Activities

Objects: THE TRUSTEES MUST APPLY THE INCOME OF THE CHARITY IN FURTHERING THE FOLLOWING OBJECTS OF THE CHARITY FOR THE PUBLIC BENEFIT OF CHILDREN IN SOUTH AFRICA) TO RELIEVE CHILDREN WHO ARE HOMELESS OR WITHOUT A SUITABLE CARER, BY ESTABLISHING CARE HOMES WITH SUITABLY QUALIFIED CARERS FOR SUCH CHILDREN; B) TO PROMOTE THE CARE AND UPBRINGING AND ESTABLISHMENT IN LIFE OF CHILDREN IN CARE BY PROMOTION OF THEIR HEALTH, DEVELOPMENT AND EDUCATIONAL ATTAINMENT; C) TO ADVANCE EDUCATION, IN PARTICULAR BUT NOT EXCLUSIVELY OF THOSE PROVIDING THE CARE AT THE HOMES IN THE SUBJECTS OF CHILD CARE AND HEALTH. AT THEIR DISCRETION THE TRUSTEES MAY SPEND ALL OR PART OF THE CAPITAL OF THE CHARITY IN FURTHERING THEIR OBJECTS.

Activities: Spirit of Africa fund raises to support children in South Africa who are without a home or suitable carer. We support a project called Ithembalihle. We provide the finance to house, feed and educate the children at this project. In 2013, in association with GAGA charity we built a pre-school on this site. Since March 2022 the S. Africa Gov. registered and provides all funding for the Pre-school.

SPIRIT OF AFRICA

England & Wales - Charity number 1141351

Accounts

Report of the Trustees for Spirit of Africa charity (1141351) for The year ending August 12th 2024

The Charity's work

The charity operates in the Valley of a Thousand Hills in Kwa Zulu-Natal, South Africa. Our current project is called Ithembalihle, which means place of hope. We have dormitory buildings and a Pre-school at our project. There is also a church on site

The South African Government now funds the Pre- school.

We have 14-19 children at any one time staying on the project.

Because the children are mainly of an age where they can clean, do some cooking and washing we no longer have a full time housemother. We have a cleaner who helps with all of the mentioned three times a week.

Thandiwe Sibya who operates the project, under a South African registered NGO, lives at the project and supervises the overall care of the children, on a daily basis.

Some of our children stay with us permanently and some are orphaned. Other children, on occasions, visit, a family member during the school holidays

We send our children to two different schools. Most attend Sankontshe Primary, one attends Alexandra Primary in PZB.

In February 2025 we purchased a new 7-seated vehicle. Because the majority of children now walk to their school a 9 seated vehicle was no longer required. Also: because the previous 9 seated vehicle was subject to a vehicle tax, by the Taxi company, we opted for a 7 seated to avoid that cost.

The charity pays for all uniforms and school fees, where required.

The charity pays for all the staff that work on site at Ithembalihle. All money is sent Via Torfx into Thandiwe Sibya's NGO account.

Everything at the project: education, food, children's clothing, and general Maintenance, gas, electricity etc. is paid for by the charity.

We believe all children have the right to have a home, a safe place to live, and good health care, access to education and to be loved. The charity enables all of The mentioned to be provided.

Where our money comes from.

For the last three years we have received an annual donation from a local church. We have regular individual sponsors who donate monthly via Direct Debits. We fund raise with events like: Annual garden party, Dinner and band evenings, Sponsorships from activity events, regular raffles and the sale of African crafts.

How we have spent our money

A monthly payment is made to the project to cover all of the regular expenses

that is incurred at Ithembalihle. The monthly payment varies between £650 - £800 depending on the rate of exchange and any extra expenditure, incurred, in that month. Extra expenses may include extra payments for school uniform, repairs to the buildings, general maintenance, vehicle tax and repairs.

We send monthly contributions to Ithembalihle, via Thandiwe who is the Registered representative of the NGO in S. Africa. Thandiwe then pays the cleaner/cook. The rest of the monthly donation is used for gas, electricity, food, petrol, medical expenses and cleaning materials. School fees, uniforms, graduation, Christmas party, gifts, vehicle insurance and car Tax, repairs are paid at the same time or in separate payments.

The purchase of a new vehicle.

We have annual charity insurance and licenses to pay.

A Trustee visit to the project is financed by the charity. This usually happens once in the financial year. The annual Trustee visit is paid on expenses bases only. One flight, hire of a vehicle, petrol and accommodation is paid to one Trustee.

Aims

- 1) To generate sufficient funds to pay back the interest free loan, given to purchase a new vehicle by one of our sponsors.
- 2) To continue to provide the funds necessary to meet all of the needs of our children. To secure government identity cards for all of our children.
- 3) To encourage further independence in our older children.
- 4) We now have several children age 18 years. We will be spending time deciding plans for their future care and independence.
- 5) All major building projects, flood defenses and drainage have now been completed. We will continue to maintain those completed projects.
- 6) The commencement of a more sustainable garden area to produce vegetable.
- 7) To make plans for a five year exit plan for the charity. To begin to look at how the project can become more self sufficient.

SPIRIT OF AFRICA

England & Wales - Charity number 1141351

Accounts

Report of the Trustees for Spirit of Africa charity (1141351) Year ending August 12th 2023

The Charity's work

The charity operates in the Valley of a Thousand Hills in Kwa Zulu-Natal, South Africa. Our current project is called Ithembalihle, which means; "place of hope." We have a dormitory building and a Pre-school at our project. Accommodation for the NGO supervisor and her family.

The pre-school was built by the charity, along with the aid of volunteers from another South African, UK based, charity. We funded the running of the pre-school from 2013, but now it has been registered by the local authority and is now totally run and funded by the South African government.

We currently have 14 children staying on the project. Thandiwe Sibya who operates the project, under a South African registered NGO lives permanently on the property. Until this year we have had a permanent, live in House mother. Now that several of our children are 17years of age, we no longer have a live in Housemother. We have house help and a cook who help out with washing and general cleaning several times a week.

In order to create independence in the children they are encouraged to do their own washing, help with the cooking and cleaning. Because they are still at school, they require help from the house help.

Some of our children stay with us permanently and are orphaned, other children, On occasions, do visit a family member during the school holidays.

We send our children to two different schools. Most of the children attend Sankontshe primary. One child attends Marion Hill Primary in PZB.

We have a 9-seater vehicle, which we bought in 2019 to transport the children back and forth to school.

The charity pays for all uniforms and school fees, where required.

The charity pays for all the staff that works on site at Ithembalihle. All money is sent via Torfx into Thandiwe Sibya's NGO account.

Everything at the project: education, food, children's clothing, and general Maintenance, gas, electricity, vehicle repairs etc. is paid for by the charity. We believe all children have the right to have a home, a safe place to live, and Good health care, access to education and to be loved. The charity enables all of The mentioned to be provided.

Where our money comes from

A local church has committed to sponsor us for 3 years. We are now into the 3rd year of that agreement. The donation is approximately £1000 per annum

A UK based South African, children's charity does gift us £500- £1000 when we are involved in fund raising campaigns to improve the facilities at Ithemabalihle. We organize online and events raffles and a bonus ball game to raise money. We sell African goods at craft fairs. We have dinner and live band events, an annual garden party, accessory parties etc.

We have regular individual sponsors, which now account for a third of our income. We have people who make a one off donation through out the year.

How we have spent our money

A monthly payment is made to the project to cover all of the regular expenses that is incurred at Ithembalihle. The monthly payment varies between £800 and £1,500 depending on the rate of exchange and any extra expenditure, incurred, in that month. Extra expenditure may include extra payments for school uniform, repairs to the buildings, vehicle repairs or general maintenance.

We send monthly contributions to Ithembalihle, via Torfx money, to Thandiwe who is the Registered representative of the NGO in S. Africa.

Thandiwe then pays the:

House help, cook and any contractor carrying out repairs. The rest of the monthly payment is used for:

Gas, electricity, food, petrol, medical expenses and cleaning materials.

School fees, uniforms, graduation, Christmas parties, gifts, vehicle insurance and car Tax. Repairs are paid at the same time as the general budget or in separate payments.

Since our last report a kitchen for the Pre-school was built by local personnel and paid for by SOA

2022-23 we financed an extension of the existing dormitory, which now has two floors. The boys occupy upstairs the girls downstairs.

The £500 per month for an interest free loan for our vehicle, ended May 2023

We have had several bouts of flooding since our last report. In response to climate changes and increased danger of flooding we have also managed to build flood defenses since our last report. The defenses were walls and drainage.

We have annual charity insurance and licenses to pay.

A new electricity box system has been updated.

A Trustee visit to the project is financed by the charity.

Aims met since our last report

1) To generate sufficient funds to commence a new dormitory building for the Girls only. **Extension complete**

2) The Pre-school has now been registered for three years but, we are yet to receive any funding from government. The local authority will be pursued for a regular Income for our Preschool children. **Funding now met by S. African government**

3) To install a wall behind the pre-school to prevent further flooding. To install field Drains to prevent further flooding. **Completed**

4) Lay carpet in the Pre-school and flooring in the new kitchen. **Completed**

5) Supply and fit tanks for the storage of water. **Completed**

Future Aims

1) To concentrate on saving funds to replace our ageing vehicle

2) To encourage further independence in our older children.

3) To enhance the education of our children. Education has been lost due to Covid. Teacher's strikes and this year school closures because of having no water supply in the whole of the valley for months at a time.

Currently sourcing Saturday schooling.

4) To consolidate funds after two years of building expenses.

5) To continue to support the project while looking towards a future exit strategy as our children gain their independence.

Financial position

The aim of the charity is to always have a 9-12 months charity spending in the bank.

Report compiled by Carol Tree (Chair Trustee) and witnessed by Clive Barr Trustees.

SPIRIT OF AFRICA

England & Wales - Charity number 1141351

Accounts

Report of the Trustees for Spirit of Africa charity (1141351) for the year ending August 13th 2022

The Charity's work

The charity operates in the Valley of a Thousand Hills in Kwa Zulu-Natal, South Africa. Our current project is called Ithembalihle, which means place of hope.

We have dormitory buildings and a Pre-school at our project. We provide education for 40 pre-school children who are taught in two-year groups by our two teachers.

We have 14-19 children at any one time staying on the project. Two Housemothers, a cook and Thandiwe Sibya who operate the project, under a South African registered NGO, care for the children.

Some of our children stay with us permanently and are orphaned. Other children do visit, on occasions, a family member during the school holidays.

We send our children to two different schools. Those who have been with us for a long time attend First Step Right School, we have an old vehicle that we bought in 2012 to transport the children back and forward to school.

All of our children either attend the pre-school at Ithembalihle or attend other local schools. The charity pays for all uniforms and school fees.

The charity pays for all the staff that work on site at Ithembalihle. The housemothers live with the children and are also provided with all meals.

Everything at the project: education, food, children's clothing, general maintenance, gas, electricity etc. is paid for by the charity. We believe all children have the right to have a home, a safe place to live, and good health care, access to education and to be loved. The charity enables all of the mentioned to be provided.

Where our money comes from

We have received donations from a local Church and a donation from a local charity called Hope for South Africa Children.

We have regular individual sponsors who donate monthly via Direct Debits. The rest of our income comes through fund raising events the Trustees and charity Volunteers organize. Donations generated from speaking engagements, and the sale of African goods at various craft markets.

How we have spent our money

A monthly payment is made to the project to cover all of the regular expenses that are incurred at Ithembalihle. The monthly payment varies between £1,000 and £1,300, depending on the rate of exchange and any extra expenditure incurred in that month.

We send monthly contributions to Ithembalihle, via Thandiwe who is the Registered representative of the NGO in S. Africa. Thandiwe then pays two Teachers, one Housemother and a cook. The rest of the monthly donation is used for gas, electricity, food, petrol, medical expenses and cleaning materials.

In April our Pre-school gained Government status, the South African Government now totally funds the Pre-school. We are no longer financially responsible for the Pre-school which has reduced our monthly costs. In January we purchased a carpet for the pre-school.

School fees, uniforms, graduation, Christmas party, gifts, vehicle insurance and tax are paid in separate payments.

At the end of this financial year we only have £5500 remaining to pay on the vehicle loan. The vehicle has done a lot of miles and is suffering, due to desperate road conditions. We have had a lot of repair bills recently.

We worked together, to organize flood defenses to protect the Crèche and other buildings, being flooded at Ithembalihle. Local builders were employed to build a flood wall behind the property. The wall has since prevented flooding.

Due to Covid February 2022 was the first time we had visited the project in two years. Although regular contact was made with Thandiwe the development of the children could not be fully monitored. In February we were pleased to see how well the children looked. Two children had temporarily returned to live with their mother.

The Pre-school was functioning well. There is now a volunteer and two teachers in the Pre-school for 40 children.

The new kitchen was fully equipped and serving the Pre-school and Foster home.

The dormitory, although in good decorative condition, was no longer functional. Our aim for several years had been to extend the dormitory to suit the needs of our older children.

In July we employed local builders to extend the dormitory to two stories, the build will be complete by October.

We have annual charity insurance and licenses to pay. A Trustee visit to the project is financed by the charity twice in the financial year.

Aims

- 1) A Trustee will meet with volunteers in S. Africa in October to decorate the new dormitory extension.
- 2) To continue to provide the funds necessary to meet all of the needs of our children
- 3) Revamp the play area at the front of the dormitory building by creating a garden.
- 4) To begin the process, of Government recognition and adoption of the foster side of Ithembalihle project
