

Annual Report 2021-22

Financial Statements

Registered Charity No. 1141396
Registered Company No. 6883950

Letter from the Chairman

This year has been another of challenges and changes as lockdown restrictions were gradually eased and things hesitantly returned to normal as the year progressed.

When the year began, staff were still working in the office wearing face masks and no volunteers were allowed in the building. Non-essential services such as hairdressers reopened in the middle of April but many indoor venues were not able to open until the middle of May and even then only 2 households were allowed to gather indoors. Passengers were slow to return to going out again and high Covid levels meant high levels of cancelled journeys. Swan's volunteer drivers were still restricted to carrying one passenger in the car in May and most legal limits on social contact were not removed until the 19th July.

Swan's Cuppa and Chat service for isolated passengers didn't begin again until the end of June but since then has been held most months.

Our office volunteer felt safe to return in September and our volunteer drivers began trickling back before then but many used the end of lockdown restrictions to meet up with family and to take holidays that had been postponed. This meant that by November we had a longer waiting list of passengers needing journeys than we had ever previously experienced. At the end of the financial year the threat of Covid was still hanging and new PPE supplies for our volunteer drivers were still ordered as late as February 2022.

By the end of the year the number of journeys Swan carried out per month for our commissioned service was three times higher than at the start of the year. Other journey numbers remained stable but for the majority of the year Swan has undertaken more medical journeys than social ones - largely buoyed by people needing to get to vaccination appointments. At year end we had carried out 96% of the pre-pandemic health journey numbers, but total journey numbers were only 67% of the 19/20 levels.

In terms of administration there have been a number of changes at Swan whilst journey numbers were lower. Early in the year Swan's free BT website came to an end so Swan moved to a new website address; swan.chessck.co.uk. A new BT One Phone system was due to kick in for Swan in early June however the system relied on consistently good broadband and because of this we were never able to make it work. By 2022 the equipment had all been returned unused to BT. Towards the end of 2021 problems with insufficient space on our BT emails led us to a new email domain swan-transport.co.uk which provides more cloud storage than our old BT account gave us. Swan also transferred to using Microsoft 365 which is better suited to hybrid working.

Towards the end of 2021 Swan abandoned its £7 joining fee. Whilst this had brought in several hundreds of pounds, the administration of this and the time spent identifying and recording this money negated any positive benefit.

The final change of the year has been gearing up to start a new financial system Xero for the new financial year. We have used SAGE for years but the costs have increased and that package offers far more than we actually need. The new cheaper system promises to be much more straightforward.

As we have all adjusted this year to a post Covid existence we would like to thank our volunteers, staff and trustees for sticking with Swan through these difficulties and changes to ensure that we could continue to offer our vital services to our passengers.

C J Davis
Chris Davis - Chairman

Volunteer Transport Scheme Report 2021-22

This was a year that again showcases what an amazing team of volunteer drivers we have and the unwavering commitment they give to Swan and the wider community. More of our drivers who were isolating felt able to return and some of our isolating drivers decided that due to their health it was time to retire. This has been another year where we have seen huge changes during this short time span.

With the end of another lockdown which ended on 12th April 2021 and the new Omicron variant our volunteers rose to the challenge again despite the obvious risks they were potentially exposing themselves to. Although some of our guidelines were relaxing and risk assessments were adjusted to reflect this, the pandemic had not gone away. Some of our drivers contracted the virus and needed cover from other drivers to keep their regular journeys running. Its been a fantastic team effort and we are so grateful for the care and professionalism the drivers have demonstrated during this challenging time.

The bookings steadily built back up with more passengers than ever often outstripping the capacity of available drivers. It's the first year in memory that the office has had to turn people away and advise people to book with us well in advance of the journey date. It was also a first for Swan to have a waiting list as we experienced a tsunami of requests for regular journeys to day centres and support groups the bulk of these being from Bath and Keynsham residents where we traditionally have fewer drivers available. Despite this our drivers delivered 3,690 journeys over the year.

Over the year we managed to recruit 6 new drivers and with 4 more original drivers who had been isolating last year this boosted total driver numbers to 32 for the year. 4 of our other isolating drivers who had been with us for some years decided this was the year to cease driving altogether due to health reasons. We were sad to say goodbye as these were people who had given Swan and our passengers so much in their previous years of volunteering with us and we wish them well for the future.

Cuppa and Chat

Our project to enable passengers to meet up for a coffee / tea and a social break got going again in June. These face to face meetings have proved very popular especially for those who have felt even more isolated due to the lockdowns. People have enjoyed the get together and renewed much needed social contact.

The Transport Schemes:

Supporting People

This project has supported 19 people with social care needs to take 1550 journeys, 7 new people took up journeys and we had 164 cancellations over the year.

The activities our drivers took people to ranged from volunteer work in charity shops, farm, office and café work placements, day care for people with learning difficulties and day care for people with dementia, respite / holiday provision to give their carers a break, shopping,

visiting relatives and occasional health appointments though our other transport services. Swans involvement has helped prevent social exclusion and isolation for the most vulnerable people in the community with social care needs and much needed breaks for their carers.

Swan Community Transport & Access to Health Services

During this year Swan helped 565 passengers take 2140 journeys - double the figures of 20/21. Passengers for these services book in week to week by ringing the office direct.

Community Transport

922 community transport journeys were carried out as community facilities started to be used again. Journeys ranged from taking people to visit loved ones, leisure time spent inside and also outside in nature, shopping, hairdressers, clubs, support groups, meetings, carers activities and to day care. Over the year a further 167 journeys were arranged and then cancelled usually due to passenger health issues.

Access to Health

1218 journeys were undertaken to health related appointments such as dental, doctor, optician, vaccinations and hospital appointments. There were a further 150 bookings arranged and then cancelled.

Achievements in another difficult year have been exceptional and this shows what a fantastic team of staff and volunteers we have and just how important transport is to keep all the wheels running in the communities we live in. Our huge thanks go to our drivers who make it possible to provide these essential services year on year.

S. Oughton

Swan Co-ordinator

Report of the Executive Committee

For the year ended 31st March 2022

Purpose

SWAN's purpose, as set out in its Memorandum and Articles of Association is to provide a range of advice and access services aimed at alleviating need and hardship in Bath and North East Somerset (BANES) and the surrounding areas.

To achieve this purpose the charity pursues the following objectives:

- To provide transport to access services and activities
- To support tackling loneliness in our communities, including through transport services
- To provide advice, on site and through outreach
- To work with other agencies to target services and improve access to services
- To maintain the process of organisational development
- To establish continuous streams of funding for SWAN's work

Organisational Development

Swan reviews its activities each year looking at what we have achieved and the outcomes of our work. The review looks at the success of each activity and the benefits brought to the people we are set up to help. We have referred to the information contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities. This year development has been impacted by the gradual recovery from the impact of Covid and by the end of the year journey numbers were not yet back to pre pandemic levels and neither were the number of Swan's volunteer drivers.

How Our Activities Deliver Public Benefit

Swan's main activities and those we help are summarised below. Our purpose limits the services we provide to residents in BANES and the surrounding areas and our funding limits the number of people we can help. Our services are provided free to our clients although we accept donations towards the costs of our transport journeys.

Achievement and Performance

Volunteer Transport Scheme

Swan's transport falls into 3 projects: Supporting People, Community Transport and Access to Health. The Supporting People project provides transport to enable clients of Social Services to access a range of activities, whether it be shopping or attending a luncheon club, day care or further education. It is also used to enable disabled people on low income to access activities that they would not otherwise be able to get to. The Access to Health project enables passengers to get to health related appointments and this year has included journeys to Covid vaccinations, and Community Transport covers any other destinations.

In total Swan's transport service has undertaken 3690 journeys this year – twice the number of the previous year which was so badly affected by Covid. The BANES funded Supporting People transport undertook 1550 journeys – only 387 the previous year. Swan undertook 1218 health related journeys (95% of 19/20 pre pandemic) and 922 other journeys (56% of 19/20). Swan has averaged 307 journeys per month compared to 420 journeys per month during the year 19/20.

Social Sessions for Older, Vulnerable and Isolated People

As part of Swan's developmental work related to loneliness, Swan has been operating monthly 'Cuppa and Chat' sessions. After a break during Covid these reconvened during this financial year building up to greater attendances as people's confidence has grown to leave the house again.

The Continued Impact of Coronavirus

Swan's volunteer drivers have continued to wear PPE this year and to clean down their cars between passengers. It is notable that whilst health related journeys are almost back to normal boosted by journeys to vaccination appointments, social journeys have proved much slower to recover due to some reticence among our passengers to leave the house unless absolutely necessary and the deterioration of their health over the pandemic. The CEO has continued to work from home just going into the office once a week and after many months of delay due to shortages of parts internationally and then the blockage of the Suez Canal causing delays finally got an up to date work laptop in September.

Use of Volunteers

Swan has had 23 active volunteer drivers through the year. We have welcomed 6 new drivers, 5 volunteers have not yet returned for a variety of reasons since Covid and 7 others left during the year. Towards the end of the year it felt safe to welcome drivers back into the office rather than keeping them on the doorstep, our administration volunteer had returned to work in the office, and we were able to have a Christmas meal together. Our trustees are all volunteers and the majority of meetings have continued to be held on Zoom. The first face to face meeting was convened in September but due to various Coronavirus contacts some meetings since then have returned to Zoom.

Financial Review

Incoming resources for the year amounted to £102,554. £24080 of this was a grant received in the last month of the year. Expenditure was £106598.

Reserves Policy

The Executive Committee has established a policy whereby the unrestricted funds not committed or invested in tangible fixed assets (the free reserves) held by the charity should be at least 3 months operating costs (circa £26,500) and are now designated for this purpose. General fund in 2021/22 was £6,882. In addition, Swan has established designated funds for a sickness reserve (£5000) and redundancy provision for a worse case scenario (£27118). This represents a reserves target of £58600. At this level the Executive Committee feels that Swan would be able to continue the usual activities of the charity in the event of a significant drop in funding. Were that to occur, it would obviously be necessary to consider how the funding would be replaced or activities changed.

Risk Review

A review of those risks that had been identified as 'high' was completed in February 22. The major risks to funding are being addressed by seeking opportunities to diversify activities, such as the work on loneliness, and so open up the possibility of wider funding sources. Internal risks are minimised by the implementation of procedures for authorisation of all transactions and projects and to ensure consistent quality of delivery of all operational aspects of the charity. These procedures are periodically renewed to ensure that they still meet the needs of the charity. A detailed financial policy defines clear financial responsibility, safeguards and accountability.

Plans for the Future and Post Covid Recovery

The Coronavirus pandemic has extended longer than we might have foreseen with the first lockdown on March 23rd 2020. Most restrictions were lifted on 19th July 2021 though Plan B was announced by the government due to the Omicron variant in December 21. Swan will continue to do what is required to maintain its transport services and contacts with clients. Through the effects of Covid 19 and its variants Swan will continue to follow government guidance and will aim to rebuild resilience where possible and feasible. Swan will further the development of ideas as to how Swan can develop its services and contribute to tackling loneliness. These plans include effort to:

- Ensure our transport service evolves to meet any new demands post pandemic
- recruit more volunteer drivers to meet increased demand
- continue to explore new sources of funding
- extending Cuppa and Chat sessions
- evaluate how these sessions can link to other activities, possibly supported by other charities and organisations in BANES.

Structure, Governance and Management

SWAN is a charitable company limited by guarantee, incorporated on 21 April 2009. It was originally registered with the Charity Commission as a charity on 30 October 1989. The company was established under a Memorandum of Association which established the objects of the charitable company, and it is governed under its Articles of Association.

The liability of the members is limited. Under the Memorandum of Association, in the event of the charitable company being wound up its members are required to contribute if required an amount not exceeding £10 to the charitable company's assets.

Recruitment and Appointment of Executive Committee Members

The directors of the company are also charity trustees for the purposes of charity law and under the company's Articles of Association are known as members of the Executive Committee. All members of the Executive Committee give their time voluntarily and received no benefits from the charity. At each annual general meeting, one-third of members of the Executive Committee retire, based on length of service, and are eligible for re-appointment subject to available vacancies and to their recommendation for re-appointment by the Executive Committee. Appointment of new Executive Committee members is through a recruitment process, followed by a recommendation of the Executive Committee to the annual general meeting for formal approval. The recruitment process can include a variety of means and whenever necessary specific skills are sought. Prospective members initially meet with the CEO, and if both sides wish to proceed they are then invited to attend at least one meeting of the Executive Committee as an observer and to give more details of what they could contribute as a member. Their appointment may then proceed subject to first ascertaining that the applicant is eligible to become both a company director and a charity trustee.

The trustees (who are also directors of SWAN for the purposes of company law) are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (UK Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year, which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities Statement of Recommended Practice;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in operation.

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Statement as to disclosure to our Independent Examiners

In so far as the trustees are aware at the time of approving our trustees' annual report:

- there is no relevant information, being information needed by the examiner in connection with preparing their report, of which the charitable company's examiner is unaware; and
- the trustees have taken all steps that they ought to have taken to make themselves aware of any relevant information and to establish that the examiner is aware of that information.

This report has been prepared in accordance with the provisions in Part 15 of the Companies Act 2006 applicable to companies subject to the small companies regime and Statement of Recommended Practice - Accounting and Reporting by Charities.

This report was approved by the board on 12th October 2022 and signed by its order.

Chris Davis
Chair

Susan Charles
Vice Chair

Independent Examiner's Report to the Trustees of Swan Advice Network

I report on the accounts of the company for the year ended 31st March 2022, which are set out on pages 11 to 18.

Respective responsibilities of trustees and examiner

The charity's trustees (who are also directors of the company for the purposes of company law) are responsible for the preparation of the accounts. The charity's trustees consider that an audit is not required for this year under section 144 (2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- a) examine the accounts under section 145 of the 2011 Act;
- b) to follow the procedures laid down in the general directions given by the Charity Commission under section 145(5)(b) of the 2011 Act; and
- c) to state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the General Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:

- (1) which gives me reasonable cause to believe that in any material respect, the requirements:
 - a) to keep accounting records in accordance with section 386 of the Companies Act 2006; and
 - b) to prepare accounts which accord with the accounting records and comply with the accounting requirements of section 396 of the Companies Act 2006 and with the methods and principles of the Statement of Recommended Practice - Accounting and Reporting by Charities have not been met; or

- (2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

1 Accounting policies

The principal accounting policies adopted in the preparation of the financial statements are set out below:

Basis of preparation

The financial statements have been prepared in accordance with Accounting and Reporting By Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2019) – (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Fund Accounting

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

Designated funds are unrestricted funds earmarked by the Executive Committee for particular purposes.

Restricted Funds are subjected to restrictions on their expenditure imposed by the donor or through the terms of an appeal.

Incoming resources

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income.

Voluntary income is received by way of grants, donations and gifts and is included in full in the Statement of Financial Activities when receivable. Grants, where entitlement is not conditional on the delivery of a specific performance by the charity, are recognised when the charity becomes unconditionally entitled to the grant.

Donated services and facilities are included at the value to the charity where this can be quantified.

The value of services provided by volunteers has not been included in these accounts.

Investment income is included when receivable.

Incoming resources from charitable trading activity are accounted for when earned.

Incoming resources from grants, where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance.

Resources expended

Expenditure is recognised on an accrual basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered.

Costs of generating funds comprises those costs associated with attracting voluntary income and the costs of trading for fundraising purposes.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include the examiner's fees and costs linked to the strategic management of the charity.

All costs are allocated between the expenditure categories of the Statement of Financial Activities on a basis designed to reflect the use of the resource. Costs relating to a particular activity are allocated directly, others are apportioned on an appropriate basis.

Taxation

The company is exempt from corporation tax on its charitable activities only.

Pensions

The company operates a defined contribution pension scheme. Contributions are charged to the income and expenditure account as they become payable in accordance with the rules of the scheme.

Independent Examiners:

Mr J. L. Battle FCCA MAAT
Concept Accountancy & Business Services Limited,
12 Spencer Drive, Midsomer Norton, BA3 2DN.

Swan is very grateful to all bodies and organisations who have provided or enabled funding to ensure that Swan's work was possible during this year:

**B&NES Council, West of England Combined Authority
Quartet Community Foundation, Mable Cooper Charitable Trust,
Radstock Town Council, Keynsham Town Council,
Westfield Parish Council, Groundwork UK**

Swan trustees and management would like to recognise the large contributions made to the smooth running of Swan's work by the volunteer drivers and volunteer administrative staff member.
