A Better Life Dog Rescue Ltd

Trustees' Annual Report (Incorporating the Director's Report)

Year Ended 31 October 2020

The trustees, who are also the directors for the purposes of company law, present their report and the unaudited accounts of the charity for the year ended 31 October 2020.

Objectives and Activities

The objects of the charity are for the benefit of the public to relieve the suffering of dogs in need of care and attention and in particular to provide and maintain rescue homes or other facilities for the reception, care and treatment of such animals; To promote humane behaviour towards animals in particular dogs by providing appropriate care, protection, treatment and security for dogs which are in need of care and attention by reason of sickness, maltreatment, poor circumstances or ill usage and to educate the public in matters pertaining to animal welfare in general and the prevention of cruelty and suffering among animals, particularly dogs.

Achievements and Performance

ABLDR have had a very busy year. We have adopted to loving homes more than 300 dogs. In our mission we have participated in numerous sterilization campaigns. More than 250 dogs sterilized, thus saving thousands of puppies being born into what is already a dire situation.

We have built up a very good network of volunteers now who are helping to streamline our procedures. Our whole adoption process has been thoroughly rewritten, protecting the animal, and the charity, further than ever before. We introduced these new procedures due to the Covid 19 Pandemic to limit "impulse" adoptions. During the pandemic whilst we have seen a drop in the number of transports we do the actual number of applications and adoptions has actually risen. This is solely down to the team who work in the UK promoting these poor animals plight.

The shelter is progressing, but not as fast as we would like it. This is mainly due to the adverse weather we experienced over winter and the lack of manpower available because of the pandemic. No volunteers have been able to come out like the year before and help, so we are having to rely on locals to build, but this all costs much more money. We are hoping that soon the restrictions will be lifted and we can welcome volunteers here again who can help us with this amazing project.

We hope 2021 brings us better news than 2020 did.

Financial Review

Reserves Policy

The charity aims to maintain sufficient reserves to cover running costs for 3 months excluding depreciation. This is estimated to be approximately £20,000. At 31st October 2020 free reserves totalled £10,854.

Structure, Governance and Management

A Better Life Dog Rescue is a charitable company incorporated on 17 October 2012 and registered with the Charity Commission on 1 May 2013. The charity is governed by its memorandum and articles of association dated 17 October 2012 as amended by special resolution registered at Companies House on 29 April 2013.

Organisation of the charity

Jason Yorke is responsible for the day to day running of the rescue and transport. This includes booking our dogs ready for transport, paying vet bills, booking transport dates, making sure the animals receive their vaccinations on time and arranging the schedules with the adopters and fosterers alike. He is also in charge of the new shelter build in Romania and as such spends most of the year out there ensuring that the work is being completed to a high standard. He is also in charge of the charity merchandise.

Nicola Chappell is the dog coordinator and has total autonomy over where a dog is placed. She has amassed a team of volunteers around her who deal with screening and home checking and has streamlined the adoption process and follow up checks immensely.

Graham McNally is technically a silent Trustee. He has a casting vote should Nicola and Jason not agree on something that is relevant to what we do.

Public Benefit

Our main activities and who we help are described elsewhere in this report. All our charitable activities are undertaken to further our charitable purposes for the public benefit. The Committee have had regard to the Charity Commission's guidance on public benefit throughout the year when deciding on the activities of the charity.

Responsibilities and Basis of Report

As the trustees of the company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

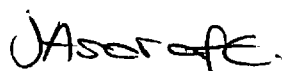

Having satisfied myself that the accounts of the company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of the charity's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). Independent Examiner's Statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

1. accounting records were not kept in respect of the charity as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

3. Accounting Policies *(continued)*

Income

All income is included in the statement of financial activities when the charity is entitled to the income, any performance related conditions attached have been met or are fully within the control of the charity, the income is considered probable and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

Donations and legacy income is received by way of donations, legacies, grants and gifts and is included in full in the Statement of Financial Activities when receivable. Where legacies have been notified to the charity but the criteria for income recognition have not been met, the legacy is treated as a contingent asset and disclosed if material. Grants, where entitlement is not conditional on the delivery of a specific performance by the charity, are recognised when the charity becomes unconditionally entitled to the grant.

Donated services and facilities are included at the value to the charity, being the amount the charity would have been willing to pay to obtain services or facilities of equivalent economic benefit on the open market.

Investment income is included when receivable.

Income from charitable trading activity is accounted for when earned.

Income from grants, where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance.

Expenditure

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates:

Costs of raising funds comprise the costs associated with attracting donations, grants and legacies and the costs of trading for fundraising purposes.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated between the expenditure categories of the SOFA on a basis designed to reflect the use of the resource. Costs relating to a particular activity are allocated directly, others are apportioned on an appropriate basis, as set out in the notes to the accounts.

Tangible Assets

Fixed assets are stated at cost less accumulated depreciation. The costs of minor additions or those costing below £500 are not capitalised.

A Better Life Dog Rescue Ltd

Notes to the Accounts (continued)**Year Ended 31 October 2020**

3. Accounting Policies (continued)

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Motor Vehicles - 25% reducing balance

Impairment of Fixed Assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets.

For impairment testing of goodwill, the goodwill acquired in a business combination is, from the acquisition date, allocated to each of the cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the charity are assigned to those units.

Financial Instruments

The charity only has financial assets and liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

Accrued income and tax recoverable is included at the best estimate of the amounts receivable at the balance sheet date.

Cash at Bank and in Hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

A Better Life Dog Rescue Ltd

Notes to the Accounts (continued)

Year Ended 31 October 2020

3. Accounting Policies (continued)

Creditors

Creditors are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors are normally recognised at their settlement amount after allowing for any trade discounts due.

Taxation

The company is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the company is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

4. Limited by Guarantee

The company is limited by guarantee. At 31st October 2020 there were 3 members each of whom had undertaken to contribute an amount not exceeding £10 in the event of a winding up.
