APPENDIX ONE

K-9 Angels Trustee Report

Reporting Period: 1 August 2024 – 31 July 2025

Organisation: K-9 Angels (Company No. 08147406)

Introduction

K-9 Angels is a 100% volunteer-led dog rescue charity dedicated to reducing the suffering of stray and abandoned dogs through prevention, rescue, rehabilitation, rehoming, education, and awareness. Throughout this reporting period, the charity has continued to focus on practical, compassionate action that creates both immediate relief and long-term change for animals in need.

This has been a year of meaningful impact. Through the dedication of our volunteers, veterinary partners, rescuers, foster carers, fundraisers, and the unwavering generosity of our donors, K-9 Angels has been able to support large-scale spay and neuter work, emergency veterinary treatment, rehoming, advocacy, and essential feeding programmes. The trustees are deeply grateful to everyone who has helped make this work possible.

1. Mass Spay & Neuter Campaign – October 2024

Between 11–13 October 2024, K-9 Angels delivered a large-scale mass spay and neuter campaign in Romania, in an area heavily affected by stray dog overpopulation. Over just two and a half days, the campaign achieved remarkable results and made an immediate difference to animal welfare on the ground.

- Total animals sterilised: 150
- Dogs sterilised: 123
- Cats sterilised: 27
- Dogs caught, darted, sterilised and safely released from remote fields: 28

The daily totals were as follows:

- Friday: 28 female dogs, 6 male dogs, 4 female cats and 2 male cats
- Saturday: 27 female dogs, 7 male dogs, 7 female cats and 4 male cats
- Sunday: 44 female dogs, 11 male dogs, 6 female cats and 4 male cats

Spay and neuter programmes remain at the very core of K-9 Angels' work and represent the most effective, humane, and sustainable response to the stray dog crisis. Without intervention, the breeding cycle is exponential. One unspayed female dog and her offspring can produce up to 67,000 puppies over a six-year period. The vast majority of these animals will face lives of extreme hardship, including hunger, disease, neglect, abuse, cruelty, and in many cases a very short life.

By contrast, one sterilisation can prevent immediate and future suffering before it begins. It eases pressure on local communities, rescuers and shelters, improves overall welfare standards, and reduces the number of animals born into circumstances where survival is uncertain. It is also far more cost-effective to prevent suffering through sterilisation than to deal with the medical, rescue and rehoming consequences afterwards.

The impact of this campaign alone will be felt for years to come. K-9 Angels extends heartfelt thanks to the veterinary teams, local rescuers, community members, volunteers, and all donors whose support made this campaign possible. Their combined efforts helped prevent suffering on a very significant scale.

2. Ongoing Spay & Neuter Work – May 2025

K-9 Angels returned to Romania on 2 May 2025 for the first mass spay and neuter campaign of the year, continuing what remains the charity's main mission going forward. Building on the success of the October campaign, the team once again worked with an experienced veterinary team to deliver high-impact sterilisation work where it is needed most.

From 2–4 May 2025, a further 151 animals were sterilised in just over two and a half days.

- 79 female dogs
- 32 male dogs
- 22 female cats
- 18 male cats

This campaign again demonstrated what can be achieved when skilled vets, local communities, rescuers, volunteers and donors work together. Locals and rescuers brought animals in, while dogs in remote areas were safely caught and treated. The effect of this work reaches far beyond the individual animals sterilised during those few days: every operation helps reduce future births, future suffering, and future pressure on already overwhelmed rescuers.

K-9 Angels would like to thank the veterinary team, all those on the ground who helped organise and transport animals, and every donor and supporter who helped fund this work. These campaigns are life-saving, humane, and essential to creating lasting change.

3. Christmas Carol Fundraising Concert – December 2024

On 5 December 2024, K-9 Angels held a beautiful and highly successful Christmas Carol fundraising concert. The event was hosted by our patron Eamonn Holmes and brought together supporters for an evening of heartfelt performances and much-needed fundraising.

We would like to express our sincere thanks to Eamonn Holmes for his continued support as patron, and to S Club's Jo O'Meara and Jon Lee for their wonderful performances. We are also grateful to all the musicians and contributors who helped make the evening so special.

A film of the event can be viewed here: https://youtu.be/RF9VdkPN34s?feature=shared

The concert was a huge success, raising funds that helped provide quality wet food for stray, abused and abandoned dogs. Beyond fundraising, it also helped raise awareness of the charity's work and brought together a community of supporters around a shared desire to help animals in desperate need. K-9 Angels thanks everyone involved in making the event such a meaningful and impactful occasion.

4. Rescue and Rehabilitation – Mishka

During fieldwork in Romania, a vulnerable female dog later named Mishka was found roaming in the middle of nowhere in extremely poor condition. She was covered in ticks, very thin, and appeared to be unwell. It was immediately clear that she needed urgent veterinary attention and a safe place to recover.

K-9 Angels helped ensure that Mishka received the care she needed. Funds were sent towards her veterinary treatment, and she was later tested and diagnosed with anaplasmosis, for which she began treatment.

Mishka's story is sadly representative of the daily reality faced by many stray dogs. Her rescue highlights the importance of acting quickly when an animal is found in crisis, and the importance of donor-funded emergency support. The charity extends its thanks to all rescuers involved in helping Mishka and to every donor who made her treatment possible.

5. Case Study – Albu

Albu's journey is nothing short of extraordinary and remains one of the most powerful examples of resilience, compassion and teamwork within the charity's work this year. He was found in a horrific state after being brutally attacked by a human and left to die. His body was infested with maggots, and later scans revealed bullets lodged inside him. He had also suffered rat poisoning and went on to require multiple surgeries, including two facial reconstruction procedures.

K-9 Angels would like to express its deepest gratitude to Chris, the veterinarian who rescued Albu and fought to save his life. Chris's skill, dedication and compassion gave Albu the chance to survive despite the odds, and the bond between them has become something truly special.

We also extend very special thanks to Lulu, who has a huge soft spot for Albu and supports his ongoing care with monthly contributions. This regular support helps ensure that his medical and day-to-day needs continue to be met. K-9 Angels is equally grateful to all our donors who contributed towards Albu's surgeries, treatment and recovery. His survival is a testament to what can be achieved when rescuers, veterinary professionals and compassionate supporters come together for one animal in desperate need.

Although Albu has endured unimaginable suffering, he continues to show remarkable resilience and gentleness. His story demonstrates the real difference donor support can make, not only in saving lives, but in giving animals the chance to live in comfort and dignity after terrible cruelty.

6. Appreciation for Fundraisers and Donors

K-9 Angels is entirely volunteer-led and relies on the support of dedicated fundraisers, volunteers and donors. The trustees would like to record their sincere appreciation to everyone who has given their time, energy, compassion and financial support throughout the year.

Every donation, whether large or small, plays a direct role in saving lives, preventing suffering, funding treatment, supporting transport, buying food, and making sterilisation campaigns possible. The work described throughout this report would simply not happen without this generosity.

7. BBC Radio 2 Awareness

K-9 Angels was proud to be featured on BBC Radio 2's Midnight Mastermind with presenter OJ Borg. This provided a valuable opportunity to raise awareness of rescue dog welfare, the realities faced by stray animals, and the work of K-9 Angels to a much wider audience.

The charity extends its thanks to OJ Borg and the BBC team for providing this platform and helping shine a light on the importance of rescue, responsible animal welfare, and prevention.

8. Advocacy – Camp Beagle Parliamentary Rally

In April 2025, K-9 Angels stood side by side with fellow campaigners and dog lovers at the Camp Beagle rally connected to the parliamentary debate on toxicity testing on beagles in the UK.

The charity remains committed to standing up for animals who cannot speak for themselves. Supporting this rally was part of the wider mission to promote compassion, challenge cruelty, and lend our voice to causes that seek better protections for animals. We thank all campaigners and organisations who continue to work tirelessly on this issue.

9. Rehoming Success – Bella

Bella's story is a wonderful example of patience, teamwork and the life-changing impact of rescue. She was found in Greece by K-9 Angels co-founder and team member Pola while Bella was frightened,

unwanted and extremely wary of people. It took time and patience for Bella to feel safe enough to be approached.

Bella was cared for before travelling to the UK, where she was fostered by Victoria, with support from team member Toni. During her time in foster care, Bella gradually came out of her shell, gained confidence, and began to enjoy life and companionship. She was then successfully rehomed into a loving permanent home.

K-9 Angels would like to thank Pola for finding Bella and starting her rescue journey, Victoria and Toni for the care and support they gave during the fostering and rehoming process, and everyone else involved in helping Bella reach her happy ending.

10. Pop-Up Boutique Fundraiser

K-9 Angels held a successful weekend pop-up boutique event featuring donated clothing, accessories and designer items, with all proceeds going towards the charity's work for dogs in need. The event was a lovely example of community spirit and practical fundraising.

We would like to extend special thanks to Stacey at The Fitness Hub in Petworth for generously providing the studio space for the weekend. We are also grateful to everyone who donated items for sale, to all volunteers and helpers who supported the event, and to Victoria's husband Stephen for all his hard work behind the scenes with lifting, rails, transport and practical support.

The event raised funds, increased local awareness of the charity, and demonstrated once again how much can be achieved through teamwork and community kindness.

11. Live Music Fundraisers – June 2025

K-9 Angels is extremely grateful to team member Toni and her husband Graeme of Coolham Live Music Club for their continued support and dedication in organising fundraising music events.

Two fundraising events were held in June 2025. The event on 8 June raised £250, followed by a further event on 29 June which raised £300, bringing the combined total to £550.

The 29 June event featured the talented singer-songwriter Jade MacRae and her band, who delivered an outstanding afternoon of live music. During the interval, Toni spoke about the inspiring work of K-9 Angels, helping to raise both awareness and support among attendees.

These events were not only successful fundraisers but also powerful opportunities to bring people together around the charity's mission. K-9 Angels extends sincere thanks to Toni, Graeme, the performers, attendees and all supporters whose kindness and effort made these events possible.

12. Machu Picchu Fundraising Challenge

A self-funded 46km trek to Machu Picchu was undertaken as a fundraising challenge in support of the September mass spay and neuter campaign. The trek involved difficult terrain, altitude, exhausting conditions and significant physical challenge.

This challenge was completed in the hope of raising awareness and funds for the charity's sterilisation work. It reflected the same message at the heart of K-9 Angels' mission: prevention is everything. Sterilisation is how suffering is stopped before it begins.

Because the trek was fully self-funded, every penny raised could go directly towards the September campaign. K-9 Angels is deeply grateful to everyone who supported this effort and helped turn personal endurance into practical help for animals in need.

13. Ongoing Food Support

Throughout the year, K-9 Angels has continued to provide essential food support to rescuers caring for stray, abused and abandoned dogs. This support helps ensure that vulnerable animals receive basic daily care while waiting for rescue, recovery, or rehoming opportunities.

The trustees would like to thank all donors who contributed towards food supplies and all rescuers who continue to care for animals under very challenging conditions. This ongoing support makes a real and immediate difference to welfare on the ground.

Conclusion

During this reporting period, K-9 Angels has continued to deliver meaningful and lasting impact through prevention, rescue, rehabilitation, rehoming, awareness and advocacy. Large-scale spay and neuter campaigns have prevented countless future births and reduced suffering on a major scale. Emergency medical support has helped individual animals such as Mishka and Albu receive life-saving treatment. Rehoming work has given dogs such as Bella the chance of a secure and loving future. Fundraising events, public awareness opportunities and donor support have underpinned every part of this work.

The trustees extend their heartfelt thanks to all veterinary teams, rescuers, foster carers, fundraisers, supporters, volunteers and donors. The difference made through these combined efforts is substantial. Together, we are reducing suffering, saving lives, and creating lasting change for animals in need.

K-9 Angels remains committed to continuing this vital work.

2 Accounting policies

Basis of preparing the financial statements

These financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', the Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. Going concern

In preparing these financial statements, the trustees have assessed whether there are any material uncertainties related to events or conditions that cast significant doubt upon the charitable company's ability to continue as a going concern. In making this assessment, the trustees take into account all available information about the future which is at least 12 months from the date that the financial statements are authorised for issue.

Income

All income is recognised in the Statement of financial activities once the charitable company has entitlement to the funds, it is probable that the income will be received and and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charitable company to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

YEAR -END report.

TRUSTEES REPORT FOR THE YEAR ENDED JULY 2024

The trustees are pleased to present their annual report together with the financial statements of K-9 Angels (the charity) for year ending 31 July 2023 which are also prepared to meet the requirements for a directors' report and accounts for Companies House purposes. The financial statements comply with the Charities Act 2011 , the Companies Act 2006 , the Memorandum and Articles of Association and Accounting and Reporting by Charities: Statement of Recommended Practice (SORP) applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable I the UK and Republic of Ireland (FRS 102)

STRUCTURE, GOVERNANCE and MANAGEMENT.

The original charity was established as an unincorporated entity in May 2012. On 18th July 2012, the charity registered as a charitable company limited by guarantee (Company number 81447406) and is governed by its Memorandum and Articles of Association . On 2nd January 2013, charity status was confirmed by the Charity Comission under registration number - 1150314

Since the charity was founded, significant success has been achieved in improving and maintaining the shelters abroad, spaying thousands of dogs - in order to reduce stray dog population , education campaigns and raising awareness of the Charity's work. It remains and ongoing task to attract the income required to maintain and improve current cultures and mindsets as well as reducing the overpopulation of homeless animals

The trustees who served during the year were:

Mrs Victoria Featherstone Pearce, Mrs Paulina Holt, Mrs Rebecca Smith, Mr F Torrance.
V Featherstone Pearce and P Holt are the remaining co-founders of the charity with another co-founder Anneka Tanaka (resigned July 2014)

Victora is a vegan and keen animal rights activist fronting many animal rights campaigns for PETA and Animal Aid. She is a model and appeared in many commercials and products such as Guinness and Birds Eye peas. A mum to 8 dogs, five of which are K-9 Angels rescues .

Paulina known as POLA is a singer, recording artist and music writer . She is passionate about animal welfare and wants to make a difference. Her dream is to live in a world where people adopt rather than shop for animals.

Both founders use their media presence to highlight the plight and suffering of homeless and stray dogs with the aim to garner both celebrity and public support to help relieve their suffering. Their role within the charity is general management, PR, fundraising and fostering.

Fergus Torrence joined the charity as a Trustee in June 2015. He is a devout dog lover and has independently rescued dogs from streets of Greece and he has adopted four dogs from the horrific Breasta shelter through K-9 Angels. He brings a wealth of business experience and networking connections . His role is general management.

The management of charity is the responsibility of the Trustees who are elected under the terms of the Articles of Association. The charity does not have any staff and is very fortunate to have hard working dedicated trustees who work in voluntary capacity. The number of trustees shall be a minimum of three and maximum of 9, unless otherwise decided by the company in a general meeting. Trustees can be appointed for a period of one to 5 years and can be re appointed at the end of their term. The charity endeavours to recruit trustees through our volunteers who complement and fit within the charity and provide needed skill sets.

V Pearce

The charity is aided and supported by volunteers and a network of rescuers in both UK and abroad . K-9 Angels could not exist without the help and support provided by numerous dedicated volunteers who carry out a variety of roles and work tirelessly to support the charity with a variety of activities: fostering , animal care, animal behaviour advice, fundraising, sponsorship, website design, PR, graphic design , filming, donors and many people who share out appeals and raise awareness .

LEGAL PURPOSE

The principal aim of the charity is to relieve the suffering of animals worldwide but particularly in Eastern Europe and Asia, who are abandoned, abused, stray or otherwise in need of care and protection in particular but not exclusively by assisting the provision of and directly providing:

-funding and other support for animal adoption programmes throughout the world
-overseeing and executing adoption programmes throughout the world
-the creation or expansion or maintenance of vaccination and microchipping programs worldwide
-the creation or expansion or maintenance of kennels or other facilities for the reception care and treatment

-to conduct or support research activities in connection therewith or ancillary thereto: and to publish the useful results of such research

K-9 ANGELS
Independent Examiners Report to the Trustees
For the year ended 31 July 2024

I report to the trustees on my examination of the accounts of the charitable company for the year ended 31 July 2024.

Responsibilities and basis of report

As the charity Trustees, who are also directors for the purposes of company law, are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's accounts carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiners statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Company as required by section 386 of the 2006 Act; or

2. the accounts do not accord with those records; or

3. the accounts do not comply with the requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or

4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

APPENDIX ONE

K-9 ANGELS TRUSTEES' ANNUAL REPORT

FOR THE YEAR ENDED 31ST JULY 2023

The trustees are pleased to present their annual report together with the financial statements of K-9 Angels (the charity) for the year ending 31 July 2023 which are also prepared to meet the requirements for a directors' report and accounts for Companies Act purposes.

The financial statements comply with the Charities Act 2011, the Companies Act 2006, the Memorandum and Articles of Association, and Accounting and Reporting by Charities: Statement of Recommended Practice (SORP) applicable to charities preparing their accounts in accordance with the Rnancial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

Structure, Governance and Management

The original charity was established as an unincorporated entity in May 2012.

On 18th July 2012, the charity registered as a charitable company limited by guarantee (company number 8147406) and is governed by its Memorandum and Articles of Association.

On 2nd January 2013, charity status was confirmed by the Charity Commission under registration number- 1150314

Since the charity was founded, significant success has been achieved in improving and maintaining the shelters abroad, spaying thousands of dogs in-order to reduce the stray population, education campaigns and raising awareness of the Charity's work. It remains an ongoing task to attract the income required to maintain and improve current cultures and mindsets as well as reducing the overpopulation of homeless animals.

The Trustees who served during the year were:

Mrs Featherstone Pearce, Ms P Mrs R Smith, Mr F Torrance

Victoria Featherstone Pearce and Paulina are the remaining-founders of the charity, with another co- founder Tanaka (Svenska) resigning in July 2014 to follow her own career path.

Victoria is a Vegan and a keen animal rights activist fronting many animal rights campaigns for PETA (People for the Ethical Treatment of Animals) and Animal Aid.

Victoria is a model and has appeared in many commercials for products such as Guinness and Bird's Eye peas. A mum to 8 dogs, five of which are K-9 Angels' rescues.

Victoria's dream is to have her own animal sanctuary as helping and being around animals is her passion.

Paulina, mostly known as Pola, is a singer and songwriter, best known for her album 'My Favourite Town' and is also a vegan and fitness trainer. She became passionate about animal welfare, after rehoming two adult dogs unwanted by their owners. Realising that there were many more dogs in the same predicament and that many of them would end up being put to sleep or used for dog fighting, she wanted to make a difference. Her dream is to live in a world where people adopt dogs instead of breeding them or buying them from pet shops.

Both Victoria and Pola use their media presence to highlight the plight and suffering of homeless and stray dogs with the aim to garner both celebrity and public support to help relieve their suffering. Their role within the charity is general management, PR,

school educational visits to teach children about animal welfare from a young age, fundraising and fostering.

Rebecca Smith joined the charity shortly after its inception in 2012 when she was Mayoress of Tunbridge Wells Council, and she adopted her first Romanian stray from the charity. Rebecca has gone on to adopt two more dogs and two cats from the charity. She brings with her a wealth of fundraising experience and networking connections and her role within the charity is general management, fostering, re-homing, and fundraising.

Fergus Torrance joined the charity as a Trustee in June 2015. Fergus is a devout dog lover and has independently rescued dogs from the streets of Greece and has adopted four dogs from the horrific shelter in Romania through the charity. He brings with him a wealth of business experience and networking connections. His role within the charity is general management,

The management of the charity is the responsibility of the Trustees who are elected under the terms of the Articles of Association. The charity does not have any staff and are very fortunate to have hard working, dedicated Trustees who

work in a voluntary capacity to manage the charity. The number of trustees shall be a minimum of three and a maximum of nine, unless otherwise so decided by the members of the company in a general meeting. Trustees can be appointed for a period of one to five years and can be re-appointed at the end of their term. The charity endeavours to recruit trustees through our volunteers, who complement and fit within the charity and provide the needed skillsets.

The charity is aided and supported by volunteers and a network of rescuers both in the UK and abroad. K-9 Angels could not exist without the help and support provided by numerous dedicated volunteers who carry out a variety of roles and work tirelessly to support the charity with a variety of activities such as: fostering; animal care; behaviour advice; fundraising; sponsorship; website design; PR; graphic design; filming; donors and the many people who share our appeals and raise awareness of the plight of the animals who need our help because they cannot help themselves.

Legal Purpose

The principal aim of the charity is to relieve the suffering of animals worldwide, but particularly in Eastern Europe and Asia, who are abandoned, abused, stray or otherwise in need of care and protection in particular but not exclusively by assisting the provision of and directly providing:

- overseeing and executing adoption programmes throughout the world;
- funding or other support for veterinary care for animals throughout the world;

• to conduct or support research activities in connection therewith or ancillary thereto; and to publish the useful
results of such research.
In setting objectives and planning for activities, the Trustees have given due consideration to general guidance published by the charity commission relating to public benefit. This report details the activities undertaken to further the charity's aims for relieving the suffering of animals for public benefit.

Support for Independent Rescuers
We continue to support dogs in Beta Land the shelter we were able to finance with donations by sending food monthly. We have also sent food to other rescuers to help feed the dogs in their areas. And many other trusted independent rescuers when and where we can with food, shelter, and medical aid. Aurelia, Madalina, Alina, Chris Ellis.

Water Therapy for Georgica

We have been supporting Madalina by paying for hydrotherapy treatment for this sweet soul who is trying so hard to become mobile. It cost over 100 Euros each time for Georgica's therapy.

FOOD FOR RESCUERS

We've continued to send thousands of pounds worth of food to our incredible rescuer's Madalina, Aurelia, Christian, Alina, & Chris who feed both shelter and street Dogs.

Fundraising

The K-9 Angels were joined by celebrity judges, our K-9 Angel Jo Omeara SAS finalist Claire Aves and Big Brother winner & actor Jason Burrillraisingmuch needed funds at our Fun dog show in Cranbrook, Kent. So many beautiful dogs in each class, it was not an easy task for our judges. Luckily the weather was just perfect for our dog show with a lovely breeze. Together we raised £1,000

Huge THANK YOU to our amazing judges and everyone who supported today's event, also Big Thanks to all our great helpers who set up the dog arena, put up the gazebo, sold raffle tickets etc!! Teamwork

So lovely to see so many happy, healthy, and loved dogs. Beautiful day!

K-9 ANGELS REHOM!NG SUCCESSES'

To date we have rehomed literally hundreds of dogs, mainly now living in the UK, but some have moved to the USA and further afield like Malta. So many happy dogs Sand some cats) living fulfilled and happy lives with their forever· ·families. We are so proud and happy when we get updates from our adopters, and we love to celebrate their successes and Gotcha Day milestones. If you have adopted a furry friend from us, please comment here and send us a recent photo so we can celebrate their journey! Here are just a few of the lucky ones, they make our hearts sing.

HAPPYIAILS

We welcomed little Myra, Max, and Goldie to the UK. We promised to help these fur babies and are our first to arrive in the UK since the travel ban was lifted. Although the K-9 Angels our main-focus going forward is our mass spay and neuter campaign we had met these dogs on our last visit to Romania and pledged to help them with their final big journey to their forever homes.
All 3 have amazing homes and we couldn't be happier for them. Huge thanks Max and Myra rescuers Cristian Madalin, Thoma, & Silviu, Encut & Goldies fosterer Chris Elis And huge thanks to Eli Pet transport for transporting and caring for them on their long journey.

THEWAYFORWARD SPAY ANO NEUTER'

Whilst we adore seeing dogs in their forever homes, we have to be realistic and know that we simply cannot save them all. The ones left on the streets and in dire conditions in foreign public shelters suffer short and painful lives. That is why we are passionate about our spay and neuter campaigns. To date we have spayed well over a thousand animals!

Imagine just for a minute you are a dog confined to being behind bars in the worst 'shelter' imaginable, where only the very lucky make it out alive.
You would most likely be sleeping on a cold wetfloor and thrown scraps of food - and the resident vet is named 'the butcher'
Now imagine for a moment that gruesome scenes like this don't even have to happen in the first place ....In reality they don't.
Team K-9 Angels and I have seen first-hand the gruesome' Romanian shelters' described above because on so many occasions over the past ten years we have had to choose which dogs we should rescue out of that hell hole as we only have enough funds to help save a few dogs at a time.
I suppose the saddest part of it all though is the fact that this terrible situation could have easily be avoided in the first place if people only spayed & neutered their pets.
A spay surgery prevents female dogs from getting pregnant by removing both the ovaries and the uterus. It's not as simple as the neuter surgery the guys have, but the affects only last a few days, maybe a week. Afterward, she'll enjoy many health benefits and neither of you will have to deal with her being in heat & more importantly unwanted pregnancies."
K-9 Angels motto is 'every life counts' - continuing with the theme of our motto please spay & neuter your dog & potentially prevent 67,000 lives from suffering.
The numbers speak for themselves: if one un-spayed female dogis left un-spayed within just 6 years she potentially can give birth to up to 67,0000 puppies!
This number alone should be enough for every responsible pet owner to spay or neuter their pet soonas ossible."

Sterilised hundreds of Dogs preventing mass suffering.

Thank You All!
Teamwork makes the dream work.
We are forever grateful to all our donors and all who fundraise for dogs in need. We would like to say a special thank you to our team members Lulu and Toni Mari Tame for their continued support in fundraising. This year has been particularly difficult to raise much needed funds, but Lulu and Toni Mari always find ways and are both consistent with their fundraising efforts. Toni runs our monthly auction and Lulu helps putting together fun events and fundraisers.

Finally, a huge thankyou to all our donors as we simply couldn't help the dogs without your vital support. We are forever grateful for your continued support!!

TRUSTEES' REPORT

FOR THE YEAR ENDED 31 JULY 2022

The trustees are pleased to present their annual report together with the financial statements of K-9 Angels (the charity) for the year ending 31 July 2022 which are also prepared to meet the requirements for a directors' report and accounts for Companies Act purposes. The financial statements comply with the Charities Act 2011, the Companies Act 2006, the Memorandum and Articles of Association, and Accounting and Reporting by Charities: Statement of Recommended Practice (SORP) applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

Structure, Governance and Management

The original charity was established as an unincorporated entity in May 2012. On 18th July 2012, the charity registered as a charitable company limited by guarantee (company number 8147406) and is governed by its Memorandum and Articles of Association. On 2nd January 2013, charity status was confirmed by the Charity Commission under registration number- 1150314

Since the charity was founded, significant success has been achieved in improving and maintaining the shelters abroad, spaying thousands of dogs in-order to reduce the stray population, education campaigns and raising awareness of the Charity's work. It remains an ongoing task to attract the income required to maintain and improve current cultures and mindsets as well as reducing the overpopulation of homeless animals.

The Trustees who served during the year were:

Mrs V Featherstone Pearce, Ms P Pospieszalska, Mrs R Smith, Mr F Torrance

Victoria Featherstone Pearce and Paulina Pospieszalska are the remaining co-founders of the charity, with another co-founder Anneka Tanaka (Svenska) resigning in July 2014 to follow her own career path.

Victoria is a Vegan and a keen animal rights activist fronting many animal rights campaigns for PETA (People for the Ethical Treatment of Animals) and Animal Aid. Victoria is a model and has appeared in many commercials for products such as Guinness and Bird's Eye peas. A mum to 8 dogs, five of which are K-9 Angels' rescues. Victoria's dream is to have her own animal sanctuary as helping and being around animals is her passion.

Paulina, mostly known as Pola, is a singer and songwriter, best known for her album 'My Favourite Town' and is also a vegan and fitness trainer. She became passionate about animal welfare, after rehoming two adult dogs unwanted by their owners. Realising that there were many more dogs in the same predicament and that many of them would end up being put to sleep or used for dog fighting, she wanted to make a difference. Her dream is to live in a world where people adopt dogs instead of breeding them or buying them from pet shops.

Both Victoria and Pola use their media presence to highlight the plight and suffering of homeless and stray dogs with the aim to garner both celebrity and public support to help relieve their suffering. Their role within the charity is general management, PR, school educational visits to teach children about animal welfare from a young age, fundraising and fostering.

Rebecca Smith joined the charity shortly after its inception in 2012 when she was Mayoress of Tunbridge Wells Council, and she adopted her first Romanian stray from the charity. Rebecca has gone on to adopt two more dogs and two cats from the charity. She brings with her a wealth of fundraising experience and networking connections and her role within the charity is general management, fostering, re-homing and fundraising.

Fergus Torrance joined the charity as a Trustee in June 2015. Fergus is a devout dog lover and has independently rescued dogs from the streets of Greece and has adopted four dogs from the horrific Breasta shelter in Romania through the charity. He brings with him a wealth of business experience and networking connections. His role within the charity is general management,

The management of the charity is the responsibility of the Trustees who are elected under the terms of the Articles of Association. The charity does not have any staff and are very fortunate to have hard working, dedicated Trustees who

work in a voluntary capacity to manage the charity. The number of trustees shall be a minimum of three and a maximum of nine, unless otherwise so decided by the members of the company in a general meeting. Trustees can be appointed for a period of one to five years and can be re-appointed at the end of their term. The charity endeavours to recruit trustees through our volunteers, who complement and fit within the charity and provide the needed skill sets.

The charity is aided and supported by volunteers and a network of rescuers both in the UK and abroad. K-9 Angels could not exist without the help and support provided by numerous dedicated volunteers who carry out a variety of roles and work tirelessly to support the charity with a variety of activities such as: fostering; animal care; behaviour advice; fundraising; sponsorship; website design; PR; graphic design; filming; donors and the many people who share our appeals and raise awareness of the plight of the animals who need our help because they cannot help themselves.

Legal Purpose

The principal aim of the charity is to relieve the suffering of animals worldwide, but particularly in Eastern Europe and Asia, who are abandoned, abused, stray or otherwise in need of care and protection in particular but not exclusively by assisting the provision of and directly providing:

- funding and other support for animal adoption programmes throughout the world;
- overseeing and executing adoption programmes throughout the world;
- funding or other support for veterinary care for animals throughout the world;
- the creation or expansion or maintenance of spay/neuter programs worldwide;
- the creation or expansion or maintenance of vaccination and microchipping programs worldwide;
- the creation or expansion or maintenance of kennels or other facilities for the reception, care and treatment

  of animals in need of care and protection.

- the funding and assistance to existing charitable organisations and for individuals involved in relieving the

  suffering of animals worldwide including as part of programmes we have created or are involved in.

- to promote humane behaviour towards animals by raising awareness about animal welfare issues, providing information and advice concerning humane treatment of animals, promoting respect and compassion for animals and educating all relevant stakeholders, including the public, in matters pertaining

  to animal welfare in general and the prevention of cruelty and suffering of domestic and wild animals.

- to conduct or support research activities in connection therewith or ancillary thereto; and to publish the

  useful results of such research.

  In setting objectives and planning for activities, the Trustees have given due consideration to general guidance published by the charity commission relating to public benefit. This report details the activities undertaken to further the charity's aims for relieving the suffering of animals for public benefit.

Rehoming

Our charity was asked to urgently help 5 Westie type dogs living in squalor in the UK. With continued support we were able to get all 5 into safe foster homes and then successfully find long term homes for them all.
Whilst our main focus is spaying and neuter there are always dogs needing homes too. We have rehomed several dogs from Romania including Dotty, Luna, Cat, Joy, Merry, Ivy, Twister and Tipsy.

FUNDRAISERS

CRANBROOK DOG SHOW AND FUNDRAISER A HUGE SUCCESS!
A huge belated thank you to the many people who helped enable this great event at Cranbrook on the Green last Sunday, our trustee Rebecca had some lovely feedback from many people that enjoyed the dog show! It was a fabulous day, a real joy to see so many happy faces after such a long time in limbo!
We have raised £900 from the dog show and raffle, and this money will provide food and aid for many dogs that have nothing.
Rebecca says "I'm so grateful to all who entered and bought a raffle ticket too. It was so lovely to see some familiar faces.
Annual Dog Show was well attended. thank you to our three celebrity guest judges, Jo O'Meara, Jason Burrill and Claire Reeves.

Jo’s Wing walk.
K-9 Angels are delighted to announce the first fundraiser from Jo O'Meara!
In August I’ll be conquering my fear of heights (hopefully) and I’ll be strapped to a by plane, and I’ll be wing walking! All to raise funds for abandoned & abused dogs.

‘I'm so nervous but with your support want to raise as much money as I can. I’ll be thinking of my two rescue dogs Wilma and Wilson as I reach for the stars’. K-9 Angels is a volunteer run charity and I’m over the moon to join as a k-9 Angel.

Helping other charities

we were pleased to be able to support Nowzad to get their staff and animals out of what was an extremely difficult situation during the conflicts in Afghanistan.
Nowzad founder Pen Farthing is on the ground in Karbul, Afghanistan right now and has made an emotional plea as they desperately needed help with any donations towards their evacuation to help cargo fly 186 Dogs and cats to safety.
K-9 Angels donated £500.

Dogs in hot cars Campaign
Right now, Jo is spear heading the ‘dogs in hot cars’ campaign and is urging the British public never ever to leave a dog in a hot car because a car can become as hot as an oven, even when the weather doesn't feel that warm. When it's 22 degrees Celsius outside, the car could reach an unbearable 47 degrees within an hour. Even after just a few minutes the temperature can become unbearable. It's very dangerous and will cause your dog suffering and harm. The K-9 Angels are asking UK dog lovers to sign a petition asking all supermarkets to be more proactive and display the K-9 Angels campaign posters nationwide warning of the dangers of leaving a dog in a hot car. Jo adds ‘if we can save just one dog from dying in such a horrific way then this campaign would have been worth it’.

Thank You All!
Teamwork makes the dream work.

We are forever grateful to all of our donors and all who fundraise for dogs in need. We would like to say a special thank you to our team members Lulu and Toni Mari Tame for their continued support in fundraising. This year has been particularly difficult to raise much needed funds, but Lulu and Toni Mari always find ways and are both consistent with their fundraising efforts. Toni runs our monthly auction and Lulu helps putting together fun events and fundraisers.

Celebration 10-year Anniversary

The K-9 Angels recently celebrated the charities 10th anniversary with a fundraising event in London hosted by their friend nation's favourite Eamonn Holmes. The event not only celebrated the 10 years of work the all-volunteer team have achieved but also raised £5,400 at the event.

What's happening in the coming months ?
K-9 Angel's mass spay and neutering ongoing campaign main-focus for the charity going forward.
The ambulance will visit small villages and sterilise all dogs so going forward we can dramatically cut the number of stray dogs and prevent mass suffering in the long run. One bitch and her litter can produce up to 67,000 puppies if left unsterilised. The K-9 Angels believe that prevention is better than the cure.

K-9 Angels
Every Life Counts....

THE STORY OF US

The charity was originally established as an unincorporated entity in May 2012. On 18th July 2012, the charity registered as a charitable company limited by guarantee (company number 8147406) and is governed by its Memorandum and Articles of Association. On 2nd January 2013, charity status was confirmed by the Charity Commission under registration number 1150314.

Since the charity was founded significant success has been achieved in improving and maintaining the shelters abroad, spaying thousands of dogs to reduce the stray population, education campaigns and raising awareness of the Charity's work. It remains an ongoing task to attract the income required to maintain and improve current cultures and mindsets as well as reducing the overpopulation of homeless animals.

The charity is aided and supported by volunteers and a network of rescuers both in the UK and abroad. K-9 Angels could not exist without the help provided by numerous dedicated volunteers who carry out a variety of roles and work tirelessly to support the charity. These roles include fostering; animal care; behaviour advice; fundraising; sponsorship; website design; graphic design; filming; donors and the many people who share our appeals and raise awareness of the plight of the animals who need our help because they cannot help themselves.

THE YEAR IN REVIEW

K-9 ANGELS
EVERY LIFE COUNTS....

The trustees are pleased to present their annual report together with the financial statements of the charity for the year ending 31 July 2021 which are also prepared to meet the requirements for a directors' report and accounts for Companies Act purposes. The financial statements comply with the Charities Act 2011, the Companies Act 2006, the Memorandum and Articles of Association, and the charities Statement of Recommended Practice (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland; FRS 102) issued in October 2019.

Despite the global pandemic, the charity continued to operate and call upon their resources both within the UK and abroad to continue to fulfil their principal aim to relieve the suffering and abuse of homeless and abused animals. Sadly, our charitable activities were curtailed in relation to our spay and neuter, education, fundraising and awareness campaigns due to not being able to freely travel and actively raise funds due to the global pandemic. This has been reflected in the reduced income within the year. During the period under review the charity raised £34,346 (2020: £45,807) from its supporters by way of donations and fundraising activities and received legacies of £9,730 in the final days prior to the end of the financial year.

We continue to note that the changes in Facebook algorithms have not helped small charities such as K-9 Angels to be kept in the public eye, and the team remain committed to build awareness through media coverage in other alternative areas, using local and national press, and building a following on Instagram, Twitter and more recently, TikTok. As we write in early 2022 the pandemic is still an area of real concern, and there is a deepening of fuel and food crisis for many, bringing incredibly challenging financial times in the UK and around the World. We are perpetually appreciative to everyone who volunteers their time to help the dogs and support us in any way they can - by sharing our posts, offering support and encouragement, adopting the once lost souls, and providing a happy life for them; as well as everyone who fosters our dogs and donates to our cause which provides a lifeline to the poor souls who cannot help themselves. We really cannot thank you enough.

2020 and 2021 was anything but ordinary. We all faced uncertainty and all had to quickly react to overcome the new challenges we found ourselves in.

You, our volunteers, fundraisers, donors, sharers and all that showed their support in this year, thank you for getting us through it.

Because of your untiring support we have been able to help the homeless, needy and abused dogs in the UK and abroad. You have helped us with your dedication and love for making the world a better place for these lost souls and you have given them a chance of survival, not only through these rocky times but always.

From all of us

Thank You!

New fencing and yard for Madalina's dogs

As we drew towards the autumn of 2021 we also funded new fencing for the dogs in the care of Madalina, as their pens were very old and becoming unsafe.

Over 100 metres of wire, cement, piping and building materials later, and with many thanks to her father, Madalina is delighted with the new provision.

We hope to add funds for some shelter roofing during the next year to give shade from the glaring heat as well as winter protection.

VISITING ROMANIA

The trustee visit in the autumn gave a great deal of support to several rescuers, with co-founder Victoria and trustee Rebecca carrying out a visit to provide due diligence and investigate the needs of caring people in desperate need of support. During this time the charity provided:

⇒ Food for the stray dogs with Madalina
⇒ Building, medical aid and food for dogs with Chris Ellis, providing for the very young and disabled
⇒ Building supplies for Cristian to create a rehabilitation area
⇒ Wooden kennels and food for Cerasela who rescues the dogs from Breasta public shelter

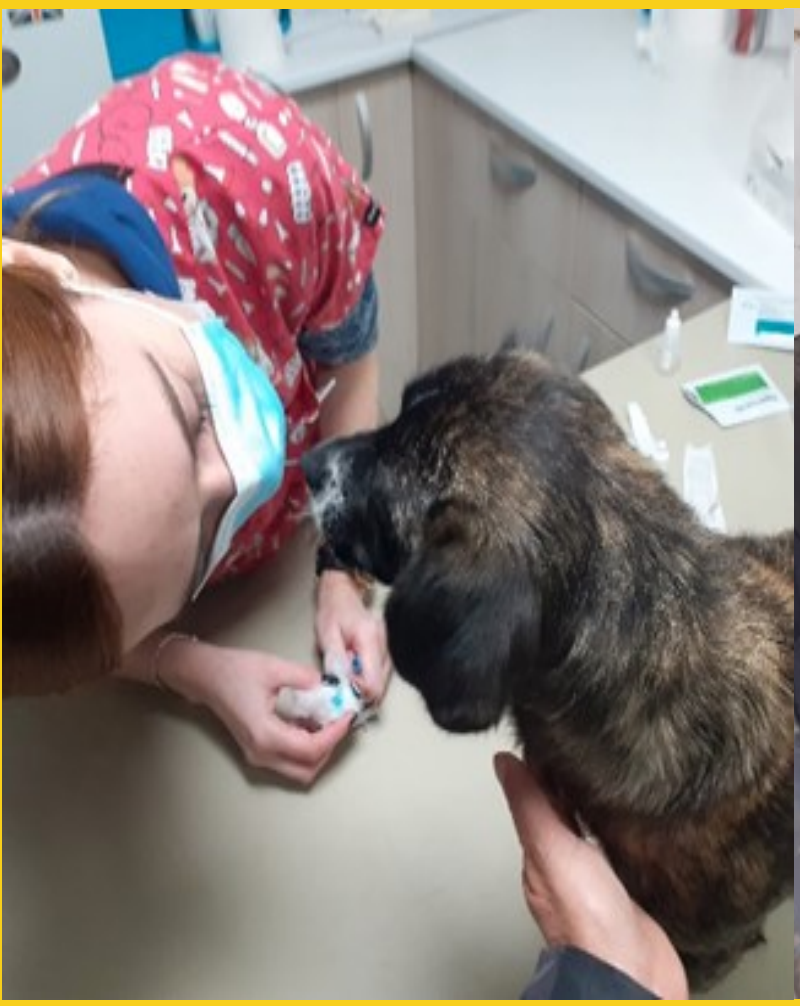

Whilst we continue to focus our efforts on our food provision, emergency vet support and other dog welfare related activities, however, during this year we successfully rehomed 21 dogs from abroad into their forever homes in the UK, all for whom we offer complete rescue back up for the life of the dog. In the previous year we rehomed 10 dogs from Romania and Spain. We are continuing to provide support for all adopters within our group and network.

There are still cases where emergency rehoming is required, and we are always pleased when teamwork means a dog is rescued and can begin a new life. We were particularly pleased to be able to help a tiny family when our trustees were in Romania, and upon seeing them in very difficult living conditions, liaised with Aurelia to provide shelter, food, vaccines and medications before helping to find them new homes. At the time of writing mum and pups are all placed in happy forever homes. This is where teamwork and networking are vitally important, and we will follow their journeys into their new lives with pleasure knowing that these lives have been changed for good, forever.

K-9 ANGELS
EVERY LIFE COUNTS....

We are delighted to have received several awards during 2021 which have contributed to raising the charity profile. During this period, we were rated as one of the 2021 Great Non-Profits and gleaned online recognition for our work with Romanian dogs. K-9 Angels are delighted that their ongoing work in Romania and their rescue successes are recognised and celebrated

This Charity were responsible for rescuing our lovely dog Barney, his siblings and his Mum. In Romania the poor animals are ill treated, roaming the streets and having puppies continually. This Charity has built shelters for these poor dogs to be taken off the streets and do everything within their power to find suitable homes for as many as possible. They also arrange neutering and speying programmes so that the amount of dogs will lessen. Charity events are arranged and auctions etc. The Charity is totally run by volunteers who give up so much of their free time to help the helpless animals and rely totally on donations. This Charity is 100% worthy of all the help it can get and I would recommend it without any doubt. They also rescue animals from other countries and are always on hand if advice is needed.

I can't stress enough how much love and care K9 Angels has for dogs and cats. My dog 'Happy' was rescued by them nearly 10 years ago and the lengths they went to to get her to safety and over to the UK was incredible. Such a caring animal loving bunch of people. We need more K9 Angels in this world!

CAMPAIGNS

Co-founder Victoria is always passionate about campaigning for the rights of those who have no voice, speaking out on many animal welfare subjects. This year she was able to attend demonstrations at Westminster, along with Camp Beagle and our friend Peter Egan, speaking out against the cruelties of animals in use in scientific experiments.

We will always use our platform to help our canine and other friends in any way we can, providing opportunities to educate and inform the public as well as demonstrating our support in visible ways.

We would also like to thank APDAWG for their invitation to participate in an evening of discussion about the Challenges Facing Dog Welfare, this was attended by speakers Victoria and Rebecca.

During the pandemic times, opportunities for public gather to fundraise were of course curtailed, but in the summer of 2021 there were several notable fundraising events. Our team member, Toni organised the Coolham Music Festival and trustee, Rebecca organised a Dog Show in Cranbrook.

AIMS & ACHIEVEMENTS

Our aims set out for the year were:

- To continue with our spay and neuter campaign, focusing on operating in a local area of Craiova and working on changing the mindset of the public, enabling a better understanding of the benefits of this simple and effective means of preventing unwanted animals.

  Sadly, due to the pandemic, we were unable to entirely fulfil this aim. Our travel was restricted and our spay and neuter fundraising efforts were curtailed. Although we were unable to complete the planned mass spay and neuter campaigns we helped individual rescuers by funding the spay and neutering for animals in their care.

- To educate the responsible animal ownership and welfare and plan a promotion of education around the welfare of dogs, starting with the very young.

  Our education trips were also put on hold and we hope to continue our school visits in Romania raising awareness of good dog ownership in the coming year.

- To raise funds to continue our shelter projects, including providing various support for Red Panda Romania as a new venture. For other dogs for which adoption is possible, we aim to find several suitable and loving homes in the UK.

  We have provided shelter and building materials for three private rescue centres in Romania over the last year. We await planning permission to complete the roofing of a rescue centre in Craiova which we are hoping to complete before the summer of 2022 when temperatures reach above 35 degrees.

- When donations permit, we would consider working in partnership with other rescuers and in the longer-term plan to build or support the development of another shelter in a different area of Romania. We will continue to support the smaller rescuers, continue our monthly donor and sponsorship schemes, and aim to raise emergency funds for sick and injured animals.

  We are grateful to all the rescuers who have strived throughout this extremely challenging and forever changing period to help homeless and abused animals. We have continued to provide monthly food sponsorship, medication and general building aid when needed and continue to do so.

The principal aim of the charity is to relieve the suffering of animals worldwide, but particularly in Eastern Europe, Greece, and Cyprus. Those animals who are abandoned, abused, stray or otherwise in need of care and protection.

Despite the global pandemic, we focused on the areas that we could continue to serve and make a difference to the lives of hundreds of homeless and abused dogs throughout the year.

Looking ahead, 2022 is the 10th year of our charity and we are looking forward to turning our plans into reality having had them curtailed because of the pandemic. So much has happened since the first call for help 10 years ago, rescuing little dog Angel who has gone on to live such a charmed and happy life. We hope to celebrate with many of our adopters and their beloved dogs, continue to raise awareness and funds in our aim to relieve suffering. The greatest celebration will come when we no longer need to spay, neuter, rescue, adopt, campaign and educate. Until that time we hope you will join us to help save lives, because

Notes to Financial Statements

1. Accounting policies

1.1 Basis of preparation of financial statements.

The financial statements have been prepared in accordance with the Charities: Statement of Recommended Practice (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)) (issued in October 2019) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

K-9 Angels (the charity) meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note(s).

Company status

The charity is a company limited by guarantee. The members of the company are the Trustees named on page 1. In the event of the charity being wound up, the liability in respect of the guarantee is limited to £1 per member of the charity.

1.3 Preparation of the accounts on a going concern basis.

The trustees consider that the charity can continue as a going concern for at least the next 12 months. Although reserves are low, there are few fixed costs and therefore outgoings can easily be adjusted to come in line with income.

1.4 Fund accounting.

General funds are unrestricted funds which are available for use at the discretion of the Trustees in furtherance of the general objectives of the charity and which have not been designated for other purposes. Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the charity for particular purposes.

1.5 Income.

Income is recognised when the charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that the income will be received, and the amount can be measured reliably and is not deferred.

Where income has related expenditure (as often with fundraising), the income and related expenditure are reported gross in the Statement of Financial Activities.

1.6 Expenditure.

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required, and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Costs of raising funds cover all expenditure incurred by the charity to raise funds for its charitable purposes including the costs of all fundraising activities, events, and non-charitable trading activities, plus the associated support costs.
- Expenditure on charitable activities includes the costs of information provision and beneficiary support undertaken to further the purposes of the charity and their associated support costs.
- Other expenditure represents those items not falling into any other heading.

All resources expended are inclusive of irrecoverable VAT.

1.7 Support costs.

Support costs are those functions, such as office overheads and governance, that assist the work of the charity; these costs are split between cost of raising funds and expenditure on charitable activities. Governance costs are those costs associated with meeting the strategic management, constitutional and statutory requirements of the charity. Costs have been attributed on a basis consistent with the use of resources. Where costs cannot be allocated, they are apportioned according to the direct cost of each reported activity.

1.8 Foreign currency.

Foreign currency transactions are converted into sterling at the rate prevailing on the date of the transaction.

1.9 Financial instruments.

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

1.10 Cash at bank and in hand.

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

1.11 Debtors.

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

1.12 Creditors and provisions.

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

1.13 Taxation.

The charity is exempt from corporation tax on its charitable activities.

1.14 Dormant Policies.

These aspects did not apply during the reporting period.

- Tangible fixed assets: Individual fixed assets costing £1,000 or more will be capitalised at cost and depreciated as appropriate, in order to write off each asset over its estimated useful life. The charity held no such assets.
- Stock: The charity had no material stock holdings; non-donated goods would otherwise be shown at the lower of cost or net realisable value.
- Staff disclosure: The charity had no employees.
