Summary of the objects of the charity set out in its governing document

To help the orphans in Accra (Ghana) and the poor within the city and the northern area of Tamale; By providing them with adequate shelter, food, sanitation, clothing, medicine, care and an education to sustain them and their families.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

Continuation of the help and assistance towards the orphans and the poor, specifically the younger adults and children

We continued to fund the orphans and the poor within Accra and the region of Tamale.

Some extensive improvements were made to the school and the premises.

With the rising costs for resources, the teachers and staff required an increase in their wage.

We also helped to build water tanks in the region of Tamale.

We increased our efforts to acquire more donations through messaging the local community, friends and family.

Voluntary visits from the UK took place, gaining more insight into the conditions of the children and also to re-establish the focus to help the needy. Ensuring we have the right resources and strategies in place.
