Trustees' Annual Report 2023

Charity Details HMRC (tax) number: XT25487

Charity number: 1145665

Reboot the Roots is made up of a small group of five trustees supporting a volunteer Creative Director who leads on most of the projects plus a wider team of volunteers who take ownership and delivery for a range of funded projects and workshops.

Volunteers and collectives who have an idea for a project, approach the trustees with a written proposal which is then presented to and considered by the trustees. If they vote in agreement, considering the merits of the project and the funds available, the project is funded based on a 50/50 contract where the second half of funding is paid on receipt of a suitable report and project evaluation.

Project Title:

**Innovation and Quality for
Inclusion and Equality**

This is a very well-structured and professionally written final report, which accounts for one successfully implemented project and a beneficiary committed to high quality and effectiveness.

The project remained strongly focused on its initially set objectives, which were fully achieved despite the implications created by the pandemic. The learning outcomes are fully in line with the needs of the sending organisation and the involved participants; it adds value that these are presented per course and

per topic. The conducted mobilities have and will benefit many people with fewer opportunities and would boost inclusion and diversity, which is a strength.

The beneficiary clearly describes all the phases of the project implementation. The insights given account for very good quality and high level of commitment to realise the initially set aims. There is enough information supplied on the content of each course attended by the participants. It seems that the time spent in Spain was used most effectively and led to staff gaining valuable knowledge to serve in better addressing the needs of their adult learners. Selection, preparation, monitoring and validation of the achieved learning outcomes were adequately handled and in line with best practices.

The evaluation was thorough and accounted for various aspects of the mobility, including impact. It is positive that the collected data and information were triangulated to ensure objectivity. The report also contains examples and testimonials to support the findings and conclusions. The satisfaction level among the participants is very high. The achieved outcomes are proportional to the size and scope of the project. The gained knowledge and competences have been integrated into the sending organisation's work, which is a prerequisite for long-term impact at institutional level. The staff to benefit from the mobility would be able to apply what they have learned in their every-day practice, which would benefit the adult learners served by the beneficiary. The project also has great potential for impact at local level. Taking into account its topic and thematic focus it will contribute to boosting inclusion and diversity.

LimeHouse Town Hall

A series of workshops delivered by George Wielgus and Gaynor Odell.

Overall Aims:

1) Rehearse the Revolution is an open space for diverse participants from drama and

non-drama backgrounds to play and contribute to the devising of Forum Theatre anti-models.

2) Rehearse the Revolution aims to support emerging facilitators and jokers of Forum

Theatre by providing a practice opportunity on a regular basis

3) To showcase the application of Forum Theatre to any topic and inspire further workshops and collaborations with charities and activist groups

4) To explore social injustice through forum theatre and the T.O. approach

5) To develop a core group of spect-actors who might be interested in performing Forum, Legislative or Invisible Theatre pieces in public spaces

Trustees' Annual Report

Charity Details

HMRC (tax) number: XT25487

Charity number: 1145665

Reboot the Roots is made up of a small group of five trustees supporting a volunteer Creative Director who leads on most of the projects plus a wider team of volunteers who take ownership and delivery for a range of funded projects and workshops.

Volunteers and collectives who have an idea for a project, approach the trustees with a written proposal which is then presented to and considered by the trustees. If they vote in agreement, considering the merits of the project and the funds available, the project is funded based on a 50/50 contract where the second half of funding is paid on receipt of a suitable report and project evaluation.

Projects 2020/21

The Covid-19 pandemic put a stop to the majority of our opportunities to fund projects, with a couple of exceptions:

ULEX - La Bolina

We successfully secured Erasmus funding again in partnership with ULEX/La Bolina partnership which enabled a range of facilitators and students to travel to Spain to take part in workshops.

Slovenia 2020

Funded a facilitator to attend the 8th Annual Festival of the Theatre of the Oppressed in Gornji Grad, Slovenia.
