TRUSTEES ANNUAL REPORT

YEAR ENDED 31st March 2022

Note from the Chair

As we review our progress from the first year of our new strategy and Lottery Community Grant funded programme, the board is pleased to report a successful year of meeting our strategy objectives.

Over the 5 years from 2021, Kingsmeadow @ MadeForever have committed to the following:

- **Established:** To be well established and well known
- **Services:**
 - Develop services that are directly responding to the community needs
 - Increase client & customer base / engage the community
- **Collaboration:** Increase collaboration/partnership work across the different sectors (public/private/voluntary)
- **Staffing:** increase staff capacity, well rewarded staff, review staff structure to meet demands of services/growth
- **Staff & Volunteer Training/Development:** Invest in training and development of staff volunteers to ensure the team is continuously equipped and capable of delivering effective services
- **Systems/Procedures/Policies:** Develop systems, procedures and policies that align with growth, development, ensure effective delivery of services and running of the organisation
- **Financial Sustainability:**
 - Development of income generation services; Café, Charity Shop, Hire service
 - Expand our funding raising base; attract new funders, fundraising events
 - Identify/explore other income generation options to improve Financial sustainability

We have demonstrated an established position within the community proven by the significant increase of community members accessing the hub for a range of K@M4E services and support during this period. In 2019, we had 2,595 sign-ins of people accessing services at the hub, then 5,034 in 2020, 4,273 in 2021. The figure increased to 12,425 during this reporting period. Our support services have directly responded to community need and have been more crucial than ever whilst navigating a 'post COVID' world and the challenges we all face with the cost-of-living crisis.

Our partnerships have been well established and supportive over the previous year and we would once again like to take this opportunity to thank those who chose Kingsmeadow @ MadeForever as the hub to deliver their activities and support the community as well as those who provide donations for our Essential Support Service, trips and community shop.

Our open, friendly, and supportive café continues to welcome people who are accessing the hub or who just fancy a nice hot drink and bite to eat. We have been very positively encouraged by the continued growth of sales from the café, the community shop and the support of those who book our facilities within the hub for various activities.

We are now in the phase of our strategy where we will focus on the growth and development of our staff and volunteer teams to meet the increased demand we are experiencing. Part of this staff investment will contribute to the development of our income generating services (café, room hire, community shop) to ensure we are able to build a sustainable future for ourselves. We are extremely excited to be in this position, focussing on thriving and not surviving.

KINGSMEADOW @ MADEFOREVER LTD

TRUSTEES ANNUAL REPORT

As always, we are eternally grateful to all the people who make Kingsmeadow @ MadeForever the bustling community hub it has become. This includes our dedicated staff team, our wonderful volunteers, our partners and referring agencies and every person who enjoys the space and contributes in their own way. We would be nothing without you.

The board are excited for the coming years and feel confident in the progress of the organisation, as always, we overcome adversity and rise to the challenge.

History

Over ten years ago, locally elected councillors saw the need for a physical local point to provide a resource for community activities within the Kingswood community. This focal point was to assist members of the community to deliver enhancement of others' quality of life through coordinated endeavour.

To support this aim, a lease on a the flat on the Kingsmeadow Estate (Estate) was offered by South Gloucestershire Council (SGC), who owned the Estate at that time. Ownership of Estate (and other SGC housing was subsequently acquired by Merlin Housing Society (now known as Bromford). Merlin/Bromford continued to support the activities of K@M4E staff, volunteers and trustees as well as the residents on the Estate who became members of K@M4E.

K@M4E moved into its current premise in April 2018 following a Community Asset Transfer of the site from South Gloucestershire Council. Since this move, K@M4E has been working hard with the community to establish a sustainable Community Wellbeing Hub at the Made Forever site by continuing to identify needs, developing and shaping its services and activities accordingly. More people from the community have joined in this cause as they recognise the value, taking on different roles such as volunteers, service users, partners, supporters, all working together to enhance the lives of people and the wellbeing of the community.

Status

K@M4E is registered with the Charity Commission of England and Wales (Number 1148905). The Charity Commission is a national organization which regulates charities (such as K@M4E). K@M4E is also a company limited by guarantee (Number 08126468), incorporated on 2 July 2012.

TRUSTEES ANNUAL REPORT

YEAR ENDED 31st March 2022

Objects

K@M4E's objectives are:

- To provide local people of all ages and background with the support, guidance and means to recognise their needs, strengths so that they are able to work towards achieving success in education, training and employment, Health & Wellbeing, as well as other life opportunities;
- To provide practical support and guidance towards employment, welfare and Information Technology;
- To provide a unique emotional support facility as well as Health and Wellbeing activities within both K@M4E facilities and wider community.

Governance and Risk Management

All major decisions are, made by K@M4E's Board of Trustees (Board). The Board is bound by K@M4E's constitution (comprising of the Articles of Association and general applicable laws). K@M4E's constitution is available on request for anyone.

Each Board member is typically elected at The Annual General Meeting of K@M4E's members. All Board appointments are made having regard to relevant qualification and experience.

Board members must be prepared to engage in training which will help them understand K@M4E's operations and their role within them. For example, the Board confirms that they have taken due regard to the guidance of public benefit published by the Charity Commission.

The Lloyds Bank Foundation enhanced programme provided governance training to K@M4E Board. This programme continues to provide guidance and consultancy support to the Board.

In addition to operational matters, the Board retains an overseeing role, which includes a duty to identify and review the risks to which K@M4E's is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error.

The Board meets regularly (typically Bi-monthly) to receive a financial report and the Chief Officer's report of activities to understand whether K@M4E's operations, risks and finances are being managed prudently.

Management and Voluntary services

Our staff team has grown to a dedicated team of 12 (7FTE) who all contribute to the day to day running of Kingsmeadow @ MadeForever Community Hub.

We have 121 volunteers who give their time to make Kingsmeadow a thriving community hub.

K@M4E's could not continue to grow and thrive as it has done for the last fourteen years without the efforts and development of the staff and volunteer teams who have consistently given their support, time and energy to serve the community.

We are forever grateful to you all.

Key Stakeholders

All concerned with K@M4E's activities and resources share a determination that its' objectives will be delivered.

Friends of the Earth, DWP Kickstart programme, Garfield Weston Foundation, 29th May Charitable Trust, BNSSG CCG and Friends of the Earth. CURRENT SERVICES & ACTIVITIES

Crisis Prevention & Personalised support for individuals & Families

Personalised Support: This programme of activity provides a holistic person-centred support, with a one-to-one initial needs assessment providing the basis for a tailored intervention support plan for the individual or families. We reach out to our beneficiaries in ways that our intervention is crucial, life-changing, and in some instances, lifesaving.

Our dedicated team works with beneficiaries over a prolonged period to identify specific challenges, needs, barriers and strengths, and develop a targeted support plan that directly responds. The focus is to help our beneficiaries move forward, and nurture and support them to take control of their lives and maintain that positive journey. Support is both emotional and practical. All our services and activities serve as access point for people in need of our personalised support programme.

Essential Support Service: Through this service, we source donations for items and provide Utility Top-ups, Clothing, Household Items, Emergency Food Parcels, Hot meals, Hygiene Kit, Baby care products and Foodbank Vouchers to people in desperate situations and those facing financial hardship.

By alleviating immediate concerns and worries of the community we serve around food, heat, light, personal hygiene, especially so as we experience a cost-of-living crisis and high energy prices hitting the most vulnerable, we can work with our beneficiaries to continue to plan longer-term support and recovery as the situation improves.

Volunteer Development Service: Volunteers are at the heart of our structure. The aim of this service is to identify the individual goals of the volunteers and work with them to achieve their goals. This service also increases our capacity to deliver on our charitable objectives. Many of our volunteers first engaged with us as service users, so have lived experience of overcoming obstacles and finding positive ways to deal with life's challenges. This keeps us in touch with our purpose, as well as bringing a wide range of relevant skills and perspective that improves our work in our community.

K@M4E work with volunteers to put together structured support plans including training, employment and life skills development, building confidence, providing opportunities to stay active and to support the transition back into society and their community for those who have feel isolated and lonely.

Activity Start-up and development support service: Structured support for individuals to set-up community group activities that will benefit themselves and others, directly responding to their needs. We support and work with the individuals and the group to plan, co-ordinate, facilitate and develop engaging activities and to work towards self-sustainability for the group.

Through this activity our organisation provides a community service where donated items are refurbished or repurposed. Community Learning, Skills Development and Engagement Activities

Community Learning Courses: We work closely in partnership with SGC Community learning to ensure a variety of skills development and wellbeing courses, responding to the needs of residents are run throughout the year.

Forever Friends Café: A welcoming, open, community cafe providing low-cost quality food, facilities such as pool/board games, opportunities to engage with others, have access to community news / events, and explore a variety of wellbeing activities and support services available at the hub. Our Café also provides volunteering and work placement opportunities including training and support. Focused groups café sessions provide opportunities and first steps for targeted groups (who may not usually go out to socialise) such as people struggling with anxiety. The Café serves as an access point to our crisis, personalised support and other services at the hub. Staff and volunteers build positive relationship with people, identify when someone needs further support and help them to engage. The Café also helps to generate income to fund our charitable activities. However, Covid-19 crisis has had a knock down effect on this.

Community Charity Shop: We sell donated items, produce from the community garden, items made in the Refurbishment and Recycling Workshop, and items made by some wellbeing group activities such as the Wellbeing Knitting. All income generated from the shop is used to fund our charitable activities. The shop also provides volunteering and work placement opportunities including training and support.

Community Information Service: We Coordinate and produce a Quarterly Newsletter with updates on services, activities, news and events in Kingswood and surrounding areas. The newsletter is distributed door to door to residents and via communal areas such as public libraries and leisure centres. Electronic copies are also distributed widely to a variety of services to reach their service users. We provide updated information on services, health and wellbeing awareness, work and apprenticeship opportunities beneficial to local people on K@M4E Community Hub notice boards and provide leaflets for people to take along. The many people from all backgrounds who visit our Community Hub daily have direct access to this information. This service is particularly important for people who are digitally excluded.

Collaboration with other services using Hub as a resource: We work closely with other organisations to extend capacity and increase access to other services needed by the residents of the local community. This helps to eliminate access barriers associated with distant services. Services such as SGC Social Care Services, SGC Mentoring, Developing Health and Independence, Future Bright Employment support, Bromford Housing and National Star College meet and support their service users from the hub. It is a friendly, relaxed and welcoming environment with facilities that encourages engagement. This is particularly useful for people who struggle with their mental wellbeing. The local Police Beat and the Councillor's surgeries are held in our Community Hub.

Open Community Events: We provide festive events open to the community to encourage community cohesion. Festive events such as Easter, Halloween and Christmas are delivered yearly. As part of our Christmas event, we give out free Christmas presents to children from disadvantaged families. We also host other events such as Community Happiness Day, Table-top sales events, etc.

Forward Initiatives

Funding and Finances

As agreed by Board and Senior Management, K@M4E continues to develop ways to diversify its funding streams. Our fundraising strategy focusses on sustainability through our income generating activities alongside fundraising activities. We invest income generated by our commercial activities back into the charity, putting it into core service delivery, building maintenance, training and development opportunities. We will continue seeking funding from Trusts, Foundations and Grants and develop more opportunities for Fundraising Events and Individual giving.

K@M4E is aiming to achieve a sustainable funding base by diversifying income streams in three key areas:

- i) Commercial income generation
- ii) Fundraising and marketing
- iii) Fundraising assets

We are continuing to focus on maximising the income potential of the building, through private hire of the space (eg family parties, training and business events) and letting spaces to other community organisations who share our charitable ethos and offer services which are of benefit to the community. While looking to increase sales in our community café, we are determined to ensure we keep everything affordable for our community. We are committed to keeping our costs down, including using produce from our community garden in the café.

We are working on the development of our community charity shop encourage footfall. We continue to benefit from charity retail consultancy support with the shop development.

We continue to actively fundraise to support our core charitable activities, both through applications to trusts and foundations, and community fundraising events. We are thankful for the support of the National Lottery Community Fund, South Gloucestershire Council, DWP Kickstart programme, Lloyds Bank Foundation, Garfield Weston Foundation, 29th May Charitable Trust, Asda Foundation, Co-op, Sainsbury's, Morrisons, BNSSG CCG, Friends of the Earth and Individual supporters. We continue to develop our trust pipeline and submission process.

Services and Activities

We continue to respond to community needs in the development of our services and activities. The involvement and participation of our community is key to all the services we provide. We also continue to develop existing and new collaboration work opportunities across all sectors of our community.

Reserves Policy

The Trustees regularly review their reserves policy to ensure the continuity of services. Changes are made to reflect the organisation's activities. Changes in the reserves amount would be reported during each period. The current reserve is set for £30,000. At 31 March 2022, free reserves amounted to £62,431, which is currently above target level however due to effect of recent pandemic and the ongoing rise in cost of living trustees feel this is acceptable at this time.
