We collaborated with 10 local people aged 13+ to conceptualise “TCP”, providing a safe place for disadvantaged young people to engage in 5 aside football activities in a safe space.
  - “**Global Vision Initiative’s** projects was one of the best experiences of my life, I really had a great time here and I really enjoyed the COVID-19 awareness sessions but most importantly I think is the connection with other people. It was just amazing for me to meet all these people, from so many social backgrounds and we are all so different we all have different backgrounds, different cultures we have different languages but here we are kind of all the same and everyone was so kind and so warm, and you could feel this joy this happiness all the time around you.”
