#### **Objectives and aims**

The objectives of the charity as laid down in the Declaration of Trust dated 20 January 2012 are:

2. The advancement of spiritual education with the doctrines and principles of the Hindu faith.

4. To provide worship space, a venue for religious and civil marriage ceremonies, spiritual, activities and a community support hub for all.

The trustees have had due regard to the Charity Commission's guidance on public benefit as required by the Charities (Accounts and Reports) Regulations 2008.

### **OBJECTIVES AND ACTIVITIES**

#### **Significant activities**

The charity has previously achieved more significant media for holding paramount congregational and community events. These festivals are also interlinked with outreach services and close networking organisations throughout Leicester and the surrounding areas. Unfortunately, due to COVID-19, these festivals have not been able to go ahead this year.

The charity has developed excellent outreach relations with similar organisations, community centres and underrepresented small ethnic groups from all walks of life due to our charity's popularity, history with the ongoing working committee and its commitment to delivering the said charities aims and objectives.

#### **COVID-19 Community Support Hub**

##### **(Major Accomplishments since the first lockdown came into effect regarding COVID-19 March 2020).**

Shree Shakti Mandir Temple (Leicester), in partnership with local community members, organisations and businesses, had launched CoronaVirus Shakti Seva (CVSS) from 30 March through until the end of August 2020. The primary purpose was to ensure those in need had access to hot Indian pure vegetarian meals during the first COVID lockdown. Initially, the service was a Leicester City-based service; however, it needed to expand to other parts of Leicestershire and additional counties due to high demand.

The CVSS service served over 23,000 meals across 15 wards through dedicated volunteers. The support received from the general public in contributing to hot meals was very overwhelming through public donations and contributions, which helped fund packing materials and contributed towards overall costs.

The CVSS service has received two recognitions from Leicestershire Cares, Belgrave Ward Councillors and many individuals and organisations from East Midlands. Three local council wards supported with funding to help with shortfalls during the COVID emergency, these were Belgrave Ward, Rushey Mead Ward and Spinney Hill Ward.

The said registered charity had given the whole site to support the COVID meals services unconditionally without any building expenses being charged. The charity site voluntarily became accessible as a CVSS operational hub during these unprecedented and challenging times. Without the charity site, the necessary measures needed to support the community would have been stringent.

This would not have been possible without the vision and wholehearted commitment from all the exceptional people and organisations involved in achieving the charities aims and objectives by the trustees, management committee and supportive volunteers.

#### **The New Building Project**

The core steering committee had started getting the group together in moving further with the said project. Due to the pandemic, we had to temporarily stop the project. Now that the governing regulations and its restriction have eased, we can re-commence the project.

#### **Aims and Objectives of the new building**

With the new projected building on the same site, the local community supports the mission aims and objectives. It will help create more community morality by sharing activities to understand better and build unity relations. The community hub will also provide professional support contacts by signposting.

### **OBJECTIVES AND ACTIVITIES**

The new community hub will be built within the charity infrastructure on land already owned by the charity. The projected new build will be direct construction only, eco-friendly and self-generating energy building. These types of construction support lower carbon footprints, helps the environment significantly, and a self-sustainability building for the future to come.

### **Charitable activities**

Through selfless dedication, the duties' significance has enabled the charity to build respectable relations with the neighbouring multi-faith and community centres. They now invite each-others congregation and committee members to join the seasonal services and are represented and treated with equal reverence and respect.

### **Current Activities**

There are no activities as internal building renovations started in December 2020 and are still ongoing. The pandemic and Brexit had been a major hindrance. This expense has gone over budget to an estimated figure of £47,000. The renovation works are contracted to certified engineers and decorators.

However, this has had an immense financial impact on the charity's income. Minimal support grants were awarded last year when available from the local council for the charity to sustain. In late November 2020, we also had to apply for the government-backed Bounce Back Loan to support staff furlough payments, utility and maintenance costs.

### **Further Community Support from the Charity**

To support the community, we have ongoing social media live video sessions to support the people in isolation with mental health through congregational services, cultural and educational classes. We are posting messages to the community from the government, local council, and professional supporting clinics.

### ACHIEVEMENT AND PERFORMANCE

#### Charitable activities

#### How Solace Rewards Deliver Public Benefits Public Worship

The Community of many deities is committed to holding and facilitating daily public worship in the prayer hall. In-promoting religious harmony to all faiths.

Generally, three services are each day, starting at 8.00 am, and 11 am during morning services. Evening last service being at 7.00 pm. This enables people to benefit from personal contemplation of self-being within the services time during their visit to the prayer hall. At significant events and seasonal celebrations, the charity is open from 8.00 am through the late evening with the support of trained volunteers, committee members and trustees.

Spiritual counselling and highlights are observant around the main religious festivals of different faiths and traditions. Having signage in both languages (English and Gujarati) has been well received by all visitors who have specific language barriers.

#### Development of Facilities and Services

The charity's consistency extends hospitality to all public members coming to the Shree Shakti Mandir Temple. The Community has an ongoing program to maintain and improve facilities on the current building structure that is two hundred years old (built-in 1820) and adequately support the orderly running of an organisation that caters to an annual congregation of 25,000+ visiting people from all walks of life.

#### Development of Trustees, Committee and Support Members

Regularly, the Trustees discuss any new forms of changes that can better the charity's aims and objectives with the interim committee and support members. We have either in/formal or social huddle to gather information and perform positive tasks for all.

Having one-on-one supervision with our Committee Members and Support Team Members (Volunteers), whereby a nominated trustee will have supervision with individual members and consult any support they require and assess Strengths and Needs quarterly per year.

This will support our charitable aims and objectives and its mission to make more serviceable to the community at large within Leicestershire.

### FINANCIAL REVIEW

#### Reserves policy

The Trustees believe that an ideal level of General Reserves, excluding those designated for fixed assets, would be equivalent to approximately one months fixed expenditure, which based on existing budgets, will be approximately £3,500.

At 5 April 2021, the General Reserves were at -£117,019 which is below this level by £120,519. The Trustees continue to explore all avenues to improve this position and are mindful that they will need to monitor the level of reserves to ensure that they are both appropriate and adequate for the charity's needs.

### **FUTURE PLANS**

The charity looks forward to further achieving its charitable objectives during the forthcoming year. It is anticipated that the charity's income and activities should continue to expand in the hope of no further COVID-19 restrictions. Considering COVID-19 activities for the Leicestershire communities, we realised that our existing building space is minimal facilities need updating and be an accessible facility for people with significant health disabilities.

The recent unprecedented pandemic has enlightened the charity core administration team to upgrade/change our governing document to better support the registered said charity's future aims and objectives.

Providing more serviceable and supportive pillar towards the disadvantaged groups, support with social stimuli, and support through sign-posting for the communities and other similar charities where networking support is required.

The charity's future name for the new building would be Shree Shakti Mandir Temple and Community Hub (Leicester).

### 1. ACCOUNTING POLICIES

#### **Basis of preparing the financial statements**

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities Act 2011. The financial statements have been prepared under the historical cost convention.

#### **Financial reporting standard 102 - reduced disclosure exemptions**

The charity has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland':

- the requirements of Section 7 Statement of Cash Flows.

#### **Income**

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Voluntary income is received by way of donations and is included in full in the Statements of Financial Activities when receivable.

#### **Expenditure**

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

#### **Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

|                         |                           |
|-------------------------|---------------------------|
| Freehold property       | - 2% on cost              |
| Furniture and equipment | - 20% on reducing balance |

#### **Taxation**

The charity is exempt from tax on its charitable activities.

#### **Fund accounting**

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

#### **Pension costs and other post-retirement benefits**

The charity operates a defined contribution pension scheme. Contributions payable to the charity's pension scheme are charged to the Statement of Financial Activities in the period to which they relate.

### 1. ACCOUNTING POLICIES - continued

#### Going concern

The trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. The charity therefore continues to adopt the going concern basis in preparing its financial statements.

#### Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

#### Creditors

Short term trade creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

#### Government grants

Government grants are recognised at the fair value of the asset received or receivable. Grants are not recognised until there is reasonable assurance that the company will comply with the conditions attaching to them and the grants will be received.

Government grants are recognised using the accrual model.

Under the accrual model, government grants relating to revenue are recognised on a systematic basis over the periods in which the company recognises the related costs for which the grant is intended to compensate. Grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs are recognised in income in the period in which it becomes receivable.
