Organisation structure and management

Being a small Charity, there is no formal organisational structure but the Charity has a Chairperson, a Treasurer, a Secretary and Trustees, who all provide valuable input. The Head Teacher/ Manager, staff and some parent volunteers support the day-to-day running of the Charity, under the oversight of the trustees.

Associations

The Charity is member of the Hammersmith & Fulham Pre-School Learning Alliance. It is also part of the Early Years Development Partnership. The Charity sits physically within the Broadway Children's Centre

Risks

The trustees have assessed the major risks to which the Charity is exposed and are satisfied that systems are in place to mitigate exposure to major risks. To protect against financial risk, there is no cheque nor petty cash used. Only the Nursery Manager holds a card to access the account. Parents are encouraged to pay fees by bank transfer - cash is avoided. For child protection: DBS enhanced disclosure with updating service subscriptions are sought for all staff, volunteers & committee members; there are policies in place; and staff are trained.

Management

Organisationally, Brook Green Nursery Limited has updated policies and procedures are in line with the government's new framework on Early Years Learning. The management structure allows good channels of communication between staff, the management committee and parents.

Subsequent events and governance developments

Subsequent to the year end, the Charity undertook a planned refresh of its governance arrangements. New trustees were appointed during May and June 2025, including the appointment of a new Chair, Treasurer and Secretary. During the same period, the long-standing nursery manager stepped down from her role. A new management structure has been in place since October 2025 to support the ongoing delivery of high-quality childcare and to strengthen operational resilience. The trustees consider these changes to be part of a positive transition supporting the Charity's long-term sustainability.

OBJECTIVES & ACTIVITIES

Aims

The aims of Brook Green Nursery Limited are to: i) enhance the development and education of children by providing high quality care and opportunities to learn through play in a rich multi-cultural environment that encourages diversity; and ii) work closely in partnership with parents and carers to provide the opportunity for them to contribute and enhance their child's development.

Objectives

At Brook Green Nursery our objectives are to i) provide a curriculum which promotes the importance of play, based on the Early Learning Goals and takes into account the child's individual development needs, i.e. a) personal, social and emotional development; b) physical development; c) communication development; d) literacy development; e) mathematical development; f) understanding of the 'world'; g) expressive arts and design. ii) To provide a multi-cultural child-centred environment for the children to develop independence, explore and experiment with activities of their own choice and to gain real experiences through play. iii) To plan on a long, medium and short term to ensure the individual needs and interests of the children are met. iv) To have a Keyworker system which ensures that "what the child can do" will be our starting point with each child; this will be supported by and take account of our "record and observe" system which will be used in the planning process. v) Encourage the children to progress through the foundation stage according to their different abilities using play plans developed in conjunction with parents. vi) Create a partnership with parents to support and enhance the development of the children and involve the parents in the day to day running of the nursery.

Main activities

The main activities continue to be: provision of high-quality childcare, education & focus activities.

Further activities

In addition to its day-to-day routine which always includes focus activities for the children, and a combination of indoor and outdoor play, the pre-school organised several activities off the premises. The children especially enjoyed a visit to the local fire station and to the Lyric theatre.

The nursery is focused on the physical and mental wellbeing of the children and support this through regular yoga and meditation sessions. The nursery teaches the importance of a healthy lifestyle through daily exercise and fresh air during outdoor activities. Child led activities are planned daily to encourage independence and support confidence. The nursery offers support for S.E.N (special educational needs) or E.A.L (English as an additional language) where necessary. The nursery continues to do 1-2-1 support, talking tables (small group activities to build confidence and improve language) and 'I am here' – supporting language through music sessions.

ACHIEVEMENTS & PERFORMANCE

The Charity achieved its main aims of provision of high-quality childcare, education, focus activities & play group facilities. During the school year 2024-2025, the nursery was running close to capacity.

The charity did not generate a surplus from its underlying activities during the year as reflected in the Statement of Financial Activities, primarily due to higher than expected staff costs. However, the reported surplus for the year includes the impact of an exceptional item, being the release of a historic provision that was no longer required. Attendance levels and pricing continue to be closely monitored by the trustees, and the nursery remains well supported by an active trustee committee.

Financial review

Brook Green Nursery has throughout the financial year ending 30 April 2025 maintained a positive balance sheet. Total income for the year was £217,623 (2024: £182,190). The nursery generated a deficit from its ordinary activities of £8,604 (2024: -£43,027). The overall surplus reported for the year reflects the inclusion of an exceptional credit arising from the release of a historic provision that was no longer required, which had the effect of strengthening reserves and restoring the balance sheet closer to its long-term position.

The nursery continues to monitor revenues and costs carefully with the objective of returning to a small operating profit surplus in the year ending April 2026.

Reserves policy

The charity looks to hold at least 3 month's operating costs (which is approximately £55k) in free reserves at all times in order to ensure that operations could continue should funding and fee income be stopped. Free reserves are calculated as unrestricted funds less fixed assets. At the year-end the charity held free reserves of £48,611 (2024: £6,375). The increase in reserves during the year primarily reflects the impact of an exceptional item, being the release of a historic provision that was no longer required. The reserves remain slightly below the charity's policy target of reserves to support 3 months operations. The trustees consider the reserves position to be adequate while continuing to focus on improving underlying operating performance.

Public Benefit

In accordance with our duties as stated in section 17(5) of the 2011 Charities Act, we have considered the guidance provided by the Charity Commission in regard to public benefit. This public benefit has been demonstrated by the activities undertaken since the inception of the charity outlined in the 'Activities' section above.

Plans for future periods

The nursery is dedicated to providing an environment where the children feel safe, secure and happy and have the best possible experiences to nurture their development and learning.

The nursery will continue to encourage children to explore the natural world with planning that includes activities based around sensory experiences, learning about weather, ecology and sustainability and to help them learn to connect to nature.

The nursery supports staff with regular Continuous Professional Development Training to strengthen their knowledge and understanding of Early Years Education and to feel confident in their roles.

Alongside this, trustees remain focused on strengthening the nursery's underlying financial performance to ensure long-term sustainability.
