Rutters Solicitors, 2 Bimport, Shaftesbury, Dorset SP7 BAY

STRUCTURE GOVERNANCE AND MANAGEMENT

Governing Document: Declaration of Trust

Eden Westwood Community Project was registered as a charity on 18 October 2012.

RECRUITMENT AND APPOINTMENT OF TRUSTEES:

New trustees can be nominated by the Project Team leader or an existing member of Eden Westwood Community Project Board of Trustees. The Board of Trustees will then, at a board meeting, discuss the nomination and Nominees. The Nominee(s) will be elected to serve on the Board on the basis of a majority vote by the Board of Trustees.

In unique situations where the number of Trustees or the skills held by existing Trustees is deemed by the board to have fallen below what is required by the organisation, or where the Trustees deem that specific expertise is required, then external recruitment can be used. In this situation normal recruitment procedures within the organisation will be followed.

The maximum number of Trustees is seven. Trustees are elected to the Board of Trustees subject to agreed adherence to the doctrines set out in the Declaration of Trust. Future trustees elected to the Board of Trustees of Eden Westwood Community Project are appointed for terms of office of up to five years by resolution of the Trustees. They can be asked to extend their period of Trusteeship, should the Board of Trustees deem it helpful to the Trust.

Induction and Training of Trustees:

New Trustees will be selected on their ability to perform the role they are offered. New Trustees will be required to follow appropriate guidance and statutory obligations of the Role of a Trustee in line with the Charity Commission regulations, and legal responsibilities relating to trusteeship. New Trustees will be required to have read Eden Westwood Community Project core policies and procedures. New Trustees will be offered one-to-one support from a more experienced trustee should that be required.

RESPONSIBILITIES OF THE BOARD OF TRUSTEES

Company and Charity Law required the Board of Trustees to prepare financial statements giving a true and fair view of the charity's financial activities during the year and of its financial position at the end of the year. In preparing financial statements the Trustees have:

- Selected suitable accounting policies and then applied them consistently;
- Made judgements and estimates that are reasonable and prudent;
- Followed applicable accounting standards without any material departures and prepared the financial statements on the going concern basis.

The Trustees are responsible for keeping accounting records which disclose, with reasonable accuracy, the financial position of the Trust. They are responsible for safeguarding the charity's assets and taking reasonable steps for the prevention and detection of fraud and other irregularities.

RESERVES POLICY

The Board of Trustees have adopted a reserves policy which they consider appropriate to enable the Trust to meet its developing commitments and obligations. The Trustees are satisfied that in view of the charity's areas of operation and its aims and desire to assist and work with the community, it is sufficient to hold a small reserve. To this end, and with due consideration, the Trustees have determined upon a reserves policy to retain funds equivalent to two month's staff and overhead costs.

ORGANISATIONAL STRUCTURE

Eden Westwood Community Project is led by the Project Leader supported by a Team of one assistant Project Leader and Volunteers. It has a Board of Trustees, consisting of five members. The Project Leader has oversight and responsibility for the overall running of the project. The Project Leader, assisted by the assistant project leader and volunteers, has overall responsibility for the education, training, and community activities run by the project.

RISK MANAGEMENT

At an organisational level, Eden Westwood Community Project manages any risk it might be exposed to through reviewing key performance and compliance data and information through team and Board of Trustees meetings. Key financial, operational and legal risks are identified and systems, for example, appropriate Policies (Recruitment, Safeguarding, Health & Safety, etc) are employed to mitigate these risks.

Eden Westwood Community Project is a member of the Churches' Child Protection Advisory Service (CCPAS/Thirty-One Eight). Eden Westwood Community Project follows all best practice and recommendations of the Churches' Child Protection Advisory Service and our working policies (Safeguarding, Recruitment, Health & Safety, Child Protection procedures etc.) follow their best practice models and policies. Our Safeguarding Policy and Recruitment Policy is logged with them and updated regularly in accordance with Churches' Child Protection Advisory Service notified revisions and recommendations. The Churches' Child Protection Advisory Service acts as our advisory body. Our DBS clearances are renewed on a rolling three-year programme.

The Board of Trustees continue to review and alleviate potential risks, in accordance with the guidance set out by the Charity Commission.

PUBLIC BENEFIT STATEMENT: OBJECTIVES AND ACTIVITIES FOR PUBLIC BENEFIT

The Trustees of Eden Westwood Community Project confirm that, when exercising their powers and duties, they have complied with the duty in Section 17 of the Charities Act 2011 to have due regard to Charity Commission's general guidance on public benefit.

The public benefits from the work Eden Westwood Community Project undertakes, and Eden Westwood Community Project meets its charitable objectives, by the assistance it gives to individuals, families, the local community, surrounding areas and society at large.

Eden Westwood Community Project Trustees are conscious that the charity's funds are to be used appropriately, prudently, lawfully and in accordance with the charity's purposes for the public benefit. The Trustees consider that whilst maintaining good governance, Eden Westwood Community Project will continue to provide — to the very best of its ability and resources — for those who are in need and for those in difficult situations, where with help, they could make positive and beneficial life changes, by

- The promotion and protection of good health of children and their families, in particular but not exclusively, by the provision of services, support and advice
- To advance the training of those granted refugee status and their dependants in need thereof, so as to advance them in life and assist them to adapt within a new community, particularly but not exclusively, by the provision of English language classes and vocational skills training
- The provision of facilities for recreation or other leisure time occupation with the object of improving the conditions of life of those persons who have need of such facilities by reason of their youth, age, infirmity or disablement, financial hardship or social and economic circumstances.
- To advance in life and help young people by providing support and activities which develop their skills, capacities and capabilities to enable them to participate in society as mature and responsible individuals

OBJECTS OF THE CHARITY

Review of our achievements and performance:

During the last 12 months we have seen EWCP growing significantly as we have returned to normal operations post covid. This last year has seen us providing more youth work sessions, sports activities, and targeted interventions than we've ever done before. This has been made possible by an increase in the numbers of charities supporting our work, and also due to the tireless work of our growing team of volunteers. Their hard work and dedication to the young people of Oldham, Middleton, Rochdale, and Cheetham Hill has allowed us to expand our work. The addition of the Soul Café and the Ladder to our projects has made a massive difference. This has enabled us to engage with more young people and provide better levels of support. Through the work of Eden Westwood Community Project, we engage with over 200 people on a weekly basis, from drop-in sessions to targeted interventions, we provide different levels of support for a diverse group of young people. From home work clubs, craft sessions, sports teams to ESOL lessons, and support around asylum claims. We've provided a whole range of activities, and our hope is that this year will see the scope of that work increase as we settle into our new centre.

The ladder & Soul Café

We have recently acquired our own building which is based on Yorkshire Street, in the centre of Oldham. This will now be the base for the majority of our activities and events. This allows us to significantly increase the number of activities and events we can run, and allow us to engage with more young people and vulnerable young adults.

This building is split into two areas, the ground floor "Soul Café" is our community café and drop in area. The upper two floors are the "Ladder" our youth zone with games area, music zone, class rooms, and meeting rooms.

From here we are able to run our targeted support, particularly focusing on the work we have been doing with unaccompanied asylum seekers, and young people at risk of being drawn into anti-social or criminal activity. This has been a much-needed addition to our work and has so far seen us engaging with large numbers of young people each week. This has been through drop-in sessions, but also through specific interventions.

Sports Projects:

384 hours of football activity, spread across 3 sessions a week, 48 weeks of the year, engaging with 212 different young people and young adults.

We have two teams registered with Manchester FA playing in a Saturday morning league.

Additionally, we run a weekly drop-in session that runs for two hours in Cheetham Hill. These sessions are less structured than the Saturday morning ones and are of mixed age and ability. These are frequently a first point of contact for many of the young people we work with. Through these sessions we have also seen a large increase in the numbers of asylum seekers and young people from migrant families. A number of these speak very little or no English. Some having only recently arrived in the UK.

During this last year we have added another team to our Basketball to our project, "Northern Blue Mambas". What started as being primarily detached work has grown into training sessions run each Friday evening for young people, with two teams competing one on Thursday evenings and the other on Fridays. This has been hugely popular and has run alongside the sessions run in the local park as part of detached work. This has been a huge addition to our work and has seen over a 80 different young people engaging in these sessions. We have provided 192 hours of basketball activity.

Detached sessions:

We have run 20 detached youthwork sessions in the Oldham and Middleton areas during the last 12 months. These have been specifically targeting areas known to have groups of young people engaging in criminal and anti-social behaviour. These sessions have been very successful in building relationships with marginalised young people, as well as giving us the opportunity to invite these young people to the different activities we are running. Many of these young people were unaware of the different projects we run.

Whilst running these detached sessions we were also able to speak to young people about knife crime and County lines.

We have also been able to offer assistance and advice to young people and offer practical support as and where needed. These sessions were run alongside the basketball project at local parks and proved to be hugely popular or in Oldham in proximity to our new centre.

Music Workshops:

We have run two music workshops during this last, with more planned for the coming months. They have been a really good way to meet with young people, and also allowed them space to record new tracks that detail some of their personal stories. These sessions have proved particularly popular with young people who have only recently arrived in the UK. We have also run drop in sessions for young people who just want a safe space to hang out, listen to music and start to learn the very basics of music production.

Youth Club

The Youth Club runs for 48 weeks a year and is one of our most popular activities allowing young people from the local community a safe place to go each Tuesday evening. Allowing them the opportunity to engage in different activities during the course of the evening. Play station, board games, music taster sessions, table tennis, badminton, and various other activities. These evenings also allow us the opportunity to speak to the young people about issues that matter to them, gives the young people the space to be heard and to share about their concerns for the local community. These sessions have recently moved from our previous base at Firwood Church to our new premises in the centre of Oldham. We have seen large groups of young people attending these sessions and they have so far proved very popular.

Lads Group:

We run 20 sessions throughout the year for lads aged 16-23. This averaged about 8 young people per session. We run different activities for them to engage in, day trips and residential. The most important aspect of the work is building positive relationships where we can chat with the lads about issues such as; Knife crime, County Lines, Hate crimes, Sexual Health, legal issues, mental health etc. It also enables us to identify lads who would benefit from the Mentoring project we run. Where support can be given around a range of issues like, revision techniques, Family support, Asylum process, finding work etc.

Gang Intervention:

This would be 6 sessions, with a small group young people at risk of offending behaviour. Previously these have proved to be hugely successful with positive feedback from all the participants, and their families. This course addressed a variety of issues that lead young people to become involved in gang activity and knife crime. It enabled the young people to identify challenging and risky behaviour and the reasons behind it. The course allowed young people the space to talk about the challenges of growing up, and the expectations the community, family and they put on themselves. Sadly, each of the participants knew people who carried knives, or had been the victim of knife crime.

Residential and day trips.

During the last 12 months we have organised day trips hill walking with the young people and run a football tour to Portugal. We have also organised group meals out, laser tag and bowling. We ran a weekend away in November which 62 young people attended. During this weekend we ran a variety of activities including hill walking, basketball tournament and football. None of the young people had previously attended a residential trip with us before. Included in the numbers who travelled were 6 asylum seekers who had been in the UK less than 12 months.

Mentoring sessions.

Mentoring sessions is at the very core of what we do, each of the activities and events we run are designed to filter young people into the mentoring course we run. This allows us to build relationships with young people from some of the hardest to reach backgrounds and offer them support as they navigate the challenges of adolescence and the transition into adulthood. We have offered support around life skills, budgeting, applying for driving licenses and passports, as well as navigating the criminal justice system or asylum system. We have offered support around family and relationship issues, and provided a safe space for young people to talk through the issues that worry them.

During the last 12 months our mentoring has become very much the focus of our work.

With Thanks

All that we have achieved In the last 12 months has been down to the generosity and kindness of individuals and charities that have kindly supported the work we have been doing. This generosity has allowed us to run our activities free of charge for young people, ensuring that the most vulnerable and needy are able to enjoy and engage with the work of Eden Westwood Community Project.

Our thanks to the following for their generous donations;

The Message Trust
Firwood Church
Rochdale Council repair, respond, recover
Oldham Council
Church Urban Fund
Greater Manchester Police
Woodward Charitable Trust
Trusthouse

FUTURE DEVELOPMENTS

After a significant period of growth as we return back to normal post covid, the aim for the next 12 months is to continue to build on the success of the Ladder and Soul Café, and to build our capacity by hiring a full-time staff member.

This Report was approved by the Board of Trustees on 19th July 2023 and is signed on behalf of the Board of Trustees of Eden Westwood Community Project by: S J Evans, Chair of Trustees.
