Reference and Administrative Details

Basingstoke and Deane Canoe Club is registered charity number 1150412 and company registration number 08257472. The company is a private company limited by guarantee.

The registered office is:

5 The Drive
Oakley
Basingstoke
Hampshire
RG23 7DA

The directors of the company and trustees of the charity for the year were:

Mr Alan Macdonald
Mr Peter Mansell
Ms Eleanor Booth
Mr Simon Crute (Mr Crute resigned as a director on 26 March 2023)

Structure and Governance

Structure

Basingstoke and Deane Canoe Club is a company limited by guarantee, incorporated on 17th October 2012 and registered as a charity on 9th January 2013. The company's articles of association are based on the Charity Commission model documents at the time of incorporation with the options completed and no other changes.

The directors of the company are the trustees of the charity. Directors serve for a period of three years and are elected at the annual general meeting. Mr Alan Macdonald was re-elected in 2020, Mr Peter Mansell was re-elected in 2021, Mr Simon Crute was elected in 2021 and Ms Eleanor Booth was re-elected in 2022.

The directors give their time voluntarily and receive no benefits from the charity. Any expenses reclaimed from the charity are set out in the notes to the accounts.

Whilst the directors have ultimate responsibility the day to day running of the Club is delegated to an executive committee. Details can be found on the Club's website at <http://www.badpaddlers.org/about-us/documents/324-club-management>.

Director's Meetings

The directors have had five meetings during the year. Mr Crute, Mr Mansell and Ms Booth each attended five meetings. Mr Macdonald has attended four meetings. Committee members have been invited to observe directors' meetings and Mr Pete Leicester has attended one meeting.

One of the directors' meetings has been conducted by e-mail exchange as it was not possible to arrange a face to face or virtual meeting at short notice to approve the use of Stripe to process membership subscription payments.

Volunteers

The running of the Club is undertaken solely by volunteer efforts. This work encompasses the following areas of the charity:

- Management: The committee met on seven occasions through the year. This year volunteer effort also included maintaining the Club's web hosting arrangements, a review of buildings and content insurance, and setting up online membership payment management via British Canoeing's JustGo scheme.
- Education and coaching: The Club's coaches have provided a programme of introductory, improvers and safety courses both in the swimming pool and on open water.
- Colt Hill Development: Working parties have continued to maintain the plot and develop car parking at Colt Hill Wharf.
- Swimming pool: Management through running the reception desk, collection of pool fees and provision of poolside safety guards.
- Trips: The Club organises a range of day, weekend and longer trips covering paddling water suitable for all abilities in the Club. Organisation and river leadership for these is provided by suitably qualified volunteers.

The directors recognise that every voluntary contribution is vital and would like to take this opportunity to extend our thanks to all of them.

Objectives and Activities

Objects

The Charity's objects are the promotion of community participation in healthy recreation in particular by:

- The provision of facilities for all aspects of the sport of canoeing;
- Developing and maintaining an amenity to enable inclusive access to the community and public access to canoeing on the Basingstoke Canal at Colt Hill Wharf, Odiham.

Objectives for 2021/22

The Charity's objectives for the period November 2021 to October 2022 were:

- To maintain a programme of diverse canoeing activities for all members;
- To maintain a pool of kayaks and ancillary equipment to support paddling activities;
- To promote a range of training activities to support paddling activities;
- To promote inclusive paddlesport;
- To maintain and continue to develop the facility at Colt Hill Wharf, Odiham.

Activities

Basingstoke and Deane Canoe Club has existed as an unincorporated association from 1987 until 31st August 2013 when its activities and assets were transferred to the company as a going concern.

In March 2015 phase 1 of Colt Hill Clubhouse, the shell of a canoe clubhouse on the parcel of land owned freehold by the charity adjacent to the Basingstoke Canal at Odiham, was officially opened. Initially the clubhouse provides secure, weather-tight storage for the Club's kayaks and canoeing equipment adjacent to the Basingstoke Canal. The clubhouse includes spaces for future fit out as changing rooms and WCs, including accessible facilities, a clubroom and small kitchen.

Volunteer work parties at Colt Hill Clubhouse have focused on maintenance activities this year and continued the earthworks necessary for vehicular access and parking within the fenced compound. In May we hired a mini-digger and dumper for two days to develop the vehicle access and parking area within our compound. This resulted in the removal of 8 grab loader trucks of earth and we took delivery of 20 tonnes of crushed stone which was spread and compacted to form the beginnings of the accessible parking area and to improve the path foundations along the side of the club house ready for block paving. We also dug out and then laid geogrid reinforcement and compacted crushed stone immediately in front of the boat store. In August we again hired a digger and dumper for a day and took delivery of three lorry loads (60 tonnes) of stone; two thirds of this was spread and compacted over geogrid reinforcement to extend the parking area.

Colt Hill Clubhouse provides storage for most of the charity's fleet of 50 canoes and kayaks together with ancillary equipment. Now this equipment is stored adjacent to the Basingstoke Canal it is being used to promote community participation in canoeing.

The charity has a 2-hour weekly slot at Queen Mary's College swimming pool in Basingstoke for paddlesport training, practice and recreation from September to April each year.

During the summer the Club has met at Colt Hill Clubhouse, Odiham to facilitate weekly recreational sessions for adults and young people. The Wednesday evening paddle replaces the swimming pool sessions for the summer and is the focus for adult recreational paddling. The Friday evening sessions that focus for junior paddling were restarted this summer when covid-19 lockdown restrictions were eased. The Club also has a regular Saturday morning paddling session at Colt Hill Clubhouse which run throughout the year.

The two outreach projects been run at Colt Hill Clubhouse over the summer: monthly Saturday taster session open to all; and bespoke taster sessions for local youth organisations including Cubs, Scouts, Guides and others. These are described below.

In addition to the provision of facilities and opportunities to participate in healthy recreation via the sport of canoeing for club members, affiliated educational institutions and local youth groups (see below), the club also provides the local community and general public access to canoeing on the Basingstoke Canal at Colt Hill Wharf, Odiham. These opportunities are made available via two mechanisms:

1. Temporary Membership enables members of the public to turn up at one of the scheduled club events and participate in a supervised and accompanied manner in up to two club sessions so that they are able to determine if they enjoy and wish to continue paddling with the club.
2. Taster Session Days during the summer months of each year. On these days, each 90-minute taster session caters for 8 members of the public and is run by a small team of Club volunteers including at least one club coach certified by British Canoeing. The public participants receive the British Canoeing Start Certificate as a record of their session. 209 members of the public were introduced to the sport of canoeing during 4 days which formed the Club's 2022 taster session day series, providing many with their first 'on the water' paddling experience.

The club benefits from the local/public provision of access through creating a positive reputation as a 'good neighbour', local, friendly and professionally run recreational sports club. Additional benefits for the club flow through attracting new club members, financial income from ticket sales and the opportunity to introduce club members to coaching beginners.

Bespoke taster sessions have been run for local youth organisations including Scouts and Guides. These provide the Club to reach out to the wider community and encourage wider participation in paddle sport as a healthy form of recreation.

Over the past year the charity has provided:

- Weekly canoeing training sessions for adults and young people;
- A project with Treloar School and College to provide weekly kayaking sessions for their students, all of whom have disabilities.

The trustees have had regard to the Charity Commission's guidance on public benefit.

Achievements and Performance

Summary of achievements in relation to the provision of facilities for canoeing objective:

- Maintained a fleet of canoes, kayaks and ancillary equipment;
- Run weekly paddling sessions on Queen Mary's College swimming pool from September to April each winter;
- Run three regular weekly paddling sessions at local canals over the summer and one weekly outdoor paddling session throughout the year;

Annual Report and Accounts for the Period from 1st November 2021 to 31st October 2022

- Restarted running courses in the swimming pool in September 2021;
- Provided opportunities to paddle on local rivers and canals, on the sea around the Solent and around the Isle of Purbeck, day paddles on local rivers and canals, and five paddling weekends in Kent, South-West England and South Wales.

Summary of achievements in relation to an amenity on the Basingstoke Canal:

- Maintained the secure weather-tight shell of a clubhouse, Colt Hill Clubhouse, on land owned by the charity adjacent to the Basingstoke Canal in Odiham;
- Maintained the wildflower meadow, fences and hedges including construction of a new composting system for green waste;
- Regraded the compound and laid the initial layer of hardcore over the planned parking area including the accessible parking. Improved the path foundations alongside the club house ready for block paving, improved the surface in front of the boat store adding reinforcement and hardcore in preparation for drainage work and block paving.

Summary of achievements related to inclusivity:

- Continued a project with Treloar School and College to provide weekly kayaking sessions for their students, all of whom have disabilities;
- Welcomed new member with disabilities and supported club members with mental disabilities, physical disabilities and learning difficulties.

Financial Review

Income and Expenditure

The income for the period was £34,101.45. The expenditure in the period was £27,817.04. The expenditure on the construction of the club house and kayaking equipment has been capitalised on the balance sheet so is not shown on the Income and Expenditure account.

Assets

The fixed assets comprise freehold ownership of a clubhouse located on 0.48 acre land adjacent to the Basingstoke Canal at Colt Hill Wharf, Odiham and a fleet of canoes, kayaks and ancillary equipment. Phase one of the clubhouse was constructed in 2014 and opened in March 2015 to provide a secure, weather-tight shell. The land and clubhouse have therefore been valued at the purchase price of the land in 1995 plus the cost of professional fees to secure planning approval and through to construction, the construction cost of the clubhouse to date plus the depreciated value of fencing to the land.

The canoes, kayaks and ancillary equipment have been valued based on recommended retail price at the time of purchase depreciated over five years. The book value of equipment over five years old has been taken as nil.

Reserves Policy

Basingstoke and Deane Canoe Club has a reserves policy to ensure that money is set aside for foreseeable risks as detailed below and based on the operational experience of the unincorporated association and the charity to date.

Working Capital - The Club's income and expenditure are not even through the year nor do they necessarily match each other. Whilst the other other reserves set aside by the Club exceed £10,000, they are considered sufficient to cover the month to month and day to day variations in income and expenditure.

Cancelled Events - Recent experience has shown that winter trips can be cancelled if the weather is particularly severe. A reserve was accumulated of £1,250 between 2010 and 2013. This has been increased to £1,500 to cover the irrecoverable losses if two weekend trips were to be cancelled due to exceptionally adverse weather.

Uninsurable Losses – All insurance policies include excess sums (and market value replacement) which represent uninsurable sums. A reserve of £4,000 has been set aside for uninsurable losses.

Colt Hill Clubhouse - The current operational budget indicates £5,000 per year being the target contribution for reserves and loan repayments, being 1% of the original estimated capital cost. The value of this reserve stood at £31,800 on 31 October 2022. Continued spending on external works at Colt Hill Clubhouse are planned in 2023 together with a refresh of the Club's fleet of kayaks, stand up paddleboards and ancillary equipment, in part funded by drawing down on reserves. The reserve at 31 October 2023 will be reduced to £14,000 as a result of this draw down. In the longer term the

target is to increase the value as funds become available both to provide for maintenance and to start building up funds for the fit out of the Clubhouse.

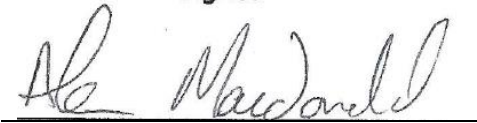

Grants

The Club received a grant of £8,000.00 from the Dorothy Chapman Trust to improve the Clubhouse for pedestrians in general and for paddlers with disabilities in particular in 2021. The Club has spent £2647.20 last year (2020-21) and £10,893.03 this year (2021-22) on access improvements. It is anticipated that a further £10,000 will be spent in the year November 2022 to October 2023 on pedestrian and vehicular access. That will be the entirety of the grant spent and a matching contribution from the Club of approximately £15,000.

Plans for 2022-23

The charity plans to continue the stated objectives and endeavour to increase coaching and outreach activities from the Colt Hill Clubhouse base.

Continued expenditure on external paving and car parking is planned for 2022 – 2023 to support volunteer efforts and to improve access to the clubhouse. The Club will continue to work towards the fit out of the Colt Hill Clubhouse when sufficient funds are available.

Audit Exemption Statement

For the year ending 31st October 2022 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476;
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts;
- These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime.

Signed on behalf of the board (Alan Macdonald Director)

Notes to the Accounts

1 Accounting Basis

The accounts have been prepared in accordance with the requirements for small companies as the annual turnover is less than £6.5 million, the balance sheet total is less than £3.26 million and the company has no employees.

The accounts have been prepared in accordance with the Statement of Recommended Practice published by the Charity Commission in 2019 incorporating FRS102. The accounts have been prepared in accordance with charity law applicable in England and Wales.

2 Made-up Date

The accounts are made up to 31st October 2022.

3 Colt Hill Clubhouse Fund

Colt Hill Clubhouse is shown as a separate designated fund on the Income and Expenditure Account for three reasons. Construction of the clubhouse is a one-off activity: separation of this exceptional item increases transparency in accounting for the charities general unrestricted funds. The conditions imposed by donors to fund Colt Hill Clubhouse place restrictions on the charity from trading this asset. Colt Hill Clubhouse addresses the charity object of developing a facility on the Basingstoke Canal.

4 Income from Donations

Income from donations totalled £5,586.45. Notable voluntary income included donations (£1609.52), and membership subscriptions (£3976.63). Whilst membership subscriptions have been classed as voluntary income as members receive no direct benefit, it could be argued there are indirect benefits so Gift Aid has not and will not be claimed on membership subscriptions.

5 Income from Other Trading Activities

The income and expenditure for the period were related to other trading activities of the club are summarised below.

Breakdown of Income and Expenditure on Other Trading Activities		
Activity	Income	Expenditure
Taster session BBQ	£ 510.00	£ (263.80)
Clothing	£ 1,183.00	£ (1,109.04)
Total	£ 1,693.00	£ (1,372.84)

6 Charitable Activities

The principal income and expenditure for the period were related to the charitable activities of the club and are summarised below. Where governance costs relate to specific activities they have been allocated accordingly: business rates and insurance have been allocated to Colt Hill Clubhouse operations; Eventbrite payment processing commission has been allocated to public taster sessions. All other governance costs have been allocated across all activities except Colt Hill Clubhouse operations pro rata the net expenditure on each activity.

Breakdown of Income and Expenditure on Charitable Activities				
Activity	Income	Expenditure		
		Net	Governance Cost Allocation	Gross
Paddling at QMC Swimming Pool	£ 2,745.00	£ (2,955.40)	£ (173.85)	£ (3,129.25)
Training courses	£ 3,500.00	£ (2,556.42)	£ (150.38)	£ (2,706.80)
Coached sessions for other organisations	£ 2,156.00	£ (1,125.00)	£ (66.18)	£ (1,191.18)
Public taster sessions	£ 1,610.00	£ (1,155.49)	£ (323.33)	£ (1,478.82)
Coach development	£ -	£ (248.80)	£ (14.64)	£ (263.44)
Weekend paddling trips	£ 1,375.00	£ (1,510.55)	£ (88.86)	£ (1,599.41)
Provision of canoeing equipment	£ 7,261.00	£ (7,835.28)	£ (460.92)	£ (8,296.20)
Club sessions at Colt Hill	£ -	£ (2,363.18)	£ (139.02)	£ (2,502.20)
Colt Hill Clubhouse operations, incl depreciation	£ 8,175.00	£ (3,574.57)	£ (1,702.33)	£ (5,276.90)
Total	£ 26,822.00	£(23,324.69)	£ (3,119.51)	£(26,444.20)

7 Other Incoming Resources

When the Charity took over the assets of the unincorporated association the value of the land at Colt Hill and planning permission were included in the accounts. However, the unincorporated association had also paid for the detailed design of the Clubhouse: this was not recognised in the statement of financial activity in previous accounts. In financial year 2014-15 the Clubhouse was substantially constructed so since then the value of this design work has been included from that time.

8 Unpaid General Volunteers

Whilst no income value is attributed to the services of unpaid general volunteers in these accounts, the actual value of their services cannot be underestimated¹. Indeed, without their services it would be difficult to class the charity as a going concern and the following charitable activities are reliant on the services of volunteers:

- Paddling at QMC swimming pool (administration and lifeguarding)
- Training courses (administration, coaching and safety cover)
- Weekend paddling trips (administration and safety cover)
- Colt Hill Clubhouse (administration, maintenance and safety cover for paddling activities).

9 Governance

The costs attributed to governance in the period were as detailed here:

- Canoe England affiliation (£746.00) – excludes the cost of boat licences but includes “Club Plus Pro” annual subscription
- Insurance (£1598.22)
- Website hosting and publicity costs (£115.06)
- Information Commissioners Office fees (£35.00)
- Payment processing platforms’ commission: Sumup (£129.19), Stripe (£100.12) and Eventbrite (£255.36)
- Travel expenses (£36.45)

9 Fixed Assets

The fixed assets of the charity comprise a clubhouse with 0.48 acre land adjacent to the Basingstoke Canal at Colt Hill Wharf, Odiham and a fleet of kayaks. The fixed assets were revalued at 31 October 2022. Details of the fixed asset valuation are shown overleaf.

¹ The approximate value of volunteer time has been estimated assuming the minimum wage for general volunteering and commercial day rates for paddlesport coaches. This gives a value about £45,000 per annum, which is likely to be an underestimate.

Element	Method of Valuation	Book Value
Land (freehold)	Purchase price in 1995	£10,000.00
Planning permission	Architect's and other professional fees paid prior to grant of planning	£11,747.00
Clubhouse construction phase 1	Architect's and other professional fees	£33,932.08
	Construction costs to 31 October 2022	£310,413.65
Fencing erected in 2012	Replacement cost less depreciation at 10% per annum	nil
Kayaks and associated equipment, first aid training equipment, miscellaneous tools	Purchase cost less depreciation at 20% per annum	£5,975.91
Total		£372,068.64

Of the assets listed all except the kayaks and associated equipment relate to Colt Hill Clubhouse. An analysis of the movement of fixed assets is included below.

	Freehold land and buildings	Fixtures and Fittings	Kayaking and first aid training equipment	Buildings under construction	Total
Asset cost, valuation or revalued amount					
Balance brought forward	£ 21,747.00	£ 13,410.00	£ 24,613.43	£ 333,506.70	£ 393,277.13
Additions	£ -	£ -	£ 803.70	£ 10,839.03	£ 11,642.73

Carried forward	£ 21,747.00	£ -	£ 5,975.91	£ 344,345.73	£ 372,068.64

10 Liabilities

The Club had no loans for the construction of Colt Hill Clubhouse outstanding at 31st October 2022.

12 Accounting Period

The accounts for the period 1st November 2021 to 31st October 2022 represent the tenth full year of activity for the charity.

13 Director's Expenses

Mr Macdonald and Ms Booth have received no payment for expenses for the year ending 31st October 2022.

Mr Crute has received £15.75 expenses for travel to directors' meetings.

Mr Mansell has received £892.10 in expenses: £20.70 for travel to directors' meetings and the remainder related to other roles within the Club. £611.30 travel expenses for providing kayak coaching. £260.10 travel expenses associated with on going development work at Colt Hill Clubhouse.

Overall, the value of donations to the Club from directors have exceeded expenses claimed by directors.

14 Independent Examination

For the year ending 31st October 2022 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies. The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476 of the Companies Act 2006. The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts. These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime.

The directors consider that whilst an audit is not required for this year (under section 43(2) of the Charities Act 1993), an independent examination is needed.

Independent Examiner's Report

I report on the accounts for the year ended 31st October 2022 which are set out on pages 11-18.

Respective responsibilities of the trustees and examiner

The charity's trustees consider that an audit is not required for this year (under section 43(2) of the Charities Act 1993 (the Act)) and that an independent examination is needed. It is my responsibility to:

- Examine the accounts (under section 43 of the Act)
- To follow the procedures laid down in the General Directions given by the Charity Commission (under section 43(7)(b) of the Act), and
- To state whether particular matters have come to my attention.

Basis of the Independent Examiner's Report

My examination was carried out in accordance with the General Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a "true and fair" view and the report is limited to those matters set out in the statement below.

Independent Examiner's Statement

In the course of my examination, no matter has come to my attention:

1. Which gives me reasonable cause to believe that, in any material respect, the requirements: to keep accounting records in accordance with section 41 of the Act; and to prepare accounts which accord with accounting records and comply with the accounting requirements of the 1993 Act; have not been met; or
2. To which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.
