## **CAMDOCUK REPORT OF ANNUAL ACTIVITIES 2024**

### **Statement from Chairperson – Dr. Linda Bello**

This is the beginning of my second term as CamDocUK chairperson having been re-elected in March this year. I am deeply humbled by the opportunity to lead this remarkable association once again. As I embark on this second term, I am filled with a renewed sense of purpose and determination. Our work is far from complete, and the challenges ahead require our continued vigilance and innovation.

Over the past term, we have navigated through significant challenges and celebrated numerous achievements. I extend my heartfelt thanks to my executive team and members for their dedication, hard work and unwavering support.

A special thanks to our superb secretary General Dr Judwin Ndzo who has sadly stepped down after 7 years in the executive. She has been an exemplary secretary and asset to our association. I am pleased to report that the indefatigable Dr Anna Mbene has stayed on in her dual roles of Comms Sec and managing our finances. A warm welcome to the new members of our executive team whom I will formally introduce during the gala.

We continued our series of webinars “CamDocUK – Talking with the Community” and are currently on our 21st edition. Our most recent webinar on Endometriosis had one of our highest attendances this year. I would like to thank our

community for attending and engaging in these sessions, as well as our external speakers for all their time and input.

Our links with our sister organisations have remained strong. We supported Patcha Foundation in a medical mission which took place between the 10th to the 15th of June this year in Ngoazip South region of Cameroon. My special thanks to Dr Nkwayep Mpafe for representing us and for taking with him some medical equipment donated by CamDocUK.

It has been a pleasure to watch our numbers increase again this year and it is always heartwarming to see the positive interactions of members when we meet in person at our OGMs. I remain grateful for the commitment of our members.

**Other Existing MOUs**

1. BAPIO

2. University of Dschang

□

**C. Educational Activities**

Our annually paid Zoom account has enabled us run educational webinars for the Cameroonian and African communities. We have had 4 Webinars so far on various topics: Breast Cancer, Endometriosis, Sickle Cell Disease, Organ Transplantation. These have been well received by the public.

Our Journal clubs continue but have gone from fortnightly to monthly but will be reviewed as need arises. This is only open to medics.

Members are able to use the paid Zoom account as part of their membership benefits.

## **D. Ongoing Projects**

### **1. Maternal and Neonatal Care Project in Cameroon**

This has been the highlight of the year. This was launched in July 2023, targeted at improving the healthcare of mothers in Cameroon.

Fundraising: Currently ongoing for our Maternity project. ‘GoFundMe’ was launched for this. So far, £8141 raised of a target of £50,000. Many thanks to CamDocUK members who have pushed for the drive to raise more funds.

Health facilities in Cameroon have been contacted to ascertain need. Procurement of equipment has begun. More funds are needed to transport goods, widen coverage and staff training.

### **2. Medical Conference in Cameroon**

The medical conference in Cameroon titled ‘**NON-COMMUNICABLE DISEASE EMERGENCIES IN LOW-RESOURCE SETTINGS**’ held in partnership with the University of *Yaoundé’s Faculty of Medical and Biochemical Sciences* and the *Royal College of Physicians London*. This took place 23-24 October 2024. We raised some funds for the conference.

## **E. Finance**

A full financial report is available for viewing on the Charity Commission website.

## **F. Cameroon Medical Council (CMC) Updates**

There has been a recent change in leadership at the CMC, since then the relationship between the CMC and Cameroonian diaspora Medical Associations have stalled.

However, there is an increasing synergetic push by the

latter including CamDocUK to be more involved in health policies in Cameroon. To this effect, discussions are ongoing regarding streamlining the enrolment procedure onto the CMC register by diaspora doctors.

The Royal College of Physicians London (RCP) is looking for an opportunity to be present in Cameroon. CamDocUK is acting as a facilitator in this endeavour.
