# Chairman’s Report – St John Apostolic Church of The Whole World

## For the Year Ended 2024

It gives me great pleasure to present this Chairman’s Report for the year ended 2024. Despite the challenging economic and social environment in Zimbabwe, **St John Apostolic Church of The Whole World** has continued to make meaningful progress in delivering on its mission to “support vulnerable families through education, health, community empowerment initiatives, including major outreach projects and event celebrations.

### Overview

The past year has been one of resilience despite a modest reduction income. Our small but dedicated team, supported by committed volunteers and partners, has worked tirelessly to ensure that our projects remain impactful and sustainable. Inflation, currency instability, and limited resources have created difficulties, but our focus on transparency, accountability, and community-driven solutions has kept us strong.

### Key Achievements

- **Programme Delivery:**  
We successfully implemented number community projects across many districts, reaching over 3500 beneficiaries.
  - In education, we provided school fees and learning materials for children.
  - In health, we conducted awareness sessions on, HIV prevention, maternal health, nutrition.
  - In livelihoods, we supported families with training and starter kits for small income-generating projects.
  
- **Partnerships and Collaboration:**  
We strengthened relationships with local authorities, community leaders, and other NGOs to align our work with local development priorities. These partnerships have enhanced our credibility and widened our reach.
  
- **Governance and Accountability:**  
The Board met regularly to provide oversight and strategic direction. We have continued to adhere to strong financial management practices, and our annual audit confirmed that funds were used effectively and in line with donor expectations.

### Challenges

Operating in Zimbabwe remains difficult due to the volatile economic situation, rising costs, and reduced donor funding. Transport and fuel shortages affected project timelines, while inflation eroded

the value of local resources. Despite these obstacles, our staff and volunteers have shown remarkable dedication and creativity in adapting to changing conditions.

## Looking Ahead

In the coming year, we aim to:

- Expand our support to rural youth, women-headed households, orphans and vulnerable children.
- Strengthen local fundraising initiatives to reduce reliance on external donors.
- Invest in staff training and digital tools to improve monitoring and reporting.

We remain committed to building stronger, more resilient communities across Zimbabwe, guided by our core values of compassion, integrity, and sustainability.

## Acknowledgements

On behalf of the Board, I extend sincere gratitude to our donors, partners, and friends who continue to support our mission. To our dedicated staff and volunteers — your hard work and passion are the backbone of this organization. Together, we are making a real difference.

## Chairman's report accounting period December 2023

As the chairman and on behalf of St John Apostolic Church of The Whole UK, I would like to start by thanking for the hard work of trustees and volunteers and all congregates in the year 2023, the Charity managed to give in an incredible amount of time and money to raise an income of £95 194.00 and a big thank you to them all. The Charity relies heavily on the goodwill and generosity of the local communities we operate in, and we are ever grateful for all their support. A big thank you to the trustees and volunteers for their financial support which helped the Charity in meeting its obligations.

The year 2023 was a year full of hard work physically and financially as we were as a church tasked with hosting the 2023 global convention. A lot of time and money was put into hosting this convention as we were to cater for congregates and delegates from around the globe. £33 179.00 was raised towards this cause and £16 115.00 went into accommodation and food at the Hayes Conference centre. The convention when it finally took place, it was a great success as all were spiritually enhanced. On top of these commitments the charity continued with its community support projects in Zimbabwe and our beloved volunteers and trustees supported financially for this cause.

The Charity's fundraising of funds for our local project of buying our own building in the UK where we intend to support the needy and the homeless was shelved in this financial year as all efforts were centred on hosting the convention and our pot still sits at £34 833.00.

Our doors are open to all people regardless of any background and we continue to look forward receiving more volunteers so we can meet all obligations. Thank you again to all volunteers and trustees for all the support.

## Chairman's report to December 2022

Following on from the financial year 2021, as the pandemic is finally under control through the initiatives put in place by the government, things have started again to look promising as more of our volunteers and members have gone back to employment I would like to start by thanking the hard work of trustees and volunteers, just like the year 2021, the volunteers managed to give an incredible amount of time and money to raise an income of £60216.00 and a big thanks to them all. The Charity relies heavily on the goodwill and generosity of the local communities we operate in, and we are ever grateful for all their support. A big thank you to the trustees and volunteers for their financial support which helped the Charity in meeting its obligations.

Although the effects of the covid pandemic have subsided the charity was still seeing the effects of the pandemic and was still helping emotionally and financially local communities, here and abroad in Zimbabwe. We needed the support with the supplying of funds to continue all the Charity obligations of supporting communities in Zimbabwe as most families living in impoverished rural communities, we continued the help and support with school building and water projects.

Our assemblies were all reopened with the help of our beloved volunteers and trustees that supported financially for this cause.

The Charity continued with it's fundraising of funds for our local project of buying our own building in the UK where we intend to support the needy and the homeless and our pot now sits at £34 833.00 and a big thank you to all those donating for this cause.

Just like the financial year 2021 there was a slight delay in submitting our annual returns for the year 2022 due to circumstances beyond our control. We continue to look forward receiving more volunteers so we can meet all obligations. Thank you again to all volunteers and trustees for all the support in these past three difficult years.

## Chairman's report to December 2021

Following on from the financial year 2020, it has been a difficult year to the Charity as the Covid 19 pandemic is still upon us and we continue to support communities which are themselves in difficulty but through the hard work of trustees and volunteers, just like the year 2020, the Charity managed to give in an incredible amount of time and money to raise an income of £57974.00 and a big thank you to them all. The Charity relies heavily on the goodwill and generosity of the local communities we operate in and we are ever grateful for all of their support. A big thank you to the trustees and volunteers for their financial support which helped the Charity in meeting its obligations.

The Charity was still seized with the effects of the pandemic and was still helping out emotionally and financially local communities and communities abroad in Zimbabwe get through the covid pandemic by supplying funds to buy all the required PPE. Most of funds collected went to support communities in Zimbabwe as most families living in impoverished rural communities still needed our support and teaching on how to stay safe. Our assemblies still stayed closed for most of the year but this did not deter our beloved volunteers in supporting financially for this cause.

The Charity continued with its fundraising of funds for our local project of buying our own building in the UK where we intend to support the needy and the homeless and our pot now sits at £38 333.00 and a big thank you to all those donating for this cause.

Just like the year 2020 there was a delay in submitting our annual returns for the year 2021 due to circumstances caused by the pandemic but looking ahead we will strive to complete the remaining annual returns for 2022 in the near future. We continue to look forward receiving more volunteers so we can meet all obligations. Thank you again to all volunteers and trustees for all the support in these difficult years.

### Chairman's report to December 2020

This has been a great and difficult year to the Charity as the Covid 19 set forth and communities found themselves in difficulty but through the hard work of trustees and volunteers within, the Charity managed to give in an incredible amount of time and money to raise an income of £88489.00 and a big thank you to them all. A community entity as ours relies heavily on the goodwill and generosity of the local communities we operate in and we are ever grateful for all of their support. A big thank you to the trustees and volunteers for their support which helped the Charity in meeting their obligations.

The Charity had the busiest of years as we also took upon helping emotionally and financially local communities and communities in Zimbabwe get through the covid pandemic by supplying funds to buy all the required PPE. Most of funds collected went to support communities in Zimbabwe as most families in impoverished rural communities needed more support than the urban communities. The fact that our branches were all closed and volunteers were meeting virtually, it didn't deter our beloved volunteers in supporting financially for this cause.

There was also movement in raising of funds for our local project of buying our own building in the UK where we intend to support the needy and the homeless and our pot sits at £22580.00

There has been a delay in submitting our financial report for 2020 and 2021 due to circumstances caused by the pandemic but looking ahead we will strive to complete the submission of the 2021 report in the near future. We continue to look forward receiving more volunteers so we can meet all obligations. Myself being the new chairman has been brought in continue the good work and pick up from where the departed chairman left.
