TACKLE AFRICA

REPORT OF THE TRUSTEES

for the Year Ended 31 December 2023

The trustees, who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 December 2023. The trustees have adopted the provisions of Accounting and Reporting by Charities; the Statement of Recommended Practice (SORP) 'Accounting and Reporting by Charities' applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2019).

Objectives and Activities

Our vision is a world where all young people in their diversity and those most at risk have the information, understanding, confidence, freedom and resources to make informed choices about HIV and their sexual and reproductive health and rights (SRHR).

Our purpose is to provide young people living in the countries in which we work with HIV, SRHR, and related support through football programmes and coaching that will have a significant positive impact on decision making and behaviours, in turn limiting the impact of HIV and sexual health issues within communities in Africa.

Our objective: Tackle informs, supports and challenges young Africans to make safer decisions, limiting the impact of HIV in their communities. Working through local partners, we add value to Sexual and Reproductive Health and Rights (SRHR) programmes aiming to empower disadvantaged young people and create better futures for them and their communities.

Aim

Working through partner organisations in Uganda, Kenya, Tanzania, Zambia, Malawi, Zimbabwe, Burkina Faso, Ivory Coast, Senegal and Guinea we aim to provide added value to their work, increasing the positive impact of their HIV and SRHR programmes. We do so using our professional coach trainers to train their coaches, teachers, peer educators and youth leaders to use our HIV and SRHR educational football coaching drills in order to reach shared objectives outlined below.

As our relationships with our partners develop, our aim is to transfer our programmes to them, by developing local coach trainers and providing training and support in fundraising and programme management. Our goal is for our partners to become virtually self-sufficient, our network of coaches to grow exponentially as local coach trainers increase and our role to become increasingly toward innovative programme support, quality assurance and monitoring.

TACKLE AFRICA

REPORT OF THE TRUSTEES

for the Year Ended 31 December 2023

Programme Objectives

We will achieve the following significant and measurable changes in identified key areas related to HIV and sexual health with our participants.

Most importantly, an increase in reported and observed positive behaviour including accessing HIV Testing and Counselling (HTC), contraception, Voluntary Medical Male Circumcision (VMMC), and adherence to Antiretroviral (ARV) treatment.

And in support of the above:

- Increased knowledge and understanding of vital information needed to make safer decisions in relation to sexual health;
- An increase in positive attitudes and the rejection of myths and stigma;
- Increased reported and observed life skill competencies needed to make safer decisions in relation to sexual health;
- Increased reported and observed mental health and well-being in relation to SRHR.

Our HTC work will focus both on normalising counselling and testing for the general adolescent population and targeted programming with key populations building on our successes working in prisons and with Men who have Sex with Men (MSM), People who Inject Drugs (IDU) and Commercial Sex Worker (CSW) communities.

These objectives will be achieved with Gender Equality running through all of our programmes and can be seen to be integral to the current UN Sustainable Development Goals. Specifically, our work on HIV contributes to Goal 3 “Good Health & Well-being” and our work on SRHR, Child Marriage, Female Genital Mutilation (FGM) and Gender Based Violence (GBV) contributes to Goal 5 “Achieving Gender Equality and empowering all Women and Girls”.

Ensuring our work delivers our strategy in line with our vision and purpose

We review our aims, objectives and activities each year. This review looks at what we achieved and the outcomes of our work in the previous 12 months. The review looks at the success of each key activity and the benefits they have brought to those groups of people we are set up to help. The review also helps us ensure our aim, objectives and activities remained focused on our stated purposes. We have referred to the guidance contained in the Charity Commission’s general guidance on public benefit when reviewing our aim and objectives and in planning our future activities. In particular, the Trustee Directors consider how planned activities will contribute to the aims and objectives they have set.

Tackle Brand

Back in 2022, as part of our regular consultations with our stakeholders, we recognised that the name Tackle Africa could be interpreted as that Africa being the problem, rather than the place where we work. We refreshed our brand to reflect better the breadth of the SRHR work we now do and as such use the word Tackle to define our organisation.

We tackle a wide range of SRHR issues: we tackle child marriage, we tackle Female Genital Mutilation/ Cutting (FGM/C), stigma, gender inequality, HIV, GBV and many other SRHR issues that young people and key populations face in our communities. As we advance, our brand will focus on the issues we tackle rather than where we do it.

TACKLE AFRICA

REPORT OF THE TRUSTEES

for the Year Ended 31 December 2023

How our activities deliver public benefit

Our main activities and who we try to help are described above. All our charitable activities focus on providing young people in Africa with the information, understanding, confidence, freedom and resources to make safe choices that enable them to protect themselves and each other from HIV and SRHR issues.

January to December 2023 in numbers

- 379 Coaches trained;
- 11,142 young people engaged in regular high-quality HIV and SRHR programmes through football coaching sessions;
- 10 main partner organisations in Sub-Saharan Africa supported.

Summary of Key Achievements

- 2,503 Voluntary HIV Counselling and Testing engagements;
- 105,937 items of contraception distributed to adolescents;
- 973 other clinical health service engagements including STI testing and TB screening;
- Reached the milestone of 35,000 young people accessing Voluntary Counselling and Testing (HTC) (since April 2015);
- Reached the milestone of 325,000 contraceptive items being accessed through our programmes;
- Raised over £178,000 from Football Marathons in 5 UK cities.

Volunteers

Special thanks are given to the following volunteers, in no particular order, who played a huge role in Tackle's work in 2023:

Peter Crouch, Steve Sidwell, Lee Marks, Tom Handley, Ross Carragher, Sam Faulkner, Alan Coe, John Gamble, Tom Gamble, Sam Dustow, Glenn Le Moignan, Kyle Stratford, Cameron Eloury, Rom Da Silva, Dominic Williams, Dave McIntyre, Paul Hewitt, Sam McPherson, Dave Bridges, Paul Kwatia, Matt Waterman, Dale Beesley, George Warren, Tony Dain, Luke Dunstan, Paul Williamson, John Sewell, Neil Watkins, Luke Shepherdson, Anton Sensky, Paolo Garcia, Sammi Razzak, Chris Dowbor, Thomas Weidner, Olly Baxter, Joe Thompson, Joe Wood, John Smyth, Sam Rowe, Alex Murrell, Warren Austin, Gemma Cranmer.

Pro-Bono Support

Special thanks are given to the following organisations, in no particular order, who played a huge role in Tackle's work in 2023:

Salesforce, Google, PFA, Soul Spaces, Cotswold Cooling Company, t2i, BDO, Island Insurance, Humand Talent Solutions, Footy Addicts.

TACKLE AFRICA

REPORT OF THE TRUSTEES **for the Year Ended 31 December 2023**

Strategic Priorities 2023 to 2025

1. Player Impact

We will continue to analyse, evaluate and improve the impact on the participants of a well-delivered curriculum of HIV and/or SRHR programming through football coaching sessions as we recognise it is fundamental to Tackle's approach and success. We recognise that demonstrating impact, quality and value for money will continue to act as a catalyst for our reputation and continuing growth.

We are excited about the learning from our PhD research which comes to fruition in 2023 from which we are already rolling out new approaches to Monitoring, Evaluation and Learning (MEL) including our 'Research par les Coaches' (RPC) approach to improved qualitative data collection and our first Community Led Monitoring (CLM) programme of HIV services. We are also looking forward to the learning we will gain from the up-coming external evaluations of our multi-year Chanel and BT programmes which conclude in 2023.

Throughout this strategic period we will continue presenting our impact based on young people:

- Reached by our programmes;
- Engaged in our programmes;
- Accessing HIV/SRHR clinical services as a result our programmes.

We will celebrate these successes.

We will also pilot tech solutions to further improve our quantitative data collection with the use of an online system in our programmes in Zambia.

The Operations team has developed a Resilience plan in order to mitigate the effects of any on-going and future lockdowns to our programming, such as that caused by the COVID pandemic. These include coach training and support and programme delivery activities that can be carried out remotely and small activations (e.g. poster campaigns, radio shows) to keep engaging the communities we work in.

In we will engage the services of a consultant to research and provide guidance on the best way to engage our participants and their voices in the work that we do. Ideas such as a Youth Ambassador/Council will be explored on how best this can be done while also looking to improve the Stakeholder Review process with coaches, partners, donors and others who interact with us.

2. Coach Development

We will incorporate learning from our operational activity and analyse, evaluate and continue to improve our ability in delivering regular high-quality sessions to consistent groups of participants over significant enough periods to achieve positive change. Our operations team will continue to design our programmes in collaboration with our partner and maintain flexibility in our model where we see the opportunity to do so.

In the case of restrictions caused by COVID-like pandemics, Tackle will look to reach coaches safely and following National Guidelines in each country. This may involve smaller training courses (all courses will respect sanitary and social distancing measures), outdoor only courses, an increase in messaging/broadcasting to ensure information is transmitted or exploring other means of training and support.

Tackle is exploring various technology-based solutions which could support coach development such as Apps and messaging systems and will trial the most promising ones before investing in them.

3. Achieving sustainability

We will continue our planned approaches to assessing and building partner capacity in those areas that ensure our partners have the skills, resources and motivation to plan, implement and monitor Tackle programmes. We remain committed to supporting our partners to run Tackle style programmes themselves and, where required, we may continue to lead or support them to secure the necessary funds. We will continue to develop our quality assurance role to ensure the highest possible consistency in standards of delivery across all branded Tackle activity.

We recognise that programmatic sustainability is key to our impact and our growth, allowing us to develop new projects that add to rather than replace existing or previous work. We remain committed to partner programmes through INGOs as the most likely source of exponential programme growth that would take the organisation beyond the targets outlined in this strategy. During this strategic period, we see the opportunity for such programming being supported by the recent development of our Tool Kits.

These objectives can be seen to be integral to the current UN Sustainable Development Goals. Specifically, our work on HIV contributes to Goal 3 “Good Health & Well-being” and our work on SRHR, Child Marriage, FGM and Gender Based Violence contributes to Goal 5 “Achieving Gender Equality and empowering all Women and Girls”.

Future Plans

We will work from a rolling strategy, allowing us to be agile and responsive to an ever-changing and challenging environment. We have identified strategic objectives for the next three years that aim to contribute to our organisational goals. These will be reviewed and adjusted every year, based on what we are learning, the influences on the international development sector and the specific issues we work on. The reach of the BLM movement has brought welcomed challenges to all organisations, including Tackle and has caused us to constructively consider and, where appropriate, adapt our ways of working.

There is sector-wide consensus that international development is experiencing a period of intense and rapid change. The Covid-19 pandemic, Brexit and the creation of the Foreign, Commonwealth and Development Office (FCDO) have further exacerbated these challenges and uncertainties at a time when the need for our programmes is increasing dramatically.

Structurally, in addition to registering TackleAfrica in Zambia and Uganda, the process is underway for registration in the Ivory Coast as well. We have established TackleAfrica in France and Germany through supporters in those countries and to reinforce our growing links with the French and German international development communities. Strategically, we believe these structural changes will provide the platform to allow us to develop the partnerships and secure the resources to continue to work with more young people and achieve greater impact.

REPORT OF THE TRUSTEES

for the Year Ended 31 December 2023

Financial review

The Trustee Directors have reviewed the overall finances of the charity and are satisfied with the current financial position. In line with the charity's financial policies. The board reviews the charity's finances on a quarterly basis to monitor the financial health of the organisation and to identify any required action.

Income banked in 2023 totalled £754,864 with expenditure of £823,520. This excess level of expenditure was driven by a number of factors including a decision to invest some of the surplus of unrestricted funds we started the year with, a challenging fundraising environment with our London Football Marathon event performance being down on prior year and some unrealised foreign exchange (FX) losses.

A further £14,065 of programming funding was secured by Tackle from funders that flowed directly to our partners in the African countries in which we work in order to run Tackle programming. This funding figure does not appear in our accounts for the period, as either income or expenditure, but gives a more accurate reflection of the scale of Tackle programming and is fully in line with our stated objective of working alongside and to enhance our African partners.

Reserves

Tackle's reserves policy is to maintain free reserves in the range of £104k to £146K. This policy is based on the organisations shutdown costs, allowing for a graduated process, including a time allowance, plus a buffer against potential financial risks that the organisation faces, together with an investment level to enable future opportunities to be described and met.

Our reserves position stands at £95,397. This is just slightly below the ideal range the Trustee Board wish to maintain reserves at, as such the plans and budgets put forward for 2024 are working towards increasing this slightly to bring it within the desired range.

Funding

Tackle continues to raise a significant proportion of its income from UK events including Football Marathons and sponsorship, this totalled £237,207 in the twelve months to 31 December 2023. 2023 also saw us launch our first Zambian event with a golf day as we look to increase the breadth of fundraising activity across the regions in which we operate. In addition, Tackle has benefitted from funding from the following supporters and sponsors in 2023:

- Comic Relief
- Common Goal gGmbH
- Espace Confiance
- FIFA Foundation
- French Embassy in Malawi
- GIZ Deutsche Gesellschaft für Internationale Zusammenarbeit GmbH
- Laureus Sport for Good Foundation
- Manchester City Football Club – Cityzens Giving
- Mark Anthony Trust
- Mercury Phoenix Trust
- Marie Stopes International
- Marie Stopes Zambia
- PEPFAR Community Led Monitoring
- Play it Forward Zambia
- Souter Charitable Trust
- Svenska Postkodstifelsen (Swedish Postcode Lottery)
- TackleAfrica Deutschland
- US Embassy in Burkina Faso

- Viiv Healthcare
- Waterloo Foundation

Statement of Investment Principles

Tackle invests some of its unrestricted funds to ensure that the reserves of the charity are held for any potential major event in the future. The investments are placed within a balanced growth portfolio, which is managed by Evelyn Partners, through their Charity arm. The long-term goal of these investments is to protect capital and they are held with ESG principles fully in mind.

REPORT OF THE TRUSTEES

for the Year Ended 31 December 2023

Structure, Governance and Management

The organisation is a charitable company limited by guarantee. The company was established under a Memorandum of Association which established the objects and powers of the charitable company and is governed under its Articles of Association.

Recruitment and Appointment of the Trustee Board

The directors of the company are also charity trustees for the purposes of charity law. Under the requirements of the Memorandum and Articles of Association the members of the Board of Trustees are elected to serve for a period of three years after which they may be re-elected, for a maximum of three terms unless by special resolution this is extended. All Trustee Directors give their time voluntarily and received no benefits from the charity.

The charity maintains a broad and relevant range of skills and experience on the board and to maintain this mix, Trustee Directors provide a list of their skills and experience, which are updated annually. In the event of particular skills being lost due to a trustee leaving or for reasons of strategic or operational need, the board seeks to recruit individuals with the skills and experience required. This process is undertaken by open advertisement or by individual recommendation. All potential Trustee Directors are interviewed by at least two members of the trustee board, including the chair and the CEO.

Trustee Director Induction

All trustee directors are given a thorough induction to the work of the organisation and their role, which includes meetings with staff and a pack of reference information.

Risk Management

A risk register including mitigation plans is maintained, updated quarterly and regularly reviewed by the board. Health, safety, safeguarding and security risks remain prominent and are closely monitored at an operational and board level, with training provided to all staff. Any issues arising from the risk register lead to procedures being established and/or improved that deal with those issues and mitigate against future eventualities.

Organisational Structure

The Trustee Board meet five times a year. At present there are eleven Trustee Directors with a range of professional backgrounds relevant to the working of the charity. Trustee Directors are responsible for overseeing the strategic direction of the charity, for ensuring its alignment with its vision and mission and for ensuring that its stated core values are translated into the behaviours of its people. The Trustee Directors are accountable for ensuring that the organisation is compliant with charity and company law. Day to day management of the charity is delegated to the Chief Executive who is responsible for ensuring that the charity delivers on its agreed strategy, for the supervision and leadership of the team and for ensuring that all its people, across the organisation, continue to develop their skills and competences, in line with best practice, illustrating the core values in their behaviours.

REPORT OF THE TRUSTEES

for the Year Ended 31 December 2023

Responsibilities of the Trustee / Directors

The trustees, who are also directors for the purposes of company law, are responsible for preparing the trustees' report and financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the Directors to prepare financial statements for each financial year which give a true and fair view of the state of the affairs of the charitable company as at the balance sheet date and of its incoming resources and application of resources, including income and expenditure, for the financial year.

In preparing these financial statements, the trustees are required to;

- Select suitable accounting policies and then apply them consistently;
- Observe the methods and principles in the applicable Charities SORP;
- Make judgments and accounting estimates and are reasonable and prudent;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The Trustee Directors are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The report of the trustees was approved by order of the board of trustees, as the company directors on 21st June 2023 and signed

ON BEHALF OF THE BOARD:

A handwritten signature in black ink, appearing to read 'John Miller', with a long horizontal flourish extending to the right.

John Miller – Chair of Trustees

Date: 10th July 2024.

INDEPENDENT EXAMINER'S REPORT
for the Year Ended 31 December 2023

Independent examiner's report to the trustees of Tackle Africa ('the Company')

I report to the charity trustees on my examination of the accounts of the Company for the period 1 January 2023 to 31 December 2023.

Responsibilities and basis of report

As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under Section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under Section 145(5) (b) of the 2011 Act.

Independent examiner's statement

Since your charity's gross income exceeded £250,000, your examiner must be a member of a listed body. I can confirm that I am qualified to undertake the examination because I am a member of the Institute of Chartered Accountants in England and Wales, which is one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the Company as required by Section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of Section 396 of the 2006 Act other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

These financial statements have been prepared in accordance with the provisions applicable to charitable companies subject to the small companies regime.

The charitable company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 December 2023.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 December 2023 in accordance with section 476 of the Companies Act 2006.

The trustees acknowledge their responsibilities for:

- ensuring that the charitable company keeps accounting records that company with Sections 386 and 387 of the Companies Act 2006 and
- preparing financial statements which give a true and fair view of the state of affairs of the charitable company as at the end of each financial year of its surplus or deficit for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the charitable company.

These financial statements have been prepared in accordance with the provisions applicable to charitable companies subject to the small companies regime.

The financial statements were approved by the Board of Trustees and signed on its behalf by:

John Miller - Chair of Trustees

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 December 2023

1. Statutory Information

Tacke Africa is a private company limited by guarantee. The charity's registered company number, registered charity number, registered office and the nature of its activities can be found in the Trustees Report.

The presentation currency of the financial statements is Pounds Sterling (£). The level of rounding in the accounts is to the nearest pound.

2. Accounting policies

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

These financial statements consolidate, on a line by line basis, the results of the charitable company and TackleAfrica Zambia over which the charitable company has control due to having some Trustee Directors in common. Transactions and balances between the charitable company and its subsidiary have been eliminated from the consolidated financial statements. Balances between the two companies are disclosed in the notes of the charitable company's balance sheet. A separate statement of financial activities, or income and expenditure account, for the charitable company itself is not presented because the charitable company has taken advantage of the exemptions afforded in section 408 of the Companies Act 2006.

Critical accounting judgements and key sources of estimation uncertainty

No critical accounting judgements have been made in the process of applying the accounting policies below.

There are no key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Going concern

The trustees consider that there are no material uncertainties about the charitable company's ability to continue as a going concern. Future forecasts and business plans have been considered in coming to this conclusion, including the impact of the Coronavirus pandemic.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Government grants

Government grants are recognised under the performance model. The grant income is recognised upon performance conditions being satisfied (and should it be received in advance of satisfying the performance, recognition of the income is deferred as a liability) and where there are no specific future performance-related conditions then grants are recognised when proceeds are received or receivable.

Donations

For donations to be recognised the charity will have been notified of the amounts and the settlement date in writing. If there are conditions attached to the donation and this requires a level of performance before entitlement can be obtained then income is deferred until those conditions are fully met or the fulfilment of those conditions is within the control of the charity and it is probable that they will be fulfilled.

No amount is included in the financial statements for volunteer time in line with the SORP (FRS 102).

Trading activities

Income from trading activities includes income earned from fundraising events and trading activities to raise funds for the charity. Income is received in exchange for supplying goods and services in order to raise funds and is recognised when entitlement has occurred.

Charitable Activities

The charity receives corporate grants in respect of agreed projects. Income from grants is recognised at fair value when the charity has entitlement after any performance conditions have been met, it is probable that the income will be received and the amount can be measured reliably. If entitlement is not met then these amounts are deferred.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 December 2023

2. Accounting policies - continued

Allocation and apportionment of costs

Support costs are those that assist the work of the charity but do not directly represent charitable activities and include office costs and governance costs. They are incurred directly in support of expenditure on the objects of the charity and include project management. Where support costs cannot be directly attributed to particular headings they have been allocated to cost of raising funds and expenditure on charitable activities on a basis consistent with use of the resources.

Fund-raising costs are those incurred in seeking voluntary contributions and do not include the costs of disseminating information in support of the charitable activities.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Motor vehicles	- 25% on cost
Equipment	- 33% on cost

Tangible fixed assets are stated at cost (or deemed cost) or valuation less accumulated depreciation and accumulated impairment losses. Cost includes costs directly attributable to making the asset capable of operating as intended.

Fixed Asset Investments

Investments are stated at fair value at the balance sheet date. The Statement of Financial Activities includes the net gains and losses arising on revaluations throughout the year. All gains and losses are calculated at the difference between the market value at the balance sheet date and the opening market value (or purchase value if the date is later).

Taxation

The charity is an exempt charity within the meaning of Schedule 3 of the Charities Act 2011 and is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010. It therefore meets the definition of a charitable company for UK corporation tax purposes.

Fund Accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes. The cost of raising and administering such funds are charged against the specific fund.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Financial Instruments

The charity holds financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments include debtors and creditors

Debtors and creditors

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in expenditure.

Foreign Currency

Foreign currency transactions are translated into sterling using the exchange rates prevailing at the date of the transactions. Monetary items, assets and liabilities are retranslated at the rate prevailing at the balance sheet date. Foreign exchange gains and losses resulting from the retranslation are recognised in the statement of financial activities.

Pensions

The charity operates to a defined contribution pension plan on behalf of all qualifying staff to Tackle Africa's Aviva pension scheme in the UK and NAPSA in Zambia. Contributions to the plan are recognised in the period in which contributions are due. The assets of the scheme are held separately from those of the charity in an independently administered fund.

Auditor's Remuneration	1,680	4,113	5,793	7,119	714	7,833

Auditors fees include fees in relation to grant audits in Zambia and Uganda.

12. Trustees' remuneration and benefits

None of the trustees (or any persons connected with them) received any remuneration during 2023 or 2022.

No Trustee expenses were incurred in the year (in 2022 £608 was incurred by one Trustee relating to attendance at meetings of the Trustees).

NOTES TO THE FINANCIAL STATEMENTS
for the year ended 31 December 2023

13. Staff costs

	2023	2022
Salaries	361,049	345,250
Social security costs	24,303	22,482
Pension costs	13,410	13,408
	398,762	381,140

The average monthly number of employees during the period was as follows:

	2023	2022
Fundraising	1	2
Charitable Activities	25	19
Support and governance	4	4
	30	25

Tackle Africa employs only one part-time member of staff. An analysis was undertaken to establish the Equivalent Full Time Staff and there are no changes from the average number of employees as stated above.

Total costs (salary, benefits, social security costs and employers pension contributions) paid to key management personnel was £129,099 (2022 £127,912).

Employees with emoluments (emoluments include salaries and taxable benefits, but not employer pension costs) over £60,000 were as follows:

	2023	2022
£60,001 - £70,000	1	1

21. Parent Charity

In accordance with the exemption allowed by section 408 of the Companies Act 2006, the charitable company has not presented its own income and expenditure account or Statement of Financial Activities. The gross and net income of the parent charity alone are as follows:

	2023 £	2022 £
Gross income	586,330	752,287
Net income (expenditure) for the year	(45,350)	(98,685)

22. Pension Contributions

The charity operates a defined contribution pension scheme. The assets of the scheme are held separately from those of the charity in an independently administered fund. The pension cost charge represents contributions payable by the charity to the fund and amounted to £13,410 (2022 - £13,408). £4,758 of this amount was charged to restricted funds and £8,652 to unrestricted. All contributions due were fully paid at the balance sheet date.

23. Related party disclosures

During 2023, the trustees made unconditional donations amounting to £1,870 (2022 £2,088).
