Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	This charity has been set up to provide free consultation and medication to the poor and needy.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>Al Noor Medical Trust exists to relieve poverty and improve health outcomes for poor and needy communities in deprived areas of Pakistan. In furtherance of these charitable purposes, the Trust provides a range of free healthcare and welfare services to the public.</p> <p>During the year, the Trust's main activities included the provision of free medical consultations and essential medicines, the distribution of food ration packs to vulnerable families, and the delivery of free eye care services, including cataract surgeries, eye consultations, and diagnostic assessments. The Trust also supplied medical aids to individuals with disabilities to improve mobility and quality of life.</p> <p>These activities are undertaken for the public benefit and are targeted at individuals who would otherwise be unable to access or afford basic healthcare and essential support.</p>

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Over the years, Al Noor Medical Trust has made significant strides in fulfilling its mission to improve the health and well-being of those in need, particularly through its cataract surgery programme. The charity has grown substantially in both capacity and reach, and has successfully delivered over 100 free cataract operations, restoring sight and significantly improving the quality of life for many beneficiaries who would otherwise have been unable to access such treatment.</p> <p>In response to growing demand for services, the Trust has continued to strengthen its operations. Investment in advanced medical equipment has enabled the charity to provide more comprehensive and effective care, allowing a greater number of patients to receive timely diagnosis and treatment for eye conditions and general medical concerns. As a result, more people are now accessing the Trust's services for both eye care and wider</p>

		<p>medical consultations than in previous years.</p> <p>During the year, the charity further enhanced accessibility to its services through the purchase of an ambulance, enabling outreach to individuals who are unable to attend the clinic due to distance, mobility issues, or poor health. This has ensured that the most vulnerable members of the community are not excluded from receiving essential medical care.</p> <p>The Trust has also continued to provide medical equipment free of charge to those in need, removing financial barriers for individuals who require ongoing support to manage their health conditions. In addition, recognising the wider challenges faced by disadvantaged families, the charity has expanded its support by distributing food ration packs to those most in need, helping to address food insecurity alongside health needs.</p> <p>Overall, Al Noor Medical Trust has become stronger and more effective during the year, continuing to support an increasing number of beneficiaries and responding to rising demand for its services. The impact of the charity's work extends beyond individual beneficiaries, contributing to improved public health, reduced inequality in access to healthcare, and stronger, more resilient communities. By restoring sight, improving health outcomes, and providing essential support, the Trust delivers lasting benefits both to individuals and to society as a whole.</p>
