UK FRIENDS OF AFIKIM
REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 31 MARCH 2022

The trustees have pleasure in presenting their report and the financial statements of the charitable trust for the year ended 31 March 2022. The trustees have adopted the provisions of the Statement of Recommended Practice (SORP) 'Accounting and Reporting by Charities' issued in March 2005 in preparing the financial statements of the Charity.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The Charity is controlled by its governing document, a deed of trust and constitutes an unincorporated charity.

Risk Management

The trustees have a duty to identify and review the risks to which the charity is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error.

OBJECTIVES AND ACTIVITIES

Objectives and aims

The objectives of the charity are the advancement and furtherance of the Jewish religion and Jewish religious education and the alleviation of poverty amongst the Jewish community throughout the world.

During this era of social complexity, Israeli society is faced with a troubling situation: the increasing number of children at-risk. At present, 330,000 Israeli children are classified as “at-risk” and live in a daily state of crisis. The parental functioning in these families is generally deficient due to a difficult economic situation, unemployment, emotional or physical abuse and more. This lack of family support, in addition to living in poverty, diminishes the chances of children at-risk to escape the cycle of distress that envelops them.

In 2007, the **AFIKIM** Association, rose to the challenge and developed a unique intervention program. The focus of the **AFIKIM** program is on children and their families. Our aim is to provide children at-risk with their immediate needs while integrating them into a long-term program geared towards excellence in education, values and character. This is achieved through learning enrichment and character development while simultaneously integrating their parents into the **AFIKIM** Center for Parental Empowerment. Working with the family as a unit strengthens the family’s stability and is the secret to advancing the child.

AFIKIM After-School Educational Centers provide a positive year-round framework (incl. school vacations). Children join in 3rd grade and remain in the program through the 8th grade when they are better equipped for high school and their future. Daily, they receive lunch and supper, study Hebrew, math, English and lessons in life skills and values. Classes are delivered by professional teachers in small groups of 10. Each child also participates in extra-curricular activities, as well as a weekly computer course. Most significantly, the **AFIKIM** staff is in regular contact with the children's teachers to individualize the program as needed.

To ensure a secure future for each child, their parents are integrated into the **AFIKIM** Parental Empowerment Centers where they develop skills for managing their homes and families, while enhancing their vocational skills. Activities are moderated by a professional facilitator and courses are administered by licensed teachers. This program helps the beleaguered parents cope with the challenging demands of parenting and of life.

UK FRIENDS OF AFIKIM
REPORT OF THE TRUSTEES
FOR THE YEAR ENDED 31 MARCH 2022

The **AFIKIM** Association presently operates a network of after-school centres in Jerusalem, Kiryat Malachi, Lod and Kiryat Shmona. The unique program is built on the conviction that supportive frameworks both at home and at school assist children emotionally and academically, allowing them to grow and advance.

The Uk Friends of Afikim also supports the poor and children at risk in the UK. We have recently increased our activities in this area thanks to the restricted grant received.

AFIKIM's integrated program is unique in a variety of ways:

- **In-depth work:** Children are members of the center for six consecutive as opposed to the one-year programs of other after-school centers.
- **Parental involvement:** Parents are members of the Center for Parental Empowerment for six years in order to rehabilitate the family unit.
- **Academic excellence:** The teaching staff is comprised of professional teachers, rather than volunteers, and follows a Ministry of Education curriculum to advance required learning material.
- **Focus on values and good character:** The center promotes ethical behavior and Jewish values in a daily values education program.
- **Continuous programming:** Activities take place throughout the year including holidays and school vacations.
- **Extracurricular activities:** The children are integrated into specialized workshops according to their personal choice and talent.
- **Computers program:** The children (and parents) participate in computer courses order to bridge the digital gap.
- **Cooperation with schools:** AFIKIM staff works closely with the children's teachers to monitor and advance the child's progress.

FINANCIAL REVIEW

Reserves policy

It is the policy of the charity to maintain unrestricted funds, which are the free reserve of the charity, at a level which the trustees think appropriate after considering the future commitments of the charity and the likely administrative costs of the charity for the next year.
