Company law requires the Management Committee to prepare financial statements for each financial year which give a true and fair view of the state of the affairs of the charitable company as at the balance sheet date and of its incoming resources and application of resources, including income and expenditure, for the financial year. In preparing those financial statements, the management committee are required to follow best practice and;

- Make judgements and estimates that are reasonable and prudent; and

The Trustees are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The procedures undertaken do not provide all the evidence that would be required in an audit and consequently, I do not express an audit opinion on the view given by the accounts.

It is my responsibility to form an independent opinion, based on my examination on those financial statements and to report on my opinion.

Independent Examiner's Statement

In connection with my examination, no matter has come to my attention:

Notes to the Financial Statements For The Year Ended 31st March 2021

1. Accounting Policies

The principle accounting policies are summarised below. The accounting policies have been applied consistently throughout the year and in the preceding year.

(a) Basis of Preparation

Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

The Charity meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy.

The accounts are prepared in sterling, which is the functional currency of the charitable company. Monetary amounts in these accounts are rounded to the nearest £.

c) Preparation of the accounts on a going concern basis

The trustees have considered the effect of Covid-19 outbreak. The outbreak has caused disruption to the charity's activities to date, as our church services, pastoral care and other charitable activities have been provided using online platforms. We have to close the church premises, but we continued our services via online and telephone. Income has been affected by the lockdown. The trustees consider it unlikely that a prolonged outbreak will cause significant disruption. Accordingly, at the time of approving the financial statements, the trustees have a reasonable expectation that the company has adequate resources to continue in operation for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the financial statements

(b) Funding accounting

- Unrestricted funds are available for use at the discretion of the trustees in furtherance of the general objectives of the charity.
- Restricted funds are subjected to restrictions on their expenditure imposed by the donor or through the terms of an appeal.

(c) Incoming Resources

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

Notes to the Financial Statements For The Year Ended 31st March 2021

- Donated services and facilities are included at the value to the charity where this can be quantified. The value of services provided by volunteers has not been included in these accounts.
- Investment income is included when receivable.
- Incoming resources from donations, where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance.
- Donations intended for the purchase of fixed assets are included in Incoming Resources in the period for which they are receivable. Depreciation on related fixed assets is charged to Resources Expended.

(d) Resources Expended

Expenditure is recognised on an accrual basis as a liability is incurred. Expenditure also includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates:

- Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

(e) Tangible Fixed Assets and Depreciation

- Fixed assets are stated at cost less accumulated depreciation. The costs of minor additions or those costing below £350 are not capitalised. Depreciation is provided at rates calculated to write off the cost of each asset over its expected useful life, which in all cases is estimated at 3 years.
- A full year depreciation is charged in the year of acquisition of Fixed Assets
- A nominal residual of £10 is kept in the books in respect fully depreciated tangible fixed assets.
- All leases of buildings and equipment are considered to be operating leases, and rentals are charged to Resources Expended when incurred. No assets are held under hire purchase agreements.
