Report of the Trustees for the year ended 30 November 2023

The Trustees are pleased to present their annual Directors' Report together with the financial statements of the charity for the year ended 30 November 2023, which are also prepared to meet the requirements for a Directors' Report and accounts for Companies Act purposes.

The financial statements comply with the Charities Act 2011, the Companies Act 2006, the Memorandum and Articles of Association and Accounting and Reporting by Charities; Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102).

Chair's Report

The Chair is pleased to deliver this report and to make the following observations on behalf of the Trustees.

Firstly, we thank all our Members, Associates, Volunteers, Marshals, Instructors, Pathfinder Students, Trustees and external supporters of the Charity for their continuing and unstinting work towards fulfilling the Charity's aims despite the challenges of the aftermath of Covid19 and the increasing costs of living. Our work would be impossible without this willing and unselfish support.

Our sincere thanks should also be expressed to the:

Gloucestershire Police and Crime Commissioner

Gloucestershire Police

West Mercia Police and Crime Commissioner

West Mercia Police

IAMRoadsmart and their local Advanced Driver Groups in Gloucestershire, Worcestershire, Shropshire and Yorkshire

Herefordshire and Worcestershire Fire and Rescue Service

Gloucestershire Fire and Rescue Service

Shropshire Fire and Rescue Service

Safer Roads Humber

Staffordshire Safer Roads Partnership;

DHL;

University College London, Intelligent Mobility Laboratory; and

The British Army.

for their continuing engagement and support.

As a result of the pandemic, we continue to operate enhanced safe working practices for all attendees at our events, which includes maintaining the availability of PPE supplies for our officials and volunteers, and the use of an automated, non-contact signing-in process.

To enable the Charity to continue its work and to provide bursaries, surplus funds have been transferred from its trading subsidiaries. The challenge of finding suitable and affordable locations in which to run our events continues to be demanding due to commercial pressures and restrictions, especially on military establishments in these uncertain times.

The Charity's collaboration arrangement with University College London (UCL) to explore how young drivers manage high-risk driving scenarios has continued. This joint research and educational project, that started in 2022, has enabled the UCL team to create Virtual Reality scenarios, which have been integrated into the mobile simulator of their Intelligent Mobility lab. The simulator continues to be deployed to both Car Club and Pathfinder events, with structured and practical pre-licence novice driver development training sessions, to collect and analyse data (from eye tracking and input devices) from young drivers including the simulated impairment effects through beer and drug goggles. Over 300 participants have already taken part in the research study and this will be extended during 2024.

Trustees' Report for the Year Ended 30 November 2023 - continued

Our surveys of past Pathfinder students and Car Club members now cover young drivers from over 25 years (the participants in the first survey in 2006 reached back as far as 1995) and reinforce our contention that carefully designed and delivered pre-licence driver education delivers substantial benefits. The aggregate reportable collision rate of our students is 1 in 19 (across all surveys) which compares very favourably with their peers who, on DfT statistics, continue to experience a rate of 1 in 4.5. With over 1,800 students now having taking part, we can assert that Pathfinder alone has saved around 276 reportable collisions since its commencement in 2008. At an average cost of around £150,000 (all collisions, all severities) that is a saving of about £41 million pounds delivered from a volunteer run programme. The project would not be possible without the ongoing practical and financial support we receive from public bodies, support which means no child has ever been refused a place on Pathfinder, regardless of their circumstances.

The Charity has again exhibited at the Road Safety GB National Conference and also again at First Car's Young Driver Focus at the RAC Club in Pall Mall. We will continue to invest in extending awareness of what we do whilst raising our visibility to Government, public and road safety bodies and to the general public.

Paul Silverwood, Chair of Trustees

Our Purposes and Activities

The Charity's objectives and principal activities are restricted to the promotion of road safety for the benefit of the public and, in particular, young people. Funding comes from member subscriptions, donations, charitable gifts and grants.

Public Benefit

The Trustees have continued working with the community through the use of safer driving initiatives for young people. The Trustees confirm that they have complied with their duties under section 17(5) of the 2011 Charity Act with regard to public benefit.

Particular actions this year include:

- Provision of 36 events by The Under 17 Car Club Limited to around 247 participating drivers, an improvement of 3 events with slightly fewer members over 2022;
- Provision of nine 'Pathfinder' Courses with students drawn primarily from Gloucestershire, Herefordshire, Shropshire, Worcestershire and Yorkshire with 250 students of whom 95% received a bursary from the PCCs or the Trust with around 10% receiving their place at no cost. Loan vehicles were made available to participants to enhance learning and associate supporters were provided to a number of students;
- Fully funded by the Trust, a further 100 students attended school events at Shireland Collegiate Academy in Smethwick, 50 at Brooks Academy in Romford and a further 20 at Prism Youth project, Bradford, which delivered the classroom elements of Pathfinder along with practical experience of simulated driving while impaired through alcohol or drugs;
- Provision of bursaries totalling £8,685 to students who would otherwise be unable to take advantage of the road safety education we provide;
- Provision of 48 places on skid pan courses and 36 places on First Responder First Aid courses subsidised by the Trust;
- Continued collaboration with IAMRoadsmart from which some shared activity has been undertaken to jointly further our individual and collective charitable objectives, including the expansion of our Pathfinder Programme to accommodate increasing numbers of students;

Trustees' Report for the Year Ended 30 November 2023 – continued

- This year we were again able to hold our annual charity fundraising event for the Teenage Cancer Trust, the charity chosen by our Driving Members, and we donated £17,085 to TCT in 2023, taking our overall total to almost £122,000 since 2013;
- The work of the Trust was further enhanced in 2023 through the extensive involvement of DHL who provided insights to the safety around articulated heavy goods vehicles at 6 events and by the Intelligent Mobility Lab at University College London. We were also invited to DHL's Driver of the Year event where we were able to bring the work of the Trust to the attention of all their attendees as well as provide demonstration drives by our past students and instructors. We were also presented with a donation of £1,000 from DHL for the Trust.

Achievements and Performance
