Achievement and performance

Charitable activities

In the year 2022/23 the charity continued to pursue its public health programs within our communities. Further inroad was made with the previously launched digital skill acquisition project designed to help unemployable youths to gain practical workplace skills and become employable. In furtherance to the success so far attained, we continued engage our activities on fundraising and seeking donations towards our wider charitable objects in education, women and children's health, international development, emergency and disaster reliefs, and continuous research activities.

As noted above, our group's public health projects and the digital skill acquisitions projects is the centre of our current synergy, however, we did not the much anticipated funding and grants. We want to acknowledge that the knowledge and skills brought on board by the numerous volunteers which were instrumental to the successful completion of our activities.

We continued to maintain significantly reduced overheads by engaging the generous supports from our volunteers. Angellite remains committed to efficiently targeting grants so that they have a maximum effect. However, none of what is achieved year in and year out would be possible without the incredible support from our wonderful donors, wellwishers and trustees.

On the international stage, our charity received grants to continue its education and health projects in Africa. The health projects continued to focus on addressing prevalent rates of infant mortality and to improve the maternal health's of pregnant and nursing mothers. The education project on the other hand continued to recruit and retention school age children especially girls into primary schools, so as to attain basic primary education in Northern Nigeria.

The charity future plans would play major roles in the Public Health Challenges in the UK especially as it relates to the BAME populations (Access and Organ Donations. We will continue to source for grants and funding to implement interventions and strategies addressing youth unemployment and homelessness. The charity would as well seek funding for the implementation of our international outreach programs on education, women health, infant mortality, and disaster reliefs and continue to partner with leading NGOs in relevant collaborative fields.

Our charity is more determined to raise more, do more to help more communities. We hope to buck the trends and continue the great works in our communities and internationally.

The trustees confirm that they have a referral to the Charity Commission's guidance on the public benefit when reviewing the Charity's aims and objectives in planning future activities and policies.

This report has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

Financial review

Funds in deficit

As at 30 November 2023, the charity did not have unrestricted core reserves. The deficit is £37,765 which has increased since 2022 when it was £30,626. It was difficult to secure funding during the period due to the effect of COVID-19 and a general oversubscription for grant funding. However, our trustees have been promised more grants in the current year and we hope that grants will materialise to offset the deficits and return it to a positive position.

**Notes to the Financial Statements
for the Year Ended 30 November 2023**

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Computer equipment - 33% on cost

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Going concern

The current economic conditions present increased risks for all businesses and charities. In response to such conditions, the directors have carefully considered these risks, including an assessment of uncertainty on future cash flow projections for a period of at least twelve months from the date of signing the financial statements, and the extent to which they might affect the preparation of the financial statements on a going concern basis.

Notes to the Financial Statements - continued
for the Year Ended 30 November 2023

1. ACCOUNTING POLICIES - continued

Going concern

Based on this assessment, the directors consider that the Charity maintains an appropriate level of liquidity, sufficient to meet the demands of the Charity including any capital and servicing obligations of external liabilities.

In addition, the Charity's assets are assessed for recoverability on a regular basis, and the directors consider that the Company is not exposed to losses of these assets which would affect their decision to adopt the going concern basis.

The directors are therefore satisfied and have a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future and that there are no material uncertainties that lead to significant doubt upon the Charity's ability to continue as a going concern. Further detail is provided in the Funds in deficit note in the Financial Review section of the Report of the Trustees. These financial statements have therefore been prepared on a going concern basis.

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Computer equipment - 33% on cost

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Going concern

The current economic conditions present increased risks for all businesses and charities. In response to such conditions, the directors have carefully considered these risks, including an assessment of uncertainty on future cash flow projections for a period of at least twelve months from the date of signing the financial statements, and the extent to which they might affect the preparation of the financial statements on a going concern basis.

Notes to the Financial Statements - continued
for the Year Ended 30 November 2023

1. ACCOUNTING POLICIES - continued

Going concern

Based on this assessment, the directors consider that the Charity maintains an appropriate level of liquidity, sufficient to meet the demands of the Charity including any capital and servicing obligations of external liabilities.

In addition, the Charity's assets are assessed for recoverability on a regular basis, and the directors consider that the Company is not exposed to losses of these assets which would affect their decision to adopt the going concern basis.

The directors are therefore satisfied and have a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future and that there are no material uncertainties that lead to significant doubt upon the Charity's ability to continue as a going concern. Further detail is provided in the Funds in deficit note in the Financial Review section of the Report of the Trustees. These financial statements have therefore been prepared on a going concern basis.

Achievement and performance

Charitable activities

In the year 2022/23 the charity continued to pursue its public health programs within our communities. Further inroad was made with the previously launched digital skill acquisition project designed to help unemployable youths to gain practical workplace skills and become employable. In furtherance to the success so far attained, we continued engage our activities on fundraising and seeking donations towards our wider charitable objects in education, women and children's health, international development, emergency and disaster reliefs, and continuous research activities.

As noted above, our group's public health projects and the digital skill acquisitions projects is the centre of our current synergy, however, we did not the much anticipated funding and grants. We want to acknowledge that the knowledge and skills brought on board by the numerous volunteers which were instrumental to the successful completion of our activities.

We continued to maintain significantly reduced overheads by engaging the generous supports from our volunteers. Angellite remains committed to efficiently targeting grants so that they have a maximum effect. However, none of what is achieved year in and year out would be possible without the incredible support from our wonderful donors, wellwishers and trustees.

On the international stage, our charity received grants to continue its education and health projects in Africa. The health projects continued to focus on addressing prevalent rates of infant mortality and to improve the maternal health's of pregnant and nursing mothers. The education project on the other hand continued to recruit and retention school age children especially girls into primary schools, so as to attain basic primary education in Northern Nigeria.

The charity future plans would play major roles in the Public Health Challenges in the UK especially as it relates to the BAME populations (Access and Organ Donations. We will continue to source for grants and funding to implement interventions and strategies addressing youth unemployment and homelessness. The charity would as well seek funding for the implementation of our international outreach programs on education, women health, infant mortality, and disaster reliefs and continue to partner with leading NGOs in relevant collaborative fields.

Our charity is more determined to raise more, do more to help more communities. We hope to buck the trends and continue the great works in our communities and internationally.

The trustees confirm that they have a referral to the Charity Commission's guidance on the public benefit when reviewing the Charity's aims and objectives in planning future activities and policies.

This report has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

Financial review

Funds in deficit

As at 30 November 2023, the charity did not have unrestricted core reserves. The deficit is £37,765 which has increased since 2022 when it was £30,626. It was difficult to secure funding during the period due to the effect of COVID-19 and a general oversubscription for grant funding. However, our trustees have been promised more grants in the current year and we hope that grants will materialise to offset the deficits and return it to a positive position.

**Report of the Trustees
for the Year Ended 30 November 2023**

Organisational structure

The charity's activities are overseen by the trustees who meet regularly to discuss the activities, programmes and budgets of the charity. The charity's daily operations are conducted by a volunteered programmes officer, Mr P Anyaoma, who reports to the trustees on a daily basis.

Going concern

The current economic conditions present increased risks for all businesses and charities.
