History and objectives the charity

Makazi Jamia Mosque Wakefield was founded in 1974 as an unincorporated body and became incorporated on 10th June 2010 but did not commence activity until 1st July 2012. As an incorporated body it became a registered charity (Number 1144380) on 11th August 2011. The Mosque is governed by a written constitution adopted by its members.

The objectives of the organisation are:

(1) To advance the Islamic religion in accordance with the doctrines of Islam and the Fiqh-e-Hanfi (Brelvi) within Wakefield, in particular but not exclusively through the holding of prayer meetings, lectures and public celebrations of religious festivals.

(2) To advance the education of the public, in particular religious education in accordance with the Islamic beliefs.

(3) To provide or assist in the provision of facilities in the interests of social welfare for recreation or other leisure time occupation of individuals who have need of such facilities by reason of their youth, age infirmity or disability, financial hardship or social circumstances with the object of improving their conditions of life.

(4) The relief of financial hardship among people living or working in Wakefield by providing such persons with goods/services which they could not otherwise afford through lack of means.

(5) The promotion of religious harmony for the benefit of the public by promoting inter faith dialogue and understanding in Wakefield.'

Management and Governance arrangements

Members of the mosque can stand for election or be appointed as trustees if they have been a member of the mosque for at least 12 months.

The members are referred to as the Management Committee. This Management Committee comprises eight members who attend.

The Management Committee are responsible for the day to day running and operational matters. The management committee hold regular meetings to manage the affairs of the mosque and sub committees are set up to oversee various projects as and when needed.

Most management committee members and trustees are already familiar with the work of the mosque, having been members of the mosque for many years. Every new committee member is given a copy of the constitution of the association and advised on the roles and responsibilities of the trustees.

Risk Management

The Management Committee is responsible for the management of the risks that are faced by the mosque. Regular reviews of risk assessment are carried out with risks being identified, assessed and controls put in place to mitigate the risk the mosque faces.

Review for the period and reserves policy

The financial accounts are set out on pages 8 to 15. The financial statements have been prepared implementing the Statement of Recommended Practice for Accounting and Reporting by Charities issued by the Charity Commission for England and Wales (2011) and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008) . The trustees consider the financial performance by the organisation during the year has been satisfactory.

Incoming resources for the year were £64309. Resources expended are £36395, giving a surplus for the year of £27914. Total funds at 30th June 2023 £181888, of this unrestricted reserves are £181888.

The Committee would hope to improve on this performance next year, but on a positive note this surplus figure clearly reflects our commitment to delivery as planned, in our defined activities programme to develop section of the building for additional services and illustrates the strength of our performance and overall governance. Markazi Jamia Mosque (Wakefield) Limited always ensures value for money and financial probity.

The trustees are satisfied with the performance of the mosque during the year and the position at 30 June 2020. The trustees consider that the mosque is in a strong position and are confident that at this level they would be able to continue the current activities of the mosque into future years. It is the policy of the mosque to maintain adequate resources in its general fund so that it can continue to undertake future activities.

Covid19

Since the outbreak of Covid19 the mosque's day to day operations has changed significantly in order to meet the evolving circumstances. The mosque is a hub to the Wakefield Muslim community and has undertaken and played a significant part in coordinating a response to the need of the local community.

With the government guidelines to avoid congregational activities and meeting of people, the mosque introduced a radio service, dealing with families of deceased members and offering support and advising on burial procedures.

The mosque has played an integral role to minimise the effect of the virus to the local community by informing and educating about the virus and its impacts, and trying to provide the support they need.

The mosque has suffered an income gap due to lack of congregational meetings and prayers. Markazi Jamia Mosque will endeavour to help and assist the community to return to near normality as circumstances allow.

Future Plans

It is the intention that further fund raising be undertaken so that the new building now completed will cater for a women's section. This should enable women a greater role in the community.

This report has been prepared in accordance with the provisions applicable to companies subject to the small companies' regime.

Makazi Jamia Mosque Wakefield was founded in 1974 as an unincorporated body and became incorporated on 10th June 2010 but did not commence activity until 1st July 2012. As an incorporated body it became a registered charity (Number 1144380) on 11th August 2011. The Mosque is governed by a written constitution adopted by its members.

The objectives of the organisation are:

- (1) To advance the Islamic religion in accordance with the doctrines of Islam and the Fiqh-e-Hanfi (Brelvi) within Wakefield, in particular but not exclusively through the holding of prayer meetings, lectures and public celebrations of religious festivals.
- (2) To advance the education of the public, in particular religious education in accordance with the Islamic beliefs.
- (3) To provide or assist in the provision of facilities in the interests of social welfare for recreation or other leisure time occupation of individuals who have need of such facilities by reason of their youth, age infirmity or disability, financial hardship or social circumstances with the object of improving their conditions of life.
- (4) The relief of financial hardship among people living or working in Wakefield by providing such persons with goods/services which they could not otherwise afford through lack of means.
- (5) The promotion of religious harmony for the benefit of the public by promoting inter faith dialogue and understanding in Wakefield.

Review for the period and reserves policy

The financial accounts are set out on pages 8 to 15. The financial statements have been prepared implementing the Statement of Recommended Practice for Accounting and Reporting by Charities issued by the Charity Commission for England and Wales (2011) and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008). The trustees consider the financial performance by the organisation during the year has been satisfactory.

Incoming resources for the year were £69573. Resources expended are £32006, giving a surplus for the year of £37567. Total funds at 30th June 2022 £153974, of this unrestricted reserves are £153974.

The Committee would hope to improve on this performance next year, but on a positive note this surplus figure clearly reflects our commitment to delivery as planned, in our defined activities programme to develop section of the building for additional services and illustrates the strength of our performance and overall governance. Markazi Jamia Mosque (Wakefield) Limited always ensures value for money and financial probity.

The trustees are satisfied with the performance of the mosque during the year and the position at 30 June 2020. The trustees consider that the mosque is in a strong position and are confident that at this level they would be able to continue the current activities of the mosque into future years. It is the policy of the mosque to maintain adequate resources in its general fund so that it can continue to undertake future activities.

Covid19

Since the outbreak of Covid19 the mosque's day to day operations has changed significantly in order to meet the evolving circumstances. The mosque is a hub to the Wakefield Muslim community and has undertaken and played a significant part in coordinating a response to the need of the local community.

With the government guidelines to avoid congregational activities and meeting of people, the mosque introduced a radio service, dealing with families of deceased members and offering support and advising on burial procedures.

The mosque has played an integral role to minimise the effect of the virus to the local community by informing and educating about the virus and its impacts, and trying to provide the support they need.

The mosque has suffered an income gap due to lack of congregational meetings and prayers. Markazi Jamia Mosque will endeavour to help and assist the community to return to near normality as circumstances allow.

Future Plans

It is the intention that further fund raising be undertaken so that the new building now completed will cater for a women's section. This should enable women a greater role in the community.

This report has been prepared in accordance with the provisions applicable to companies subject to the small companies' regime.

Notes to the Financial Statements for the year ended 30 June 2021

1 Accounting Policies

The principal accounting policies are summarised below. The accounting policies have been applied consistently throughout the year and in the preceding year.

a) Basis of accounting

The financial statements are prepared under the historical cost convention. The accounts are in accordance with applicable accounting standard, the Charities SORP 2011.

b) Fund Accounting

Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

Restricted funds are subject to restrictions on their expenditure imposed by the donor or through the terms of an appeal

c) Incoming resources

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

Voluntary income is included in the Statement of Financial Activities when receivable. Grants, where entitlement is not conditional on the delivery of a specific performance by the charity, are recognised when the charity becomes unconditionally entitled to the grant.

Investment income is included when receivable.

Incoming resources from grants, where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance.

d) Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Since the Company is registered for a VAT flat rate scheme, expenditure includes any VAT which cannot be recovered, and is reported as part of the expenditure to which it relates:

Costs of generating funds comprise the costs associated with attracting voluntary income.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include the independent examination fees and costs linked to the strategic management of the charity.

All costs are allocated between the expenditure categories of the Statement of Financial Activities on a basis designed to reflect the use of the resource. Costs relating to a particular activity are allocated directly, others are apportioned on an appropriate basis e.g. staff time, estimated usage.
