**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 SEPTEMBER 2024**

**1. PRINCIPAL ACCOUNTING POLICIES**

**Basis of preparation**

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019) — (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Brighter Communities Limited meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy.

As a small entity, Brighter Communities Limited has taken advantage of the exemption conferred by the Financial Reporting Standard as stated above, not to prepare a cash flow statement.

**Income**

All income is recognised once the charitable company has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

Donated services or facilities are recognised when the charitable company has control over the item, any conditions associated with the donation of the item have been met, the receipt of economic benefit from the use of the item is probable and it can be measured reliably. In accordance with the Charities SORP (FRS 102), the general volunteer time of the Trustees and others is not recognised and refer to the Trustees report for more information about their contribution.

On receipt, donated professional services and donated facilities are recognised on the basis of the value of the gift to the company which is the amount the company would have been willing to pay to obtain equivalent services or facilities on the open market. A corresponding amount is then recognized in expenditure in the period of receipt.

Income tax recoverable in relation to investment income is recognised at the time the investment income is receivable.

**Expenditure**

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. All expenditure is inclusive of irrecoverable VAT.

Expenditure is classified by activity and the costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

Governance costs are those incurred in connection with administration of the company and compliance with constitutional and statutory requirements.

Charitable activities and Governance costs are costs incurred on the company's educational operations, including support costs and costs relating to the governance of the company apportioned to charitable activities.

**Cash at bank and in hand**

They are subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method. A review for impairment is carried out at each balance sheet date.

Income and expenditure generated in respect of these financial instruments, including interest receivable and payable and foreign exchange gains and losses, are recognized in the Statement of Financial Activities as they accrue.

**Foreign currency transactions**

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates of exchange ruling at the balance sheet date. **NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 SEPTEMBER 2023**

**1. PRINCIPAL ACCOUNTING POLICIES**

**Basis of preparation**

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019) — (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Brighter Communities Limited meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy.

As a small entity, Brighter Communities Limited has taken advantage of the exemption conferred by the Financial Reporting Standard as stated above, not to prepare a cash flow statement.

**Income**

All income is recognised once the charitable company has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

Donated services or facilities are recognised when the charitable company has control over the item, any conditions associated with the donation of the item have been met, the receipt of economic benefit from the use of the item is probable and it can be measured reliably. In accordance with the Charities SORP (FRS 102), the general volunteer time of the Trustees and others is not recognised and refer to the Trustees report for more information about their contribution.

On receipt, donated professional services and donated facilities are recognised on the basis of the value of the gift to the company which is the amount the company would have been willing to pay to obtain equivalent services or facilities on the open market. A corresponding amount is then recognized in expenditure in the period of receipt.

Income tax recoverable in relation to investment income is recognised at the time the investment income is receivable.

**Expenditure**

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. All expenditure is inclusive of irrecoverable VAT.

Expenditure is classified by activity and the costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use.

Governance costs are those incurred in connection with administration of the company and compliance with constitutional and statutory requirements.

Charitable activities and Governance costs are costs incurred on the company's educational operations, including support costs and costs relating to the governance of the company apportioned to charitable activities.

**Cash at bank and in hand**

Cash at bank and in hand includes cash and short term highly liquid investments which have a maturity of three months or less from the date of inception or opening of the deposit or similar accounts.

**BRIGHTER COMMUNITIES LIMITED**  
**(A company limited by guarantee)**

**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 SEPTEMBER 2023**

**Financial instruments**

The charity only has financial assets and liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised on a non-discounted basis at transaction value less any necessary impairment. They are subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method. A review for impairment is carried out at each balance sheet date.

Income and expenditure generated in respect of these financial instruments, including interest receivable and payable and foreign exchange gains and losses, are recognized in the Statement of Financial Activities as they accrue.

**Foreign currency transactions**

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction. Exchange gains and losses are recognised in the Statement of financial activities incorporating income and expenditure account.

**Fund accounting**

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the general objectives of the company and which have not been designated or other purposes. Investment income, gains and losses are allocated to the appropriate fund.
