**b. Volunteers**

In spite of the very difficult and unprecedented years gone by due to the COVID 19 global Pandemic, the charitable company is grateful for the unstinting efforts of its volunteers who are involved in service provision, and numerous charitable and fundraising initiatives. It is estimated that over 5,000 volunteer hours were provided during the year. If this is conservatively valued at £10.00 an hour the volunteer effort amounts to over £50,000. The charitable company has recently appointed a volunteer programs coordinator to ensure that best value is derived from the sterling efforts of our volunteers.

In the year under review, the charitable company engaged in various activities for the benefit of the general public.

**Financial review**

**a. Reserves policy**

The Board has agreed to seek to maintain free reserves of at least three months' operating costs. This should enable the organisation to meet any outstanding liabilities in the event of expected funding being lost or reduced. The free reserve for the year is £0 (2023 - £0).

The trustees recognise that the current level of free reserve does not reach the above target and are considering ways in which additional funds will be raised.

**b. Principal funding**

The principal funding of the charity in the year under review comes from the unrelenting support of RCCG-ICC, whose continued manpower and material inputs and financial generosity has aided the RLC to deliver on its charitable objectives. This combined with income generated from professional services rendered to both the general public and local authorities and voluntary donations are the principal source of funding of the RLC in the year under review.

We continue to appreciate the patronage and commitment of our local partners and service users on a range of our services like the Early Years Services, Out of School Clubs, Family Contact Services etc. We also acknowledge and appreciate our local authority for continued patronage of our services for funded children.

1. accounting records were not kept in respect of the Charitable Company as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination; or

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 MARCH 2024**

---

**1. General information**

Resurrection Life Centre Ltd is a private company limited by guarantee, incorporated in England on 19 January 2009.

The address of its registered office is:

Rear of 31-33 High Road  
Chadwell Heath  
Romford  
Essex  
RM6 6QJ

**2. Accounting policies**

**2.1 Basis of preparation of financial statements**

The financial statements have been prepared in accordance with the Charities SORP (FRS 102) - Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Resurrection Life Centre Ltd meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy.

**2.2 Income**

All income is recognised once the Charitable Company has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

**2.3 Expenditure**

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

Expenditure on charitable activities is incurred on directly undertaking the activities which further the Charitable Company's objectives, as well as any associated support costs.

All expenditure is inclusive of irrecoverable VAT.

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 MARCH 2024**

---

**2. Accounting policies (continued)**

**2.4 Tangible fixed assets and depreciation**

Tangible fixed assets costing £250 or more are capitalised and recognised when future economic benefits are probable and the cost or value of the asset can be measured reliably.

Tangible fixed assets are initially recognised at cost. After recognition, under the cost model, tangible fixed assets are measured at cost less accumulated depreciation and any accumulated impairment losses. All costs incurred to bring a tangible fixed asset into its intended working condition should be included in the measurement of cost.

Depreciation is charged so as to allocate the cost of tangible fixed assets less their residual value over their estimated useful lives, .

Depreciation is provided on the following bases:

Nursery equipment	- 15% straight line basis
Motor vehicles	- 25% reducing balance basis
Office equipment	- 15% straight line basis

**2.5 Debtors**

Trade and other debtors are recognised at the settlement amount after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

**2.6 Cash at bank and in hand**

Cash at bank and in hand includes cash and short-term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

**2.7 Liabilities and provisions**

Liabilities are recognised when there is an obligation at the Balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably.

Liabilities are recognised at the amount that the Charitable Company anticipates it will pay to settle the debt or the amount it has received as advanced payments for the goods or services it must provide.

Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the pre-tax discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised in the Statement of financial activities as a finance cost.

**2.8 Financial instruments**

The Charitable Company only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

**2.9 Finance leases and hire purchase**

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets. Assets acquired by finance lease are depreciated over the shorter of the lease term and their useful lives. Assets acquired by hire purchase are depreciated over their useful lives. Finance leases are those where substantially all of the benefits and risks of ownership are assumed by the Charitable Company. Obligations under such agreements are included in creditors, net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the Statement of financial activities so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

**2.10 Operating leases**

Rentals paid under operating leases are charged to the Statement of financial activities on a straight-line basis over the lease term.
