January 2024 and signed on its behalf by:

Bangladesh Regeneration Trust UK

Report of the Trustees for the Year Ended 31 March 2021

The trustees present their report with the financial statements of the charity for the year ended 31 March 2021. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

All members of the trust are annually reappointed. The balance of the trustees is assessed annually to determine if there is a need to change profile or add new members depending on the objectives for the forthcoming year.

All new members are vetted for the appropriateness and compatibility with the political and religious neutrality of Bangladesh Regeneration Trust UK (BRTUK).

Trustees are required to commit the time necessary to run the charity, to complete fundraising and awareness campaigns and to identify new initiatives for the charity. This is on the basis of no financial or non-financial compensation from BRTUK.

New trustees go through an induction programme with existing trustees to ensure that they are set up appropriately and that there is a transitional period.

All trustees are expected to make contributions to the BRTUK.

OBJECTIVES AND ACTIVITIES

Objectives and aims

BBRTUK provides a platform for our donors and members to support some of the poorest people in Bangladesh, helping to alleviate poverty and assisting development within deprived and destitute communities. In addition to this, through our fundraising activities we engage in community support initiatives in the United Kingdom.

Our aim is to provide for the basic needs of people relating to the areas of livelihood support, healthcare and education in Bangladesh, including supporting emergency initiatives such as the issues being faced by the displaced Rohingya refugees in Bangladesh.

Our objectives are assessed annually based on where we see the greatest need and where we have the appropriate infrastructure in place to deliver services to those in need.

In setting our objectives, we look at guidance notes from the Charity Commission and discuss issues with other charities operating in a similar field in Bangladesh and other parts of the world. To further this transparency and accountability we have a recognised delivery partner in Global Unnayan Seba Sangstha (GUSS) based in Dhaka, Bangladesh, who are approved by the NGO Affairs Bureau of Bangladesh. GUSS liaise and co-ordinate major projects across Bangladesh. The trustees review and then approve the primary objectives on an annual basis.

Our current objectives are:

- To continue to manage and support the Principle Womens College in Kamalpur in Biswanath, Bangladesh. BRTUK has been financially supporting this college and will continue to do so until it can run itself financially.
- Support approximately 30 gifted students currently, with the aim of expanding this programme across Bangladesh. This will be under our Student Investment Programme.
- Provide emergency livelihood support for cases identified by our representatives in Bangladesh.
- Provide health and medical projects identified by our representatives in Bangladesh.
- Support community initiatives in areas of health, education and livelihood in London, United Kingdom.

ACHIEVEMENT AND PERFORMANCE

Fundraising activities

The charity aims to organise three to four events a year to promote awareness and raise funds.

The events organised typically fall into:

- Fundraising dinners with guest speakers covering topical issues for British Bangladeshis.
- Sponsored activities, taking volunteers for various events who commit to raise funds through sponsorship.
- General word of mouth and networking among extended friends, family and colleagues. We encourage everyone to donate via JustGiving, VirginMoneyGiving and LaunchGood crowdfunding websites.
- Our aim is to attract all people from all backgrounds with a common goal of supporting the activities of our charity in Bangladesh and potential future initiatives in London, United Kingdom.

During the year trustees will visit Bangladesh to see the projects and validate expenditure on programmes. This is at the personal expense of each trustee.

FINANCIAL REVIEW

Funds in surplus

During the financial period 01 April 2020 to 31 March 2021 the charity raised £146,771 (2020: £104,680). The expenditure in the same period was £138,827 (2020: £114,358), the charity was left with a surplus of £7,944 (2020: a deficit of £9,678) for the year.

The only assets held by the charity is the cash in HSBC bank account in the UK, the balance at 31 March 2021 was £17,654 (2020: £9,710).

Income

The charity does not distinguish its income sources; all of this is generated through donations direct to its bank in the UK or via crowdfunding website. Donations are mainly generated from a wide network of friends, family, colleagues and targeted businesses.

The charity also has no restricted funds, and there were none in 2020.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document, a deed of trust and constitutes an unincorporated charity.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Organisational structure

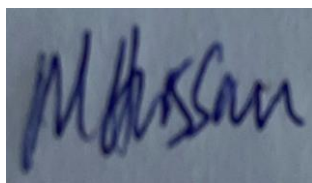

As a charitable trust we have established a committee of the Charity's Trustees as the Executive Committee (the Committee). All members of this Committee have operating responsibilities and meet regularly to discuss issues and update on progress.

The Committee appoint representatives in the UK and in Bangladesh to manage and oversee the charity's activities in both regions. These individuals are appointed based on their fit, competencies and appropriateness given the challenging environment in Bangladesh.

At least one member of the Committee visits Bangladesh annually to verify activities on the ground and ensure that our projects and campaigns reach the intended beneficiaries. Operating in Bangladesh comes with its own challenges requiring additional care to ensure that we comply with changing government requirements, protect ourselves from bribery and corruption risks and ensure that we are politically and religiously neutral.

In order to accommodate this we have established a supporter base open to all political and religious affiliations to ensure that we have a common understanding within the communities where we are active.

Approved by order of the board of trustees on 5 January 2022 and signed on its behalf by:
