**CTU COMMUNITY PROJECT**  
**REPORT OF THE TRUSTEES**  
**FOR THE YEAR ENDED 31 MARCH 2025**

---

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 March 2025. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

**OBJECTIVES AND ACTIVITIES**

The objectives of the charity are principally the promotion for the public benefit of urban regeneration in areas of social and economic deprivation (and in particular within the London Borough of Camden). The trustees confirm that they have referred to the guidance contained in the charity commission's general guidance on public benefit when reviewing the charity's aims and objectives and in planning future activities.

CTU Community project [CTUCP] was established to provide centres for business hot-desking space and lease empty shops to give people who have pop up shop ideas an opportunity to trade.

**Main activities to further public benefit**

CTUCP's main activity is providing free hot-desking space and subsidised private offices for start-up businesses in Camden, this provides a wide range of public benefits:

- **Business Creation:** the support provided by CTUCP, not only through business space but also training and collaboration opportunities allows start-ups to experiment with their business model, push for growth, and become viable, mature businesses more quickly.
- **Job Creation:** the growth of these businesses creates new jobs, reducing unemployment and delivering social and economic uplift to the area. Many Collective businesses also offer work experience to young people.
- **Building occupancy benefits:** bringing blighted and disused buildings into use brings footfall to underused areas, increasing turnover for local retailers and reducing crime through passive crime defence.
- **Business space creation:** London's business space is under pressure due to the increasing value of residential units and legislation making the conversion of office space to residential more attractive. CTUCP provides business space, not only nurturing the growth of innovative start-ups but also supporting existing SMEs.

In planning CTUCP's activities for the year the trustees kept in mind the Charity Commissions guidance on public benefit at trustee meetings.

The promotion for the public benefit of urban regeneration in areas of social and economic deprivation (and in particular within the London Borough of Camden) by all or any of the following means:

- (a) the relief of poverty;
- (b) the relief of unemployment;
- (c) the advancement of education, training or retraining, particularly among unemployed people, and providing unemployed people with work experience;
- (d) the provision of financial assistance, technical assistance or business advice or consultancy in order to Provide training and employment opportunities for unemployed people in cases of financial or other charitable need through help:
  - (i) in setting up their own business, or
  - (ii) to existing businesses;
- (e) the creation of training and employment opportunities by the provision of workspace, buildings, and/or land for use on favourable terms;
- (f) such other means as may from time to time be determined subject to the prior written consent of the charity commission; and together with the pursuance of such other charitable purposes consistent with the above as the trustees in their absolute discretion shall determine.

**OBJECTIVES AND ACTIVITIES - continued**

**Short and long-term aims and objectives**

In the short term CTUCP continues to offer free & subsidised business space to start-up businesses. CTUCP's long-term goal is to create a funding package to secure permanent space(s), anchoring an investment that can continue to provide social outputs, repay any investments and provide capital for future charitable works.

**ACHIEVEMENT AND PERFORMANCE**

**Summary of main achievements of the charity**

- Collective Auction Rooms: CTUCP continues to operate a coworking space in the heart of Camden Town.
- CTUCP has begun occupation of the vacant Hawley Infants School, adjacent to Collective Auction Rooms. It provides current collective members with additional hotdesking, breakout and outside space, and offers free fixed desks to climate-tech start-ups.
- CTUCP has also begun to operate in the vacant caretakers house adjacent to Hawley Infants School.
- CTUCP has undertaken an upgrade of its CRM and streamlined its onboarding processes, allowing better tracking of the Collective membership and a 'collaboration database' to allow members to better find each other.

**Significant charitable activities**

CTUCP continue to run coworking spaces in the heart of Camden Town. Research into C3, CTUCP's long-term ambition to secure a permanent Collective space continues, along with negotiations for Collective space in new property developments.

**Achievements against objectives**

The new Collective CRM, and a 2024 membership survey found the following outputs over the year:

- 312 jobs created
- 475 Work placements created
- £13.3m capital raised by Collective start-ups
- £1m annual spend in Local businesses

**Performance of material fundraising activities**

CTUCP is in a surplus building phase, raising capital for future building renovation works. CTUCP continues to investigate grants for the project.

**Investment performance against objectives**

CTUCP records its performance based on the performance indicators used in its grant-funded stage as well as its charitable objectives.

**Effect of expenditure incurred to raise income in future**

To date preparation for future funding has required no expenditure aside from staff time.

**Impact reporting**

CTUCP continues to use the performance indicators arising from the several years it was funded and monitored by the GLA, Camden Council and Camden Town Unlimited.

Safeguarded jobs (i.e. those that may have been lost without the intervention) are not included.  Positions created before the start of the current Mayoral term are not to be included, even if they are recorded as achieved after the start of the Mayoral term (for example referring to outcomes recorded after 26 weeks).
<b>No. of jobs safeguarded</b>	Must be a permanent, FT equivalent job which is at risk when the project is approved. **ACHIEVEMENT AND PERFORMANCE - continued**

**Significant positive and negative factors within and outside control**

The most significant negative factor outside of CTUCP control is the acquisition and retention of empty buildings. CTUCP occupies disused and blighted buildings that generally have short leases. Mitigating this is CTUCP new strategy of acquiring longer term spaces in new developments as part of the developer's section 106 contributions. BaseKX was a pilot of this model, and CTUCP has secured another permanent space in an upcoming Camden development. Talks with other developers are ongoing.

**FINANCIAL REVIEW**

During the year the company made a surplus of £93,255 (2024: deficit £182,544). Collective has introduced a service charge for its larger members, income from this is used to fund CTUCP's free hot-desking offer and build reserve for future renovations.

**Reserves Policy**

CTUCP currently holds unrestricted reserves of £332,321 (2024: £239,066). Its transition from grant-funded to self-sufficiency has resulted in modification of its reserves policy.

**Financial effects of significant events**

Issues with acquisition of new space is mitigated by the capital CTUCP has begun to raise from service charge income, which would allow it to rent on a commercial basis if required.

**Investment policy and objectives**

CTUCP may invest funds appropriately in line with its charities objectives.

**Principal risks**

Acquisition of buildings: the nature of CTUCP's work means that the largest risk is the acquisition of disused/blighted buildings as previous CTUCP spaces are leased commercially or demolished. CTUCP's exploration of longer-term, purpose-built space in new developments reduces its reliance on disused buildings, and the capital raised from rental income could, if required, be used to lease commercial space, maintaining the project's momentum as new sites are sourced.

CTUCP's close association with Camden Town Unlimited BID means that it can continue to use CTU staff in-kind contributions and, if required, direct funding to maintain its operations and momentum.

**Factors affecting financial performance going forward**

Meanwhile projects using temporary spaces requires flexibility but within these parameters the charity forecasts and has had an increasingly stronger financial outlook going forwards.

**Principal funding sources**

The charity has transitioned into self-sufficiency from the service charge applied to established Collective members.

**CTU COMMUNITY PROJECT**  
**REPORT OF THE TRUSTEES**  
**FOR THE YEAR ENDED 31 MARCH 2025**

---

**FUTURE PLANS**

CTUCP is currently operating Collective Auction Rooms, and Collective Infants School but the priority remains identifying and refurbishing new site(s) to maintain the momentum CTUCP has built up over its years of operation.

Collective has been running free co-working space since 2009 and has occupied 19 buildings in that time. The experience gained during this time has allowed CTUCP to refurbish buildings at minimal costs, providing only the features most important to start-up and micro businesses.

**STRUCTURE, GOVERNANCE AND MANAGEMENT**

**Governing document**

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

**Recruitment and appointment of new trustees**

The Trustees are entitled to appoint new Trustees subject to the approval of the members.

The Trustees who served during the whole period from 1 April 2024 to the date of this report were:

S W B Pitkeathley

D L Thomas  
M Sagar  
W Fulford  
R J Terry

**Organisational structure**

Flat, with one member of staff with additional Camden Town Unlimited staff support.

**Induction and training of new trustees**

There is a process of induction for new trustees which includes meetings with current trustees and the provision of key information.

**Related parties**

The Charity is connected to Camden Town Centre Limited (Camden Town Unlimited or CTU) as Camden Town Centre Limited is the sole member of the Charity. The principal activity of Camden Town Unlimited is the operation of a BID Management Company delivering a business improvement district in Camden Town.

This report has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

The notes form part of these financial statements

**CTU COMMUNITY PROJECT**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 31 MARCH 2025**

---

**1. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with the Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; the Companies Act 2006; and the requirements of the Statement of Recognised Practice, Accounting and Reporting by Charities (effective 1 January 2015). The financial statements have been prepared under the historical cost convention.

The financial statements are presented in sterling (£) which is also the functional currency for the charity.

**Going concern**

Trustees are confident that the charities financial resources are sufficient to meet its liabilities for 12 months from authorising these financial statements and the budget income and expenditure remains sufficient with the level of reserves for the charity to continue as a going concern. The financial statements have therefore been prepared on a going concern basis.

**Judgements and key sources of estimation uncertainty**

The preparation of financial statements requires management to make judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on a continuing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

**Legal status**

The charity is a company limited by guarantee and has no share capital.

**Public Benefit**

The charitable company meets the definition of a public benefit entity under FRS 102.

**Income**

All incoming resources are included in the Statement of Financial Activities (SoFA) when the charity is legally entitled to the income after any conditions have been met, the amount can be measured reliably and it is probable that the income will be received.

Income from charitable activities includes bid income, income generated from pop up shops and rental income from sub-letting of the property held primarily for functional use by the charity.

Income from trading activities includes income earned from fundraising events held in the year, and consultancy fees.

**Expenditure**

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Expenditure is recognised where there is a legal or constructive obligation to make payments to third parties, it is probable that the settlement will be required and the amount of the obligation can be measured reliably. It is categorised under the following headings:

Costs of raising funds includes costs of generating voluntary income, fundraising events and fundraising trading.

Expenditure on charitable activities includes costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs allocated directly to such activities and those costs of an indirect nature necessary to support them.

Staff costs are allocated between cost headings according to the function of each employee.
