TRUSTEES REPORT (INCLUDING DIRECTORS' REPORT) FOR THE YEAR ENDED 31 AUGUST 2022

The Trustees present their annual report and financial statements for the year ended 31 August 2022.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charitable company's [governing document], the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (effective 1 January 2019).

Objectives and activities

Downham School Limited is a private company limited by guarantee and registered under the Companies Act 2006. It was incorporated in England and Wales. Its governing document is its Memorandum and Articles of Association. The company is a registered charity.

The principal objective of the charity is the provision for the advancement of education for Pre School children.

The Charitable Company commenced operating the Downham Pre School with effect from 1 September 2013 having entered into a written arrangement with the Downham School Trustees to occupy the Downham School premises from that date initially at a peppercorn rent with a rent of £6,000 per annum from 1 September 2019.

Activities for achieving objectives

During the year the company provided the advancement of education for Pre School Children.

Main activities undertaken to further the charity's purposes for public benefit

The Trustees confirm that they have paid due regard to the Charity Commission guidance on public benefit reporting in deciding what activities the charity should undertake. The remainder of this periodic report explains the charity's work during the year and how it has been carried out for the public benefit.

The Trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charitable company should undertake.

Achievements and performance

Key financial performance indicators

The key performance indicator for the charity is the fees received from the various sources, LCC, pre-school and private fees, along with the staff and pre school costs.

Review of activities

The Pre-School began the academic year on 1 September 2021 continuing to operate at near capacity.

There were no reported cases of COVID-19 during the pre-School year, and parents have adapted to the procedures in place. The new measures in place to ensure parent, child and staff safety, including drop-off procedures and enhanced cleaning regimes, will continue indefinitely. They are now adopted procedures and work well.

The pre-School income continues to be derived from the County Council grant funding for eligible children and fees from non-funded children (£4.85 for 3 and 4 year olds and £5.70 for 2 year olds). The pre-School Group retain £0.35 per hour in respect of all children which is used for the purchase of teaching aids, materials etc.

TRUSTEES REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2022

The Directors/Trustees are disappointed with the substantial deficit position for the year. Fortunately there are substantial reserves and the Trustees are confident that the position will recover. In particular, a review of School equipment has taken place which has facilitated the need for upgrade and improvement to various items, including but not limited to IT facilities and online record keeping systems.

The Directors/Trustees were informed by Susan Carter of her desire to retire at the end of the School year (31st August). Susan has provided dedicated service to the School for many years and the Directors/Trustees remain indebted to her for this. The Directors/Trustees are delighted to appoint Gemma Ridgeway as Susan's replacement from the 1st September 2022. Gemma has worked at the School for some time and will ensure continuity to the School activities.

At the start of the school year, there were seven members of staff, including one placement student. One member of staff remained unwell and off work for the academic year, and received Statutory Sick Pay.

Following the annual review meeting held after the end of the summer term all relevant documentation has been reviewed and updated as appropriate. There has been no major repair expenditure during the course of the year. An update to Contracts of Employment and the Staff Handbook is currently underway.

The prospects for the coming year from 1st September 2022 look good.

Financial review Going Concern

After making appropriate enquiries, the Trustees have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the Accounting Policies.

Reserves policy

Whilst the Directors have not adopted a formal Reserve Policy and do not consider this is necessary, they feel that it will be prudent to seek to retain a minimum cash balance of £55,000 (approximately six months normal expenditure). This is a cushion in the event of a shortfall in LCC funding with a reduced number of children attending the pre school. It is also to cover redundancy costs in the event of a reduced staffing requirement or in extreme circumstances, the closure of the school

The Trustees are aware that the Trustees of Downham School who own the premises have retained a reserve fund of £31,000 which could be used to cover major building expenditure.

The Trustees have assessed the major risks to which the charitable company is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

Structure, governance and management

The company is registered as a charitable company limited by guarantee and was set up by a Memorandum and Articles of Association on 25 November 2011.

The company is constituted under a Memorandum and Articles of Association dated 25 November 2011 and is a registered charity number 1143504.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 AUGUST 2022

1 Accounting policies

Charity information

Downham School Limited is a private company limited by guarantee incorporated in England and Wales. The registered office is C/O Ingham & Yorke, Brookside Barn, Downham, Clitheroe, BB7 4BP.

1.1 Accounting convention

The financial statements have been prepared in accordance with the charitable company's [governing document], the Companies Act 2006, FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the Charities SORP "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (effective 1 January 2019). The charitable company is a Public Benefit Entity as defined by FRS 102.

The charitable company has taken advantage of the provisions in the SORP for charities not to prepare a Statement of Cash Flows.

The financial statements are prepared in sterling, which is the functional currency of the charitable company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention, [modified to include the revaluation of freehold properties and to include investment properties and certain financial instruments at fair value]. The principal accounting policies adopted are set out below.

1.2 Going concern

At the time of approving the financial statements, the Trustees have a reasonable expectation that the charitable company has adequate resources to continue in operational existence for the foreseeable future. Thus the Trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the Trustees in furtherance of their charitable objectives.

Restricted funds are subject to specific conditions by donors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

Endowment funds are subject to specific conditions by donors that the capital must be maintained by the charitable company.

1.4 Income

Income is recognised when the charitable company is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charitable company has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Legacies are recognised on receipt or otherwise if the charitable company has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

(Continued)

1.5 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

Costs of generating funds are costs incurred in attracting voluntary income, and those incurred in trading activities that raise funds.

Charitable activities and Governance costs are costs incurred on the company's educational operations, including support costs and costs relating to the governance of the company apportioned to charitable activities.

Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the company; this is normally upon notification of the interest paid or payable by the bank.

1.6 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Fixtures and fittings	20% reducing balance
-----------------------	----------------------

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the statement of financial activities.

1.7 Impairment of fixed assets

At each reporting end date, the charitable company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

1.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 AUGUST 2022

1 Accounting policies

(Continued)

1.9 Financial instruments

The charitable company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charitable company's balance sheet when the charitable company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the charitable company's contractual obligations expire or are discharged or cancelled.

1.10 Employee benefits

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the charitable company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.11 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.
