The result of this is geared towards homogenisation of women within society, keeping in view of their rights within Islam and obligations both towards society and the creator. All educational books and resources are provided by Alhuda Welfare Foundation UK to all students.

Social Welfare Department

Al Huda Welfare Foundation UK, social welfare department plays an active part in serving the community as well as the organisation itself. This department is managed by a senior member of Staff alongside a number of volunteers and other members of staff. All members of the team work very closely with the local authority and other organisational bodies in order to provide beneficial activities and social events not only to the Muslim community, Al Huda students, but also the local community in general. The aim of this department has been to aid the organisation and local community with social, moral and educational facilities. It plays an important part to support the organisation's funding

Food Bank

We collaborated with a local charity to establish a food bank. Every month, a member of food bank collects food from our premises for the deprived members of the community, which had been donated through our students and friends. Our aim is to promote charity in a way to make society healthy and to provide support for those in need. This help builds a trust and relationship in the community. We also held our own Food Bank on our premises every Sundays giving out free tinned/boxed food donations which was much in demand due to the pandemic.

Other Facilities

We provide a Prayer Hall facility whereby Muslim men/women are able to offer their daily prayers together with Ramadan and Eid prayers. The prayer hall is available for prayer access 15 minutes before prayer time and closes 15 minutes after prayer time.

" Funds were raised for laminate flooring and to purchase door dividers in main hall area" Funds raised for paint and new carpets in the building

" Funds raised for new wudu (ablution) area for men and childrens toilet area

Conclusion

Social Welfare department is working in partnership with other sectors internally and externally, to provide more services and serve the community at large. We are trying to improve on our current services and are introducing new projects such as fitness classes, counselling sessions, IT classes by professionals and more English Language classes in the near future. As an organisation it is our duty to establish an anti-discriminatory practice and provide access to the whole community regardless of their colour, creed and religion. At the same time, pass on our deen and carry out dawah work to bring Muslims closer to the deen and portray positive role models for non-believing society, to get them out of a mindset of stereotypes of Muslims portrayed by the media, instead show them what are the correct teachings of our deen. As the mission of our organisation is to deliver Quran in every heart and every hand. The organisation was unable to conduct many of their Social Welfare

McMillan Coffee morning

We were unable to carry out the McMillan Coffee mornings due to the Covid-19 pandemic and Government restrictions on social distancing. In normal times this is one of the biggest fund raising of this charity, which is to arrange coffee mornings once a year during autumn seasons. The whole country gets involved by holding coffee mornings at organisations, schools, homes etc. At Al Huda we support this charity by giving it an Asian touch, by providing a variety of foods such as Asian sweets and savouries alongside cakes etc. All food is donated by the staff, students and friends. The event is open for the whole community. It is invited via word of mouth and electronic messaging to make this event a success. A generous amount of funds was raised and donated to McMillan each year. As a gesture of appreciation letters of thanks and certificates are sent by the charity. Cancer Research Big Breakfast Another leading charity that plays an important part in helping curing and eradicating this disease. Many families suffer from cancer and as a welfare organisation and a Muslim Charity, it becomes our duty to help those who suffer from such calamities. The whole community is normally involved and welcomed by strong advertisement. For this specific event breakfast invitation cards are printed and hand delivered to neighbours, to make them feel very welcomed. The whole community gathers, where women and children enjoy, socialise, eat and donate. All proceeds then go to the charity. Pleasant relations with neighbours

ALL OUR COMMUNITY PROJECTS WERE CANCELLED DUE TO THE LOCKDOWN OF COVID-19

To revive the Sunnah of our beloved Prophet Muhammad S.A.W, we keep strong ties with our neighbours. Our location is around the residential area and majority of residents are non-Muslims. Therefore, special arrangements are made to distribute Ramadan parcels and season greetings gifts around the neighbourhood. Our Ramadan packs consist of Sunnah and Quranic foods such as dates,

olives, honey, and so on. This provides us to spread our deen and do dawah work near the month of Ramadan. As well as make the community aware of the importance of this holy month. The neighbours are also educated about the difference in routine and worships that takes place during this month. For instance Taraweeh salah may cause some destructions and traffic congestions late at nights. As majority of neighbours are from different faiths and celebrate different festivals. As a Muslim community we want our neighbours to learn that we value their celebrations too, therefore in the beginning of a new calendar year, boxes of chocolates are distributed among the neighbours to show our good will and gesture. Mac Millan Coffee morning

Mac Millan Cancer is a leading charity in the UK who provides emotional and financial support for people suffering from cancer, as well as their families. The biggest fund raiser of this charity, is arranging coffee mornings once a year during autumn seasons. The whole country gets involved by holding coffee mornings at organisations, schools, homes etc. At AlHuda we support this charity by giving it an Asian touch, by providing a variety of foods such as Asian sweets and savouries alongside cakes etc. All food is donated by the staff, students and friends. Cancer Research Big Breakfast Another leading charity that plays an important part in helping curing and eradicating this disease. Many families suffer from cancer and as a welfare organisation and a Muslim Charity, it becomes our duty to help those who suffer from such calamities. Therefore, a big breakfast is held, again giving it an Asian touch and bringing in a variety of foods. The whole community is involved and welcomed by strong advertisement. For this specific event breakfast invitation cards are printed and hand delivered to neighbours, to make them feel very welcomed. The whole community gathers, where women and children enjoy, socialise, eat and donate. All proceeds then go to the charity. As a Muslim community we want our neighbours to learn that we value their celebrations too, therefore in the beginning of a new calendar year, boxes of chocolates are distributed among the neighbours to show our good will and gesture. Eid party Every year after Eid Ul Fitr, we arrange to celebrate this happy occasion with friends of Al Huda and our local community. This grand event is celebrated with a great style. As a grand party hall is hired and women and children are encouraged to dress up and make special efforts. Our community looks forward to this event. All AlHuda community gathers together, as offsite classes are invited too. During this event many activities take place for entertainment purposes, as well as for fund raising auctions of gold items, expensive clothing donations are encouraged and are sold to solely raise money for our own organisation. Mini bazars are held and tables are hired by members outside the AlHuda community. This not only helps raise funds for AlHuda but also raise a greater awareness and advertisement within the Muslim community regarding the educational programmes and other events that are offered at our organisation. Annual Spring Fun Day Before Ramadan, we organised a fun day to advertise our services during Ramadan. We had many stalls selling various items such as jewellery, clothes and toys. It was a good opportunity for people to get together and do some Eid shopping in a relaxed environment. It also helped us to interact with the neighbourhood in a friendly way. Al Huda also had their own bookstall, food stall and children's activities stall which offered activities such as face painting and colouring. The food stall was very popular and all food was donated by students and friends. The day went very well and we raised £3,470 from this event. Coffee Morning & English language Classes

As an organisation we felt that there was a gap within our community when it came to providing our services to wider community. For instance, many of our students could only communicate in their mother tongue Urdu and were reluctant to use English Language for communication. We are non-discriminatory organisation and would ideally like to involve the community as a whole to come forward and benefit from our services. We felt the need that majority of our students and staff were lacking confidence in Communication in English language, whereas living in the UK it is desirable to be able to communicate effectively in the nation's spoken language. Therefore, such classes were introduced as a beginner's level and to attract the community, we offered free coffee too. This benefited the audience in two ways, they came to learn the English language at beginner's level and socialise at the same time. Students from many back grounds such as Bangladeshi, Moroccan, Pakistani and Algerian backgrounds joined these classes and benefited from the Free Service IT and English Language Classes Once again upon high demand and considering the needs of our students and to serve the community. We organised IT and English Language Classes at an intermediate level, facilitating the learning of women whose first language is not English With Information technology they were taught how to operate a computer, become confident and skilled at using IT. With the increasing reliance on computers in everyday life, we wanted to give women the confidence to use computers. By combining English Language lessons with IT facilitated the more advance students to brush up their skills of English Language by managing their home works on line etc. This enabled us to go paperless and save resources, as well as our students used hands of approach to put their theory into practice.

New Muslim Sisters' Classes

In our community we felt the need for supporting and providing services for our new Muslim Sisters, who come into Deen and are eager to learn the new religion, they have embraced. To educate them with authentic teachings of Quran and Sunnah, and give them a platform to learn the basics of Islam, make friends and express any feelings and concerns, they are invited to attend free classes once a week. One to one support is also provided to facilitate their learning of Quranic recitation.

Guest Speakers

At AL Huda we invite guest speakers to visit and share the knowledge and experiences with us. Often such events are catered free of charge. Conclusion

For the year ending 31 July 2023 the charity was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476;
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

These financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime.

These financial statements were approved by the board of trustees and authorised for issue on 16 May 2024, and are signed on behalf of the board by:

Mrs Sarodia
Trustee

Mrs Chughtai
Trustee

The notes on pages 16 to 23 form part of these financial statements.

Notes to the Financial Statements

Year ended 31 July 2023

1. General information

The charity is a public benefit entity and a private company limited by guarantee, registered in England and Wales and a registered charity in England and Wales. The address of the registered office is 205 Ley Street, Ilford, Essex, IG1 4BL.

2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Companies Act 2006.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through income or expenditure.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Going concern

There are no material uncertainties about the charity's ability to continue.

Disclosure exemptions

The entity satisfies the criteria of being a qualifying entity as defined in FRS 102. Its financial statements are consolidated into the financial statements of (enter name of group financial statements) which can be obtained from (enter detail). As such, advantage has been taken of the following disclosure exemptions available under paragraph 1.12 of FRS 102: (a) No cash flow statement has been presented for the company.

(b) Disclosures in respect of financial instruments have not been presented.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Fund accounting

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes.

Designated funds are unrestricted funds earmarked by the trustees for particular future project or commitment.

Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal, and fall into one of two sub-classes: restricted income funds or endowment funds.

Incoming resources

All incoming resources are included in the statement of financial activities when entitlement has passed to the charity; it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.
- legacy income is recognised when receipt is probable and entitlement is established.
- income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included for the contribution of general volunteers.
- income from contracts for the supply of services is recognised with the delivery of the contracted service. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.
- expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.
- other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other recognised gains and losses, unless it reverses a charge for impairment that has previously been recognised as expenditure within the statement of financial activities. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other recognised gains and losses, except to which it offsets any previous revaluation gain, in which case the loss is shown within other recognised gains and losses on the statement of financial activities.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Freehold property	-	Straight line 20 over years
Fixtures and fittings	-	20% reducing balance
Equipment	-	20% reducing balance

Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

Impairment of fixed assets *(continued)*

For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets.

For impairment testing of goodwill, the goodwill acquired in a business combination is, from the acquisition date, allocated to each of the cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the charity are assigned to those units.

Government grants

Government grants are recognised at the fair value of the asset received or receivable. Grants are not recognised until there is reasonable assurance that the charity will comply with the conditions attaching to them and the grants will be received.

Where the grant does not impose specified future performance-related conditions on the recipient, it is recognised in income when the grant proceeds are received or receivable. Where the grant does impose specified future performance-related conditions on the recipient, it is recognised in income only when the performance-related conditions have been met. Where grants received are prior to satisfying the revenue recognition criteria, they are recognised as a liability.

Financial instruments

A financial asset or a financial liability is recognised only when the charity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs.

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Debt instruments are subsequently measured at amortised cost.

Where investments in shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in income and expenditure. All other such investments are subsequently measured at cost less impairment.

Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

3. Accounting policies *(continued)*

Financial instruments *(continued)*

Other financial instruments are subsequently measured at fair value, with any changes recognised in the statement of financial activities, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised under the appropriate heading in the statement of financial activities in which the initial gain was recognised.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

Any reversals of impairment are recognised immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund.

When contributions are not expected to be settled wholly within 12 months of the end of the reporting date in which the employees render the related service, the liability is measured on a discounted present value basis. The unwinding of the discount is recognised as an expense in the period in which it arises.
