**Independent Examiner's Report to the Members of
Great Grimsby Ice Factory Trust**

I report on the accounts of Great Grimsby Ice Factory Trust for the year ended 31 March 2024, which are set out on pages 10 to 25.

Respective responsibilities of trustees and examiner

The trustees (who are also the directors of the company for the purposes of company law) are responsible for the preparation of the accounts. The charity's trustees consider that an audit is not required for this year under section 144 of the Charities Act 2011 (the Charities Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts under section 145 of the Charities Act,
- to follow the procedures laid down in the general Directions given by the Charity Commission (under section 145(5)(b) of the Charities Act, and
- to state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from the trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair' view and the report is limited to those matters set out in the statement below.

Independent Examiner's statement

In connection with my examination, no matter has come to my attention to indicate that:

- accounting records have not been kept in accordance with section 386 of the Companies Act 2006;
- the accounts do not accord with such records;
- where accounts are prepared on an accruals basis, whether they fail to comply with relevant accounting requirements under section 396 of the Companies Act 2006, or are not consistent with the Charities SORP (FRS102)
- any matter which the examiner believes should be drawn to the attention of the reader to gain a proper understanding of the accounts.

The Great Grimsby Ice Factory Trust community board of trustees are satisfied, having reviewed the business, that in the past twelve month's period (April 2023 - March 2024):

- Our work has reflected our aims.
- Our resources are well managed.
- The public were satisfied with the service they received.

Summary of the main achievements of the Trust during the year:

The following is a summary of the main activities provided, enabled or supported by the Trustees having paid due regard to the guidance on public benefit issued by the Charity Commission.

**Report of the Board of Trustees (incorporating the Directors' Report)
for the year ended 31 March 2024****ICE FACTORY**

Although we have no legal interest in, or financial responsibility for the building, we continue to report to trustees on the progress of the Grimsby Ice Factory, which was purchased freehold from Associated British Ports by Tom Shutes in 2021. Work has begun on the restoration of the Ice Factory, beginning with the Garage or Boiler House as the most accessible part of the building. Planning permission has been granted for the business centre and hotel, and Mr. Shutes awaits a decision on his application to build more office spaces around Number 2 Dock, which will be available for wild swimming.

THE KASBAH

The PSiCA grant scheme, funded by NELC and Historic England has been a great success, and encouraged (admittedly somewhat intrepid) individuals and organisations to take on buildings or work on the ones they've got. There have been 17 grant awards involving 24 buildings. WE1 Heritage has taken on between 9 and 11 sites, Creative Start is expanding, and there is currently another organisation in lease negotiations with ABP for some buildings on Fish Dock Road. Another Heritage Open Day took place in September 2023, again well attended. Heritage Lincolnshire had a marquee outside Building 89 and collected oral memories, some of which were very interesting!

PETERSON'S PROJECT

Since the contractors started on site last March there have been a number of delays to the programme, due to discoveries such as asbestos, dry rot, damp ... also a main roof beam in Building 89 that had to be reinforced, and so on. These issues were not entirely unexpected given the age and condition of the buildings. A major delay was caused by the electricians who were very slow to agree changes to their contract, and then took their time to start on site. Practical completion was due to have been in December 2023, but has now been moved to June 2024. Completion of the entire project, including the Evaluation and other loose ends, has been agreed with NLHF for December 2024.

FINANCIAL REPORT

Costs continued to increase over this year, as more problems were discovered (see above). It was again looking likely that we would run out of cash but Historic England/NELC came up with £20,000 extra from PSiCA and we successfully applied for £20,000 from the UKSPF via NELC from their 2023/2024 programme. In February of this year we successfully applied for a further £37,400 from UKSPF 2024/2025 to fit out the Ground Floor of building 89, which had been omitted in an effort to cut costs, so we are now in a position to complete both buildings ready to sub-let.

GGIFT's bank balance stood at £203,257.48 as of 31, March 2024, which includes £1,304.28 in unrestricted funds, and £1,250 reserved for maintaining the Kasbah website.

**Report of the Board of Trustees (incorporating the Directors' Report)
for the year ended 31 March 2024**

Financial Review

Reserves Policy

In line with our policy, all reserves will be carried forward to sustain the Trust in future years and to allow expansion of the activities which the Trust supports and cares for. Trustees are mindful that the building is dated and may require significant modification in the longer term. Reserves will need to be built up to cope with the major repairs and renewals and to pay staff wages during consequent periods of reduced income.

Principal Funding Sources

Our principle funding sources for the year under review were as follows:

- National Lottery Heritage Fund £435,567.00
- Architectural Heritage Fund £257,009.00
- North East Lincolnshire Council £53,000

Plans for future periods

- Complete the Peterson's Project, secure sub-tenants, and employ administrative help.
- Continue to update and expand information on the kasbah website
- Continue to work in partnership with Associated British Ports, North East Lincolnshire Council and Historic England to promote the regeneration of the Kasbah Conservation Area.

**Report of the Board of Trustees (incorporating the Directors' Report)

1. There is no relevant information of which the company's independent examiner is unaware; and
2. We have taken all the steps as required of us as directors in order to make ourselves aware of all relevant information expected of us and to establish that the company's independent examiner is aware of that information.

They are also responsible for safeguarding the assets of the charity and hence taking reasonable steps for the prevention and detection of fraud and other irregularities.

**Notes to the financial Statements
For the year ended 31 March 2024****1.5. Fund accounting**

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors. Restricted funds are accounted for separately to each other and to the core funding of the Company.

General funds are unrestricted funds which are available for use at the discretion of the Trustees in the furtherance of the general objectives of the charity and which have not been designated for other purposes.

1.6. Expenditure and irrecoverable VAT

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Expenditure on charitable activities includes the costs of all activities undertaken to further the purposes of the charity and their associated support costs.

The Charity is VAT registered, any irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

1.7. Allocation of support costs

Support costs are those functions that assist the work of the charity but do not directly undertake charitable activities. Support costs include back office costs, finance and governance costs which support the Charities activities.

Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

2. Income and Expenditure Account

The Company is a charity and so achievements cannot be measured by normal commercial criteria. Accordingly, the Directors consider that it would be inappropriate to present a Profit and Loss Account in one of the formats set out by the Companies Act 2016. Therefore, as permitted by the Companies Act, in order to reflect the special nature of the company's activities, the Directors are of the opinion that it would be more appropriate to present an Income and Expenditure Account.

Peterson's Project – This relates to two Historical buildings on Grimsby Dock (Peterson's Smokehouse & Building 89) which have been in disrepair for many years. The Great Grimsby Ice Factory Trust have agreed a 99 year lease with Associated British Ports (ABP).

Funding has been approved from the National Lottery Heritage Fund and the Architectural Heritage Fund, repairs are due to take place during 2021. This funding is received in arrears upon submission of claim forms, a debtor is recorded for expenditure made and not yet claimed.

Thekasbah.org.uk – Restricted funding was received from the National Lottery Heritage Fund to develop a digital project regarding The Kasbah to engage people in Heritage. The layout and landscape of docks, quays, transport systems and collection of specialised building types found in the Kasbah forms the most important, surviving representation of industrial scale fishing trade in England (Matthew Whitfield, 2009). The Kasbah also forms an important part of the setting of the grade I listed Dock Tower, and the grade II* listed Ice Factory.
