Activities

Objects: 1. THE PREVENTION OR RELIEF OF POVERTY OR FINANCIAL HARDSHIP ANYWHERE IN THE WORLD BY PROVIDING OR ASSISTING IN THE PROVISION OF ACCOMMODATION EDUCATION, TRAINING, HEALTHCARE PROJECTS AND ALL THE NECESSARY SUPPORT DESIGNED TO ENABLE INDIVIDUALS TO GENERATE A SUSTAINABLE INCOME AND BE SELF-SUFFICIENT. 2. TO PROMOTE HUMAN RIGHTS (AS SET OUT IN THE UNIVERSAL DECLARATION OF HUMAN RIGHTS AND SUBSEQUENT UNITED NATIONS CONVENTIONS AND DECLARATIONS) THROUGHOUT THE WORLD BY ALL OR ANY OF THE FOLLOWING MEANS: • MONITORING ABUSES OF HUMAN RIGHTS; • OBTAINING REDRESS FOR THE VICTIMS OF HUMAN RIGHTS ABUSE; • RELIEVING NEED AMONG THE VICTIMS OF HUMAN RIGHTS ABUSE; • RAISING AWARENESS OF HUMAN RIGHTS ISSUES; • PROMOTING PUBLIC SUPPORT FOR HUMAN RIGHTS; • PROMOTING RESPECT FOR HUMAN RIGHTS AMONG INDIVIDUALS AND CORPORATIONS; • INTERNATIONAL ADVOCACY OF HUMAN RIGHTS. 3. TO ADVANCE THE CHRISTIAN FAITH FOR THE BENEFIT OF THE PUBLIC IN ACCORDANCE WITH THE FOLLOWING DECLARATION AND STATEMENT OF FAITH: DECLARATION WE PROFESS THE TRINITARIAN FAITH AS IT IS UNIQUELY REVEALED IN THE HOLY SCRIPTURES AND SET FORTH IN THE CATHOLIC CREEDS. UNDER THE GUIDANCE OF THE HOLY SPIRIT, THIS FAITH HAS BEEN PRESERVED IN THE HISTORIC FORMULARIES OF THE CHURCH OF ENGLAND, PARTICULARLY THE 39 ARTICLES OF RELIGION, THE VARIOUS BOOKS OF COMMON PRAYER, AND THE ORDINALS OF THE DIFFERENT PROVINCES AND CHURCHES OF THE ANGLICAN COMMUNION. THIS FAITH, HOWEVER, HAS TO BE PROCLAIMED AFRESH AND APPLIED IN EACH GENERATION AND IN EVERY CULTURE. WE ENCOURAGE IN SERVICE THOSE WHO HAVE EXPERIENCED CONVERSION TO CHRIST, ARE BEING RENEWED BY THE WORK OF THE HOLY SPIRIT, ARE COMMITTED TO THE LOCAL AS WELL AS THE WORLDWIDE MISSION OF THE CHURCH AND WHO CAN ASSENT TO THIS DECLARATION IN GOOD FAITH. ETHOS STATEMENT WE AFFIRM THE CHRISTIAN FAITH AS UNIQUELY REVEALED IN THE BIBLE AND EXPRESSED IN THE ANGLICAN CHURCH'S HISTORIC CREEDS. WE BELIEVE IN THE SOVEREIGNTY AND GRACE OF GOD THE HOLY TRINITY ? IN THE INITIAL AND ONGOING POWER AND LOVE OF THE FATHER IN AND THROUGH CREATION; IN THE INCARNATION LIFE, DEATH AND RESURRECTION OF THE LORD JESUS CHRIST AS THE UNIQUE GROUND FOR OUR SALVATION AND SANCTIFICATION; AND IN THE HOLY SPIRIT WHO GIVES LIFE TO ALL CREATION AND IS GIVEN TO INDIVIDUALS AND THE CHURCH FOR AN ON-GOING MINISTRY OF COMFORT AND CHALLENGE.

Activities: ReVive International supports the work of a Brazilian NGO called 'ReaViva'. They work with young girls who have been forced into prostitution, have suffered from physical or sexual abuse or who find themselves in situations of sexual exploitation. ReVive is currently supporting their home for young girls and their other charitable activities.

Trustees

Canon Andrew Roberts MBE (Chair)
Rev. Jim Roberts (Secretary)
Mr. Mike North
Mrs. Rachel Barlow Maclure (resigned May 2025)
Mr. Charles Barlow
Mr. Andrew Johnson

The trustees are legally responsible for the day to day running and for the finances of the trust and that the grants are provided in line with the objectives and aims of the charity. This year the trustees have met twice online. They are in regular contact via email to oversee the grants made to Brazil and to keep up to date with the work of the Brazilian NGO Reaviva. New trustees can be chosen and elected by the current trustee board.

The board were sad to accept the resignation of Rachel Maclure, who has been a trustee since Revive's inception. We thank her for her amazing contribution to Revive's work over the years and wish her well in her next endeavors.

The board are aware that we need to recruit another two board members and to address the current gender imbalance.

History and Aims of the Charity

Revive International was set up by Trust Deed on the 30th June 2012 which was amended on the 13th of September 2012. Revive was registered as a charity on the 19th of September 2012. The objects of the charity are the promotion of human rights and to help in the relief of poverty especially amongst young girls who have suffered from sexual or physical abuse and exploitation in Brazil.

Activities

Overview

The charity supports a Brazilian NGO called 'Reaviva' which works with young children who have suffered sexual or physical abuse and exploitation in Olinda PE in the north-east of Brazil. Reaviva was started by Andy and Rose Roberts who have now passed on leadership of the NGO to Elise Canuto and Claudemir Nativo. They are supported and overseen by a local governing board of directors. A number of Church Mission Society people are also connected with Reaviva. Revive has been making grants to support the expanding work of the NGO.

Their main focus is working with young children who have suffered physical or sexual abuse, usually by a close family member, resulting in the child needing to be brought into care. They run a safe house for children in the city, community development initiatives as well as running a foster care service.

Thanks to grants made by the charity they were able to purchase and open the first home in 2014 which is still the only home in the city exclusively for girls. Grants made during previous financial years enabled the NGO to purchase a further property to provide needed office and working space along with another home for babies and young children. The second home has now closed as Reaviva is transitioning their work with children from 0-7 years to a foster care service. The home and foster care service have space for up to 18 children (depending on the current number of foster families) who come via the local authorities and social services. The Reaviva team works with the children in lots of different ways to help restore their lives and

renew their hope for the future. The aim is to place the children back into safe families either by reintegration into their biological family or a new family via adoption.

ReVive International

Trustees' Report - continued

Reaviva has also successfully started a fostering service in the city of Olinda - the first of its kind! This is in line with Reaviva's desire to see children cared for in families rather than in institutions.

Reaviva is supporting a number of community development initiatives in partnership with a local Anglican Church including a community market and children's work. The main aim for this area is to prevent children from falling into an abusive situation via strengthening family relationships, education and awareness raising.

The trust provides regular grants to support all areas of Reaviva's expanding work. More information is given below on the trust's activities this financial year in each of the areas.

Reaviva is also currently applying for Brazilian government funding and other income sources to help support the cost of their work.

Children's Home

Reaviva runs one home exclusively for girls from 7 - 16 years old. This financial year a total of 14 children and teenagers were referred to Reaviva by the Brazilian social services, 9 were placed in the home alongside the other children already in the homes and 5 were placed in the foster service.

Within the children's home and foster service, Reaviva works in five main areas:

Provision of basic needs: Through Reaviva the children have a safe place to live, a warm bed to sleep in, clothes to wear and food to eat.

Psychological and Social assistance: Through Reaviva's psychologist and social worker the children receive frequent therapy sessions to help them work through the traumas of the past and prepare them for the future. They are also seen by public and private psychologists and psychiatrists if needed. Their health needs are also looked after by the social worker.

Creating/Restoring family ties: The Reaviva team work with the children's families to identify family members who would be able to look after the child. Activities and therapy sessions for the child and the family member help create or restore their relationship with the hope that the child will be able to return to a family environment. For children who cannot return to their immediate family, substitute families are worked with in the same way to encourage a potential adoption.

Education: All the children at Reaviva are placed back into the school system. Many are behind in their studies which is why Reaviva invests time and resources into school reinforcement classes in the house. The social worker also helps the older teenagers find professional courses and apprenticeships to enhance their employability and prepare them for the workplace.

Leisure: Reaviva runs lots of leisure, sports and dance activities for the children including educational and recreational trips.

The board were very happy that a total of 12 children and teenagers were placed back into safe families during this financial year, either through adoption or family reintegration. All of Reaviva's work flows from their Christian faith and is very much evident in all they do.

Fostering Service

Reaviva has undertaken a bold goal of transitioning to family-based care, helping to build and run a fostering service in the city with the hope of ultimately closing down their children's homes. The trust agrees with their vision and will support them in the pursuit of it. Reaviva's second home (for children aged 0-7 years) was successfully closed at the end of 2023 and the children either reintegrated back into safe biological families or transferred to the fostering service.

After numerous years of work and advocacy including a successful legislation process providing the legal framework within which to run a fostering service, Reaviva now runs the only fostering service in the municipality. The first child was placed in the fostering service in November 2022 – a historic occasion for the city. This financial year a total of 5 children were placed in the foster care service, a good number considering the lack of cultural awareness of fostering – something which the Reaviva team is working on.

ReVive International

Trustees' Report - continued

The team have now been visiting churches and other places in order to recruit potential foster families. A number have been through the training and another 4 families have successfully completed the training and are ready to foster. Reaviva hopes to have a total of 15 families on the books by the end of 2027.

The trust has set up a designated fund for supporters who would like to support the fostering work directly.

Community Development

Reaviva is also beginning to expand its work into the area of community development with a hope of preventing children falling into abusive situations. They plan to do this via a partnership with Living Waters Anglican Church in the community around the church. Children's work such as martial arts classes and football have already started with around 53 children regularly attending.

A community market has also been set up which receives food donations from local supermarkets (which would have gone to waste) and is then able to distribute it to families who most need it. The families pay a small financial contribution which allows them access to the market. This past financial year, the market has directly worked with 45 families including 175 adults and 110 children. The market is also able to provide a space to build community with these families and connections with the church.

Trustee Visits

Sadly, there were no trustee visits within this current reporting period. This is mainly due to two visits happening last financial year with the next one scheduled for August 2025. These visits are greatly beneficial both for the trustee's board and for Reaviva. No trust funds were spent on the visits.

US Non-Profit

The board are pleased that the US non-profit linked to Revive and Reaviva has had a good financial year, providing further financial support to the growing work in Brazil. The board has grown and some promising relationships are being developed with local churches and other funding organisations. There are some plans to collaborate on fundraising events in the USA during this upcoming financial year.

Financial Review

Income

The trustees have been encouraged by the generosity shown by individuals, churches and organisations who have donated to the trust over the past year.

By the end of this financial year, the trust was receiving regular amounts from 150 individuals along with one-off donations from churches, organisations and other individuals. The trustees hope to attract more regular and one-off gifts.

Our year end financial report shows that Revive received a total of £113,164 in voluntary unrestricted income. This includes £55,412 received through regular standing orders (a small decrease from last year), £30,572 from other 'one off' donations and £5,270 from the sponsorship scheme. All of these funds are unrestricted.

The trust received a total of £1,129 towards the Fostering service and will ring-fence this money to be used towards that end. The trust also received a total of £18,197 through the gift aid scheme and are very grateful to those who give tax efficiently plus £2,400 in savings interest.

Grants and Expenditure

This financial year a total of £150,000 has been provided through a number of grants to the work of Reaviva in Brazil. Costs have decreased slightly in Brazil due to the closure of the second home. The trust plans to continue to financially support Reaviva at this level for the next few years. The board is very encouraged that Reaviva has had a number of funding proposals approved by funders in Brazil and for the growing support in the USA.

ReVive International Trustees' Report - continued

The money is regularly remitted to Brazil where Elise Canuto along with the team and Brazilian board provide monthly financial reports and statements which satisfy the trustees that the money sent is being used in line with the objects and aims of the charity.

A total of £1,721 was spent on various running costs, including bank fees, annual financial audit, antivirus software, website hosting, cloud-based storage solutions and trustee meeting expenses.

The trustees are extremely grateful for the generosity shown over the past financial year.

All monies that the charity receives are remitted and applied as soon as reasonably possible in line with the objects and aims of the charity.

Future Plans

As always, the board are thrilled with all that Reaviva has achieved this past financial year and the clear impact and difference their work is making in the lives of so many. The trust's reserves have allowed significant investment in Reaviva over the past years, however that level of investment is unsustainable. We're pleased to see Reaviva follow through with its initial dream of transitioning their institutional care homes to family-based care. The closure of one of the houses will greatly reduce their monthly expenditure and the pressure on the trust's reserves.

The board are looking at a number of fundraising opportunities to increase the knowledge of the trust's work and attract more supporters, either individuals, churches or grant making organisations, so that the trust can continue to support the wonderful work of Reaviva in Olinda.

Approved by the trustees and signed on their behalf by Canon Andrew Roberts MBE (Chair)

ReVive International

Statement of Trustees' Responsibilities

The trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping accounting records which disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

ReVive International

Independent Examiner's Report to the Trustees of ReVive International

I report to the charity Trustees on my examination of the accounts of the Charity for the year ended 30 June 2025 as set out on pages 7 to 9.

Responsibilities and basis of report

As the charity's Trustees, you are responsible for the preparation of the accounts.

The Trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the 2011 Act.
- follow the procedures specified in the General Directions given by the Charity Commissioners under section 145(5)(b) of the 2011 Act;
- and state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the General Directions given by the Charity Commissioners. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a "true and fair view" and the report is limited to those matters set out in the statement below.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Notes to the Accounts

For the year ended 30th June 2025

Accounting Policies

1. The charity constitutes a public benefit entity as defined by FRS 102. The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued in October 2019, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102), and UK Generally Accepted Accounting Practice.

The charity does not include a cash flow statement on the grounds that it is applying FRS 102 Section 1A.

The financial statements are prepared on a going concern basis under the historical cost convention.

Incoming resources

All incoming resources are included on the Statement of Financial Activities when the charity receives the income.

Fundraising income relating to events is recognised when the income is received.

Resources expended

Expenditure is accounted for on a payments basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Fund accounting

Unrestricted funds can be used, at the discretion of the Trustees, in accordance with the charitable objectives.

Designated funds can only be used for particular purposes within the objects of the charity.

2. **Trustee remuneration**

The trustees receive no remuneration for their services.

3. **Related party transactions**

Donations amounting £4,110 (2024: £NIL) was received from the trustees.

	At 1 July 2024 £	Donations £	Expended £	At 30 June 2025 £
4. Designated funds				
Fostering Service	21,438	1,129	(22,000)	567

Designated funds are funds that can only be used for the particular designated purpose within the objects of the funds, as stated above.

Income may be restricted when specified by the donor or when funds are raised for a specific restricted purpose. Such income is allocated to a designated fund.

Resources expended on the above funds represent expenditure incurred in fulfilling the specific objects of the funds.

Trustees

Canon Andrew Roberts MBE (Chair)
Rev. Jim Roberts (Secretary)
Mr. Chris Mackie (resigned January 2024)
Mr. Mike North
Mrs. Rachel Barlow Maclure
Mrs. Tamara Dutra Throup (resigned May 2023)
Mr. Charles Barlow
Mr. Andrew Johnson (appointed May 2024)

The trustees are legally responsible for the day to day running and for the finances of the trust and that the grants are provided in line with the objectives and aims of the charity. This year the trustees have met three times this year in July, January and May. They are in regular contact via email to oversee the grants made to Brazil and to keep up to date with the work of the Brazilian NGO Reaviva. New trustees can be chosen and elected by the current trustee board.

Two trustees took the decision to resign from the board after a decade of service, Tamara Throup and Chris Mackie. The board thanks them both for their service and dedication over the years and will greatly miss their input. The board approved the appointment of Andrew Johnson as a trustee acknowledging his many years of experience of work in Brazil and South America.

Overview

The charity supports a Brazilian NGO called 'Reaviva' which works with young children who have suffered sexual or physical abuse and exploitation in Olinda PE in the north-east of Brazil. Reaviva was started by Andy and Rose Roberts who have now passed on leadership of the NGO to Elise Canuto and Claudemir Nativo. They are supported and overseen by a local governing board of directors. A number of Church Mission Society people are also connected with Reaviva. Revive has been making grants to support the expanding work of the NGO.

Their main focus is working with young children who have suffered physical or sexual abuse, usually by a close family member, resulting in the child needing to be brought into care. They run a safe house for children in the city, as well as community development initiatives as well as running a foster care service.

ReVive International

Trustees' Report (continued)

Thanks to grants made by the charity they were able to purchase and open the first home in 2014 which is still the only home in the city exclusively for girls. Grants made during previous financial years enabled the NGO to purchase a further property to provide needed office and working space along with another home for babies and young children. The second home has now closed as Reaviva is transitioning their work with children from 0-7 years to a foster care service. The home and foster care service have space for up to 18 children (depending on the current number of foster families) who come via the local authorities and social services. The Reaviva team works with the children in lots of different ways to help restore their lives and renew their hope for the future. The aim is to place the children back into safe families either by reintegration into their biological family or a new family via adoption.

Reaviva has also successfully started a fostering service in the city of Olinda - the first of its kind! This is in line with Reaviva's desire to see children cared for in families rather than in institutions.

Reaviva is also supporting a number of community development initiatives in partnership with a local Anglican Church including a community market and children's work. The main aim for this area is to prevent children from falling into an abusive situation via strengthening family relationships, education and awareness raising.

The trust provides regular grants to support all areas of Reaviva's expanding work. More information is given below on the trust's activities this financial year in each of the areas.

Reaviva is also currently applying for Brazilian government funding and other income sources to help support the cost of their work.

Children's Home

Reaviva runs one home exclusively for girls from 7 - 16 years old. This financial year a total of 17 children and teenagers were referred to Reaviva by the Brazilian social services, 12 were placed in the home alongside the other children already in the homes and 5 were placed in the foster service.

Within the children's home and foster service, Reaviva works in five main areas:

Provision of basic needs: Through Reaviva the children have a safe place to live, a warm bed to sleep in, clothes to wear and food to eat.

Psychological and Social assistance: Through Reaviva's psychologist and social worker the children receive frequent therapy sessions to help them work through the traumas of the past and prepare them for the future. They are also seen by public and private psychologists and psychiatrists if needed. Their health needs are also looked after by the social worker.

Creating/Restoring family ties: The Reaviva team work with the children's' families to identify family members who would be able to look after the child. Activities and therapy sessions for the child and the family member help create or restore their relationship with the hope that the child will be able to return to a family environment. For children who cannot return to their immediate family, substitute families are worked with in the same way to encourage a potential adoption.

Education: All the children at Reaviva are placed back into the school system. Many are behind on their studies which is why Reaviva invests time and resources into school reinforcement classes in the house. The social worker also helps the older teenagers find professional courses and apprenticeships to enhance their employability and prepare them for the workplace.

Leisure: Reaviva also runs lots of leisure, sports and dance activities for the children including educational and recreational trips.

The board were very happy that a total of 8 children and teenagers were placed back into safe families during this financial year, either through adoption or family reintegration. All of Reaviva's work flows from their Christian faith and is very much evident in all they do.

ReVive International

Trustees' Report (continued)

Fostering Service

Reaviva has undertaken a bold goal of transitioning to family-based care, helping to build and run a fostering service in the city with the hope of ultimately closing down their children's homes. The trust agrees with their vision and will support them in the pursuit of it. Revive's second home (for children aged 0-7 years) was successfully closed at the end of 2023 and the children either reintegrated back into safe biological families or transferred to the fostering service.

After numerous years of work and advocacy including a successful legislation process providing the legal framework within which to run a fostering service, Revive now runs the only fostering service in the municipality. The first child was placed in the fostering service in November 2022 – an historic occasion for the city. This financial year a total of 5 children were placed in the foster care service, a good number considering the lack of cultural awareness of fostering – something which the Reaviva team is working on.

The team have now been visiting churches and other places in order to recruit potential foster families. A number have been through the training and currently five families have successfully completed the training and are ready to foster. Reaviva hopes to have a total of 15 families on the books by the end of 2027.

The trust has set up a designated fund for supporters who would like to support the fostering work directly.

Community Development

Reaviva is also beginning to expand its work into the area of community development with a hope of preventing that children fall into abusive situations. They plan to do this via a partnership with Living Waters Anglican Church in the community around the church. Children's work such as martial arts classes and football have already started with around 40 children attending.

A community market has also been set up which receives food donations from local supermarkets (which would have gone to waste) and is then able to distribute it to families who most need it. The families pay a small financial contribution which allows them access to the market. There are currently 22 families signed up to the market with another 10 on a waiting list. The market is also able to provide a space to build community with these families and connections with the church.

Trustee Visits

During the past financial year there have been two trustee's visits in August 2023 and May 2024. These visits are greatly beneficial both for the trustee board and for Reaviva. No trust funds were spent on the visits.

US Non-Profit

The board are pleased that the US non-profit linked to Revive and Reaviva has had a good financial year, providing further financial support to the growing work in Brazil. The board has grown and some promising relationships are being developed with local churches and other funding organisations. There are some plans to collaborate on fundraising events in the USA during this upcoming financial year.

Financial Review

Income

The trustees have been encouraged by the generosity shown by individuals, churches and organisations who have donated to the trust over the past year.

ReVive International

Trustees' Report (continued)

By the end of this financial year, the trust was receiving regular amounts from 155 individuals along with one-off donations from churches, organisations and other individuals. The trustees hope to attract more regular and one-off gifts.

Our end of year financial report shows that Revive received a total of £219,974 in voluntary unrestricted income. This includes £60,103 received through regular standing orders (a small increase from last year), £123,843 from other 'one off' donations and £5,360 from the sponsorship scheme. All of these funds are unrestricted.

The trust received a total of £14,138 towards the Fostering service and will ring-fence this money to be used towards that end. The trust also received a total of £14,643 through the gift aid scheme and are very grateful to those who give tax efficiently plus £1,886 in savings interest.

Grants and Expenditure

This financial year a total of £175,200 has been provided through a number of grants to the work of Reaviva in Brazil. Costs have decreased slightly in Brazil due to the closure of the second home. The trust plans to continue to financially support Reaviva at this level for the next few years. The board is very encouraged that Reaviva has had a number of funding proposals approved by funders in Brazil and for the growing support in the USA.

The money is regularly remitted to Brazil where Elise Canuto along with the team and Brazilian board provide monthly financial reports and statements which satisfy the trustees that the money sent is being used in line with the objects and aims of the charity.

£100 was also spent covering travel expenses to speak at various UK churches about the work of Reaviva and the trust.

A total of £1,453 was spent on various running costs, including bank fees, annual financial audit, antivirus software, website hosting, cloud-based storage solutions and trustee meeting expenses.

The trustees are extremely grateful for the generosity shown over the past financial year.

All monies that the charity receives are remitted and applied as soon as reasonably possible in line with the objects and aims of the charity.

Future Plans

As always, the board are thrilled with all that Reaviva has achieved this past financial year and the clear impact and difference their work is making in the lives of so many. The trust's reserves have allowed significant investment in Reaviva over the past years, however that level of investment is unsustainable. We're pleased to see Reaviva follow through with its initial dream of transitioning their institutional care homes to family-based care. The closure of one of the houses will greatly reduce their monthly expenditure and the pressure on the trust's reserves.

The board are looking at a number of fundraising opportunities to increase the knowledge of the trust's work and attract more supporters, either individuals, churches or grant making organisations, so that the trust can continue to support the wonderful work of Reaviva in Olinda.

Approved by the trustees on 18 March 2025 and signed on their behalf by Canon Andrew Roberts MBE (Chair)

Andrew Roberts MBE

ReVive International

Statement of Trustees' Responsibilities

The trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping accounting records which disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

ReVive International

Independent Examiner's Report to the Trustees of ReVive International

I report to the charity Trustees on my examination of the accounts of the Charity for the year ended 30 June 2024 as set out on pages seven to nine.

Responsibilities and basis of report

As the charity's Trustees, you are responsible for the preparation of the accounts.

The Trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the 2011 Act.
- follow the procedures specified in the General Directions given by the Charity Commissioners under section 145(5)(b) of the 2011 Act;
- and state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the General Directions given by the Charity Commissioners. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a "true and fair view" and the report is limited to those matters set out in the statement below.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Notes to the Accounts

For the year ended 30th June 2024

Accounting Policies

1. The charity constitutes a public benefit entity as defined by FRS 102. The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued in October 2019, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102), and UK Generally Accepted Accounting Practice.

The charity does not include a cash flow statement on the grounds that it is applying FRS 102 Section 1A.

The financial statements are prepared on a going concern basis under the historical cost convention.

Incoming resources

All incoming resources are included on the Statement of Financial Activities when the charity receives the income.

Fundraising income relating to events is recognised when the income is received.

Resources expended

Expenditure is accounted for on a payments basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Fund accounting

Unrestricted funds can be used, at the discretion of the Trustees, in accordance with the charitable objectives.

Designated funds can only be used for particular purposes within the objects of the charity.

2. Trustee remuneration

The trustees receive no remuneration for their services and no trustees received reimbursement for expenses incurred during the current or previous period.

3. Related party transactions

There were no related party transactions during the period.

	At 1 July 2023 £	Donations £	Expended £	At 30 June 2024 £
4. Designated funds				
Fostering Service	7,300	14,138	-	21,438

Designated funds are funds that can only be used for the particular designated purpose within the objects of the funds, as stated above.

Income may be restricted when specified by the donor or when funds are raised for a specific designated purpose. Such income is allocated to a designated fund.

Resources expended on the above funds represent expenditure incurred in fulfilling the specific objects of the funds.

Mr. Charles Barlow

The trustees are legally responsible for the day to day running and for the finances of the trust and that the grants are provided in line with the objectives and aims of the charity. This year the trustees have met three times this year in November, January and June. They are in regular contact via email to oversee the grants made to Brazil and to keep up to date with the work of the Brazilian NGO Reaviva. New trustees can be chosen and elected by the current trustee board.

Bankers

HSBC 13 Parliament Street York YO1 8XS

History and Aims of the Charity

Revive International was set up by Trust Deed on the 30th June 2012 which was amended on the 13th of September 2012. Revive was registered as a charity on the 19th of September 2012. The objects of the charity are the promotion of human rights and to help in the relief of poverty especially amongst young girls who have suffered from sexual or physical abuse and exploitation in Brazil.

Activities

Overview

The charity has been supporting a Brazilian NGO called 'Reaviva' which works with young children who have suffered sexual or physical abuse and exploitation in Olinda PE in the north-east of Brazil. Reaviva was started by Andy and Rose Roberts who have now passed on leadership of the NGO to Elise Canuto and Claudemir Nativo. They are supported and overseen by a local governing board of directors. A number of Church Mission Society people are also connected with Reaviva. Revive has been making grants to support the expanding work of the NGO.

Their main focus is working with young children who have suffered physical or sexual abuse, usually by a close family member, resulting in the child needing to be brought into care. They run two safe houses for children in the city. Thanks to grants made by the charity they were able to purchase and open the first home in 2014 which is still the only home in the city exclusively for girls. Grants made during previous financial years enabled the NGO to purchase a further property to provide needed office and working space along with another home for babies and young children. The homes have space for up to 24 children who come via the local authorities and social services. The Reaviva team works with the children in lots of different ways to help restore their lives and renew their hope for the future. The aim is to place the children back into safe families either by reintegration into their biological family or a new family via adoption.

Reaviva has also successfully started a fostering service in the city of Olinda - the first of its kind! This is in line with Reaviva's desire to see children cared for in families rather than in institutions.

ReVive International

Trustees' Report (continued)

Reaviva is also supporting a number of community development initiatives in partnership with a local Anglican Church including a community market and children's work. The main aim for this area is to prevent children from falling into an abusive situation via strengthening family relationships, education and awareness raising.

The trust provides regular grants to support all areas of Reaviva's expanding work. More information is given below on the trust's activities this financial year in each of the areas.

Reaviva is also currently applying for Brazilian government funding and other income sources to help support the cost of their work.

Children's Homes

Reaviva runs two homes; one for children aged 0-6 years and another, exclusively for girls from 7 - 16 years old. This financial year a total of 24 children and teenagers were referred to Reaviva by the Brazilian social services and were placed in the homes alongside the other children already in the homes.

Within the children's homes, Reaviva works in five main areas:

- **Provision of basic needs:** Through Reaviva the children have a safe place to live, a warm bed to sleep in, clothes to wear and food to eat.
- **Psychological and Social assistance:** Through Reaviva's psychologist and social worker the children receive frequent therapy sessions to help them work through the traumas of the past and prepare them for the future. They are also seen by public and private psychologists and psychiatrists if needed. Their health needs are also looked after by the social worker.
- **Creating/Restoring family ties:** The Reaviva team work with the children's' families to identify family members who would be able to look after the child. Activities and therapy sessions for the child and the family member help create or restore their relationship with the hope that the child will be able to return to a family environment. For children who cannot return to their immediate family, substitute families are worked with in the same way to encourage a potential adoption.
- **Education:** All the children at Reaviva are placed back into the school system. Many are behind on their studies which is why Reaviva invests time and resources into school reinforcement classes in the house. The social worker also helps the older teenagers find professional courses and apprenticeships to enhance their employability and prepare them for the workplace.
- **Leisure:** Reaviva also runs lots of leisure, sports and dance activities for the children including educational and recreational trips.

The board were very happy that a total of 13 children and teenagers were placed back into safe families during this financial year, either through adoption or family reintegration. All of Reaviva's work flows from their Christian faith and is very much evident in all they do.

Fostering Service

Reaviva has undertaken a bold goal of transitioning to family-based care, helping to build and run a fostering service in the city with the hope of ultimately closing down their children's homes. The trust agree with their vision and will support them in the pursuit of it.

This previous financial year has seen great progress being made in the area of fostering. After many years of advocacy and meetings with the local government, state law makers and the judiciary services, the municipal law was passed which would allow children in the care system to be placed into foster families. An historic occasion. Reaviva was highlighted during the event as an integral part of bringing this law into being.

The team have now been visiting churches and other places in order to recruit potential foster families. A number have been through the training and currently one family has passed and is active as a foster family. The first child was placed in the fostering service in November 2022 – an historic occasion for the city. Since then a further 2 children have been placed in foster families with more to come as more foster families are

ReVive International

Trustees' Report (continued)

trained and registered. This financial year a total of 4 potential foster families started the training, three of them completed it with two being selected for registration.

The trust has set up a ring-fenced fund for supporters who would like to support the fostering work directly.

In May 2023, the decision was taken, together with the Reaviva directors, to close the second home by the end of 2023 and transition that age group to family-based care. This is perhaps a year earlier than we would have liked to – the fostering service is active but rising costs without a rise in income meant that financial constraints have caused the transition to happen sooner.

Community Development

Reaviva is also beginning to expand its work into the area of community development with a hope of preventing that children fall into abusive situations. They plan to do this via a partnership with Living Waters Anglican Church in the community around the church. Children's work such as martial arts classes and football have already started with around 30 children attending.

A community market has also been set up which receives food donations from local supermarkets (which would have gone to waste) and is then able to distribute it to families who most need it. The families pay a small financial contribution which allows them access to the market. There are currently 22 families signed up to the market with another 10 on a waiting list. The market is also able to provide a space to build community with these families and connections with the church.

Trustee Visits

During the past financial year there have been two trustee's visits in August 2022 and March 2023. These visits are greatly beneficial both for the trustee board and for Reaviva. No trust funds were spent on the visits.

US Non-Profit

The board are pleased that the US non-profit linked to Revive and Reaviva has had a good financial year, providing further financial support to the growing work in Brazil. The board has grown and some promising relationships are being developed with local churches and other funding organisations. A visit in September 2022 by Reaviva staff and a UK trustee to a few mission conferences and a fostering summit was very fruitful. This produced a number of connections which led to a successful funding proposal for Reaviva's work.

Financial Review

Income

The trustees have been encouraged by the generosity shown by individuals, churches and organisations who have donated to the trust over the past year.

By the end of this financial year, the trust was receiving regular amounts from 151 individuals along with one-off donations from churches, organisations and other individuals. The trustees hope to attract more regular and one-off gifts.

Our end of year financial report shows that Revive received a total of £123,164 in voluntary unrestricted income. This includes £58,916 received through regular standing orders, £40,113 from other 'one off' donations and £5,310 from the sponsorship scheme. All of these funds are unrestricted.

The trust received a total of £1,070 towards the Fostering service and will ring-fence this money to be used towards that end. The trust also received a total of £16,591 through the gift aid scheme and are very grateful to those who give tax efficiently plus £1,164 in savings interest.

ReVive International

Trustees' Report (continued)

Grants and Expenditure

This financial year a total of £225,000 has been provided through a number of grants to the work of Reaviva in Brazil. The trust will struggle to keep up this same level of grants for this coming year. Thanks to other funders now contributing to the work of Reaviva, the trust felt it could reduce the budgeted grants for next year. Expenditure is due to decrease during the upcoming financial year as one of the houses transitions to foster care and staff adjustments are made.

The money is regularly remitted to Brazil where Elise Canuto along with the team and Brazilian board provide monthly financial reports and statements which satisfy the trustees that the money sent is being used in line with the objects and aims of the charity.

£896 was spent on the USA visit. This covered flights for two people, hotel stays, car rental and other expenses.

£197 was also spent covering travel expenses to speak at various UK churches about the work of Reaviva and the trust.

A total of £1,031 was spent on various running costs, including bank fees, antivirus software, website hosting, cloud-based storage solutions and trustee meeting expenses.

The trustees are extremely grateful for the generosity shown over the past financial year.

All monies that the charity receives are remitted and applied as soon as reasonably possible in line with the objects and aims of the charity.

Future Plans

As always, the board are thrilled with all that Reaviva has achieved this past financial year and the clear impact and difference their work is making in the lives of so many. The trust's reserves have allowed significant investment in Reaviva over the past years, however that level of investment is unsustainable. We're pleased to see Reaviva follow through with its initial dream of transitioning their institutional care homes to family-based care. The closure of one of the houses will greatly reduce their monthly expenditure and the pressure on the trust's reserves.

The board are looking at a number of fundraising opportunities to increase the knowledge of the trust's work and attract more supporters, either individuals, churches or grant making organisations, so that the trust can continue to support the wonderful work of Reaviva in Olinda.

ReVive International

Statement of Trustees' Responsibilities

The trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any departures disclosed and explained in the financial statements;
 - Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping accounting records which disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

ReVive International

Independent Examiner's Report to the Trustees of ReVive International

I report to the charity Trustees on my examination of the accounts of the Charity for the year ended 30 June 2023 as set out on pages seven to nine.

Responsibilities and basis of report

As the charity's Trustees, you are responsible for the preparation of the accounts.

The Trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the 2011 Act.
- follow the procedures specified in the General Directions given by the Charity Commissioners under section 145(5)(b) of the 2011 Act;
- and state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the General Directions given by the Charity Commissioners. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a "true and fair view" and the report is limited to those matters set out in the statement below.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Notes to the Accounts

For the year ended 30th June 2023

Accounting Policies

1. The charity constitutes a public benefit entity as defined by FRS 102. The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued in October 2019, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102), and UK Generally Accepted Accounting Practice.

The charity does not include a cash flow statement on the grounds that it is applying FRS 102 Section 1A.

The financial statements are prepared on a going concern basis under the historical cost convention.

Incoming resources

All incoming resources are included on the Statement of Financial Activities when the charity receives the income.

Fundraising income relating to events is recognised when the income is received.

Resources expended

Expenditure is accounted for on a payments basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

2. Trustee remuneration

The trustees receive no remuneration for their services.

3. Related party transactions

There were no related party transactions during the period.

	At 1 July 2022 £	Donations £	Expended £	At 30 June 2023 £
4. Restricted funds				
Reaviva projects	-	-	-	-

Restricted funds are funds that can only be used for the particular restricted purpose within the objects of the funds, as stated above.

Income may be restricted when specified by the donor or when funds are raised for a specific restricted purpose. Such income is allocated to a restricted fund.

Resources expended on the above funds represent expenditure incurred in fulfilling the specific objects of the funds.

Trustees

Rev. Jim Roberts (Chair)
Mr. Chris Mackie (Secretary)
Mr. Mike North
Mrs. Rachel Barlow Maclure
Mr. Andrew Roberts MBE
Mrs. Tamara Dutra Throup
Mr. Charles Barlow

The trustees are legally responsible for the day to day running and for the finances of the trust and that the grants are provided in line with the objectives and aims of the charity. This year the trustees have met five times this year in July and November 2021 and in February, March and May 2022. They are in regular contact via email to oversee the grants made to Brazil and to keep up to date with the work of the Brazilian NGO Reaviva. New trustees can be chosen and elected by the current trustee board.

Bankers

HSBC 13 Parliament Street York YO1 8XS

History and Aims of the Charity

Revive International was set up by Trust Deed on the 30th June 2012 which was amended on the 13th of September 2012. Revive was registered as a charity on the 19th of September 2012. The objects of the charity are the promotion of human rights and to help in the relief of poverty especially amongst young girls who have suffered from sexual or physical abuse and exploitation in Brazil.

Activities

Overview

The charity has been supporting a Brazilian NGO called 'Reaviva' which works with young children who have suffered sexual or physical abuse and exploitation in Olinda PE in the north-east of Brazil. Reaviva was started by Andy and Rose Roberts who have now passed on leadership of the NGO to Elise Canuto and Claudemir Nativo. They are supported and overseen by a local governing board of directors. A number of Church Mission Society people are also connected with Reaviva. Revive has been making grants to support the expanding work of the NGO.

Their main focus is working with young children who have suffered physical or sexual abuse, usually by a close family member, resulting in the child needing to be brought into care. They run two safe houses for children in the city. Thanks to grants made by the charity they were able to purchase and open the first home in 2014 which is still the only home in the city exclusively for girls. Grants made during previous financial years enabled the NGO to purchase a further property to provide needed office and working space along with another home for babies and young children. The homes have space for up to 24 children who come via the local authorities and social services. The Reaviva team works with the children in lots of different ways to help restore their lives and renew their hope for the future. The aim is to place the children back into safe families either by reintegration into their biological family or a new family via adoption.

Reaviva has also successfully started a fostering service in the city of Olinda - the first of its kind! This is in line with Reaviva's desire to see children cared for in families rather than in institutions.

Reaviva is also supporting a number of community development initiatives in partnership with a local Anglican Church including a community market and children's work. The main aim for this area is to prevent children from falling into an abusive situation via strengthening family relationships, education and awareness raising.

The trust provides regular grants to support all areas of Reaviva's expanding work. More information is given below on the trust's activities this financial year in each of the areas.

Reaviva is also currently applying for Brazilian government funding and other income sources to help support the cost of their work.

Children's Homes

Reaviva runs two homes; one for children aged 0-6 years and another, exclusively for girls from 7 - 16 years old. This financial year 23 children and teenagers were referred to Reaviva by the Brazilian social services and were placed in the homes alongside the other children already in the homes.

Within the children's homes, Reaviva works in five main areas:

- Provision of basic needs: Through Reaviva the children have a safe place to live, a warm bed to sleep in, clothes to wear and food to eat.
- Psychological and Social assistance: Through Reaviva's psychologist and social worker the children receive frequent therapy sessions to help them work through the traumas of the past and prepare them for the future. They are also seen by public and private psychologists and psychiatrists if needed. Their health needs are also looked after by the social worker.
- Creating/Restoring family ties: The Reaviva team work with the children's families to identify family members who would be able to look after the child. Activities and therapy sessions for the child and the family member help create or restore their relationship with the hope that the child will be able to return to a family environment. For children who cannot return to their immediate family, substitute families are worked with in the same way to encourage a potential adoption.
- Education: All the children at Reaviva are placed back into the school system. Many are behind on their studies which is why Reaviva invests time and resources into school reinforcement classes in the house. The social worker also helps the older teenagers find professional courses and apprenticeships to enhance their employability and prepare them for the workplace.
- Leisure: Reaviva also runs lots of leisure, sports and dance activities for the children including educational and recreational trips.

The board were very happy that a total of 9 children and teenagers were placed back into safe families during this financial year, either through adoption or family reintegration. All of Reaviva's work flows from their Christian faith and is very much evident in all they do.

Fostering Service

Reaviva has undertaken a bold goal of transitioning to family-based care, helping to build and run a fostering service in the city with the hope of ultimately closing down their children's homes. The trust agree with their vision and will support them in the pursuit of it.

This past financial year has seen great progress being made in the area of fostering. After many years of advocacy and meetings with the local government, state law makers and the judiciary services, the municipal law was passed which would allow children in the care system to be placed into foster families. An historic occasion. Reaviva was highlighted during the event as an integral part of bringing this law into being.

The team have now been visiting churches and other places in order to recruit potential foster families. A number have been through the training and currently one family has passed and is active as a foster family. In fact, at the time of writing this report, the first ever child was placed into foster care with this family in November 2022. The team will continue to raise awareness, recruit and train foster families until there are enough to meet the demand for children aged 0-6 years old.

The trust received a very generous donation of £10,000.00 towards the fostering service. This will be given to Reaviva to help cover the costs of the fostering staff team and the selection and training activities. The trust has set up a ring fenced fund for supporters who would like to support the fostering work directly.

Community Development

Reaviva is also beginning to expand its work into the area of community development with a hope of preventing that children fall into abusive situations. They plan to do this via a partnership with Living Waters Anglican Church in the community around the church. Children's work such as martial arts classes and football have already started with around 30 children attending.

A community market has also been set up which receives food donations from local supermarkets (which would have gone to waste) and is then able to distribute it to families who most need it. The families pay a small financial contribution which allows them access to the market. There are currently 22 families signed up to the market with another 10 on a waiting list. The market is also able to provide a space to build community with these families and connections with the church.

Trustee Visits

During the past financial year there has been no trustee visits due to the travel restrictions from the covid-19 pandemic. Two visits are scheduled for August 2022.

US Non-Profit

The board are pleased that the US non-profit that Andy and Rose started has had a good financial year, providing further financial support to the growing work in Brazil. The board has grown and some promising relationships are being developed with local churches and other funding organisations. A visit to the US is planned for September 2022 for Elise Canuto and Joao Bento to connect with potential supporters. This visit is part funded by the US non-profit.

Andy and Rose Roberts Return to the UK

This is the first financial year that Andy and Rose have been back in the UK full time. The board are pleased that the transition in Brazil has gone well and have been able to build a good relationship with the new CEO Elise Canuto. Elise and others from Reaviva are able to join a part of the trust's board meetings via Zoom, which has greatly helped the board understand the issues on the ground and how grants have been used.

There is still an ongoing concern on the potential impact of the Roberts' return on the fundraising potential of Revive. The board are currently looking at increasing our fundraising capacity whilst also helping Reaviva to do the same.

Financial Review

Income

The trustees have been encouraged by the generosity shown by individuals, churches and organisations who have donated to the trust over the past year.

By the end of this financial year, the trust was receiving regular amounts from 152 individuals along with one-off donations from churches, organisations and other individuals. The trustees hope to attract more regular and one-off gifts.

Our end of year financial report shows that Revive received a total of £121,842 in voluntary unrestricted income. This includes £61,264 received through regular standing orders, £37,410 from other 'one off' donations and £5,340 from the sponsorship scheme. All of these funds are unrestricted.

The trust received a total of £11,525 towards the Fostering service and will ring-fence this money to be used towards that end. The trust also received a total of £17,827 through the gift aid scheme and are very grateful to those who give tax efficiently plus £67 in savings interest.

This provided a total of £133,433 in voluntary income

Grants and Expenditure

This financial year a total of £210,071 has been provided through a number of grants to the work of Reaviva in Brazil, this included £10,000 ring-fenced to be spent on developing the fostering service. The monthly running cost of Reaviva's work has increased this past year due to the opening of the second home and almost doubling the number of their employees. The economic climate has also caused the pound to weaken against the Brazilian Real which, coupled with inflation, has seen a significant increase to Reaviva's monthly costs.

The money is regularly remitted to Brazil where Elise Canuto along with the team and Brazilian board provide monthly financial reports and statements which satisfy the trustees that the money sent is being used in line with the objects and aims of the charity.

A total of £1000 was spent on various running costs, including bank fees, antivirus software and cloud-based storage solutions for the work in Brazil.

The trustees are extremely grateful for the generosity shown over the past financial year. The reserves will enable the trust to continue to support Reaviva's work and provide an element of stability in an unstable and uncertain economic future for the UK. Reaviva are trying to reduce costs where they can and, if the fostering service is able to meet demand, then one of the houses could potentially close reducing further their monthly financial needs. However, the board can see a need for the home to remain open as long as possible and so are hoping to raise more financial support to cover these costs.

All monies that the charity receives are remitted and applied as soon as reasonably possible in line with the objects and aims of the charity.

Future Plans

The board are truly thrilled by all that Reaviva has been able to achieve this year and are excited by what is to come. There is, however, an element of uncertainty due to the current economic situation the UK finds itself in, and the current pressure on Reaviva's financial reserves. We are committed to supporting the work of Reaviva and truly believe in their vision and the impact they are having in Brazil. The board are looking at a number of fundraising opportunities to increase the knowledge of the trust's work and attract more supporters, either individuals, churches or grant making organisations, so that the trust can continue to support the wonderful work of Reaviva in Olinda.

Approved by the trustees and signed on their behalf by Rev Jim Roberts (Chair)

Rev. Jim Roberts

ReVive International

Statement of Trustees' Responsibilities

The trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any departures disclosed and explained in the financial statements;
 - Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping accounting records which disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

ReVive International

Independent Examiner's Report to the Trustees of ReVive International

I report to the charity Trustees on my examination of the accounts of the Charity for the year ended 30 June 2022 as set out on pages seven to nine.

Responsibilities and basis of report

As the charity's Trustees, you are responsible for the preparation of the accounts.

The Trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the 2011 Act.
- follow the procedures specified in the General Directions given by the Charity Commissioners under section 145(5)(b) of the 2011 Act;
- and state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the General Directions given by the Charity Commissioners. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a "true and fair view" and the report is limited to those matters set out in the statement below.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

ReVive International Trustees' Report

The Trustees present their Report and Accounts for the period 1st July 2019 to 30th June 2020 .

Legal and administrative information

ReVive International is governed by a Trust Deed executed on 30th June 2012 which was amended on 13th September 2012 and is a registered charity, number 1149017.

The principal address of the charity is 12 Bishops Way, Badger Hill, York, North Yorkshire, YO10 5JG.

The charity's trustees who have served throughout the period ended 30th June 2020 are as follows:

Rev. Jim Roberts (Chair)
Mr Chris Mackie (Secretary)
Mr Mike North
Mrs Rachel Barlow Maclure
Mr Andrew Roberts
Mrs Tamara Dutra Throup
Mr Charles Barlow

The trustees are legally responsible for the day to day running and for the finances of the trust and that the grants are provided in line with the objectives and aims of the charity. This year the trustees have met five times, in November and December 2020 and in February, April and June 2021 and they are also in regular contact via email to oversee the grants made to Brazil and to keep up to date with the work of the Brazilian NGO Reaviva. New trustees can be chosen and elected by the current trustee board.

Bankers

HSBC 13 Parliament Street York YO1 8XS

History and Aims of the Charity

ReVive International was set up by Trust Deed on the 30th June 2012 which was amended on the 13th of September 2012. ReVive was registered as a charity on the 19th of September 2012. The objects of the charity are the promotion of human rights and to help in the relief of poverty especially amongst young girls who have suffered from sexual or physical abuse and exploitation in Brazil.

Activities

Overview

The charity has been supporting a Brazilian NGO called 'Reaviva' which works with young children who have suffered sexual or physical abuse and exploitation in Olinda PE in the north-east of Brazil. Reaviva is led and overseen in Brazil by Andy and Rose Roberts along with a Brazilian board of directors. Andy and Rose are employed by the Church Mission Society. ReVive has been making grants to support the work of the NGO.

Reaviva is based in the NE of Brazil in a city called Olinda and their work has expanded over the years. Their focus is working with young children who have suffered physical or sexual abuse, usually by a close family member, resulting in the child needing to be brought into care. They run two safe houses for children in the city. Thanks to grants made by the charity they were able to purchase and open the first home in 2014 which is still the only home in the city exclusively for girls. Grants made during the previous financial year enabled the NGO to purchase a further property to provide needed office and working space along with another home for babies and young children. The homes have space for up to 24 children who come via the local authorities and social services. The Reaviva team works with the children in lots of different ways to help restore their lives and renew their hope for the future. The aim is to place the children back into safe families either by reintegration into their biological family or a new family via adoption.

ReVive International

The board is pleased to see Reaviva expand their work beyond their care homes to focus on bringing in a new fostering service to the city, seeking out strategic partners to begin their prevention and community development work as well as continuing their training program and building local networks.

The trust provides regular grants to support all areas of Reaviva's expanding work. More information is given below on the trust's activities this financial year in each of the areas.

Reaviva is also currently applying for Brazilian government funding and other income sources to help support the cost of their work.

Children's Homes

The new home for children aged 0-6 years received the necessary authorisations from the local government in March 2020 but due to the current COVID-19 pandemic, the first children only arrived in September 2020. Since then nine children, including four babies have come to the two homes which are currently both close to capacity, a result of increased abuse during the pandemic. Some more staff have been recruited to the team, some due to certain children requiring extra attention due to their individual needs, plus a development facilitator to help develop the new areas of Reaviva's work.

Within the children's homes, Reaviva works in five main areas:

- a) Provision of basic needs: Through Reaviva the children have a safe place to live, a warm bed to sleep in, clothes to wear and food to eat.
- b) Psychological and Social assistance: Through Reaviva's psychologist and social worker the children receive frequent therapy sessions to help them work through the traumas of the past and prepare them for the future. They are also seen by public and private psychologists and psychiatrists if needed. Their health needs are also looked after by the social worker.
- c) Creating/Restoring family ties: The Reaviva team work with the children's' families to identify family members who would be able to look after the child. Activities and therapy sessions for the child and the family member help create or restore their relationship with the hope that the child will be able to return to a family environment. For children who cannot return to their immediate family, substitute families are worked with in the same way to encourage a potential adoption.
- d) Education: All the children at Reaviva are placed back into the school system. Many are behind on their studies which is why Reaviva invests time and resources into school reinforcement classes in the house. The social worker also helps the older teenagers find professional courses and apprenticeships to enhance their employability and prepare them for the workplace.
- e) Leisure: Reaviva also runs lots of leisure, sports and dance activities for the children including educational and recreational trips.

The board were very happy that four children were reintegrated back into their families or adopted during this financial year. All of Reaviva's work flows from their Christian faith and is very much evident in all they do.

ReVive International

Fostering Service

Part of Reaviva's expanding work is a focus on implementing a fostering service in the city. Currently, there is no fostering service available – not even a law for it – so children's homes are a short term necessity, however, Reaviva believes that family-based care is better for the child's long term future. Reaviva has undertaken a bold goal of transitioning to family-based care, helping to build and run a fostering service in the city with the hope of ultimately closing their children's homes. The trust agrees with their vision and will support them in the pursuit of it.

Fantastic progress has been made towards fostering this financial year. A team has been formed including one of Reaviva's social workers, to drive the project forward. They've participated in training sessions, elaborated Reaviva's fostering project proposal and have had frequent meetings with both the local government and the state's judiciary department. The municipal law is still pending, delayed due to the pandemic, but there is now a civil movement putting pressure on the lawmakers to pass the law. However, Reaviva is not now dependent on a local law being passed, the judge and prosecutor would be happy to support a private fostering service provided by Reaviva under federal law. Reaviva is now moving onto the next stage of recruiting and training potential foster families for a November launch, whilst also working closely with the local government to pass the municipal law so that the government can also provide a fostering service.

The trust received a very generous donation of £20,000.00 to be split between the fostering service and the general fund. The fostering part will be used as seed money to get the service up and running, by which time other sources of funding should be in place. Reaviva expects to employ at least one more member of the fostering service, a psychologist, in the coming weeks. The board has received Reaviva's fostering proposal, approved it and will aim to fund it via ringfenced giving specifically towards fostering or by general giving.

Community Development

Reaviva is also beginning to expand its work into the area of community development with a hope of preventing that children fall into abusive situations. They plan to do this via a partnership with Living Waters Anglican Church who are based in a poor community. Reaviva has already run a number of workshops with the church to help prepare them for this work. Education projects, dance therapy, martial arts and community market using supermarket waste food are all in the pipeline.

COVID-19 Pandemic

The COVID-19 pandemic has been well documented in Brazil and as an essential service Reaviva's work has continued throughout. Reaviva is following the local guidelines, only essential staff can enter the homes as such most of the children's activities, such as ballet and judo, have now moved online. Schools continue to be closed so the staff are also home schooling the children with Reaviva's teacher giving his catch up classes online. The board are thankful that the work continues and that some children even went on to new families during this time. Recently, some of the restrictions have been lifted meaning that some of the regular activities can now happen in the homes rather than online.

ReVive International

The trust provided some support to cover the cost of some PPE equipment for the staff. It was also decided that staff would travel to and from the homes by Uber rather than public transport for their own safety. This continued for a few months during the peak of the pandemic but has now been scaled back.

Thankfully, there has been no cases amongst the children and just a handful of suspected cases amongst the staff. These were easily contained as staff were asked not to come to work and to self-isolate if displaying cold-like symptoms.

Trustee Visits

During the past financial year there have been no trustee visits, some were planned but were cancelled due to the pandemic.

US Non-Profit

The board are pleased that the US non-profit that Andy and Rose started has had a good financial year, providing further financial support to the growing work in Brazil. The board has grown, and some promising relationships are being developed with local churches.

Andy and Rose Roberts Return to the UK

A big change this financial year was the announcement that Revive trustee and Reaviva founders, Andy and Rose Roberts, will be returning to the UK in August 2021 after nearly 14 years in Brazil as Church Mission Society Mission Partners so that Andy can take up a new role as the Director of International Mission for the CMS. The trustees are very pleased with how the transition of leadership of Reaviva has gone with the Roberts' successfully handing over to a local leadership team. The new Reaviva leaders, Elise Canuto and Claudemir Nativo, are well known to the board and have been by the Roberts' side ever since the beginning of Reaviva's work. The board of trustees have renewed their agreement with the new board of Reaviva detailing the funding relationship and how funds should be used and are satisfied that the excellent financial transparency will continue.

The board were initially concerned about communication with the new leaders, but these concerns were satisfied with Elise's fluent English and with Bento, Reaviva's new Development Facilitator joining the leadership team whose role also includes communications with the UK/US).

There is an ongoing concern on how this change might affect the trust's fundraising efforts, since a lot of the current support comes through the Roberts' connection with the work in Brazil. It's hoped that a sufficient connection with Reaviva has been established over the years that funding may continue, also the new areas of Reaviva's work should also attract new funding. The board are also grateful that the trust currently has sufficient reserves to see it through any short term drop in funding.

Financial Review

Income

The trustees have been encouraged by the generosity shown by individuals, churches and organisations who have donated to the trust over the past year. Reaviva's monthly expenditure has increased during this past year and the board are keen to increase our regular monthly income to help cover this.

ReVive International

By the end of this financial year, the trust was receiving regular amounts from 157 individuals along with one off donations from churches, organisations and other individuals. The trustees are thrilled that regular giving continues to increase. Our end of year financial report shows that Revive received a total of £128,965 in voluntary unrestricted income. This includes £66,872 received through regular standing orders, £56,572 from other 'one off' donations and £5,520 from the sponsorship scheme. All of these funds are unrestricted.

There has been a focus on the pioneering fostering service that Reaviva will be running shortly in Olinda. The board are thrilled that there has been some very positive support for this new area of work including generous gifts from trusts, individuals, and churches. During this financial year, the trust received £13,540 towards the Fostering service and will ring-fence this money to be used towards that end. The trust also received a total of £16,116 through the gift aid scheme and are very grateful to those who give tax efficiently plus £30 in savings interest.

This provided a total of £158,681 in voluntary income.

Grants and Expenditure

This financial year a total of £168,177 has been provided through a number of grants to the work of Reaviva in Brazil, this included £10,150 ringfenced to be spent on developing the fostering service. The monthly running cost of Reaviva's work has increased this past year due to the opening of the second home and almost doubling the number of their employees. The money is regularly remitted to Brazil where Andy and Rose Roberts along with the Brazilian board provide monthly financial reports and statements which satisfy the trustees that the money sent is being used in line with the objects and aims of the charity.

A total of £862 was spent on various running costs, including bank fees, antivirus software and cloud-based storage solutions for the work in Brazil.

The trustees are extremely grateful for the generosity shown over the past financial year. The reserves will enable the trust to continue to support Reaviva's work and provide an element of stability in an unstable and uncertain economic future for the UK.

All monies that the charity receives are remitted and applied as soon as reasonably possible in line with the objects and aims of the charity.

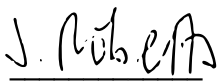

ReVive International

Future Plans

The board are excited by what the future holds for Reaviva's work and are thrilled to be able to help expand their ministry through the gifts received this past financial year. The trust will continue to help Reaviva cover the cost of their activities and are excited by the fostering vision and the plans for a future community prevention project alongside potential social enterprise.

The trustees hope that the number of regular givers, donations and fundraising events to the charity will increase so that Revive can continue to support the homes and Reaviva with their growing work.

Approved by the trustees and signed on their behalf by Rev Jim Roberts (Chair)

Statement of Trustees' Responsibilities

The trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any departures disclosed and explained in the financial statements;
 - Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping accounting records which disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent Examiner's Report to the Trustees of ReVive International

I report to the charity Trustees on my examination of the accounts of the Charity for the year ended 30 June 2021 at set out on pages eight to ten.

Responsibilities and basis of report

As the charity's Trustees, you are responsible for the preparation of the accounts.

The Trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the 2011 Act.
- follow the procedures specified in the General Directions given by the Charity Commissioners under section 145(5)(b) of the 2011 Act;
- and state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the General Directions given by the Charity Commissioners. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a "true and fair view" and the report is limited to those matters set out in the statement below.

Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Notes to the Accounts

For the year ended 30th June 2020

Accounting Policies

1. The charity constitutes a public benefit entity as defined by FRS 102. The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014 (as updated through Update Bulletin 1 published on 2 February 2016), the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102), and UK Generally Accepted Accounting Practice.

The charity has applied Update Bulletin 1 as published on 2 February 2016 and does not include a cash flow statement on the grounds that it is applying FRS 102 Section 1A.

The financial statements are prepared on a going concern basis under the historical cost convention.

Incoming resources

All incoming resources are included on the Statement of Financial Activities when the charity receives the income.

Fundraising income relating to events is recognised when the income is received.

Resources expended

Expenditure is accounted for on a payments basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

2. Trustee remuneration

The trustees receive no remuneration for their services.

3. Related party transactions

There were no related party transactions during the period.

	At 1 July 2020 £	Donations £	Expended £	At 30 June 2021 £
4. Restricted funds				
Reaviva projects	-	-	-	-

Restricted funds are funds that can only be used for the particular restricted purpose within the objects of the funds, as stated above.

Income may be restricted when specified by the donor or when funds are raised for a specific restricted purpose. Such income is allocated to a restricted fund.

Resources expended on the above funds represent expenditure incurred in fulfilling the specific objects of the funds.
