Drawing Trustees from both organisations, with an independent chair reflects the working partnership the school and the club has developed to enhance sporting provision for the community and the school. This working relationship is set out through a Partnership Agreement – the facilities referred to in this agreement are the floodlit 3G pitch and meetings rooms in the Paul Beard Centre (PBC)

The administration of these facilities is monitored by the Trustees made up of representatives of both organisations. In addition to this, the activity of the facility is monitored by the Football Foundation (FF) on a yearly basis through a Monitoring & Evaluation form.

The 3G pitch is available during the day for school use and community use after school hours. This has enhanced curriculum time and enabled the club to develop, continual growth and offering a more comprehensive offer.

Links with other clubs have been developed to enhance community involvement. Hiring the facility to other organisations ensures the long term viability of the facility and enables us to build a sinking fund for pitch and fence replacement.

The success of the facility is due to the mutual respect and common goal of both organisations, which is reflected in the Partnership Agreement.

The Sinking Fund is held in a ring fenced CAF account set up in May 2013.

Inter-school matches held on the pitch increase participation by students in local leagues. • Herts FA hold training courses using meeting rooms in PBC and the pitch. • Girls’ football is increasing year on year as we have extended our partnership with Arsenal Ladies • Due to COVID-19 restrictions the facility has been closed for part of the year from mid September 2020 to April 2021 and therefore the Charities activities and income has significantly reduced.
