CHAIRS FOREWORD
FOR THE YEAR ENDED 31 MARCH 2022

Chairs Foreword

2021-22 continued as 2020-21 left off with a very unsettled and uncertain world. COVID has still been with us as we have begun to learn to live with the physical and mental health challenges it has brought. Climate change is becoming more and more urgent. The cost of living crisis has crept up and is now well upon us. There has been a continued increase in the inequality that exists in our society between communities and a real recognition of the need to level up. Our children and young people have never needed more help to have the best start in life and to continue a healthy lifestyle.

Movement, physical activity and sport (MPAS) have been increasingly seen as a solution to these challenges and at Merseyside Sports Foundation, we have been really privileged to be able to work with so many partners across the year to build stronger relationships and connect like-minded agencies.

Our team, together with their counterparts in MSP, has been able to support our region like never before to meet a wide-ranging set of challenges: this impact report will show some of the great work that has gone on. Together with MSP and Sport England, we have also been able to invest £340,832.77 into our local communities through the Tackling Inequality Fund. This has really highlighted the reach we can have and the role we can play in supporting those that need it the most. It hasn't all been plain sailing though, and we have learnt a lot along the way.

As part of our impact for this year we have been looking at how we set ourselves up for the future and the role we play with MSP and Sport England. We embarked on a feasibility study to understand how best this might look, with the conclusion to this due in the next financial year.

In the meantime, our team have worked hard to really help our region come together and recognise the important role movement, physical activity and sport can play in tackling the inequality that exists. I'd like to formally thank each and every member of the team and the Trustees for their incredible achievements in another challenging year.

On a more sombre note, it was with great sadness that we learned of the sudden passing of Pat Shenton OBE on the 17th July 2021. As a long-standing trustee for Merseyside Sports Foundation and former MSP Board Vice-Chair, Pat will be remembered with a great deal of admiration by the trustees and team at Merseyside Sports Foundation, the team and board members of MSP and, indeed, everyone in our network who know her.

John Bell, Chair, Merseyside Sports Foundation

MERSEYSIDE SPORTS FOUNDATION
REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 31 MARCH 2022

The Trustees, who are also Directors of the charity for the purposes of the Companies Act 2006, present their report with financial statements of the charity for the year ended 31st March 2022. The trustees have adopted the provisions of the Statement of Recommended Practice (SORP) 'Accounting and Reporting by Charities' issued in March 2005.

Merseyside Sports Foundation (MSF), for the reporting period above, was in its 9th year of operating and has seen a number of milestones achieved. MSF has continued to strengthen its governance, structure, achievements and development of its Trustees and Staff.

Highlighted Successes

- School Games are traditionally for competitive children and have events held in person. We have been on a journey to re-frame them and make them more inclusive, whilst exploring different ways of taking part given COVID restrictions.
- We have worked with the County Football Association, 5 of our local authorities and our football partners, such as Everton in the Community and Liverpool Football Club Foundation to bring together a country first approach to improving opportunities for people to get involved in football that mightn't normally.
- This Girl Can and Parkrun teamed up with us on International Women's Day to encourage women to take part in our local Park Run in Croxteth. Through Sport England's Tackling Inequality Fund, with MSP we were able to provide support to women from diverse backgrounds to take part in physical activity through the pandemic.
- There has never been a more important time to focus on improving well-being and we have helped people of all ages to do just that. For children and young people, we began the journey of transitioning from trying to get schools to adopt The Daily Mile, to broadening the scope of how to help and influence schools, and ultimately the children and their families to be more active.
- For our older adults we continued working with clubs to encourage people to take part in our Bowls for Health and Boccia for Health programmes, with 54% of participants sharing that their mental wellbeing was improved as a result of attending.
- Movement, physical activity and sport have also played a huge part in developing peoples' skills and Workforce has always and will continue to be a key aspect of our work
- With only 30% of pre-pandemic coaching workforce / volunteers being female pre-pandemic, MSP and MSF have worked with Active Cheshire and England Boxing to develop a female only Boxing coaching level 1 course with 11 new coaches qualified. Working with Made up to Move Ltd, we were able to co-produce resources to support coaches to help make their sessions more positive and inclusive for young people.
- Through the pandemic one of our key focus areas has been strengthening communities and the networks we are part of.
- We were able to provide evaluation and learning support to Liverpool City Council's Physical Activity and Sport Development Team for their "Get Out, Get Active" project, targeting socially disconnected groups that were more likely to suffer from health inequalities.
- People with long term health conditions were a focus of Wirral's We Are Undefeatable project and MSP was able to provide support for the measurement and learning approach to understand the impact and themes that could inform future programme development
- In collaboration with Active Cheshire and Cheshire and Merseyside's Health and Care Partnership we have been able to work at a whole system level to influence greater activity within health provision and develop a strategic approach.
- As the lead for the MIND North West Regional Development Network we have been able to strengthen the network and connection between physical activity and mental health benefits, in particular working with Wirral MIND to kickstart a Motiv8 programme.
- Our collaboration with the Community Foundation and Merseyside Violence Reduction Partnership has helped strengthen the network of community sports, arts and culture organisations in priority areas and invest £390,000 to provide effective provision and engagement for young people who may be at risk of experiencing or becoming involved with violent crime, gangs or anti-social behaviour.
- Economic prosperity through the pandemic has been severely impacted with many people being forced to adapt their working lives to furlough, work from home, teaching their children whilst working.
- Our Active Workplace programme, in conjunction with Liverpool City Council looked at how we can help people to adapt and reduce sedentary behaviour for employees across Merseyside; combining online webinars, activity challenges and training to do this.

FINANCIAL REVIEW

Reserves policy

The Board of Trustees conduct an annual review of the level of unrestricted reserves in the general fund by considering risks associated with the various income streams, expenditure plans and balance sheet items. This enables an estimate to be made of the level of reserves that are sufficient:

- to allow time for re-organisation in the event of a downturn in income or asset values
- to protect ongoing work programmes
- to allow the Charity to meet its objectives

This figure is currently £58,670. Restricted funds for this year £58,670 total which equates to 3 months operating costs and redundancy costs.

Investment policy and objectives

The trustees' investment objective is to maximise long-term total return. The trustees' investment policy is to achieve long-term growth in both income and capital value through low risk bank savings.

FUTURE DEVELOPMENTS

The charity's aims and objectives remain constant and do not change from year to year.

Approved by order of the board of trustees on [date] and signed on its behalf by:

J Bell - Trustee

MERSEYSIDE SPORTS FOUNDATION
CHAIRS FOREWORD
FOR THE YEAR ENDED 31 MARCH 2021

Chairs Foreword

A year unlike no other – full of positives & negatives – a year in which we’ve all had to continually learn & adapt and yet through it all the Trustees and staff have not only continued to deliver but in fact strengthen and grow. We have found innovative ways of working, supported each other, supported the communities MSF serves, built new partnerships and strengthened current relationships, whilst also developing a new vision, mission and business plan... A short description of an extraordinary year, which we are proud of I am sure you will agree with as you read on.

Merseyside Sports Foundation (MSF) receives the majority of its awards from National Lottery Funds through Sport England. MSF has continued to align with Sport England’s strategy, ‘Towards an Active Nation’, with a key focus on inactive and under-represented groups, looking to impact the lives of the residents of Merseyside. The effects of the pandemic, which affected the UK for the entire 2020/21 financial year, were felt particularly in Merseyside and impacted on many of the communities in our region. Our work has involved rapid development and progress born out of urgent necessity. So, whilst there’s lots we’ll understandably want to move on from, there are many positives worth acknowledging, building on and taking forward with us as we continue to serve Merseyside supporting our vision of empowering Merseyside communities to enhance their lives.

Connection

- We not only supported existing partners throughout this difficult time but, in fact, re-energised relationships with them, an example being our relationship with Liverpool City Council.
- A larger and broader range of relationships were forged with new types of organisations, for example.... Our team were key to this

Innovation

- Working practices were quickly adapted utilising technology when office-based working, face-to-face contact and travel became impossible
- As a team we adopted new collaboration styles and tools
- Delivery was switched to virtual for School Games, The Daily Mile™, knowledge sharing/discussion sessions and more, which not only allowed for continuation, but also extended reach
- MSF, together with support from Oaks Consultancy, has created a business plan, with a new vision and mission

Resilience

- The team adapted well to the ‘new normal’ at speed and under unprecedented strain, effecting a near seamless transition to remote working
- We continued to operate as a high-performing organisation throughout the 12-months whilst functioning remotely

All of this was in addition to the “day job” and I’d like to formally thank each and every member of the team for their incredible achievements in the toughest of circumstances. Well done.

John Bell, Chair, Merseyside Sport Foundation

MERSEYSIDE SPORTS FOUNDATION
REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 31 MARCH 2021

The Trustees, who are also Directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 March 2021. The trustees have adopted the provisions of the Statement of Recommended Practice (SORP) 'Accounting and Reporting by Charities' issued in March 2005.

Merseyside Sports Foundation (MSF), for the reporting period above, was in its eighth year of operating and has seen a number of milestones achieved. MSF has continued to strengthen its governance, structure, achievements and development of its five trustees and eight members of staff.

Highlighted Successes

During this reporting period MSF has seen some significant new successes. MSF would like to highlight the following:-

- Provided advice, guidance and funding support to a wide and diverse range of community organisations, encouraging local communities to lead a more active lifestyle.

- Improved capacity, skills and knowledge of the workforce across Merseyside. Whilst we have not run any workshops or courses since the pandemic started but have been constantly advertising via Sport Suite and promoting via twitter and facebook. From March 2020 up to April 2021 we have provided opportunities for coaches, clubs, community groups and our followers with 305 workshops/courses and a variety of options from UK Coaching, Club Matters, NCVO, Universities etc with choices like Safeguarding, writing bids, behaviour changes and so much more..

- Successfully extended a funding opportunity to support Mind's Physical Activity team to become a Hub and be responsible for a Regional Network of sport, physical activity and mental health organisations. We have been working with MSP to influence their research into practice within youth sports which have an impact on young people and the workforce. Research was commissioned to an exercise psychologist and we have gained understanding on experiences of the workforce and perceived barriers to youth participation. This has also informed the need mentioned above - creation of resource is the next phase. The network is also working closely with Greater Sport and Manchester Met University to support university services to connect sport and leisure opportunities with student needs. The youth voice and lived experience of young people and students through this work will be used to shape the networks priorities and approach for this coming year

- Caste Study – Mind Innovation Fund - Phase 1 of "Bounceback" is now complete. 9 girls signed up. 8 finished. Each of the girls were hand delivered a 'Tool Box' with the resources for the programme. They reported meeting us first really helped. There were then 5 weekly, 90 min Zoom sessions. Each week focused on a different aspect of the 5 ways to well being. Each session used journaling, mantras, crafting and basketball drills to support the message we were getting across. The aim was for the girls to develop a relationship with us and each other so they would want to try our new #ball4allgrls sessions. Six of the girls have since attended each of the 3 sessions that have taken place. This pilot has been extremely insightful for Mersey Mavericks and our workforce. It allowed us to test some of the things we thought we knew would make a difference in encouraging girls participation, especially those who are more reluctant due to low self esteem and confidence issues. It has allowed us to kick start a "ball4allgirls ' session and has increased the number of girls taking part in the club. Most of these wouldn't have tried basketball otherwise.

- Within this year, MSF developed its own business plan and looks to build on its implementation into 2021/22

- MSF utilised funding from the National Lottery Community Fund and Liverpool City Council Community Resource Grant to scale up Bowl for Health and Boccia for Health - The impact of Covid-19 severely disrupted the Bowl for Health project delivery, with 22 courses across Liverpool, Sefton, St Helens and the Wirral postponed. The National Lottery Community Fund agreed to extend our funding delivery window up to December 2022. In September 2020 we did work with one bowling club in Liverpool to deliver a pilot Bowl for Health course with effective social distancing measures in place, with 12 attendees. For Boccia for Health, our Liverpool City Council Community Resource Grant delivery project was again severely impacted by Covid-19, with delivery deferred until 2021/22. However, we were able to set the foundations for future delivery during this financial year by working with Onward Housing to train 10 employees to be able to deliver boccia sessions in their respective venues once restrictions ease
- The Daily Mile Sport England Contract - With The Daily Mile initiative funding coming to an end in July 2021, our focus has been on ensuring it's sustainability for schools across LCR. The impact of Covid 19 majorly has disrupted school life, as a result, it has been a difficult 18 months to really promote The Daily Mile. We have however managed to meet initial targets set by Sport England, organise and run a county wide virtual Daily Mile Day (15,000 participants), facilitate a national daily mile day, film a case study video and create a variety of resources designed to ensure schools will be able to continue to enjoy The Daily Mile past July 2021.

FINANCIAL REVIEW

Reserves policy

The Board of Trustees conduct an annual review of the level of unrestricted reserves in the general fund by considering risks associated with the various income streams, expenditure plans and balance sheet items. This enables an estimate to be made of the level of reserves that are sufficient:

- to allow time for re-organisation in the event of a downturn in income or asset values
- to protect ongoing work programmes
- to allow the Charity to meet its objectives

This figure is currently £ 96,539. Restricted funds for this year £90,252 total which equates to 3 months operating costs.

Investment policy and objectives

The trustees' investment objective is to maximise long-term total return. The trustees' investment policy is to achieve

long-term growth in both income and capital value through low risk bank savings.

FUTURE DEVELOPMENTS

The charity's aims and objectives remain constant and do not change from year to year.
