4. Achievements and Performance

The Trustees continue to regularly review the strategic direction of the Charity.

- The Domestic Soccer Academy covering youngsters from ages 5 to 21 continues to operate successfully . It operates throughout North Yorkshire albeit primarily based out of bespoke facilities at York St John University in York. We continue to attract youngsters from a radius of up to miles and can assist with travel arrangements, coaching fees and the provision of associated kit. By September 2023 the number of youngsters playing soccer on a weekly basis or attending camps was some 300. All fee income together with associated costs (such as pitch hire including “state of the art” 3G, suitably qualified coaches and equipment) goes through the i2i Life Foundation. We continue to see some great success stories with young footballers from disadvantaged backgrounds progressing their soccer careers .
- Furthermore we operate Holiday Camps each school holiday with extended hours to help parents with childcare all ages both male and female are invited . We offer free taster sessions as introduction to sport and football on academy and camps. We also repurpose training kit from those that grow out of kit they can donate back to the i2i Life Foundation and we can accordingly supply to those who are struggling to afford.
- We are grateful for the ongoing support of Base Soccer for their financial support and encouragement. Base Soccer are a leading international agency for professional footballers comprising FA Registered Intermediaries, Football Consultants and Operations Support. NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 SEPTEMBER 2023

1. ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared under the historical cost convention, in accordance with the financial reporting standard applicable in the United Kingdom & Republic of Ireland (FRS 102) and with the Charities Act 2011.

Income and endowments

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy: The following specific policies are applied to particular categories of income:

Voluntary income is received by way of grants, donations and gifts and is included in full in the Statement of Financial Activities when receivable. Grants, where entitlement is not conditional on the delivery of a specific performance by the charity, are recognised when the charity becomes unconditionally entitled to the grant.

Donated services and facilities are included at the value to the charity where this can be quantified. The value of services provided by volunteers has not been included in these accounts.

Investment income is recognised on a receivable basis.

Incoming resources from grants, where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance.

Expenditure

Expenditure is recognised on an accrual basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates.

Taxation

The charity is registered with the Charities Commission and is not subject to taxation on its normal activities.

Capital Expenditure

All expenditure of a capital nature is capitalised in the balance sheet.

Fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life.

Funds Structure

Restricted income funds are used to account for situations where a donor requires that a donation must be spent on a particular purpose or where funds have been raised for a specific purpose.

The unrestricted income funds were available for use at the discretion of the trustees in furtherance of the general objectives of the charity.
