Shenley Christian Fellowship

Trustees' Report

The trustees, who are directors for the purposes of company law, present the annual report together with the financial statements of the charitable company for the year ended 31 October 2024.

Shenley Christian Fellowship is a group of Christian believers that have a living relationship with God through his son Jesus Christ. Our prime aim is to glorify Jesus Christ in our lives, our speech, our actions, and our worship; to be His witnesses and to make disciples. Our beliefs are biblical, in line with main line evangelical Christianity and are outlined in the statement of faith.

Structure, governance and management

The charity is a charitable company limited by guarantee, incorporated in England and Wales with company number 08148539, and was established on 18 July 2021. On 22 July 2013, the original charitable trust, Shenley Christian Fellowship Trust, charity number 1015402 (governed by the Declaration of Trust dated 3 March 1992 and the Supplementary Declaration of Trust 1 December 1999) was officially linked with the charitable company and was initially treated as forming a part of it. The funds of Shenley Christian Fellowship Trust are shown in these accounts as a restricted fund of the Reporting Charity.

The charity is governed by its Articles of Association as amended by special resolution dated 27 June 2013. The trustees, who are also directors for the purpose of company law, and who served during the year and up to the date of signature of the financial statements were:

- Mrs J A Messenger
- Dr M Owolabi
- Mrs K Sokunle
- Mr R Goodship
- Reverend R T Dilnot (resigned 7 May 2025)
- Mr C Rattray (appointed 19 May 2024)

The Chair of Trustees or Senior Pastor would meet with new Trustees to induct them into the role, taking them through the Trustee manual.

The charity is led by a group of Trustees who form the Leadership Team. The Minister is the only paid member of the Trustees and as Senior Church Leader his responsibility is to lead the church, together with the Leadership Team, following the model of congregational governance as laid out in the Constitution.

The charity is a member of the Baptist Union of Great Britain. It also works alongside other churches and denominations in Milton Keynes and beyond, to further the work of the Gospel of Jesus Christ.

Charity's Objectives:

The charity's objectives are:

- The advancement of the Christian faith for the benefit of the public.
- The relief of sickness and the preservation of health among people.
- The prevention or relief of poverty.

In furtherance of these objectives, the Trustees have established a building fund appeal to develop the permanent base which was opened in September 2016 and from which the charity can operate for the future.

Shenley Christian Fellowship

Trustees' Report

The policies that charity adopted in furtherance of these objectives continue to be consistent with those adopted by the original trust (Shenley Christian Fellowship Trust) which it now embraces.

The Trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

The charity seeks to make grant applications when available to various grant making bodies for different ministry projects to further advance the work that they seek to undertake in pastoral support, education, and the building of the second phase of the Church's building, the Oak Tree Centre, to enable further growth and development.

The charity could not fulfil its objectives without the dedicated and sacrificial support of the many volunteers who are both regular attendees of the church and those who attend the ministry activities but not the church itself. These volunteers are essential to the life of the charity and without them, it would be difficult to exist.

Achievements and Performance

The charities activities continued to thrive post pandemic as we continued to grow as a church family.

Acorns Family Outreach ministry

This continues to thrive with more families joining the group as some of the existing children move up to attending school. John Chapman continues to lead this ministry as Acorns Family Outreach Worker; leading a team of volunteers who sacrificially give their time each week (term time only) to assist in the running of this ministry. On occasions, we have had to turn families away due to demand as the activity can only operate within safe supervision levels.

Targeted towards children specifically, John Chapman additionally coordinates quarterly Church Family Services and Messy Church which the church views as essential inclusive activities to both ensure that we remain relevant for all age groups and serve as outreach activities for families who have yet to connect with local churches.

Winter Night Shelter

We partnered again with Winter Night Shelter MK for the 2023 – 24 winter season offering our building to host a group of homeless people overnight. Guests (up to a maximum of 16 persons) were provided with nutrition and slept at the church's building, the Oak Tree Centre on Sunday evenings. We could accommodate both male and female guests through the use of the main hall and separate meeting rooms.

Monday Club

The Monday Club, targeted towards more senior aged members of the church and local community continued to provide a safe and enjoyable space and to alleviate loneliness. During the year, the leading hosts changes with this group now led by Roger and Linda Goodship. A stable number of persons attend weekly derived from both the church family and local community.

Shenley Christian Fellowship

Trustees' Report

Food and Clothing Bank

We reported last year that we had commenced a Food and Clothing Bank ministry. This ministry has grown exponentially throughout the year. The Food and Clothing Bank continues to run on the last Friday of each calendar month, with 80 – 100 families accessing these resources each month, reaching many families experiencing significant hardship. The purpose of this ministry is to support families who are struggling financially, offering food from a selection of nonperishable foodstuffs and clothing all free of charge. In order to grow this ministry, the Food and Clothing Bank leader with the support of the Leadership Team at Shenley Christian Fellowship is progressing this as a community funded activity with its own accounts and accountability. Bank accounts are currently being finalised and once complete, this service will be registered as an independent charity with its own Directors. Shenley Christian Fellowship remain committed to this importance of this ministry and will continue to host the Food and Clothing Bank at the Oak Tree Centre so that it remains central to the public living in the Shenley's in Milton Keynes.

Youth and Children's Ministry

Throughout this year we have struggled to find leaders or helpers to serve in these ministries. This has resulted in us only being able to offer directed Children's and Youth / young people's work twice monthly. Recruiting volunteers to serve in this ministry is not an issue unique to us but one that we are prayerfully seeking solutions to enhance the offer we currently provide.

As reported in last year's report, we leased a Portakabin for use primarily as a resource for teaching youth. This works well for us with good feedback from the youth, teachers and helpers however the cost of this is high so in the next year we will be looking at alternative solutions to that of the continued leasing of the Portakabin as we currently remain challenged for space for teaching and supporting Children's and Youth activities on Sundays.

Sunday Services

Services for worship, bible teaching, testimonies and fellowship continue to be held every Sunday morning at the Oak Tree Centre. With the exception of family services, we continue to stream our services live via our church Facebook page and continue to be encouraged through the streaming investment we made last year. In the next year, we will be investing in a new sound desk that should further enhance the audibility of the service for those attending in person as well as those online. We continue to upload the Sunday teaching to our YouTube page after each service, so materials are retained and be accessed as needed. Throughout the year we have continued to support Café Church and Family Services with the intent to reach as many associated with the church as possible.

Teaching continues on subjects such as Baptism, offering baptism through submersion as people define this as a personal need.

Building and Governance

The Oak Tree Centre

The use of our building, the Oak Tree Centre, continues to grow. Hire and use of our building continues to be managed by a Centre Manager with the centre now running to almost full capacity. This includes the hire to two other churches that meet on a Saturday and Sunday afternoon respectively who share Statements of Faith similar in principle to that of Shenley Christian Fellowship.

Shenley Christian Fellowship

Trustees' Report

Hirers continue to grow and change as their needs change with many community hirers remaining committed to using our facilities. A future piece of work that we need to engage in is a review of rental costs for accommodation as some hirers have been with us over many years and have benefitted from a lower than inflationary costs charge. Under the Directors of the Oak Tree Centre, we will be looking at how we can increase income from accommodation and bring our charges more in line with other similar centres.

We continue to pause the building of Phase 2 until finances are more buoyant. We continue to repay loan requirements from the original Phase 1 building but acknowledge that the longer we wait to commence building on Phase 2 (incorporating a 450-seat auditorium, youth areas and further offices), costs for new building continues to escalate that makes Phase 2 a challenge.

Future Plans

The Oak Tree Centre – The Trustees recognise that there is an increasing need to build Phase 2 of the Oak Tree Centre. This is reflected specifically in our current need to lease use of a Portakabin for use with Youth ministry. Accommodation remains challenging and should we see significant growth, will require us as Trustees alongside of the Directors of the Oak Tree Centre to find solutions to these challenges.

Leadership and governance - We are currently a small leadership team for the size of the church, so we continue to seek the right people, under God's guidance to join the Leadership Team. No new member joined the Leadership Team during this reporting period. In spring 2024, with the support of the church congregation, we moved from a position of membership to one of partnership. The practicalities of how this will be implemented to meet the needs of the Baptist Association's congregation governance model are still being worked through, but this does mean that our Articles of Association will require significant modification that will happen in the following 12 months to more clearly reflect the structure and governance of the church.

Life groups – Under the direction of one of the Leadership Team, the purpose and potential for 'doing life together' is being heard across the church. This has led to a slight increase in persons attending these groups, but we appreciate that there is still much to be done to promote these important groups across the church.

Safeguarding – we continue to be diligent in the work of safeguarding for the church. The use of the NSOCC's Safeguarding training continues to prove invaluable as has the Safeguarding reporting package that we subscribe to - MyConcern.

Staff – The church employs a small team of personnel in distinct roles including the Oak Tree Centre Manager, Bookkeeper, Acorns Families Outreach Pastor, Cleaner and Maintenance person as part-time staff in addition to a full-time minister. In addition, we contract on small fractional hours three persons for publicity and website administration, general administration and gardening.

Mission Support Giving – We continue to commit a sizeable proportion, representing almost 10% of our general income to other charities that have a Christian Ethos including Bridgebuilder Trust, MK Money Lifeline, Baptist Home Mission, Moorlands Bible College and two overseas missionaries working with Scripture Union. A small team oversee this ministry and review giving options annually.

Data Protection – We believe we comply with the Data Protection Policy under the government's General Data Protection Regulations and continue to use the IT package 'Church Suite' to assist in the handling of our data and communications.

The Trustees believe that we have achieved our objectives this year through the activities outlined above and are eager to develop the many good areas of work that are in progress.

Shenley Christian Fellowship

Trustees' Report

Financial Review

The General Fund of the Shenley Christian Fellowship income was £170,655 (2023: £139,985) whilst the General Fund expenditure, including transfers was £148,616 (2023: £142,700).

Restricted Funds were used to further the aims of the fellowship in accordance with the restrictions placed upon the gifts by the donors. The Family Fund continues to be used to relieve poverty and hardship in specific cases for those within the fellowship where needs exist. Details of the sources and use of the restricted funds are detailed in the accounts. Restricted Giving income shown in these accounts includes, where appropriate, an allocation from the Gift Aid that Shenley Christian Fellowship receives that is appropriate to the circumstances of the donation.

Total accumulated funds at the end of the year were as follows:

SCF General Funds £140,567 (2023: £118,528)

Restricted Funds £1,323,685 (2023: £1,166,033).

In addition, restricted funds given the charity received in the year amounted to £60,285 (2023: £59,074) and as shown in the accounts are principally attributed to the Building Fund. However, in accordance with the direction given by the Charity Commission, all the funds are treated as 'restricted' within these accounts for reporting of the charity.

Restricted Funds

As stated above, restricted funds were used to further the aims of the fellowship in accordance with the restrictions placed upon the gifts by the donors. The Family Fund continues to be used to relieve poverty and hardship in specific cases for those within the fellowship where needs exist. Details of the sources and use of the restricted funds are detailed in the accounts. Restricted Giving income shown in these accounts includes, where appropriate, an allocation from the Gift Aid that Shenley Christian Fellowship receives that is appropriate to the circumstances of the donation.

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained to be sufficient to meet all the financial obligations to the charity in terms of rent due for the property, salaries in lieu of notice for employees, and other essential expenditure. The Trustees consider that reserves at this level will ensure that in the event of a significant reduction in funding, they will be able to continue the Charities current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout this period of reporting. The policy of the charity is to hold funds sufficient to cover three months of normal expenditure.

The annual report was approved by the trustees of the charity on 8 July 2025 and signed on its behalf by:

Julie Messenger

Trustee

Shenley Christian Fellowship

Statement of Responsibilities

The trustees (who are also the directors of Shenley Christian Fellowship for the purposes of company law) are responsible for preparing the trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including its income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards, comprising FRS 102 have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping proper accounting records that can disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

The annual report was approved by the trustees of the charity on 8 July 2025 and signed on its behalf by:

Julie Messenger

Miss J A Messenger
Trustee

**Chartered Accountants' Report to the Trustees on the Preparation of the Unaudited
Statutory Accounts of
Shenley Christian Fellowship
for the Year Ended 31 October 2024**

In order to assist you to fulfil your duties under the Companies Act 2006, we have prepared for your approval the accounts of Shenley Christian Fellowship for the year ended 31 October 2024 as set out on pages 10 to 30 from the company's accounting records and from information and explanations you have given us.

As a practising member firm of the Institute of Chartered Accountants in England and Wales (ICAEW) we are subject to its ethical and other professional requirements which are detailed at <http://www.icaew.com/en/members/regulations-standards-and-guidance/>.

This report is made solely to the board of directors of Shenley Christian Fellowship, as a body, in accordance with the terms of our engagement letter. Our work has been undertaken solely to prepare for your approval the financial statements of Shenley Christian Fellowship and state those matters that we have agreed to state to the board of directors of Shenley Christian Fellowship, as a body, in this report, in accordance with ICAEW Technical Release 07/16 AAF. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than Shenley Christian Fellowship and its board of directors as a body for our work or for this report.

It is your duty to ensure that Shenley Christian Fellowship has kept adequate accounting records and to prepare statutory accounts that give a true and fair view of the assets, liabilities, financial position and of Shenley Christian Fellowship. You consider that Shenley Christian Fellowship is exempt from the statutory audit requirement for the year.

We have not been instructed to carry out an audit or a review of the accounts of Shenley Christian Fellowship. For this reason, we have not verified the accuracy or completeness of the accounting records or information and explanations you have given to us and we do not, therefore, express any opinion on the statutory accounts.

Shenley Christian Fellowship

Independent Examiner's Report to the trustees of Shenley Christian Fellowship

I report on the accounts of the charity for the year ended 31 October 2024 which are set out on pages 10 to 30

Respective responsibilities of trustees and examiner

The trustees (who are also the directors of the company for the purposes of company law) are responsible for the preparation of the accounts. The trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the 2011 Act;
- to follow the procedures laid down in the general Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act; and
- to state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:

(1) which gives me reasonable cause to believe that in any material respect the requirements:

- to keep accounting records in accordance with section 386 of the Companies Act 2006; and
- to prepare accounts which accord with the accounting records, comply with the accounting requirements of section 396 of the Companies Act 2006 and with the methods and principles of the Statement of Recommended Practice: Accounting and Reporting by Charities

have not been met; or

(2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

For the financial year ending 31 October 2024 the charity was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the charity to obtain an audit of its accounts for the year in question in accordance with section 476; and
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These financial statements have been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006.

Notes to the Financial Statements for the Year Ended 31 October 2024

1 Charity status

The charity is limited by share capital, incorporated in England & Wales.

The address of its registered office is:

The Oak Tree Centre Wallinger Drive

Shenley Brook End

Milton Keynes

MK5 7GZ

These financial statements were authorised for issue by the trustees on 8 July 2025.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)) (issued in October 2019) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Basis of preparation

Shenley Christian Fellowship meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

Going concern

At the time of approving the financial statements, the Trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. The financial statements have therefore been prepared on a going concern basis.

Income and endowments

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of the income receivable can be measured reliably.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2024

Donations and legacies

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period.

Grants receivable

Grants are recognised when the charity has an entitlement to the funds and any conditions linked to the grants have been met. Where performance conditions are attached to the grant and are yet to be met, the income is recognised as a liability and included on the balance sheet as deferred income to be released.

Grant income from the Coronavirus Job Retention Scheme is recognised in the period to which the underlying furloughed staff costs relates.

Investment income

Dividends are recognised once the dividend has been declared and notification has been received of the dividend due.

Charitable activities

Charitable activities income relates to the Church cafe income, the Nursery provision income and events held at the premises.

Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Charitable activities

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustees meetings and reimbursed expenses.

Taxation

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2024

Tangible fixed assets

Individual fixed assets costing £100.00 or more are initially recorded at cost.

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Land and buildings	1% of building costs (once the building is brought into use)
Interest in property	no charge
Equipment	25% - 33% straight line
Fixtures, fittings & equipment	25% - 33% straight line

Business combinations

Business combinations are accounted for under the purchase method. Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by the charity. All intra-group transactions, balances, income and expenses are eliminated on consolidation. In accordance with Section 35 of FRS 102, Section 19 of FRS 102 has not been applied in these financial statements in respect of business combinations effected prior to the date of transition.

Fixed asset investments

Fixed asset investments, other than programme related investments, are included at market value at the balance sheet date. Realised gains and losses on investments are calculated as the difference between sales proceeds and their market value at the start of the year, or their subsequent cost, and are charged or credited to the Statement of Financial Activities in the period of disposal.

Unrealised gains and losses represent the movement in market values during the year and are credited or charged to the Statement of Financial Activities based on the market value at the year end.

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the charity will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2024

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the charity does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Borrowings

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs. Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Statement of Financial Activities over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the charity has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Fund structure

Unrestricted income funds are general funds that are available for use at the trustees discretion in furtherance of the objectives of the charity.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

Financial instruments

Classification

Financial assets and financial liabilities are recognised when the charity becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the charity after deducting all of its liabilities.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2024

Recognition and measurement

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the charity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the charity transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the charity, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2024

Debt instruments

Debt instruments which meet the following conditions are subsequently measured at amortised cost using the effective interest method:

(a) The contractual return to the holder is (i) a fixed amount; (ii) a positive fixed rate or a positive variable rate; or (iii) a combination of a positive or a negative fixed rate and a positive variable rate.

(b) The contract may provide for repayments of the principal or the return to the holder (but not both) to be linked to a single relevant observable index of general price inflation of the currency in which the debt instrument is denominated, provided such links are not leveraged.

(c) The contract may provide for a determinable variation of the return to the holder during the life of the instrument, provided that (i) the new rate satisfies condition (a) and the variation is not contingent on future events other than (1) a change of a contractual variable rate; (2) to protect the holder against credit deterioration of the issuer; (3) changes in levies applied by a central bank or arising from changes in relevant taxation or law; or (ii) the new rate is a market rate of interest and satisfies condition (a).

(d) There is no contractual provision that could, by its terms, result in the holder losing the principal amount or any interest attributable to the current period or prior periods.

(e) Contractual provisions that permit the issuer to prepay a debt instrument or permit the holder to put it back to the issuer before maturity are not contingent on future events, other than to protect the holder against the credit deterioration of the issuer or a change in control of the issuer, or to protect the holder or issuer against changes in levies applied by a central bank or arising from changes in relevant taxation or law.

(f) Contractual provisions may permit the extension of the term of the debt instrument, provided that the return to the holder and any other contractual provisions applicable during the extended term satisfy the conditions of paragraphs (a) to (c).

Debt instruments that are classified as payable or receivable within one year on initial recognition and which meet the above conditions are measured at the undiscounted amount of the cash or other consideration expected to be paid or received, net of impairment.

With the exception of some hedging instruments, other debt instruments not meeting these conditions are measured at fair value through profit or loss.

Commitments to make and receive loans which meet the conditions mentioned above are measured at cost (which may be nil) less impairment.

Investments

Investments in non-convertible preference shares and non-puttable ordinary or preference shares (where shares are publicly traded or their fair value is reliably measurable) are measured at fair value through profit or loss. Where fair value cannot be measured reliably, investments are measured at cost less impairment.

Investments in subsidiaries and associates are measured at cost less impairment. For investments in subsidiaries acquired for consideration including the issue of shares qualifying for merger relief, cost is measured by reference to the nominal value of the shares issued plus fair value of other consideration. Any premium is ignored.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2024

Derivative financial instruments

The charity uses derivative financial instruments to reduce exposure to foreign exchange risk and interest rate movements. The charity does not hold or issue derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each reporting date. The resulting gain or loss is recognised in statement of financial activities immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in statement of financial activities depends on the nature of the hedge relationship.

Fair value measurement

The best evidence of fair value is a quoted price for an identical asset in an active market. When quoted prices are unavailable, the price of a recent transaction for an identical asset provides evidence of fair value as long as there has not been a significant change in economic circumstances or a significant lapse of time since the transaction took place. If the market is not active and recent transactions of an identical asset on their own are not a good estimate of fair value, the fair value is estimated by using a valuation technique.

8 Trustees remuneration and expenses

During the year the charity made the following transactions with trustees:

Reverend Dilnot

Reverend Dilnot received remuneration of £29,507 (2023: £28,924) during the year.

During the year a Trustee, Reverend R T Dilnot, was employed as a Senior Church Leader. His salary included a housing allowance of £13,969 (2023: £13,335). Pension contributions paid on behalf of the Senior Church Leader were £4,562 (2023: £4,233).

In addition the charity owns a 20% interest in the property owned by the Senior Church Leader personally which was acquired at a cost of £52,770 and is shown in these accounts in fixed assets. The Charity is entitled to a 20% share in any uplift in value between the date of purchase and the date of sale. The entitlement will only arise on the sale of the property and is secured in favour of the Charity by way of a second mortgage charge..

No other trustee (or persons connected to them) received any remuneration or had expenses reimbursed during the year.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2024

9 Staff costs

The aggregate payroll costs were as follows:

	2024 £	2023 £
Staff costs during the year were:		
Wages and salaries	<u>58,606</u>	<u>57,228</u>

Included within wages and salaries are pension costs of £7,120 (2021: £7,797)

The monthly average number of persons (including senior management / leadership team) employed by the charity during the year expressed as full time equivalents was as follows:

	2024 No	2023 No
Total	<u>5</u>	<u>5</u>

2 (2023 - 2) of the above employees participated in the Defined Contribution Pension Schemes.

1 (2023 - 1) of the above employees participated in the Defined Benefit Pension Schemes.

Contributions to the employee pension schemes for the year totalled £4,876 (2023 - £4,439).

No employee received emoluments of more than £60,000 during the year.

20 Pension commitments and other post-retirement benefits

Defined benefit scheme

The Church is an employer participating in a pension scheme known as the Baptist Pension Scheme (the Scheme), which is administered by the Pension Trustee (Baptist Pension Trust Limited). The Scheme is a separate legal entity and the assets of the Scheme are held separately from those of the Employer and the other participating employers:

For any month, each participating employer in the Scheme pays contributions as set out in the Schedule of Contributions in force at the time.

The Scheme is considered to be a multi-employer scheme as described in Section 28 of FRS102. This is because it is not possible to attribute the Scheme's assets and liabilities to specific employers and meant that contributions are accounted for as if the Scheme were a defined contribution scheme. The pension costs charged to the SoFA in the year are contributions payable towards benefits and expenses accrued in the year, plus any impact of deficiency contributions (see below).

The Minister is eligible to join the scheme.

From January 2012, pension provision is being made through the Defined Contribution (DC) Plan with the Scheme. In general members pay 8% of their Pensionable Income and employers pay 6% of members' Pensionable Income into individual pension accounts which are operated and managed on behalf of the Pension Trustee by Legal and General Life Assurance Society Limited. In addition, the employer pays a further 4% of Pensionable Income to cover Death in Service Benefits, administration costs, and an associated insurance policy which provide income protection for Scheme members in the event that they are unable to work due to long term incapacity. This income protection policy has been insured by the Baptist Union of Great Britain with Aviva plc. The further 4% contribution rate is reduced to 3% for Employers Contributions made to the Segregated DC Arrangements.

Benefits in respect of service prior to 12 January 2012 are provided through the Defined Benefit (DB) Plan within the Scheme. The main benefits for pre-2012 service were a defined benefit pension of one eightieth of Final Minimum Pensionable Income for each year of Pensionable Service, together with additional pension in respect of premiums paid on Pensionable Income in excess of Minimum Pensionable Income. The Scheme, previously known as the Baptist Ministers Pension Fund, started in 1925, but was closed to future accrual of defined benefit on 31 December 2011.

Shenley Christian Fellowship

Trustees' Report

The trustees, who are directors for the purposes of company law, present the annual report together with the financial statements of the charitable company for the year ended 31 October 2023.

Shenley Christian Fellowship is a group of Christian believers that have a living relationship with God through his son Jesus Christ. Our prime aim is to glorify Jesus Christ in our lives, our speech, our actions, and our worship, to be His witnesses and to make disciples. Our beliefs are biblical, in line with main line evangelical Christianity and are outlined in the statement of faith.

Structure, governance and management

The charity is a charitable company limited by guarantee, incorporated in England and Wales with company number 08148539, and was established on 18 July 2012. On 22 July 2013 the original charitable trust, Shenley Christian Fellowship Trust, charity number 1015402 (governed by the Declaration of Trust dated 3 March 1992 and the Supplementary Declaration of Trust 1 December 1999) was officially linked with the charitable company and was initially treated as forming a part of it. The funds of Shenley Christian Fellowship Trust are shown in these accounts as a restricted fund of the Reporting Charity.

The charity is governed by its Articles of Association as amended by special resolution dated 27th June 2013. The trustees, who are also the directors for the purpose of company law, and who served during the year and up to the date of signature of the financial statements were:

Reverend R T Dilnot

Miss J A Messenger

Dr M O Owolabi

Mr R Goodship

Mr C Rattray (appointed 19 May 2024)

The Chair of Trustees, would meet with new Trustees to induct them into the role, taking them through the Trustee manual.

The charity is led by a group of Trustees, who form the Leadership Team. The Minister is the only paid member of the Trustees and as Senior Church Leader his responsibility is to lead the church, together with the Leadership Team, following the model of congregational governance as laid out in the Constitution.

The charity is a member of the Baptist Union of Great Britain. It also works alongside other churches and denominations in Milton Keynes and beyond, to further the work of the Gospel of Jesus Christ.

Charity's Objectives

The charity's objectives are:

- The advancement of the Christian faith for the benefit of the public.
- The relief of sickness and the preservation of health among people.
- The prevention or relief of poverty.

In furtherance of these objectives the Trustees have established a building fund appeal to further develop the permanent base which was opened in September 2016 and from which the charity can operate for the future.

The policies the charity adopted in furtherance of these objectives continue to be consistent with those adopted by the original trust (Shenley Christian Fellowship Trust), which it now embraces.

Shenley Christian Fellowship

Trustees' Report

The Trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

The charity seeks to make grant applications to various grant making bodies for different ministry projects, to further advance the work that they seek to undertake in pastoral support, education, and the building of the second phase of the Church's building, the Oak Tree Centre, to enable further growth and development.

The charity could not fulfil its objectives without the dedicated and sacrificial support of the many volunteers who are both regular attenders of the church and those who attend the ministry activities but not the church itself. These volunteers are essential to the life of the charity and without them we would not exist.

Achievements and Performance

The charity's activities gained greater pace as we continued to grow as a church family.

Acorns Family Outreach ministry: This has continued to grow well with more families joining the group as some of the existing children moving up to school. We also had a change of leader. Joy Dilnot, who was our Acorns Family Outreach Pastor, returned to full time teaching. Following a recruitment process, John Chapman was appointed as Acorns Family Outreach Worker and has done a great job leading the team of volunteers who sacrificially give their time each week (term time only) to assist in the running of this ministry.

Winter Night Shelter: We partnered again for the 2022-2023 winter season with Winter Night Shelter MK, offering our building to host a group of homeless people overnight. All meals were prepared at Unity Park (the home of the Winter Night Shelter). But guests (up to a maximum of 16) slept at the church's building, the Oak Tree Centre on Wednesday nights.

Monday Club: In accordance with our plans, we started Monday Club, a group for the over 60s. This has been set up to provide a safe and enjoyable space for those aged 60+ in our community and our church and help to combat loneliness. Attendance has been good since we started in April 2023 and the group is steadily growing.

Food & Clothing Bank: We started a Food & Clothing Bank ministry this year, which runs on the last Friday of each month. This ministry is to support families struggling financially and offers them food from a selected range of essential non-perishable items (one of each item). There are also clothes that they can look through and take as needed. We have built the ministry up to supporting around 50 individuals/families per month.

Youth & Children's Ministry: Our ministry for ages 0-18 have continued to operate each Sunday, but recruiting volunteers is always a challenge, and not unique to us. Our youth (11-18's ministry) led a morning service this year, which was greatly appreciated and very well received.

Also, with Phase 2 of our building project temporarily shelved, we hired a Portakabin, which has been sited at the far end of our carpark, and which is used as the youth room on Sundays. It is also available to hire during the week for community groups. Whilst this is only a temporary solution, it is providing a separate space for the youth, and we are encouraging them to decorate it and make it their space.

Sunday Services: Services for worship, bible teaching, testimonies, and fellowship continue to be held every Sunday morning in our building, the Oak Tree Centre. We have continued to stream our services live via our church Facebook page and have invested in some equipment to improve the streaming quality and facilities. We also upload the Sunday teaching to our YouTube page in the week after the Sunday in question. Our continuing Café Church and family Services are developing well.

We also celebrated 4 people being baptised over this year, making a public declaration of their faith in Jesus Christ.

Shenley Christian Fellowship

Trustees' Report

The Oak Tree Centre

The use of our building, the Oak Tree Centre, has continued to grow again post-pandemic. Our Centre Manager, recruited in November 2022 tragically died in January 2023. This was a significant shock to the staff team and church congregation alike. In the interim, Pastor Ross Dilnot oversaw the running of the Oak Tree Centre in a reduced capacity, but in the autumn of 2023, we recruited a new Centre Manager.

Hirers continue to grow and change as their needs change. Regular community hirers have continued, and we still hire out for parties on a Saturday afternoon / evening, although we'd like to stop hiring for parties and seek a regular Saturday afternoon hirer instead.

We still need to build Phase 2 of the Oak Tree centre, but repayment of Phase 1 loans continues steadily, and costs of building have significantly risen, which makes Phase 2 a challenge.

Future Plans

Oak Tree Centre: The Trustees recognise that there is an increasing and fast approaching need to build Phase 2 of the Oak Tree Centre, but whilst repayment of Phase 1 loans continues steadily, costs of building have significantly risen, which makes Phase 2 a challenge.

Leadership & Governance: We are currently a small leadership team for the size of church, and are seeking to recruit the right people, under God's guidance, to join the Leadership Team. In January 2023, Kehinde Sokunle joined the group and has brought gifts of wisdom and discernment to strengthen the team.

Governance Change: In October 2022 we began a process with the church congregation to look at changing our church governance from having Church Members to having Partners. This also included streamlining the process requiring voting from the Members, and also reducing the Membership Meetings in favour of using technology to convey information (email, Zoom etc.). We foresee this process of consultation and change taking approximately and anticipate taking a vote on the change in the October 2023 Church Family Meeting.

Life Groups: Our development of our Life Group programme (mid-week small community groups) has not developed how we had hoped. However, we have now given the oversight of the ministry area to one of our Leadership Team with an aim to lead clearly from the top to re-build and re-structure our Life groups for the discipleship of all who attend these groups.

Safeguarding

We have continued to be thorough and diligent in the work of safeguarding for our church. The use of the NSPCC's Safeguarding training has proved invaluable, as has the Safeguarding reporting package that we subscribe to - MyConcern.

Staff

The church employed six staff - five part time (Oak Tree Centre Manager, Bookkeeper, Acorns Families Outreach Pastor, Cleaner and Maintenance person) and one full time ordained Baptist Minister. We also employed contracted workers for publicity and website administration, and gardening. The person we employed to administer phase 2 of the Oak Tree Centre building project retired, and this role has not currently been replaced, due to Phase 2 being temporarily shelved.

Mission Support Giving

As shown in our Statement of Accounts, we continued to commit a significant proportion of our income, almost £13,000, to other charities which have a Christian ethos including Bridgebuilder Trust, MK Money lifeline, Baptist Home Mission, Moorlands Bible College and two missionaries working for Scripture Union in other parts of the world. This giving is reviewed annually.

Data Protection

We believe we comply with the Data Protection Policy under the government's General Data Protection Regulations and continue to use the IT package called 'Church Suite' to assist in handling our data and communication.

Shenley Christian Fellowship

Trustees' Report

The Trustees believe that we have achieved our objectives this year through the activities outlined above and are eager to develop the good work that is in progress.

Financial review

General Fund of the Shenley Christian Fellowship income was £174,910 (2022: £139,985) whilst General Fund expenditure, including transfers was £142,548 (2022: £137,268).

Restricted Funds were used to further the aims of the fellowship and in accordance with the restrictions placed upon the gift by the donors. The Family Fund was used to relieve poverty and hardship in specific cases for those within the fellowship. Details of the sources and use of restricted funds are detailed in the accounts. Restricted Giving income shown in these accounts includes, where appropriate, an allocation from the Gift Aid that SCF receives that is appropriate to the circumstances of the donation.

Total accumulated funds at the end of the year were as follows: SCF General Funds £118,528 (2022: £86,526) and restricted funds £1,253,278 (2022: £1,254,063).

In addition, restricted funds given to the charity received in the year amounted to £785 deficit (2022: £67,191) and, as shown in the accounts are principally attributable to the Building Fund. However, in accordance with the direction given by the Charity Commission, all the funds of SCFT are treated as "restricted" within these accounts of the reporting charity.

Restricted funds

Restricted Funds were used to further the aims of the fellowship and in accordance with the restrictions placed upon the gift by the donors. The Family Fund was used to relieve poverty and hardship in specific cases for those within the fellowship and outside the fellowship as deemed appropriate. Details of the sources and use of restricted funds are detailed in the accounts. Restricted Giving income shown in these accounts includes, where appropriate, an allocation from the Gift Aid that SCF receives that is appropriate to the circumstances of the donation.

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained to be sufficient to meet all the financial obligations of the charity in terms of rent due for property, salary in lieu of notice for employees, and other essential expenditure. The Trustees consider that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the period. The policy of the charity is to hold funds sufficient to cover three months of normal expenditure.

The annual report was approved by the trustees of the charity on 15 July 2024 and signed on its behalf by:

Shenley Christian Fellowship

Statement of Trustees' Responsibilities

The trustees (who are also the directors of Shenley Christian Fellowship for the purposes of company law) are responsible for preparing the trustees' report and the financial statements in accordance with the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The annual report was approved by the trustees of the charity on 15 July 2024 and signed on its behalf by:

Ola Sokunle

Shenley Christian Fellowship

Independent Examiner's Report to the trustees of Shenley Christian Fellowship ("the Company")

I report to the charity trustees on my examination of the accounts of the Company for the year ended 31 October 2023.

Responsibilities and basis of report

As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of Shenley Christian Fellowship are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

I confirm that I am qualified to undertake the examination because I am a member of ICAEW, which is one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- accounting records were not kept in respect of the company as required by section 386 of the 2006 Act; or
- the accounts do not accord with those records; or
- the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
- the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2023

1 Charity status

The charity is limited by share capital, incorporated in England & Wales.

The address of its registered office is:

The Oak Tree Centre Wallinger Drive

Shenley Brook End

Milton Keynes

MK5 7GZ

These financial statements were authorised for issue by the trustees on July 2024.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)) (issued in October 2019) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Basis of preparation

Shenley Christian Fellowship meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

Going concern

At the time of approving the financial statements, the Trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. The financial statements have therefore been prepared on a going concern basis.

Exemption from preparing a cash flow statement

The charity opted to early adopt Bulletin 1 published on 2 February 2016 and have therefore not included a cash flow statement in these financial statements.

Income and endowments

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received, and the amount of the income receivable can be measured reliably.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2023

Donations and legacies

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period.

Grants receivable

Grants are recognised when the charity has an entitlement to the funds and any conditions linked to the grants have been met. Where performance conditions are attached to the grant and are yet to be met, the income is recognised as a liability and included on the balance sheet as deferred income to be released.

Grant income from the Coronavirus Job Retention Scheme is recognised in the period to which the underlying furloughed staff costs relates.

Investment income

Dividends are recognised once the dividend has been declared and notification has been received of the dividend due.

Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading those aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings, they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Charitable activities

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustees' meetings and reimbursed expenses.

Taxation

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Tangible fixed assets

Individual fixed assets costing £100.00 or more are initially recorded at cost.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2023

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Land and buildings	1% of building costs (once the building is brought into use)
Interest in property	no charge
Equipment	25% - 33% straight line
Fixtures, fittings & equipment	25% - 33% straight line

Business combinations

Business combinations are accounted for under the purchase method. Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by the charity. All intra-group transactions, balances, income and expenses are eliminated on consolidation. In accordance with Section 35 of FRS 102, Section 19 of FRS 102 has not been applied in these financial statements in respect of business combinations effected prior to the date of transition.

Fixed asset investments

Fixed asset investments, other than programme related investments, are included at market value at the balance sheet date. Realised gains and losses on investments are calculated as the difference between sales proceeds and their market value at the start of the year, or their subsequent cost, and are charged or credited to the Statement of Financial Activities in the period of disposal.

Unrealised gains and losses represent the movement in market values during the year and are credited or charged to the Statement of Financial Activities based on the market value at the year end.

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the charity will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2023

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the charity does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Borrowings

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs. Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Statement of Financial Activities over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the charity has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Fund structure

Unrestricted income funds are general funds that are available for use at the trustee's discretion in furtherance of the objectives of the charity.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

Financial instruments

Classification

Financial assets and financial liabilities are recognised when the charity becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the charity after deducting all of its liabilities.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2023

Recognition and measurement

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the charity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the charity transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the charity, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled, or expires.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2023

Debt instruments

Debt instruments which meet the following conditions are subsequently measured at amortised cost using the effective interest method:

(a) The contractual return to the holder is (i) a fixed amount; (ii) a positive fixed rate or a positive variable rate; or (iii) a combination of a positive or a negative fixed rate and a positive variable rate.

(b) The contract may provide for repayments of the principal or the return to the holder (but not both) to be linked to a single relevant observable index of general price inflation of the currency in which the debt instrument is denominated, provided such links are not leveraged.

(c) The contract may provide for a determinable variation of the return to the holder during the life of the instrument, provided that (i) the new rate satisfies condition (a) and the variation is not contingent on future events other than (1) a change of a contractual variable rate; (2) to protect the holder against credit deterioration of the issuer; (3) changes in levies applied by a central bank or arising from changes in relevant taxation or law; or (ii) the new rate is a market rate of interest and satisfies condition (a).

(d) There is no contractual provision that could, by its terms, result in the holder losing the principal amount or any interest attributable to the current period or prior periods.

(e) Contractual provisions that permit the issuer to prepay a debt instrument or permit the holder to put it back to the issuer before maturity are not contingent on future events, other than to protect the holder against the credit deterioration of the issuer or a change in control of the issuer, or to protect the holder or issuer against changes in levies applied by a central bank or arising from changes in relevant taxation or law.

(f) Contractual provisions may permit the extension of the term of the debt instrument, provided that the return to the holder and any other contractual provisions applicable during the extended term satisfy the conditions of paragraphs (a) to (c).

Debt instruments that are classified as payable or receivable within one year on initial recognition and which meet the above conditions are measured at the undiscounted amount of the cash or other consideration expected to be paid or received, net of impairment.

With the exception of some hedging instruments, other debt instruments not meeting these conditions are measured at fair value through profit or loss.

Commitments to make and receive loans which meet the conditions mentioned above are measured at cost (which may be nil) less impairment.

Investments

Investments in non-convertible preference shares and non-puttable ordinary or preference shares (where shares are publicly traded or their fair value is reliably measurable) are measured at fair value through profit or loss. Where fair value cannot be measured reliably, investments are measured at cost less impairment.

Investments in subsidiaries and associates are measured at cost less impairment. For investments in subsidiaries acquired for consideration including the issue of shares qualifying for merger relief, cost is measured by reference to the nominal value of the shares issued plus fair value of other consideration. Any premium is ignored.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2023

Derivative financial instruments

The charity uses derivative financial instruments to reduce exposure to foreign exchange risk and interest rate movements. The charity does not hold or issue derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each reporting date. The resulting gain or loss is recognised in statement of financial activities immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in statement of financial activities depends on the nature of the hedge relationship.

Fair value measurement

The best evidence of fair value is a quoted price for an identical asset in an active market. When quoted prices are unavailable, the price of a recent transaction for an identical asset provides evidence of fair value as long as there has not been a significant change in economic circumstances or a significant lapse of time since the transaction took place. If the market is not active and recent transactions of an identical asset on their own are not a good estimate of fair value, the fair value is estimated by using a valuation technique.

7 Trustees remuneration and expenses

During the year the charity made the following transactions with trustees:

Reverend R T Dilnot

Reverend R T Dilnot received remuneration of £28,924 (2022: £27,151) during the year.

During the year a Trustee, Reverend R T Dilnot, was employed as a Senior Church Leader. His salary included a housing allowance of £13,335 (2022: £13,369). Pension contributions paid on behalf of the Senior Church Leader were £4,233 (2022: £6,954).

In addition the charity owns a 20% interest in the property owned by the Senior Church Leader personally which was acquired at a cost of £52,770 and is shown in these accounts in fixed assets. The Charity is entitled to a 20% share in any uplift in value between the date of purchase and the date of sale. The entitlement will only arise on the sale of the property and is secured in favour of the Charity by way of a second mortgage charge.

Notes to the Financial Statements for the Year Ended 31 October 2023

19 Pension commitments and other post-retirement benefits

Defined benefit scheme

The Church is an employer participating in a pension scheme known as the Baptist Pension Scheme (the Scheme), which is administered by the Pension Trustee (Baptist Pension Trust Limited). The Scheme is a separate legal entity, and the assets of the Scheme are held separately from those of the Employer and the other participating employers.

For any month, each participating employer in the Scheme pays contributions as set out in the Schedule of Contributions in force at the time.

The Scheme is considered to be a multi-employer scheme as described in Section 28 of FRS102. This is because it is not possible to attribute the Scheme's assets and liabilities to specific employers and meant that contributions are accounted for as if the Scheme were a defined contribution scheme. The pension costs charged to the SoFA in the year are contributions payable towards benefits and expenses accrued in the year, plus any impact of deficiency contributions (see below).

The Minister is eligible to join the scheme.

From January 2012, pension provision is being made through the Defined Contribution (DC) Plan with the Scheme. In general members pay 8% of their Pensionable Income and employers pay 6% of members' Pensionable Income into individual pension accounts which are operated and managed on behalf of the Pension Trustee by Legal and General Life Assurance Society Limited. In addition, the employer pays a further 4% of Pensionable Income to cover Death in Service Benefits, administration costs, and an associated insurance policy which provide income protection for Scheme members in the event that they are unable to work due to long term incapacity. This income protection policy has been insured by the Baptist Union of Great Britain with Aviva plc. The further 4% contribution rate is reduced to 3% for Employers Contributions made to the Segregated DC Arrangements.

Benefits in respect of service prior to 12 January 2012 are provided through the Defined Benefit (DB) Plan within the Scheme. The main benefits for pre-2012 service were a defined benefit pension of one eightieth of Final Minimum Pensionable Income for each year of Pensionable Service, together with additional pension in respect of premiums paid on Pensionable Income in excess of Minimum Pensionable Income. The Scheme, previously known as the Baptist Ministers Pension Fund, started in 1925, but was closed to future accrual of defined benefit on 31 December 2011.

Actuarial valuation at 31 December 2019

A formal valuation of the Defined Benefit (DB) Plan was performed at 31 December 2019 by a professionally qualified Actuary using the Projected Unit Method. The market value of the scheme of the DB assets at the valuation date was £298 million.

The valuation of the DB Plan revealed a deficit of assets compared with the value of liabilities of £18 million (equivalent to a past service funding level of 94%). The Church and the other employers supporting the DB Plan are collectively responsible for funding the deficit.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2023

The key financial assumptions underlying the valuation were as follows:

RPI price inflation assumption	3.20% pa
CPI price inflation assumption	2.70% pa
Minimum Pensionable Income Increases (RPI)	3.20% pa
Assumed investment returns	
Pre-retirement	2.95% pa
Post retirement	2.70% pa
Deferred pension increases	
Pre April 2009	3.20% pa
Post April 2009	2.50% pa
Pensions increases	
Main Scheme pension	2.70% pa

Post retirement mortality in accordance with 80% of the S3NFA and S3NMA tables, with allowance for future improvements in mortality rates from 2013 in line with the CMI 2019 core projections, with a long-term annual rate of improvements of 1.75% for males and 1.5% for females, with the core smoothing parameter and with additional initial mortality improvement factor A=0.5%

The next actuarial valuation of the DB Plan with the Scheme is due to take place not later than as at the 31 December 2022.

Recovery plan

In addition to the contributions to the DB Plan set out above, where a valuation of the DB plan revealed a deficit the Trustee and the Council agree to a rate of deficiency contributions from churches and other employers involved in the DB Plan.

Under the current Recovery Plan dated 30 September 2020, deficiency contributions are payable until 30 June 2026. These contributions are broadly based on the employer's membership at 31 December 2014 and increase annually in line with increases to Minimum Pensionable Income as defined in the Rules. However, the Trustee and the Council agreed a 50% reduction for all deficiency contributions payable between 1 July 2020 and December 2020.

Defined contribution scheme

The Church also makes contributions to defined contribution pension schemes. The assets of these schemes are held separately from those of the Church in independently administered funds. The pension cost and charge represent contributions payable by the Church to these funds and amounted to £206 (2022: £166).

Trustees' Report

The trustees, who are directors for the purposes of company law, present the annual report together with the financial statements of the charitable company for the year ended 31 October 2022.

Structure, governance and management

The charity is a charitable company limited by guarantee, incorporated in England and Wales with company number 08148539, and was established on 18th July 2012. On July 22nd 2013 the original charitable trust, Shenley Christian Fellowship Trust, charity number 1015402 (governed by the Declaration of Trust dated 3rd March 1992 and the Supplementary Declaration of Trust 1st December 1999) was officially linked with the charitable company and was initially treated as forming a part of it. The funds of Shenley Christian Fellowship Trust are shown in these accounts as a restricted fund of the Reporting Charity.

The charity is governed by its Articles of Association as amended by special resolution dated 27th June 2013. The trustees, who are also the directors for the purpose of company law, and who served during the year and up to the date of signature of the financial statements were:

Rev'd R T Dilnot

Miss J A Messenger

Dr M O Owolabi

Mrs M Sheppard (resigned 31 January 2023)

Mr R Goodship (appointed 10 January 2022)

The Chair of Trustees, would meet with new Trustees to induct them into the role, taking them through the Trustee manual.

The charity is led by a group of Trustees, who form the Leadership Team. The Minister is the only paid member of the Trustees and as Senior Church Leader his responsibility is to lead the church, together with the Leadership Team, following the model of congregational governance as laid out in the Constitution.

The charity is a member of the Baptist Union of Great Britain. It also works alongside other churches and denominations in Milton Keynes and beyond, to further the work of the Gospel of Jesus Christ.

Shenley Christian Fellowship is a group of Christian believers that have a living relationship with God through his son Jesus Christ. Our prime aim is to glorify Jesus Christ in our lives, our speech, our actions, and our worship, to be His witnesses and to make disciples. Our beliefs are biblical, in line with main line evangelical Christianity and are outlined in the statement of faith.

Shenley Christian Fellowship

Trustees' Report

The charity's objectives are:

- The advancement of the Christian faith for the benefit of the public,
- The relief of sickness and the preservation of health among people, and
- The prevention or relief of poverty.

In furtherance of these objectives the Trustees have established a building fund appeal to further develop the permanent base which was opened in September 2016 and from which the charity can operate for the future.

The policies the charity adopted in furtherance of these objectives continue to be consistent with those adopted by the original trust (Shenley Christian Fellowship Trust), which it now embraces.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

The charity seeks to make grant applications to various grant making bodies for different ministry projects, to further advance the work that they seek to undertake in pastoral support, education, and the building of the second phase of the Church's building, the Oak Tree Centre, to enable further growth and development.

The charity could not fulfil its objectives without the dedicated and sacrificial support of the many volunteers who are both regular attenders of the church and those who attend the ministry activities but not the church itself. These volunteers are essential to the life of the charity and without them we would not exist.

Achievements and performance

The charity's activities gained greater pace as we continued to recover from the effects the pandemic had on the life and ministry of the church.

Our Acorns Family Outreach ministry has continued to grow well with more families joining the group. More equipment has been bought and old equipment "retired" to keep a freshness and vibrancy to the activities on offer. There has also been more of a focus placed on activities that prepare the older children for starting pre-school, which has been greatly appreciated by the parents.

As in December 2021, so we also gave out hampers to a few families who were struggling financially or were encountering challenging personal circumstances. These gifts were met with great appreciation and continued to have a significant impact in the furtherance of the charities objectives.

Our other ministries that we run have continued to get back to a new normal, post pandemic:

Shenley Christian Fellowship

Trustees' Report

- Youth & Children's Ministry: The Fellowship places a strong emphasis on the teaching and nurture of children and young people and has a dedicated team of leaders for children's and youth groups on a Sunday morning. Our Youth and Children's groups on Sundays now meet on the second and fourth Sundays in the month and see a good number of young people and children in attendance. Our desire is to offer 0-18's ministry every Sunday, but this is being restricted due to a lack of volunteers joining the teams for these ministries, which we are seeking to re-build.
- Sunday Services: Services for worship, teaching and evangelism are held every Sunday morning in the Oak Tree Centre. We continue to stream our services live via our church Facebook page for those unable to make it in person. Furthermore, to aid the issues around the frequency of youth and children's activities on a Sunday, we have adapted our Sunday program to facilitate Café Church and Family Services operating bi-monthly. The family Services idea seeks to develop a more family focused worship and teaching style which is more accessible to all ages and creates opportunities for children and young people to take part in the services themselves. This type of service is not streamed for safeguarding reasons. The Café Church idea was to create a time for people (both church and un-church) to get to know one another better and for people from our community, unfamiliar with church, to come for coffee and pastries in a relaxed and non-threatening environment. Both new changes have proved extremely successful.
- The use of our building, the Oak Tree Centre, returned to normal this year with regular pre-pandemic hirers re-establishing themselves and new hirers taking advantage of our excellent facilities, especially Saturday party bookings.

Future Plans

Oak Tree Centre: The Trustees and Leadership Team remain fully supportive of the vision of the charity and in particular the vision for Phase 2 of the church's building - the Oak Tree Centre. However, following reviews of the finances it has been decided to temporarily shelve Phase 2 until we've paid off more of the loans that we took out for the construction of Phase 1, and to allow further church growth which will then demonstrate a greater need for the construction of Phase 2 and the space it will afford us.

Messy Church: We anticipate re-starting our Messy Church services on Sunday afternoons for young children and their parents, hopefully this coming Christmas

Over 60s: We are mindful that we don't currently have any social mid-week activities for older people, as historically the church did have. We are looking at what we can start for our over 60s folk from both the church and our local community.

Youth Plans: As the number of people attending our Sunday services grows, we see a need for more space. With Phase 2 of our building project temporarily shelved, we need to look at other options to enable more space for the services itself, whilst not restricting space for our youth and children's ministries.

Winter Night Shelter: We are eager to re-engage with the Milton Keynes Winter Night Shelter project in the coming winter, (which we were a key part of pre-pandemic).

Shenley Christian Fellowship

Trustees' Report

The Fellowship has adopted a policy and practice for Safeguarding in both youth and children's work and in working with vulnerable adults, and regular training continues to be given to volunteers and staff. To aid the introduction of new team members, we have joined the NSPCC online safeguarding training for prospective volunteers, which is proving extremely successful. We also continue to subscribe to the safeguarding support IT package called My Concern.

Small groups for fellowship, learning and mutual support, called Life Groups, have continued throughout the year, meeting weekly or bi-weekly or monthly via zoom. The Men's Breakfast group now meets monthly, and the Ladies Brunch has also started to be run monthly with good numbers attending both.

The church employed six staff - five part time (Oak Tree Centre Manager, Bookkeeper, Acorns Families Outreach Pastor, Cleaner and Maintenance person) and one full time ordained Baptist Minister. We also employed contracted workers for publicity and website administration, gardening, and administration of phase 2 of the Oak Tree Centre building project.

As shown in our Statement of Accounts, we continued to commit a significant proportion of our income, almost £13,000, to other charities which have a Christian ethos including Bridgebuilder Trust, MK Money lifeline, Baptist Home Mission, Moorlands Bible College and two missionaries working for Scripture Union.

We believe we comply with the Data Protection Policy under the government's General Data Protection Regulations and are using an IT package called 'Church Suite' to assist in handling our data and communication. We continued with annual training for all church leaders in data protection issues.

The trustees believe that we have achieved our objectives through the activities outlined above, though by the very nature of the task we can never say that we have finished it!

Financial review

General Fund of the Shenley Christian Fellowship income was £139,985 (2021: £134,981) whilst General Fund expenditure, including transfers was £142,700 (2021: £118,824).

Restricted Funds were used to further the aims of the fellowship and in accordance with the restrictions placed upon the gift by the donors. The Family Fund was used to relieve poverty and hardship in specific cases for those within the fellowship. Details of the sources and use of restricted funds are detailed in the accounts. Restricted Giving income shown in these accounts includes, where appropriate, an allocation from the Gift Aid that SCF receives that is appropriate to the circumstances of the donation.

Total accumulated funds at the end of the year were as follows: SCF General Funds £86,526 (2021: £83,747) and restricted funds £1,254,063 (2021: £1,186,872).

In addition, restricted funds given to the charity received in the year amounted to £115,800 (2021: £141,537) and, as shown in the accounts are principally attributable to the Building Fund. However, in accordance with the direction given by the Charity Commission, all the funds of SCFT are treated as "restricted" within these accounts of the reporting charity.

Shenley Christian Fellowship

Trustees' Report

Reserves Policy

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained to be sufficient to meet all the financial obligations of the charity in terms of rent due for property, salary in lieu of notice for employees, and other essential expenditure. The Trustees consider that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the period. The policy of the charity is to hold funds sufficient to cover three months of normal expenditure which.

Shenley Christian Fellowship

Statement of Trustees' Responsibilities

The trustees (who are also the directors of Shenley Christian Fellowship for the purposes of company law) are responsible for preparing the trustees' report and the financial statements in accordance with the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The annual report was approved by the trustees of the charity on 11 July 2023 and signed on its behalf by:

Shenley Christian Fellowship

Independent Examiner's Report to the trustees of Shenley Christian Fellowship ("the Company")

I report to the charity trustees on my examination of the accounts of the Company for the year ended 31 October 2022.

Responsibilities and basis of report

As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of Shenley Christian Fellowship are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

Since the Company's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of ICAEW, which is one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of Shenley Christian Fellowship as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2022

1 Charity status

The charity is limited by share capital, incorporated in England & Wales.

The address of its registered office is:
The Oak Tree Centre Wallinger Drive
Shenley Brook End
Milton Keynes
MK5 7GZ

These financial statements were authorised for issue by the trustees on 11 July 2023.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)) (issued in October 2019) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Basis of preparation

Shenley Christian Fellowship meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

Going concern

At the time of approving the financial statements, the Trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. The financial statements have therefore been prepared on a going concern basis.

Exemption from preparing a cash flow statement

The charity opted to early adopt Bulletin 1 published on 2 February 2016 and have therefore not included a cash flow statement in these financial statements.

Income and endowments

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of the income receivable can be measured reliably.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2022

Donations and legacies

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period.

Grants receivable

Grants are recognised when the charity has an entitlement to the funds and any conditions linked to the grants have been met. Where performance conditions are attached to the grant and are yet to be met, the income is recognised as a liability and included on the balance sheet as deferred income to be released.

Grant income from the Coronavirus Job Retention Scheme is recognised in the period to which the underlying furloughed staff costs relates.

Investment income

Dividends are recognised once the dividend has been declared and notification has been received of the dividend due.

Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Charitable activities

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustees's meetings and reimbursed expenses.

Taxation

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Tangible fixed assets

Individual fixed assets costing £100.00 or more are initially recorded at cost.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2022

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Land and buildings	1% of building costs (once the building is brought into use)
Interest in property	no charge
Equipment	25% - 33% straight line
Fixtures, fittings & equipment	25% - 33% straight line

Business combinations

Business combinations are accounted for under the purchase method. Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by the charity. All intra-group transactions, balances, income and expenses are eliminated on consolidation. In accordance with Section 35 of FRS 102, Section 19 of FRS 102 has not been applied in these financial statements in respect of business combinations effected prior to the date of transition.

Fixed asset investments

Fixed asset investments, other than programme related investments, are included at market value at the balance sheet date. Realised gains and losses on investments are calculated as the difference between sales proceeds and their market value at the start of the year, or their subsequent cost, and are charged or credited to the Statement of Financial Activities in the period of disposal.

Unrealised gains and losses represent the movement in market values during the year and are credited or charged to the Statement of Financial Activities based on the market value at the year end.

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the charity will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2022

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the charity does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Borrowings

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs. Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Statement of Financial Activities over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the charity has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Fund structure

Unrestricted income funds are general funds that are available for use at the trustees discretion in furtherance of the objectives of the charity.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

Financial instruments

Classification

Financial assets and financial liabilities are recognised when the charity becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the charity after deducting all of its liabilities.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2022

Recognition and measurement

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the charity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the charity transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the charity, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2022

Debt instruments

Debt instruments which meet the following conditions are subsequently measured at amortised cost using the effective interest method:

(a) The contractual return to the holder is (i) a fixed amount; (ii) a positive fixed rate or a positive variable rate; or (iii) a combination of a positive or a negative fixed rate and a positive variable rate.

(b) The contract may provide for repayments of the principal or the return to the holder (but not both) to be linked to a single relevant observable index of general price inflation of the currency in which the debt instrument is denominated, provided such links are not leveraged.

(c) The contract may provide for a determinable variation of the return to the holder during the life of the instrument, provided that (i) the new rate satisfies condition (a) and the variation is not contingent on future events other than (1) a change of a contractual variable rate; (2) to protect the holder against credit deterioration of the issuer; (3) changes in levies applied by a central bank or arising from changes in relevant taxation or law; or (ii) the new rate is a market rate of interest and satisfies condition (a).

(d) There is no contractual provision that could, by its terms, result in the holder losing the principal amount or any interest attributable to the current period or prior periods.

(e) Contractual provisions that permit the issuer to prepay a debt instrument or permit the holder to put it back to the issuer before maturity are not contingent on future events, other than to protect the holder against the credit deterioration of the issuer or a change in control of the issuer, or to protect the holder or issuer against changes in levies applied by a central bank or arising from changes in relevant taxation or law.

(f) Contractual provisions may permit the extension of the term of the debt instrument, provided that the return to the holder and any other contractual provisions applicable during the extended term satisfy the conditions of paragraphs (a) to (c).

Debt instruments that are classified as payable or receivable within one year on initial recognition and which meet the above conditions are measured at the undiscounted amount of the cash or other consideration expected to be paid or received, net of impairment.

With the exception of some hedging instruments, other debt instruments not meeting these conditions are measured at fair value through profit or loss.

Commitments to make and receive loans which meet the conditions mentioned above are measured at cost (which may be nil) less impairment.

Investments

Investments in non-convertible preference shares and non-puttable ordinary or preference shares (where shares are publicly traded or their fair value is reliably measurable) are measured at fair value through profit or loss. Where fair value cannot be measured reliably, investments are measured at cost less impairment.

Investments in subsidiaries and associates are measured at cost less impairment. For investments in subsidiaries acquired for consideration including the issue of shares qualifying for merger relief, cost is measured by reference to the nominal value of the shares issued plus fair value of other consideration. Any premium is ignored.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2022

Derivative financial instruments

The charity uses derivative financial instruments to reduce exposure to foreign exchange risk and interest rate movements. The charity does not hold or issue derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each reporting date. The resulting gain or loss is recognised in statement of financial activities immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in statement of financial activities depends on the nature of the hedge relationship.

Fair value measurement

The best evidence of fair value is a quoted price for an identical asset in an active market. When quoted prices are unavailable, the price of a recent transaction for an identical asset provides evidence of fair value as long as there has not been a significant change in economic circumstances or a significant lapse of time since the transaction took place. If the market is not active and recent transactions of an identical asset on their own are not a good estimate of fair value, the fair value is estimated by using a valuation technique.

7 Trustees remuneration and expenses

During the year the charity made the following transactions with trustees:

Reverend R T Dilnot

Reverend R T Dilnot received remuneration of £27,151 (2021: £26,619) during the year.

During the year a Trustee, Reverend R T Dilnot, was employed as a Senior Church Leader. His salary included a housing allowance of £13,439 (2021: £13,369). Reimbursed working expenses amounted to £75 (2021: £400). Pension contributions paid on behalf of the Senior Church Leader were £6,954 (2021: £7,491).

In addition the charity owns a 20% interest in the property owned by the Senior Church Leader personally which was acquired at a cost of £52,770 and is shown in these accounts in fixed assets. The Charity is entitled to a 20% share in any uplift in value between the date of purchase and the date of sale. The entitlement will only arise on the sale of the property and is secured in favour of the Charity by way of a second mortgage charge.

Family members of the Senior Church Leader were employed by the Charity during the year. Remuneration received amounted to £11,754 (2021: £nil).

No other trustee (or persons connected to them) received any remuneration or had expenses reimbursed during the year.

Notes to the Financial Statements for the Year Ended 31 October 2022

19 Pension commitments and other post-retirement benefits

Defined benefit scheme

The Church is an employer participating in a pension scheme known as the Baptist Pension Scheme (the Scheme), which is administered by the Pension Trustee (Baptist Pension Trust Limited). The Scheme is a separate legal entity and the assets of the Scheme are held separately from those of the Employer and the other participating employers.

For any month, each participating employer in the Scheme pays contributions as set out in the Schedule of Contributions in force at the time.

The Scheme is considered to be a multi-employer scheme as described in Section 28 of FRS102. This is because it is not possible to attribute the Scheme's assets and liabilities to specific employers and meant that contributions are accounted for as if the Scheme were a defined contribution scheme. The pension costs charged to the SoFA in the year are contributions payable towards benefits and expenses accrued in the year, plus any impact of deficiency contributions (see below).

The Minister is eligible to join the scheme.

From January 2012, pension provision is being made through the Defined Contribution (DC) Plan with the Scheme. In general members pay 8% of their Pensionable Income and employers pay 6% of members' Pensionable Income into individual pension accounts which are operated and managed on behalf of the Pension Trustee by Legal and General Life Assurance Society Limited. In addition, the employer pays a further 4% of Pensionable Income to cover Death in Service Benefits, administration costs, and an associated insurance policy which provide income protection for Scheme members in the event that they are unable to work due to long term incapacity. This income protection policy has been insured by the Baptist Union of Great Britain with Aviva plc. The further 4% contribution rate is reduced to 3% for Employers Contributions made to the Segregated DC Arrangements.

Benefits in respect of service prior to 12 January 2012 are provided through the Defined Benefit (DB) Plan within the Scheme. The main benefits for pre-2012 service were a defined benefit pension of one eightieth of Final Minimum Pensionable Income for each year of Pensionable Service, together with additional pension in respect premiums paid on Pensionable Income in excess of Minimum Pensionable Income. The Scheme, previously known as the Baptist Ministers Pension Fund, started in 1925, but was closed to future accrual of defined benefit on 31 December 2011.

Actuarial valuation at 31 December 2019

A formal valuation of the Defined Benefit (DB) Plan was performed at 31 December 2019 by a professionally qualified Actuary using the Projected Unit Method. The market value of the scheme of the DB assets at the valuation date was £298 million.

The valuation of the DB Plan revealed a deficit of assets compared with the value of liabilities of £18 million (equivalent to a past service funding level of 94%). The Church and the other employers supporting the DB Plan are collectively responsible for funding the deficit.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2022

The key financial assumptions underlying the valuation were as follows:

RPI price inflation assumption	3.20% pa
CPI price inflation assumption	2.70% pa
Minimum Pensionable Income Increases (RPI)	3.20% pa
Assumed investment returns	
Pre-retirement	2.95% pa
Post retirement	2.70% pa
Deferred pension increases	
Pre April 2009	3.20% pa
Post April 2009	2.50% pa
Pensions increases	
Main Scheme pension	2.70% pa

Post retirement mortality in accordance with 80% of the S3NFA and S3NMA tables, with allowance for future improvements in mortality rates from 2013 in line with the CMI 2019 core projections, with a long-term annual rate of improvements of 1.75% for males and 1.5% for females, with the core smoothing parameter and with additional initial mortality improvement factor A=0.5%

The next actuarial valuation of the DB Plan with the Scheme is due to take place not later than as at the 31 December 2022.

Recovery plan

In addition to the contributions to the DB Plan set out above, where a valuation of the DB plan revealed a deficit the Trustee and the Council agree to a rate of deficiency contributions from churches and other employers involved in the DB Plan.

Under the current Recovery Plan dated 30 September 2020, deficiency contributions are payable until 30 June 2026. These contributions are broadly based on the employer's membership at 31 December 2014 and increase annually in line with increases to Minimum Pensionable Income as defined in the Rules. However, the Trustee and the Council agreed a 50% reduction for all deficiency contributions payable between 1 July 2020 and December 2020.

Defined contribution scheme

The Church also makes contributions to defined contribution pension schemes. The assets of these schemes are held separately from those of the Church in independently administered funds. The pension cost and charge represent contributions payable by the Church to these funds and amounted to £166 (2021: £306).

Shenley Christian Fellowship

Trustees' Report

The trustees, who are directors for the purposes of company law, present the annual report together with the financial statements of the charitable company for the year ended 31 October 2021.

Structure, governance and management

The charity is a charitable company limited by guarantee, incorporated in England and Wales with company number 08148539, and was established on 18th July 2012. On July 22nd 2013 the original charitable trust, Shenley Christian Fellowship Trust, charity number 1015402 (governed by the Declaration of Trust dated 3rd March 1992 and the Supplementary Declaration of Trust 1st December 1999) was officially linked with the charitable company and was initially treated as forming a part of it. The funds of Shenley Christian Fellowship Trust are shown in these accounts as a restricted fund of the Reporting Charity.

The charity is governed by its Articles of Association as amended by special resolution dated 27th June 2013. The trustees, who are also the directors for the purpose of company law, and who served during the year and up to the date of signature of the financial statements were:

Rev'd R T Dilnot

Miss C Monkcom (resigned 24 October 2021)

Mr I H King (resigned 24 October 2021)

Mr H R J Moore (resigned 29 April 2021)

Miss J A Messenger

Dr M O Owolabi

Mrs M Sheppard (appointed 28 January 2021)

Mr R Goodship (appointed 10 January 2022)

The Chair of Trustees, would meet with new Trustees to induct them into the role, taking them through the Trustee manual.

The charity is led by a group of Trustees, who form the Leadership Team. The Minister is the only paid member of the Trustees and as Senior Church Leader his responsibility is to lead the church, together with the Leadership Team, following the model of congregational governance as laid out in the Constitution.

The charity is a member of the Baptist Union of Great Britain. It also works alongside other churches and denominations in Milton Keynes and beyond, to further the work of the Gospel of Jesus Christ.

Shenley Christian Fellowship is a group of Christian believers that have a living relationship with God through his son Jesus Christ. Our prime aim is to glorify Jesus Christ in our lives, our speech, our actions, and our worship, to be His witnesses and to make disciples. Our beliefs are biblical, in line with main line evangelical Christianity and are outlined in the statement of faith.

Shenley Christian Fellowship

Trustees' Report

The charity's objectives are:

- The advancement of the Christian faith for the benefit of the public,
- The relief of sickness and the preservation of health among people, and
- The prevention or relief of poverty.

In furtherance of these objectives the Trustees have established a building fund appeal to further develop the permanent base which was opened in September 2016 and from which the charity can operate for the future.

The charity has now completed eight full years of activities and the policies adopted in furtherance of these objectives continue to be consistent with those adopted by the original trust (Shenley Christian Fellowship Trust), which it now embraces.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

The charity seeks to make grant applications to various grant making bodies for different ministry projects, to further advance the work that they seek to undertake in pastoral support, education, and the building of the second phase of the Church's building to enable further growth and development.

The charity could not fulfil its objectives without the dedicated and sacrificial support of the many volunteers who are both regular attenders of the church and those who attend the ministry activities but not the church itself. These volunteers are essential to the life of the charity and without them we would not exist.

Achievements and performance

The charity's activities were curtailed during this year due to limitations arising from the pandemic and subsequent restrictions.

When our Acorns Family Outreach ministry (parent and toddler ministry) was finally able to safely re-start after Easter 2021, a booking system continued to be in operation to limit numbers, however places were almost always fully taken, and the work served to support and sustain families who are struggling in these uncertain times.

In addition, in December 2020 we gave out hampers to several families connected with the Acorns Family Outreach ministry, to alleviate struggles they were having, and these were gratefully received and had a significant impact in the furtherance of the charities objectives.

The use of the building was similarly constrained during this year. Whilst some activities, which are run by external providers who use our building, could have continued, the organisers of those activities decided to suspend or move online with what they offered, so the building remained largely unused for the first quarter of the year. However, after Easter 2021 we saw hirers quickly return to meeting in-person.

Shenley Christian Fellowship

Trustees' Report

The Trustees and Leadership Team remain fully supportive of the vision of the charity and in particular the vision for phase 2 of the church's building - the Oak Tree Centre. However, the pandemic has thrown doubt on the anticipated construction start date of 2022/23.

Services for worship, teaching and evangelism were held every Sunday morning in the Oak Tree Centre until mid-December 2020 and then online, because of the pandemic, until Easter 2021, after which time they returned to in-person at the Oak Tree Centre. Attendance has been around 70% of pre-pandemic figures. The aim for the future is to develop the growth in our membership by actively focusing on and promoting the family nature of the fellowship and the support that people need currently.

The Fellowship places a strong emphasis on the teaching and nurture of children and young people and has a dedicated team of leaders for children's and youth groups on a Sunday morning. The numbers of children & young people attending have dropped due to the pandemic, and because of the restrictions and risks covid placed on large groups, our children and young people's ministry only re-started in-person in September 2021.

Our "Messy Church" services on Sunday afternoons for young children and their parents have not taken place during this year due to the pandemic.

The Fellowship has adopted a policy and practice for Safeguarding in both children's work and in working with vulnerable adults, and regular training is given to volunteers and staff. The last training session was July 2021. We also subscribe to a safeguarding support IT package called My Concern.

Small groups for fellowship, learning and mutual support, called Life Groups, continued throughout the year, meeting weekly, bi-weekly or monthly via zoom when they could not meet in person. The Men's Breakfast group has also restarted, albeit sporadically.

The church employed six staff - five part time (Church & Oak Tree Centre Administrator, Bookkeeper, Acorns Families Outreach Pastor, Cleaner and Maintenance person) and one full time ordained Baptist Minister. We also employed contracted workers for publicity and website administration, gardening, and administration of phase 2 of the Oak Tree Centre building project.

As shown in our Statement of Accounts, we continued to commit a significant proportion of our income, amounting to 11% of donated income, to other charities which have a Christian ethos including Bridgebuilder Trust, MK Money lifeline, Baptist Home Mission, Moorlands Bible College and Scripture Union.

We believe we comply with the Data Protection Policy under the government's General Data Protection Regulations and are using an IT package called 'Church Suite' to assist in handling our data and communication. We continued with annual training for all church leaders in data protection issues.

The trustees believe that we have achieved our objectives through the activities outlined above, though by the very nature of the task we can never say that we have finished it!

Financial review

General Fund of the Shenley Christian Fellowship income was £134,981 (2020: £156,466) whilst General Fund expenditure, including transfers was £118,824 (2020: £148,103).

Restricted Funds were used to further the aims of the fellowship and in accordance with the restrictions placed upon the gift by the donors. The Family Fund was used to relieve poverty and hardship in specific cases for those within the fellowship. Details of the sources and use of restricted funds are detailed in the accounts. Restricted Giving income shown in these accounts includes, where appropriate, an allocation from the Gift Aid that SCF receives that is appropriate to the circumstances of the donation.

Shenley Christian Fellowship

Trustees' Report

Total accumulated funds at the end of the year were as follows: SCF General Funds £83,747 (2020: £64,853) and restricted funds £1,186,872 (2020: £1,110,192).

In addition, restricted funds given to the charity received in the year amounted to £141,537 (2020: £102,126) and, as shown in the accounts are principally attributable to the Building Fund. However, in accordance with the direction given by the Charity Commission, all the funds of SCFT are treated as "restricted" within these accounts of the reporting charity.

Reserves Policy

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained to be sufficient to meet all the financial obligations of the charity in terms of rent due for property, salary in lieu of notice for employees, and other essential expenditure. The trustees consider that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the period. The policy of the charity is to hold funds sufficient to cover three months of normal expenditure which, at present, equates to approximately £45,000.

The annual report was approved by the trustees of the charity on 26 April 2022 and signed on its behalf by:

Shenley Christian Fellowship

Statement of Trustees' Responsibilities

The trustees (who are also the directors of Shenley Christian Fellowship for the purposes of company law) are responsible for preparing the trustees' report and the financial statements in accordance with the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The annual report was approved by the trustees of the charity on 26 April 2022 and signed on its behalf by:

Shenley Christian Fellowship

Independent Examiner's Report to the trustees of Shenley Christian Fellowship ("the Company")

I report to the charity trustees on my examination of the accounts of the Company for the year ended 31 October 2021.

Responsibilities and basis of report

As the charity's trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of Shenley Christian Fellowship are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

Since the Company's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of ICAEW, which is one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of Shenley Christian Fellowship as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

For the financial year ending 31 October 2021 the charity was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the charity to obtain an audit of its accounts for the year in question in accordance with section 476; and
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2021

1 Charity status

The charity is limited by guarantee, incorporated in England & Wales, and consequently does not have share capital. Each of the trustees is liable to contribute an amount not exceeding £10 towards the assets of the charity in the event of liquidation.

The address of its registered office is:
The Oak Tree Centre Wallinger Drive
Shenley Brook End
Milton Keynes
MK5 7GZ

These financial statements were authorised for issue by the trustees on 26 April 2022.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)) (issued in October 2019) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Basis of preparation

Shenley Christian Fellowship meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

Going concern

At the time of approving the financial statements, the Trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. The financial statements have therefore been prepared on a going concern basis.

Exemption from preparing a cash flow statement

The charity opted to early adopt Bulletin 1 published on 2 February 2016 and have therefore not included a cash flow statement in these financial statements.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2021

Income and endowments

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of the income receivable can be measured reliably.

Donations and legacies

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period.

Grants receivable

Grants are recognised when the charity has an entitlement to the funds and any conditions linked to the grants have been met. Where performance conditions are attached to the grant and are yet to be met, the income is recognised as a liability and included on the balance sheet as deferred income to be released.

Grant income from the Coronavirus Job Retention Scheme is recognised in the period to which the underlying furloughed staff costs relates.

Investment income

Dividends are recognised once the dividend has been declared and notification has been received of the dividend due.

Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Charitable activities

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Grant provisions

Provisions for grants are made when the intention to make a grant has been communicated to the recipient but there is uncertainty about either the timing of the grant or the amount of grant payable.

Governance costs

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustees's meetings and reimbursed expenses.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2021

Taxation

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Tangible fixed assets

Individual fixed assets costing £100.00 or more are initially recorded at cost.

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Land and buildings	1% of building costs (once the building is brought into use)
Interest in property	no charge
Equipment	25% - 33% straight line
Fixtures, fittings & equipment	25% - 33% straight line

Business combinations

Business combinations are accounted for under the purchase method. Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by the charity. All intra-group transactions, balances, income and expenses are eliminated on consolidation. In accordance with Section 35 of FRS 102, Section 19 of FRS 102 has not been applied in these financial statements in respect of business combinations effected prior to the date of transition.

Fixed asset investments

Fixed asset investments, other than programme related investments, are included at market value at the balance sheet date. Realised gains and losses on investments are calculated as the difference between sales proceeds and their market value at the start of the year, or their subsequent cost, and are charged or credited to the Statement of Financial Activities in the period of disposal.

Unrealised gains and losses represent the movement in market values during the year and are credited or charged to the Statement of Financial Activities based on the market value at the year end.

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the charity will not be able to collect all amounts due according to the original terms of the receivables.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2021

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the charity does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Borrowings

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs. Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Statement of Financial Activities over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the charity has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Fund structure

Unrestricted income funds are general funds that are available for use at the trustees discretion in furtherance of the objectives of the charity.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

Financial instruments

Classification

Financial assets and financial liabilities are recognised when the charity becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the charity after deducting all of its liabilities.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2021

Recognition and measurement

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the charity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the charity transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the charity, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2021

Debt instruments

Debt instruments which meet the following conditions are subsequently measured at amortised cost using the effective interest method:

(a) The contractual return to the holder is (i) a fixed amount; (ii) a positive fixed rate or a positive variable rate; or (iii) a combination of a positive or a negative fixed rate and a positive variable rate.

(b) The contract may provide for repayments of the principal or the return to the holder (but not both) to be linked to a single relevant observable index of general price inflation of the currency in which the debt instrument is denominated, provided such links are not leveraged.

(c) The contract may provide for a determinable variation of the return to the holder during the life of the instrument, provided that (i) the new rate satisfies condition (a) and the variation is not contingent on future events other than (1) a change of a contractual variable rate; (2) to protect the holder against credit deterioration of the issuer; (3) changes in levies applied by a central bank or arising from changes in relevant taxation or law; or (ii) the new rate is a market rate of interest and satisfies condition (a).

(d) There is no contractual provision that could, by its terms, result in the holder losing the principal amount or any interest attributable to the current period or prior periods.

(e) Contractual provisions that permit the issuer to prepay a debt instrument or permit the holder to put it back to the issuer before maturity are not contingent on future events, other than to protect the holder against the credit deterioration of the issuer or a change in control of the issuer, or to protect the holder or issuer against changes in levies applied by a central bank or arising from changes in relevant taxation or law.

(f) Contractual provisions may permit the extension of the term of the debt instrument, provided that the return to the holder and any other contractual provisions applicable during the extended term satisfy the conditions of paragraphs (a) to (c).

Debt instruments that are classified as payable or receivable within one year on initial recognition and which meet the above conditions are measured at the undiscounted amount of the cash or other consideration expected to be paid or received, net of impairment.

With the exception of some hedging instruments, other debt instruments not meeting these conditions are measured at fair value through profit or loss.

Commitments to make and receive loans which meet the conditions mentioned above are measured at cost (which may be nil) less impairment.

Investments

Investments in non-convertible preference shares and non-puttable ordinary or preference shares (where shares are publicly traded or their fair value is reliably measurable) are measured at fair value through profit or loss. Where fair value cannot be measured reliably, investments are measured at cost less impairment.

Investments in subsidiaries and associates are measured at cost less impairment. For investments in subsidiaries acquired for consideration including the issue of shares qualifying for merger relief, cost is measured by reference to the nominal value of the shares issued plus fair value of other consideration. Any premium is ignored.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2021

Derivative financial instruments

The charity uses derivative financial instruments to reduce exposure to foreign exchange risk and interest rate movements. The charity does not hold or issue derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each reporting date. The resulting gain or loss is recognised in statement of financial activities immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in statement of financial activities depends on the nature of the hedge relationship.

Fair value measurement

The best evidence of fair value is a quoted price for an identical asset in an active market. When quoted prices are unavailable, the price of a recent transaction for an identical asset provides evidence of fair value as long as there has not been a significant change in economic circumstances or a significant lapse of time since the transaction took place. If the market is not active and recent transactions of an identical asset on their own are not a good estimate of fair value, the fair value is estimated by using a valuation technique.

8 Trustees remuneration and expenses

During the year the charity made the following transactions with trustees:

Reverend R T Dilnot

Reverend R T Dilnot received remuneration of £26,619 (2020: £39,919) during the year.

During the year a Trustee, Reverend R T Dilnot, was employed as a Senior Church Leader. His salary included a housing allowance of £13,369 (2020: £13,300). Reimbursed working expenses amounted to £400 (2020: £222). Pension contributions paid on behalf of the Senior Church Leader were £7,491 (2020: £3,259).

In addition the charity owns a 20% interest in the property owned by the Senior Church Leader personally which was acquired at a cost of £52,770 and is shown in these accounts in fixed assets. The Charity is entitled to a 20% share in any uplift in value between the date of purchase and the date of sale. The entitlement will only arise on the sale of the property and is secured in favour of the Charity by way of a second mortgage charge.

Family members of the Senior Church Leader were employed by the Charity during the year. Remuneration received amounted to £nil (2020: £nil).

No other trustee (or persons connected to them) received any remuneration or had expenses reimbursed during the year.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2021

9 Staff costs

The aggregate payroll costs were as follows:

	2021 £	2020 £
Staff costs during the year were:		
Wages and salaries	<u>64,205</u>	<u>71,054</u>

Included within wages and salaries are pension costs of £7,797 (2020: £7,508)

The monthly average number of persons (including senior management / leadership team) employed by the charity during the year expressed as full time equivalents was as follows:

	2021 No	2020 No
Total	<u>5</u>	<u>5</u>

2 (2020 - 2) of the above employees participated in the Defined Contribution Pension Schemes.

1 (2020 - 1) of the above employees participated in the Defined Benefit Pension Schemes.

No employee received emoluments of more than £60,000 during the year.

Notes to the Financial Statements for the Year Ended 31 October 2021

20 Pension commitments and other post-retirement benefits

Defined benefit scheme

The Church is an employer participating in a pension scheme known as the Baptist Pension Scheme (the Scheme), which is administered by the Pension Trustee (Baptist Pension Trust Limited). The Scheme is a separate legal entity and the assets of the Scheme are held separately from those of the Employer and the other participating employers.

For any month, each participating employer in the Scheme pays contributions as set out in the Schedule of Contributions in force at the time.

The Scheme is considered to be a multi-employer scheme as described in Section 28 of FRS102. This is because it is not possible to attribute the Scheme's assets and liabilities to specific employers and meant that contributions are accounted for as if the Scheme were a defined contribution scheme. The pension costs charged to the SoFA in the year are contributions payable towards benefits and expenses accrued in the year, plus any impact of deficiency contributions (see below).

The Minister is eligible to join the scheme.

From January 2012, pension provision is being made through the Defined Contribution (DC) Plan with the Scheme. In general members pay 8% of their Pensionable Income and employers pay 6% of members' Pensionable Income into individual pension accounts which are operated and managed on behalf of the Pension Trustee by Legal and General Life Assurance Society Limited. In addition, the employer pays a further 4% of Pensionable Income to cover Death in Service Benefits, administration costs, and an associated insurance policy which provide income protection for Scheme members in the event that they are unable to work due to long term incapacity. This income protection policy has been insured by the Baptist Union of Great Britain with Aviva plc. The further 4% contribution rate is reduced to 3% for Employers Contributions made to the Segregated DC Arrangements.

Benefits in respect of service prior to 12 January 2012 are provided through the Defined Benefit (DB) Plan within the Scheme. The main benefits for pre-2012 service were a defined benefit pension of one eightieth of Final Minimum Pensionable Income for each year of Pensionable Service, together with additional pension in respect of premiums paid on Pensionable Income in excess of Minimum Pensionable Income. The Scheme, previously known as the Baptist Ministers Pension Fund, started in 1925, but was closed to future accrual of defined benefit on 31 December 2011.

Actuarial valuation at 31 December 2019

A formal valuation of the Defined Benefit (DB) Plan was performed at 31 December 2019 by a professionally qualified Actuary using the Projected Unit Method. The market value of the scheme of the DB assets at the valuation date was £298 million.

The valuation of the DB Plan revealed a deficit of assets compared with the value of liabilities of £18 million (equivalent to a past service funding level of 94%). The Church and the other employers supporting the DB Plan are collectively responsible for funding the deficit.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2021

The key financial assumptions underlying the valuation were as follows:

RPI price inflation assumption	3.20% pa
CPI price inflation assumption	2.70% pa
Minimum Pensionable Income Increases (RPI)	3.20% pa
Assumed investment returns	
Pre-retirement	2.95% pa
Post retirement	2.70% pa
Deferred pension increases	
Pre April 2009	3.20% pa
Post April 2009	2.50% pa
Pensions increases	
Main Scheme pension	2.70% pa

Post retirement mortality in accordance with 80% of the S3NFA and S3NMA tables, with allowance for future improvements in mortality rates from 2013 in line with the CMI 2019 core projections, with a long-term annual rate of improvements of 1.75% for males and 1.5% for females, with the core smoothing parameter and with additional initial mortality improvement factor A=0.5%

The next actuarial valuation of the DB Plan with the Scheme is due to take place not later than as at the 31 December 2022.

Recovery plan

In addition to the contributions to the DB Plan set out above, where a valuation of the DB plan revealed a deficit the Trustee and the Council agree to a rate of deficiency contributions from churches and other employers involved in the DB Plan.

Under the current Recovery Plan dated 30 September 2020, deficiency contributions are payable until 30 June 2026. These contributions are broadly based on the employer's membership at 31 December 2014 and increase annually in line with increases to Minimum Pensionable Income as defined in the Rules. However, the Trustee and the Council agreed a 50% reduction for all deficiency contributions payable between 1 July 2020 and December 2020.

Defined contribution scheme

The Church also makes contributions to defined contribution pension schemes. The assets of these schemes are held separately from those of the Church in independently administered funds. The pension cost and charge represent contributions payable by the Church to these funds and amounted to £306 (2020: £509).

Shenley Christian Fellowship

Trustees' Report

The trustees, who are directors for the purposes of company law, present the annual report together with the financial statements of the charitable company for the year ended 31 October 2020.

Structure, governance and management

The charity is a charitable company limited by guarantee, incorporated in England and Wales with company number 08148539, and was established on 18th July 2012. On July 22nd

2013 the original charitable trust, Shenley Christian Fellowship Trust, charity number 1015402 (governed by the Declaration of Trust dated 3rd March 1992 and the Supplementary Declaration of Trust 1st December 1999) was officially linked with the charitable company and was initially treated as forming a part of it. The funds of Shenley Christian Fellowship Trust are shown in these accounts as a restricted fund of the Reporting Charity.

The charity is governed by its Articles of Association as amended by special resolution dated 27th June 2013. The trustees, who are also the directors for the purpose of company law, and who served during the year and up to the date of signature of the financial statements were:

Mr R N Clark (resigned 27 January 2020)

Mr D J Conibere (resigned 31 July 2020)

Rev'd R T Dilnot

Rev'd J L Joyce (resigned 27 January 2020)

Miss C Monkcom

Mr H J R Moore (resigned 29 April 2021)

Mr I H King (Appointed 27 January 2020)

Miss J A Messenger (Appointed 27 January 2019)

Dr M O Owolabi (Appointed 27 January 2020)

Mrs M Sheppard (Appointed 28 January 2021)

The Chair of Trustees, would meet with new Trustees to induct them into the role, taking them through the Trustee manual.

The charity is led by a group of Trustees, who form the Leadership Team. The Minister is the only paid member of the Trustees and as Senior Church Leader his responsibility is to lead the church, together with the Leadership Team, following the model of congregational governance as laid out in the Constitution.

The charity is a member of the Baptist Union of Great Britain. It also works alongside other churches and denominations in Milton Keynes and beyond, to further the work of the Gospel of Jesus Christ.

Shenley Christian Fellowship is a group of Christian believers that have a living relationship with God through his son Jesus Christ. Our prime aim is to glorify Jesus Christ in our lives, our speech, our actions, and our worship, to be His witnesses and to make disciples. Our beliefs are biblical, in line with main line evangelical Christianity and are outlined in the statement of faith.

Shenley Christian Fellowship

Trustees' Report

The charity's objectives are:

The advancement of the Christian faith for the benefit of the public,

The relief of sickness and the preservation of health among people, and

The prevention or relief of poverty.

In furtherance of these objectives the Trustees have established a building fund appeal to further develop the permanent base which was opened in September 2016 and from which the charity can operate for the future.

The charity has now completed seven full years of activities and the policies adopted in furtherance of these objectives continue to be consistent with those adopted by the original trust (Shenley Christian Fellowship Trust), which it now embraces.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

The charity seeks to make grant applications to various grant making bodies for different ministry projects, to further advance the work that they seek to undertake in pastoral support, education, and the building of the second phase of the Church's building to enable further growth and development.

The charity could not fulfil its objectives without the dedicated and sacrificial support of the many volunteers who are both regular attenders of the church and those who attend the ministry activities but not the church itself. These volunteers are essential to the life of the charity and without them we would not exist.

Achievements and performance

The charity's activities were curtailed during this year due to limitations arising from Covid restrictions. Until March when we went into lockdown, we continued to see an increase in numbers over all our activities principally with the Acorn and Toddler ministries and the Outreach that developed from it. During the periods when Acorns was unable to meet, our Outreach Pastor and volunteers, maintained contact t via telephone and zoom. Acorns have now returned on a restricted basis while Covid rules remain in place.

The use of the building was similarly constrained during this year, as restrictions did not permit its use and we now look forward to seeing our hirers both existing and new back into the building in the future.

The Trustees and Leadership Team remain fully supportive of this vision as they see that our works of service within the local community are still significantly impaired due to the lack of accommodation resources. The Trustees are still hoping to see construction of the second phase of the building start in 2022/23 to meet the need.

Services for worship, teaching and evangelism were held every Sunday morning in the Oak Tree Centre prior to March 2020 and attendances at these services rose to an average of 160 at morning services. Services continued throughout the year via Facebook Live or Zoom. When we were able to do so, we also met in person on a much-restricted basis. The aim for the future is to continue see growth in our membership.

Our "Messy Church" services on Sunday afternoons for young children and their parents became more regular and attendance grew significantly, with most people attending not coming from the church itself.

Shenley Christian Fellowship

Trustees' Report

The Fellowship places a strong emphasis on the teaching and nurture of children and young people and has a dedicated team of leaders for children's groups on a Sunday morning, which cater for up to 60 children and young people between the ages of 0 and 18. The Fellowship has adopted a policy and practice for Safeguarding in both children's work and in working with vulnerable adults, and regular training is given to staff.

Small groups for fellowship, learning and mutual support, called Life Groups, continued throughout the year, meeting weekly, bi-weekly or monthly via zoom when they could not meet in person. As restrictions ease the Men's breakfast is restarting.

During the year, the Church adapted its way of working to not only hold services via facebook on a Sunday but to continue entering into virtual fellowship via Zoom and to continue development and training.

The church employed four part-time staff in addition to our full-time minister (Church Administrator/Oak Tree Centre Manager, Bookkeeper, Acorns Families Outreach Pastor and a Caretaker / Maintenance). We also employed contracted workers for publicity and website administration.

As shown in our Statement of Accounts, we continued to commit a significant proportion of our income, amounting to 11% of donated income, to other charities which have a Christian ethos including Bridgebuilder Trust, MK Money lifeline, Overseas Missionary Fellowship and Scripture Union. The trustees hope to raise this further over the next 1-2 years.

We believe we comply with the Data Protection Policy under the government's General Data Protection Regulations and are using an IT package called 'Church Suite' to assist in handling our data and communication. We continued with annual training for all church leaders in data protection issues.

The trustees believe that we have achieved our objectives through the activities outlined above, though by the very nature of the task we can never say that we have finished it!

Financial review

General Fund of the Shenley Christian Fellowship income was £156,466 whilst General Fund expenditure, including transfers was £148,103.

Restricted Funds were used to further the aims of the fellowship and in accordance with the restrictions placed upon the gift by the donors. The Family Fund was used to relieve poverty and hardship in specific cases for those within the fellowship. Details of the sources and use of restricted funds are detailed in the accounts. Restricted Giving income shown in these accounts includes, where appropriate, an allocation from the Gift Aid that SCF receives that is appropriate to the circumstances of the donation.

Total accumulated funds at the end of the year were as follows: SCF General Funds £64,853 and restricted funds £1,175,046

In addition, restricted funds given to the charity received in the year amounted to £102,126 and, as shown in the accounts are principally attributable to the Building Fund. However, in accordance with the direction given by the Charity Commission, all the funds of SCFT are treated as "restricted" within these accounts of the reporting charity.

Shenley Christian Fellowship

Trustees' Report

Reserves Policy

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained to be sufficient to meet all the financial obligations of the charity in terms of rent due for property, salary in lieu of notice for employees, and other essential expenditure. The trustees consider that reserves at this level will ensure that, in the event of a significant drop in funding, they will be able to continue the charity's current activities while consideration is given to ways in which additional funds may be raised. This level of reserves has been maintained throughout the period. The policy of the charity is to hold funds sufficient to cover three months of normal expenditure which, at present, equates to approximately £40,000.

The strategic report was approved by the trustees of the charity on 20 July 2021 and signed on its behalf by:

Shenley Christian Fellowship

Statement of Trustees' Responsibilities

The trustees (who are also the directors of Shenley Christian Fellowship for the purposes of company law) are responsible for preparing the trustees' report and the financial statements in accordance with the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the trustees of the charity on 20 July 2021 and signed on its behalf by:

Shenley Christian Fellowship

Independent Examiner's Report to the trustees of Shenley Christian Fellowship

I report to the charity trustees on my examination of the accounts of the charity for the year ended 31 October 2020 which are set out on pages 9 to 29.

Respective responsibilities of trustees and examiner

As the charity's trustees of Shenley Christian Fellowship (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of Shenley Christian Fellowship are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

Since Shenley Christian Fellowship's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of ICAEW, which is one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of Shenley Christian Fellowship as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

These financial statements were authorised for issue by the trustees on 20 July 2021.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102). They also comply with the Companies Act 2006 and Charities Act 2011.

Basis of preparation

Shenley Christian Fellowship meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

Going concern

At the time of approving the financial statements, the Trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. The financial statements have therefore been prepared on a going concern basis.

Exemption from preparing a cash flow statement

The charity opted to early adopt Bulletin 1 published on 2 February 2016 and have therefore not included a cash flow statement in these financial statements.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2020

Income and endowments

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of the income receivable can be measured reliably.

Donations and legacies

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period.

Grants receivable

Grants are recognised when the charity has an entitlement to the funds and any conditions linked to the grants have been met. Where performance conditions are attached to the grant and are yet to be met, the income is recognised as a liability and included on the balance sheet as deferred income to be released.

Grant income from the Coronavirus Job Retention Scheme is recognised in the period to which the underlying furloughed staff costs relates.

Investment income

Dividends are recognised once the dividend has been declared and notification has been received of the dividend due.

Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Charitable activities

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Grant provisions

Provisions for grants are made when the intention to make a grant has been communicated to the recipient but there is uncertainty about either the timing of the grant or the amount of grant payable.

Governance costs

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustees's meetings and reimbursed expenses.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2020

Taxation

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Tangible fixed assets

Individual fixed assets costing £100.00 or more are initially recorded at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Land and buildings	1% of building costs (once the building is brought into use)
Interest in property	no charge
Equipment	25% - 33% straight line
Fixtures, fittings & equipment	25% - 33% straight line

Business combinations

Business combinations are accounted for under the purchase method. Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by the charity. All intra-group transactions, balances, income and expenses are eliminated on consolidation. In accordance with Section 35 of FRS 102, Section 19 of FRS 102 has not been applied in these financial statements in respect of business combinations effected prior to the date of transition.

Fixed asset investments

Fixed asset investments, other than programme related investments, are included at market value at the balance sheet date. Realised gains and losses on investments are calculated as the difference between sales proceeds and their market value at the start of the year, or their subsequent cost, and are charged or credited to the Statement of Financial Activities in the period of disposal.

Unrealised gains and losses represent the movement in market values during the year and are credited or charged to the Statement of Financial Activities based on the market value at the year end.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2020

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the charity will not be able to collect all amounts due according to the original terms of the receivables.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the charity does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Borrowings

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs. Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Statement of Financial Activities over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the charity has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Fund structure

Unrestricted income funds are general funds that are available for use at the trustees's discretion in furtherance of the objectives of the charity.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2020

Financial instruments

Classification

Financial assets and financial liabilities are recognised when the charity becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the charity after deducting all of its liabilities.

Recognition and measurement

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the charity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the charity transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the charity, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2020

Debt instruments

Debt instruments which meet the following conditions are subsequently measured at amortised cost using the effective interest method:

(a) The contractual return to the holder is (i) a fixed amount; (ii) a positive fixed rate or a positive variable rate; or (iii) a combination of a positive or a negative fixed rate and a positive variable rate.

(b) The contract may provide for repayments of the principal or the return to the holder (but not both) to be linked to a single relevant observable index of general price inflation of the currency in which the debt instrument is denominated, provided such links are not leveraged.

(c) The contract may provide for a determinable variation of the return to the holder during the life of the instrument, provided that (i) the new rate satisfies condition (a) and the variation is not contingent on future events other than (1) a change of a contractual variable rate; (2) to protect the holder against credit deterioration of the issuer; (3) changes in levies applied by a central bank or arising from changes in relevant taxation or law; or (ii) the new rate is a market rate of interest and satisfies condition (a).

(d) There is no contractual provision that could, by its terms, result in the holder losing the principal amount or any interest attributable to the current period or prior periods.

(e) Contractual provisions that permit the issuer to prepay a debt instrument or permit the holder to put it back to the issuer before maturity are not contingent on future events, other than to protect the holder against the credit deterioration of the issuer or a change in control of the issuer, or to protect the holder or issuer against changes in levies applied by a central bank or arising from changes in relevant taxation or law.

(f) Contractual provisions may permit the extension of the term of the debt instrument, provided that the return to the holder and any other contractual provisions applicable during the extended term satisfy the conditions of paragraphs (a) to (c).

Debt instruments that are classified as payable or receivable within one year on initial recognition and which meet the above conditions are measured at the undiscounted amount of the cash or other consideration expected to be paid or received, net of impairment.

With the exception of some hedging instruments, other debt instruments not meeting these conditions are measured at fair value through profit or loss.

Commitments to make and receive loans which meet the conditions mentioned above are measured at cost (which may be nil) less impairment.

Investments

Investments in non-convertible preference shares and non-puttable ordinary or preference shares (where shares are publicly traded or their fair value is reliably measurable) are measured at fair value through profit or loss. Where fair value cannot be measured reliably, investments are measured at cost less impairment.

Investments in subsidiaries and associates are measured at cost less impairment. For investments in subsidiaries acquired for consideration including the issue of shares qualifying for merger relief, cost is measured by reference to the nominal value of the shares issued plus fair value of other consideration. Any premium is ignored.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2020

Derivative financial instruments

The charity uses derivative financial instruments to reduce exposure to foreign exchange risk and interest rate movements. The charity does not hold or issue derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each reporting date. The resulting gain or loss is recognised in statement of financial activities immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in statement of financial activities depends on the nature of the hedge relationship.

Fair value measurement

The best evidence of fair value is a quoted price for an identical asset in an active market. When quoted prices are unavailable, the price of a recent transaction for an identical asset provides evidence of fair value as long as there has not been a significant change in economic circumstances or a significant lapse of time since the transaction took place. If the market is not active and recent transactions of an identical asset on their own are not a good estimate of fair value, the fair value is estimated by using a valuation technique.

8 Trustees remuneration and expenses

During the year the charity made the following transactions with trustees:

Reverend R T Dilnot

Reverend R T Dilnot received remuneration of £39,919 (2019: £40,078) during the year.

During the year a Trustee, Reverend R T Dilnot, was employed as a Senior Church Leader. His salary included a housing allowance of £13,300 (2019: £13,459). Reimbursed working expenses amounted to £222 (2019: £1,046). Pension contributions paid on behalf of the Senior Church Leader were £3,259 (2019: £3,259).

In addition the charity owns a 20% interest in the property owned by the Senior Church Leader personally which was acquired at a cost of £52,770 and is shown in these accounts in fixed assets. The Charity is entitled to a 20% share in any uplift in value between the date of purchase and the date of sale. The entitlement will only arise on the sale of the property and is secured in favour of the Charity by way of a second mortgage charge.

Family members of the Senior Church Leader were employed by the Charity during the year. Remuneration received amounted to £1,919 (2018: £nil).

No other trustee (or persons connected to them) received any remuneration or had expenses reimbursed during the year.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2020

9 Staff costs

The aggregate payroll costs were as follows:

	2020 £	2019 £
Staff costs during the year were:		
Wages and salaries	<u>71,054</u>	<u>57,469</u>

Included within wages and salaries are pension costs of £7,508 (2018: £7,718)

The monthly average number of persons (including senior management team) employed by the charity during the year expressed as full time equivalents was as follows:

	2020 No	2019 No
Total	<u>5</u>	<u>5</u>

2 (2019 -) of the above employees participated in the Defined Contribution Pension Schemes.

1 (2019 - 1) of the above employees participated in the Defined Benefit Pension Schemes.

No employee received emoluments of more than £60,000 during the year.

Notes to the Financial Statements for the Year Ended 31 October 2020

20 Pension commitments and other post-retirement benefits

Defined benefit scheme

The Church is an employer participating in a pension scheme known as the Baptist Pension Scheme (the Scheme), which is administered by the Pension Trustee (Baptist Pension Trust Limited). The Scheme is a separate legal entity and the assets of the Scheme are held separately from those of the Employer and the other participating employers.

For any month, each participating employer in the Scheme pays contributions as set out in the Schedule of Contributions in force at the time.

The Scheme is considered to be a multi-employer scheme as described in Section 28 of FRS102. This is because it is not possible to attribute the Scheme's assets and liabilities to specific employers and meant that contributions are accounted for as if the Scheme were a defined contribution scheme. The pension costs charged to the SoFA in the year are contributions payable towards benefits and expenses accrued in the year, plus any impact of deficiency contributions (see below).

The Minister is eligible to join the scheme.

From January 2012, pension provision is being made through the Defined Contribution (DC) Plan with the Scheme. In general members pay 8% of their Pensionable Income and employers pay 6% of members' Pensionable Income into individual pension accounts which are operated and managed on behalf of the Pension Trustee by Legal and General Life Assurance Society Limited. In addition, the employer pays a further 4% of Pensionable Income to cover Death in Service Benefits, administration costs, and an associated insurance policy which provide income protection for Scheme members in the event that they are unable to work due to long term incapacity. This income protection policy has been insured by the Baptist Union of Great Britain with Aviva plc. The further 4% contribution rate is reduced to 3% for Employers Contributions made to the Segregated DC Arrangements.

Benefits in respect of service prior to 12 January 2012 are provided through the Defined Benefit (DB) Plan within the Scheme. The main benefits for pre-2012 service were a defined benefit pension of one eightieth of Final Minimum Pensionable Income for each year of Pensionable Service, together with additional pension in respect of premiums paid on Pensionable Income in excess of Minimum Pensionable Income. The Scheme, previously known as the Baptist Ministers Pension Fund, started in 1925, but was closed to future accrual of defined benefit on 31 December 2011.

Actuarial valuation at 31 December 2019

A formal valuation of the Defined Benefit (DB) Plan was performed at 31 December 2019 by a professionally qualified Actuary using the Projected Unit Method. The market value of the scheme of the DB assets at the valuation date was £298 million.

The valuation of the DB Plan revealed a deficit of assets compared with the value of liabilities of £18 million (equivalent to a past service funding level of 94%). The Church and the other employers supporting the DB Plan are collectively responsible for funding the deficit.

Shenley Christian Fellowship

Notes to the Financial Statements for the Year Ended 31 October 2020

The key financial assumptions underlying the valuation were as follows:

RPI price inflation assumption	3.20% pa
CPI price inflation assumption	2.70% pa
Minimum Pensionable Income Increases (RPI)	3.20% pa
Assumed investment returns	
Pre-retirement	2.95% pa
Post retirement	2.70% pa
Deferred pension increases	
Pre April 2009	3.20% pa
Post April 2009	2.50% pa
Pensions increases	
Main Scheme pension	2.70% pa

Post retirement mortality in accordance with 80% of the S3NFA and S3NMA tables, with allowance for future improvements in mortality rates from 2013 in line with the CMI 2019 core projections, with a long-term annual rate of improvements of 1.75% for males and 1.5% for females, with the core smoothing parameter and with additional initial mortality improvement factor A=0.5%

The next actuarial valuation of the DB Plan with the Scheme is due to take place not later than as at the 31 December 2022.

Recovery plan

In addition to the contributions to the DB Plan set out above, where a valuation of the DB plan revealed a deficit the Trustee and the Council agree to a rate of deficiency contributions from churches and other employers involved in the DB Plan.

Under the current Recovery Plan dated 30 September 2020, deficiency contributions are payable until 30 June 2026. These contributions are broadly based on the employer's membership at 31 December 2014 and increase annually in line with increases to Minimum Pensionable Income as defined in the Rules. However, the Trustee and the Council agreed a 50% reduction for all deficiency contributions payable between 1 July 2020 and December 2020.

Defined contribution scheme

The Church also makes contributions to defined contribution pension schemes. The assets of these schemes are held separately from those of the Church in independently administered funds. The pension cost and charge represent contributions payable by the Church to these funds and amounted to £509 (2019: £nil).
