Activities

Objects: THE OBJECT OF THE CIO IS THE PREVENTION OR RELIEF OF POVERTY OR FINANCIAL HARDSHIP ANYWHERE IN THE WORLD BY PROVIDING, OR ASSISTING WITH THE PROVISION OF KEY RESOURCES, EDUCATIONAL CENTERS, PUBLIC HEALTH INITIATIVES AND OTHER PROGRAMS RESULTING IN THE CREATION OF SELF-SUSTAINING COMMUNITIES WITH THE OPPORTUNITY FOR ONGOING DEVELOPMENT.

Activities: Construction of rainwater collection tanks within primary schools or other public facilities such as community centres or medical offices. Construction is complemented with education surrounding water management and drought preparation it. More recently we have also investigated the construction of greenhouses and subsequently the implementation of agricultural programmes.

FAB Projects Annual Report 2023

Food, Aid & Building Projects - Reg. Charity Number 508111

This report highlights FAB Projects' activities in 2023 and contains an overview of our finances for the period.

Statement of the Trustees

All of us at FAB are very thankful for the determined support of our fans and followers. It goes without saying that the work we have carried out could not have been achieved if it were not for the kind support of our donors. FAB and thousands of Kenyans today and tomorrow offer the most heartfelt thanks to you all.

FAB was first envisioned in 2009 when two men, who met in Kenya, were touched by the lives and hardships experienced by ordinary Kenyan people. By 2010 we had dreamt up the brand 'FAB Projects' which represented our goals to ensure the provision of Food and water via short-term Aid and long-term Building Projects and we went on to raise funds and gained official UK registration by 2013.

It has never been our intention to become a large charity, rather staying focussed on helping those communities we had visited throughout Kenya and making contributions only when and where we truly believed in the solution. Provision of water quickly became a key issue to us as the apparent lack of it in many locations destroyed the foundations for further sustainable development.

We have kept in touch with all our project sites and are committed to offering ongoing support to those communities. Our short-term ambition is to keep focus on the communities we have assisted so far and be prepared to support them in future with the maintenance of any projects we have completed there.

I am pleased to report that nearly 15 years later, the projects we have undertaken are still in good order and most importantly have delivered a lasting benefit to our community partners. In some cases, this is health related, in many cases the provision of water simply reduces the cost to schools who otherwise purchase water using already limited funds. Often schools needed to seek financial support from parents of the children attending. Alleviating this cost by providing water and in turn the opportunity for food supply, has delivered significant growth opportunities to the schools we have worked with empowering them to further take the next step for themselves.

Kind Regards,

Peter Harkness | CEO & Trustee

Peter Harkness | CEO

Overview of Activities in 2021:

No new charitable projects have been initiated in 2021. We have had contact from 3 of our former project sites in the year who note that other than 'aesthetic maintenance' the structures continue to perform well and provide the ongoing benefit as intended.

FAB Projects Annual Report 2020

Food, Aid & Building Projects - Reg. Charity Number 508111

This report highlights FAB Projects' activities in 2020 and contains an overview of our finances for the period.

Statement of the Trustees

All of us at FAB are very thankful for the determined support of our fans and followers. It goes without saying that the work we have carried out could not have been achieved if it were not for the kind support of our donors. FAB and thousands of Kenyans today and tomorrow offer the most heartfelt thanks to you all.

FAB was first envisioned in 2009 when two young men met in Kenya, and were touched by the lives and hardships of ordinary Kenyan people. By 2010 we had dreamt up the brand 'FAB Projects' and went on to raise funds and gain official registration by 2013.

Our ambitions were that in in 2020 (the charity's unofficial 10th year) FAB Projects would be completing any required renovation works at all our project sites and updating all those sponsors who had kindly supported our activities. By our estimation our water tanks should have collected more than 19 million litres of water since 2010!

Events of 2020, namely the occurrence of the Corona Virus, changed the focus for many of us and the charity has remained largely inactive throughout the year. We don't yet know when it will be safe to travel to Kenya again, or when we will be able to get back to our plans, but we aren't going anywhere, and we won't forget those who lives touched our own.

Kind Regards,

Peter Harkness | CEO

Overview of Activities in 2020:
