### **Organisational structure**

The charity trustees are responsible for the general control and management of the charity. The trustees give their time freely and receive no remuneration or other financial benefits. The trustees meet as a body quarterly and are responsible for all decisions taken in relation to running of the charity and its activities. To assist in the smooth running of the charity the trustees have volunteer that help them oversee certain aspects of the charity's work. The volunteer are currently set up for financial, project fund raising and day-to-day management and report back to the trustees with their recommendations. The member's meet monthly in meetings as the members group and also with the trustees at separate scheduled meeting. An assigned trustee will oversee the volunteer meetings.

### **Recruitment and appointing of trustees**

The trustees believe this approach ensures that new trustees are respectable members through this venting system. In selecting new trustees, we seek to identify people who regularly attend events and functions organised by the charity and are willing to volunteer to help in our broader community work. Potential trustees are invited to attend trustees' meeting as observers and are given more detail of the charity's aims and activities and, if all agree, they are then proposed as new trustees at the subsequent trustees' meeting. This process allows due consideration of the person's eligibility, personal competence, specialist skills and knowledge.

### **Objectives and activities**

#### **Our aims**

The objects of the charity are set out in the charity's memorandum of articles and are summarized as follows:

To advance the education of young persons in Bangladesh. The promotion of religious harmony for the benefit of the public by educating the public in different religious beliefs including an awareness of their distinctive features and their common ground to promote good relations between persons of different faiths. The relief of poverty, hardships and distress of the public who are of Bangladeshi origin living in the UK and Bangladesh. The preservation and protection of good health of the public who are of Bangladeshi origin living in the UK and Bangladesh.

#### **Our objectives**

Our objectives are set out to reflect our support for local community services

For paternal care for mothers and children in poor areas in Bangladesh. Each year our trustees review our objectives and activities to ensure they continue to reflect our aims. In carrying out this review the trustees have considered the Charity Commission's general guidance on public benefit and in particular its supplementary public guidance on the advancement of education for the public benefit. Our dual aim is to build a maternity clinic and provide health care facilities for mothers within rural Bangladesh, where they can get support and help due to the lack of decent healthcare services. We are also supporting an academy for young boys and girls

### **Strategies**

We want to make our charity accessible to everyone who has an interest in our objects. Also work with other charities in Bangladesh and the UK for the betterment of the general community. Working with the youth is one of our strategies in bringing people together with team building activities and with this support, raising awareness of the charities main objectives as well as running different project campaigns.

**Mother Square Campaign:** Create awareness of maternal needs for mothers and children in rural Bangladesh.

**RDF Maternity Clinic:** The hospital building is complete now and the first phase of the clinic was inaugurated in Bangladesh to the public in Dec, 2019.

### **Activities and achievements**

In Mar 2020, as the Covid-19 situation across the globe started to take the shape of a pandemic, RDF organised distribution of emergency food packets and soaps among the extremely poor and vulnerable in Sylhet, as well as Covid-19 awareness campaigns to educate the poor in the region about social distancing and hygiene in face of the Corona virus onslaught.

During the year 2021 RDF have successfully built and delivered 10 sustainable houses, providing homes for 10 needy families, 30 safe-water pumps in the most rural parts of Bangladesh and continue to provide a weekly soup kitchen that can feed up to 150 people at a time.

RDF have successfully provided 3 Cataract camps in the most destitute parts and have manage to screen and treat around 900 people of which 200 were operated for Cataract removal.

### **How our activities deliver public benefit**

The charity carries out a wide range of activities in pursuance of its charitable aims. The trustees consider that these activities, [ summarised below] provide both to those who are our members and wider community in UK and Bangladesh.

1. Health care support & advice for mother and children.
2. Educational lectures on healthcare.
3. Youth training & team building.
4. Networking and communicating experience.

5. Life coaching skills
6. Trekking residential.
7. Self-development challenges

### **Plans for future periods**

In the immediate future RDF aims to expand the Maternity Clinic and involve more youth workers in volunteering to help the poor and aged to circumvent the challenges of a post-Covid world as the world adjusts to living in a new reality. Amidst the challenges faced, RDF plan to expand their operations in Bangladesh with the new projects they have embarked on (Housing Project, Cataract Project, Soup Kitchen, Safe Water & Sanitation, Winter Project and Emergency Relief).

Approved by the board of trustees on 15<sup>th</sup> December 2020.

**The notes attached on pages 13 to 15 form an integral part of these accounts.**

## **Notes to the Accounts for the year ending 2021**

### **Note 1 Basis of preparation and accounting convention**

The accounts have been prepared on the accruals basis, under the historical cost convention, and in accordance with the Financial Reporting Standard 102, (effective 1st January 2019) and 'FRS 102 SORP (Statement of Recommended Practice for Accounting and Reporting by Charities) ,effective January 2019, (The SORP), and in accordance with all applicable law in the charity's jurisdiction of registration,.

### **Note 2 Accounting policies**

#### **Policies relating to categories of income and income recognition.**

##### **Nature of income**

Gross income represents the value, net of value added tax and discounts, of goods provided to customers and work carried out in respect of services provided to customers.

##### **Categories of Income**

Income is categorised as income from exchange transactions (contract income) and income from non- exchange transactions (gifts), investment income and other income.

Income from exchange transactions is received by the charity for goods or services supplied under contract or where entitlement is subject to fulfilling performance related conditions.

The income the charity receives is approximately equal in value to the goods or services supplied by the charity to the purchaser.

Income from a non-exchange transaction is where the charity receives value from the donor without providing equal value in exchange, and includes donations of money, goods and services freely given without giving equal value in exchange.

##### **Income recognition**

Income, whether from exchange or non exchange transactions, is recognised in the statement of financial activities (SOFA) on a receivable basis, when a transaction or other event results in an increase in the charity's assets or a reduction in its liabilities and only when the charity has legal entitlement, the income is probable and can be measured reliably.

Income subject to terms and conditions which must be met before the charity is entitled to the resources is not recognised until the conditions have been met.

All income is accounted for gross, before deducting any related fees or costs.

##### **Membership subscriptions**

The income and any associated Gift Aid or other tax refund from a membership subscription received by the charity in the nature of a gift, is accounted for on the same basis as a donation.

The income from a membership subscription received by the charity where the subscription

purchases the right to services or benefits is recognised as income from charitable activities.

*Policies relating to expenditure on goods and services provided to the charity.*

### **Recognition of liabilities and expenditure**

A liability, and the related expenditure, is recognised when a legal or constructive obligation exists as a result of a past event, and when it is more likely than not that a transfer of economic benefits will be required in settlement, and when the amount of the obligation can be measured or reliably estimated..

Liabilities arising from future funding commitments and constructive obligations, including performance related grants, where the timing or the amount of the future expenditure required to settle the obligation are uncertain, give rise to a provision in the accounts, which is reviewed at the accounting year end. The provision is increased to reflect any increases in liabilities, and is decreased by the utilisation of any provision within the period, and reversed if any provision is no longer required. These movements are charged or credited to the respective funds and activities to which the provision relates.

### **Allocating costs to activities**

Direct costs that are specifically related to an activity are allocated to that activity. Shared direct costs and support costs are apportioned between activities.

The basis for apportionment, which is consistently applied, and proportionate to the circumstances, is :-

Staffing - on the basis of time spent in connection with any particular activity.

Staffing - on a per capita basis, based on the number of people employed within any particular activity.

Premises related costs - on the proportion of floor area occupied by a particular activity.

Non specific support costs - on the basis of the usage of resources, in terms of time taken, capacity used, request made or other measures

Estimation techniques used in apportioning costs - give details

Policies relating to assets, liabilities and provisions and other matters.
