- 7) Malik Khalique - 67 Bolton Road, Farnworth, Bolton
- 8) Malik Pervez - 34 Campbell Street, Farnworth, Bolton

Structure, Governance and management

Governing Document

The organisation is an unincorporated association registered with charities commission on 08/07/2011 under a constitution adopted on 30/09/2010.

Organisational structure

The charity is managed by 8 trustees who are selected by members of the congregation and a committee of 6 elected people who run the charity on a day to day basis. The elected committee members are responsible for the general control and management of the charity. The trustees and the elected committee give their time freely and receive no remuneration or other financial benefits. The elected committee meets on a regular basis and reports back to the trustees as and when it is required. The existing trustees are responsible for the recruitment of new trustees. This is done by seeking the views and recommendations of both elders and community leaders. The trustees ensure that new trustees will be respected members of the faith and local communities. In selecting new trustees we seek to identify people who regularly attend events and functions organised by the charity and are willing to volunteer to help in our community work. There are vacancies for two trustees and these will be filled as soon as possible.

Risk management

The elected committee have a duty to identify and review the risks to which the charity is exposed and to ensure appropriate controls are in a place to provide reasonable assurance against fraud and error.

The committee confirm that appropriate controls and procedures are implemented to mitigate these risks. The committee is satisfied that systems are in place or

arrangements are in hand to manage the risks that have been identified. In particular insurance is in place and the finances of the mosque are kept under review.

Objectives and activities

The primary objective of the organisation is to provide a place of worship and ancillary activities for the promotion of the Islamic faith. The charity will try to advance the Islamic faith in the Farnworth area for the benefit of the public. This will be done through the regular holding of prayer meetings, lectures, public celebration of religious festivals and the distribution of literature on the Islamic faith to enlighten others. The charity shall try to advance the Islamic religion by the provision and maintenance of a mosque. The charity will celebrate main Islamic festivals, conduct of marriage and funeral rites in accordance with the Islamic beliefs.

The committee wants to make our mosque an accessible and welcoming venue where all Muslims or those who wish to know more about our faith can gather to learn about the religion and worship.

The mosque is open all day for the daily prayers and we are pleased to announce that over 50 people attend the daily prayers and over 700 people attend the Friday prayers. The mosque provides a complete funeral service in line with the teachings of Islam.

The mosque provides muslim couples with an appropriate location for both their civil marriage and nikkah (Islamic) marriage.

We continue to provide hifz classes for the memorisation of the Qur'an. This is considered a very important element of religious education and training.

We have been honoured to have been visited by very famous Islamic scholars during the year.

The committee wants to make our mosque an easily accessible and welcoming venue where all Muslims or those who wish to know more about our faith, can gather together to learn about their religion and worship. The mosque is open at all times with daily prayers and the Friday Jummah prayer being a focus of our activities. We use a lot of volunteers who give up a lot of their time. All our trustees and committee members give their time freely. We encourage all members of our mosque to be involved in voluntary activities and to share their skills with others.

Achievement and performance

Charitable activities

services were held daily throughout the year. All the festivals were celebrated with high levels of attendance.

Islamic tutorial classes were held daily.

Financial performance

The committee are pleased to be able to report that during the year the charity achieved a surplus of £273,580 in respect of unrestricted funds. This money was used in the building of the new mosque.

Financial review

Reserves policy

The charity has reserves of £2,507,179. This includes the money spent on the building of the new mosque.

Investment policy and objectives

The charity funds are placed in the current and deposit accounts of ease.

Fund raising

The local people contributed £262650 towards the costs of building the new mosque. The money was mainly collected from members who attend the mosque on a regular basis and from other people who live locally in the Bolton area. The money was collected after Friday prayers and on special occasions e.g. Eid days and other important religious days. The committee also approached other mosques who allowed us to collect monies from their regular members.

Future developments

The charity's main objective for the future is the completion of the new mosque. This project started on 01/05/2015. This project was mainly completed during February 2025 with the grand opening of the mosque being held on 16/02/2025. There is still some minimal work remaining but the mosque is now fully functional. The total cost of the project has been approximately £2.4 million. The new mosque will serve a lot of people in the local community. The committee then hope to add to the charity's activities to the enhanced facilities in 2025 and beyond.
