OBJECTIVES AND ACTIVITIES

Our objectives:

These are set to reflect our faith and community aims. Each year, the trustees review objectives and activities to ensure they continue to reflect our aims. In conducting this review, the trustees have considered the Charity Commission's general guidance on public benefit and its supplementary public guidance on the advancement of religion for public benefit.

Our aims remain to provide a facility where Muslims can worship and to provide a community facility for all the inhabitants of Manchester. Our long-term ambition is to build the self-confidence of Manchester's Muslims in their faith, and through our community facilities and activities that help to make our area peaceful, vibrant, and harmonious living for everyone. We make our Mosque accessible and friendly venue where all Muslims, or those who wish to know more about our faith, can gather to learn about the religion and worship. We also have facilities for women and children who pray at the Mosque. The Mosque is open for daily prayers, Friday Jumat Service, Sunday weekly Asalatul as well as the two Annual Eid prayers.

An important part of our faith is charitable giving according to one's wealth, in accordance with Islamic injunctions. We do receive donations from members which include basic needs like food, clothing, for the needy and those who are destitute with no means of support. The charity also donates food items to the local food bank in Manchester.

An important part of our strategy is community welfare and education. All our activities are free and widely advertised, e.g., health initiatives and seminars. We do invite health professionals from local health centers and hospitals to give health talks and checks to both members and local residents. We do welcome participation of those in the local community, both Muslim and non-Muslim alike. Helping people who just moved to Manchester settle into the community successfully is important to us. We organize programs and invite professionals (in-house and external) to educate families that are new in Manchester area or, whose first language is not English receive appropriate English language teaching with Support through a positive and smooth integration into the community.

Use of volunteers:

Volunteers are a valuable resource in both our faith and community work. We have over thirty people regularly giving their time including the Missionaries and the Executive administrators. The trustees also give their time freely. We encourage all members of our Mosque to be involved in voluntary activities and to share their skills with others. All those volunteers working with projects involving children or other vulnerable groups are DBS checked.

Weekend Classes:

We provide free English and Math's weekend lessons for our members and local community, also organize transition Programme for children going to high school. This is to support their western education and to feel more secure in their grasp of the material, which will pave the way for improved self-esteem and better academic results in the long run.

Arabic classes:

We used the center for Islamic and Arabic lessons, which were part of our Islamic teachings. The children and adult members benefit from this service by learning on how to read Qur'an and memorization of the holy Qur'an, also to understanding their Deen. This service is available both physically at the center and virtually by zoom online as aftermath of covid-19 pandemic.

Charitable Act:

Those attending the Mosque do donate generously. This year, as we did last year, we administered the receipt and distribution of Sadaqat and Zakat, which are collected and distributed in accordance with the teachings of Islam for the relief of those in poverty and the destitute. We work with partner organisations, usually the local Mosques to identify the needy that can be supported through the Zakat. Amongst our charitable acts are children's toys donated to us which were shared by our members and the community at large. The society does contribute to some of the charitable reliefs within and outside the country.

Trustees Annual Report

Religious Activities:

We use our centre for daily five prayers and Fridays Jumat services, there are also other activities such as our Sunday weekly service that is associated with our religion, where we gather physically to worship, educate ourselves about our religion and discuss contemporary issues in the world. We do invite external speakers at times to our mosque to educate our members on what matters to them and dedicate a week during the month to a Family chat session, where we have an interactive session within ourselves. We also organise training sessions and invite other faith leaders for religious talks. This has been beneficial to our members and our local community. We always host both Muslims and non- Muslims at our daily Ramadan iftar during Ramadhan. Members of the centre do attend a yearly joint Lailatul- Qadr event in London as a way of fostering togetherness.

Festivals Activities:

We do have our Eid prayers celebration twice a year which are called Eid al-Fitr and Eid al-Adha. Eid al-Fitr takes place at the end of Muslim fasting period called month of Ramadan. During this time, our members and the local community gather to break their daily fasting and celebrate together with their families at the end of the fasting period. Whilst Eid al-Adha means feast of sacrifice, and it is celebrated just over two months after Eid al-Fitr when all Muslims comes together and celebrate with their friends and families.

Civil Marriage and Nikah:

The centre organises marriage counselling for our members and the Muslim community and conduct marriage at the mosque. We have group of committee members who does this service voluntarily, along with the missionary who have been able to coordinate this diligently for the society.

Children Sport Activities:

The young children and teenagers participated in the Zonal sport activities in the financial year 2023 that took place in Manchester. The branch came second in the event. This is a yearly activity sponsored by the members to encourage our children. There is another yearly event called Youth camp for age seven to teenagers. This is not only to keep them fit but to also keep them busy as a way of reducing juvenile delinquency in the society at large.

ACHIEVEMENTS AND PERFORMANCE

The society helped some of the members that were affected by health and socioeconomic issues either with loss of job or accommodation etc. Also, our youths participated in some programmes with other branches, and they came out in flying colours. This was in addition to the local lock-in event organised by the local youths.

How our activities delivered.

The charity carries a wide range of activities in pursuance of its charity aims. The trustees consider these activities summarized below, provide benefits to those who worship at our Mosque and the wider community at Manchester.

Religious Activities: Our Mosque provides a centre for prayers, worship and other activities associated with our faith. During the year under review, we offered a range of religious services and activities including Prayers: The Mosque used to be open five days in a week for daily and Friday prayers. During the year under review, the charity was able to claim Gift Aid from HMRC amounting to £11,464. No gift aid was claimed by the charity in 2022 fiscal year due to an administrative delay. Freehold investment property

Investment properties are measured initially at cost and subsequently at fair value at each balance sheet date and are not depreciated. All gains or losses are taken to the Statement of Financial Activities as they arise.

Stocks

Stock is included at the lower cost or net realisable value. Donated items of stock are recognised as fair value, which is the amount the charity would have been willing to pay for the items on the open market.

Trade and other debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

Cash and cash equivalents.

Cash and cash equivalents comprise cash at the bank and on hand, demand deposits with banks and other short-term highly liquid investments with original maturities of three months or less and bank overdrafts. In the statement of financial position, bank overdrafts are shown within borrowings or current liabilities. In the Statement of Cash Flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the company's cash management.

Trade and other creditors

Short-term creditors are measured at the transaction price. Other creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

Notes to the Accounts

Research and development.

Expenditure on research and development is written off in the year in which it is incurred.

Foreign currencies

Monetary assets and liabilities denominated in currencies other than the functional currency of the charity are translated at the rates of exchange prevailing at the end of the reporting period.

Transactions in currencies other than the functional currency of the charity are recorded at the rate of exchange on the date that the transaction occurred.

All exchange differences are taken into account in arriving at net income/expenditure.

Leased assets.

Where the charity enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a finance lease.

Leases which do not transfer substantially all the risks and rewards of ownership to charity are classified as operating leases.

Assets held under finance leases are initially recognised as assets of the charity at their fair value at the inception of the lease or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet date as a finance lease obligation.

Lease payments are apportioned between finance expenses and reduction of the lease obligation to achieve a constant rate of interest on the remaining balance of the liability. Finance expenses are recognised immediately, unless they are directly attributable to qualifying assets, in which case they are capitalised in accordance with the charity's policy on borrowing costs.

Assets held under finance leases are depreciated in the same way as owned assets.

Operating lease payments are recognised as an expense on a straight-line basis over the lease term.

If lease incentives are received to enter operating leases, such incentives are recognised as a liability. The aggregate benefit of incentives is recognised as a reduction of rental expense on a straight-line basis.

Pension costs

The charity operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. Once the contributions have been paid the company has no further payments obligations. The contributions are recognised as expenses when they fall due. Amounts not paid are shown in accruals on the balance sheet. The assets of the plan are held separately from the company in independently administered funds.

Receipt of donated goods, facilities, and services

All donated goods, facilities and services received are recognised within incoming resources and expenditure at an estimate of the value to the charity.

2 Company status

The company is a private company limited by guarantee and consequently does not have share capital.
