**Annual Report for the year ending 19th October 2024**

The Headcase Cancer Trust has enjoyed yet another very successful fund-raising year with total income high for the fourteenth consecutive year and a gross profit of £47682

Although no grants have been made to any Research Organisations this financial year, Headcase Cancer Trust is currently in negotiations with several Research Centres which are actively involved in the search for the causes of, treatment of and, hopefully, an eventual cure for Glioblastoma Multiforme Brain Tumours and where suitable projects are identified and selected appropriate financial support will be given..

# THE HEADCASE CANCER TRUST

Registered Charity Number 1140061

Annual Report for the year ending 19th October 2023

The Headcase Cancer Trust has enjoyed yet another very successful year despite Coronavirus restricting many charitable activities with total income high for the twelfth consecutive year and a gross profit of £41362.

Donations have been made to Nottingham University's Neuro-Oncology Department in support of PhD Researchers who are working on projects directly linked to searching for the causes of, treatment of and, hopefully, an eventual cure for Glioblastoma Multiforme Brain Tumours..

The Trust prides itself in keeping its overheads to an absolute minimum and this financial year has been able to limit running expenses to 1.80% of total income. When taking into account Gift Aid reclaimed on much of the Trust's income, for every £1 received it has been possible to make just over £1-04 available for donations to current and future research projects.

The Trust is currently in negotiations with several other centres which are actively involved in the search for a cure for Glioblastoma Multiforme Brain Tumours and when suitable projects are identified and selected, appropriate financial support will be given.

The Headcase Cancer Trust extends its grateful thanks to all those individuals and organisations that have been so active in their support.
