Section C Objectives and activities

Summary of the objects of the charity set out in its governing document

Our objectives/aims are to:

Provide relief of persons suffering from SPINAL MUSCULAR ATROPHY and related conditions.

Provide relief in cases of psychological and emotional distress of the parents and guardians and other relatives of such persons or of such persons who are deceased.

Support the promotion of research into the causes and treatment of SPINAL MUSCULAR ATROPHY subject to the publication of the useful results of such research

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

In carrying out/planning our activities this year the trustees kept in mind the Charity Commission's guidance on public benefit and reviewed these at our trustee meetings.

The focus of our activities continues to be the support of sufferers and their families whom have been affected by Spinal Muscular Atrophy that have approached us regardless of age, gender, background, faith or personal circumstances

We have achieved this by providing emotional support to those who suffer or are affected by SMA (Spinal Muscular Atrophy) by providing free, friendly confidential support (at times utilising the first-hand experience of our trustees) and advice over the telephone or in person. Providing equipment for everyday life, learning aids, and recreational activities benefiting sufferers of SMA by improving their Quality of life, furtherance of their education and assisting their adaptation to everyday life

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

We continued to experience a pleasing return to our fundraising revenue, despite the the cost of living crisis. A valuable contribution has been made by our volunteers. Without their continued support and commitment not to mention the many hours spent assisting us.

At the present time we continue assess our grant requests on a case by case basis.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

We continue to receive requests from SMA sufferers and their families for help and support, with referrals from people whom we've helped also proving to be valuable.

Again despite the heavily reduced number of events we held this year, again our fundraising events have proved to be a viable avenue to generate income, As with previous years a substantial proportion of our funds continue to be generated from our annual Ball (our single most successful event) this is also one of our main avenues in which we raise our profile with support from individuals, companies and even the venue who donated time, services and products for the event, helping to ensure its success.

This year we had continued growth of individuals taking part in fundraising/sponsorship events e.g. organised runs, and bike rides

Our Trading activity (wristbands, car stickers, Hoodies etc) has seen an comparable revenue this year against last year and previous we will continue to review on a quarterly basis. Clothing orders continue to be placed on an as required basis. We have seen voluntary donations increase in this past year which is pleasing with the continued cost of living crisis. We remain hopeful for the year ahead.

Section E Financial review

Brief statement of the charity's policy on reserves

We hold £6036 cash in the charity Bank Account all of which is unrestricted Funds. We have met our aim to maintain £3-5,000 at the year end. We aim to maintain at least £3-5,000 at the next year end to enable us to carry out our activities effectively`

Details of any funds materially in deficit

N/A

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

All our income is generated through fundraising and donations. With our main source of income generated through our fundraising events. Our Volunteers and trustees do not receive a wage. This has enabled us to keep our running costs down and make more funds available to enable us to work towards and support our objectives.

Section F Other optional information

In the coming year we hope to continue to promote our supporters to carry out fundraising activities such as individual participation in organised events and we hope to encourage those outside of the charity's current reach to partake in their own fundraising activities and broaden our presence through social media and promotion, we will review on an ongoing basis particularly as we navigate through the cost of living crisis.
