

CHARITY COMMISSION
FOR ENGLAND AND WALES

Trustees' Annual Report for the period

From 1st April 2022 **Period start date** **To** 31st March 2023 **Period end date**

Charity name: Oxfordshire Oesophageal and Stomach Organisation

Charity registration number: 1152733

Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	We promote the treatment and care of persons suffering from oesophageal or stomach cancer and to provide support to those caring for such persons or who are affected by oesophageal or stomach cancer amongst their families or friends.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>(a) Listening services, support, advice (including 7day/week telephone line), education and information not normally provided by the statutory authorities.</p> <p>(b) Listening and other support to the family and friends of patients and to those who have been bereaved.</p> <p>(c) Host online zoom group support sessions, and regular local lunch gatherings.</p> <p>(d) Education in relation to these illnesses.</p> <p>(e) Facilitation of meetings between patients and their carers, family and friends with members of the clinical team involved in treatment.</p> <p>(f) Representation of the patient voice on medical committees and similar forums.</p> <p>(g) Raise awareness of the public in relation to stomach and oesophageal cancers including the provision of lectures, forums, websites, newsletters and other publicity and educational material.</p> <p>(h) Engage with a small group of volunteers to help with our Charitable activities, such as hosting events, supporting the website and representing</p>

		OOSO on clinical trial boards and research projects
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	Trustees are fully aware and compliant with regard to the guidance issued by the Charity Commission on public benefit

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Because we are a mix of surviving ex-cancer patients, family to previous sufferers, and medical clinicians, we offer a range of support, reassurance and advice to those at different stages of their illness, treatment and recovery.</p> <p>We continue to work, as in previous years, closely with the Churchill Hospital Upper GI clinical team in Oxford to ensure our support services are complimentary and appropriate.</p> <p>During 2022/23 we maintained an active network supporting newly diagnosed patients through their treatment and into recovery.</p> <p>We continue to receive increasing numbers of telephone conversations and online 1:1</p>

		<p>zoom chats, and have established regular social lunchtime events around the county.</p> <p>Our communications include ongoing fortnightly e-newsletter keeping all of our contacts informed of what we were doing, inviting engagement, voluntary support and feedback.</p> <p>Our regular 6-weekly zoom group sessions are very popular, inviting panels of clinician experts and patients to share knowledge and experiences. Our attendee list has steadily grown with up to c.150 people invited to join in.</p> <p>During the year, we estimate we had contact by telephone with approximately 140 patients and their family members, plus over 600 patients, carers and clinicians via our zoom sessions, with over 25,000 unique 'hits' on our website, 50% of which were from other countries, principally the USA and 32 other countries.</p> <p>Funds are raised through donations and events and ringfenced for running costs and towards specialised equipment identified by the clinical team.</p> <p>We have greatly reduced our running costs by reverting to a purely voluntary organisation. We have no paid members of staff and only pay expenses in exceptional circumstances. Our running costs are kept to an absolute minimum.</p> <p>In addition, we are developing a new, more modern website, supplying up to date patient information, as well as via hard copy folders and booklets</p>
--	--	--

Additional information (optional)

You may choose to include further statements where relevant about:

Achievements against objectives set	Para 1.41	<p>Our measures of success include (1) offering support to 100% of patients and carers contacting us (yes) (2) supporting projects and initiatives led by the Churchill Hospital (yes) (3) receiving 95% positive feedback (100%) (4) maintain a steadily growing newsletter circulation list (yes), (5) increasing numbers visiting our website (yes) and (6) raising sufficient funds to maintain the charity (yes)</p>
-------------------------------------	-----------	---

		We continue to be most proud to have achieved our core patient and carer focussed objectives, by meeting or corresponding with, and supporting all those that have contacted us or those we have proactively met online. It is vital that we maintain strong links with patients so that we can support them.
Performance of fundraising activities against objectives set	Para 1.41	Due to increasing costs of living we believe this has impacted the numbers and monetary values of donations to us, hence our income this year has been less than in previous years. We do not actively seek donations in the same way other charities might do, we rely on people's own generosity and will to donate to our charity. Because we are volunteers and our overheads are low, we can operate and achieve our primary goals without needing to ask for donations. People give generously when they can.
Investment performance against objectives	Para 1.41	We met our investment objectives by purchasing various bits of kit for the UGI ward and the Dietitians team at the Churchill hospital, for example bespoke adjustable bed-chairs, and food blenders to be given free to patients who cannot afford them.

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	Our closing balance on 31 March 2023 was £85,827
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	Trustees agree that we aim to maintain a reserve balance of £30,000. This is to ensure that if we (1) suffer a period of reduced fund raising, we are able to sustain the charity for a period of up to 6 years, and (2) if required, cover the costs of unforeseen expenses that might arise in extraordinary circumstances
Amount of reserves held	Para 1.22	£30,000
Reasons for holding zero reserves	Para 1.22	n/a
Details of fund materially in deficit	Para 1.24	n/a
Explanation of any uncertainties about the	Para 1.23	none

charity continuing as a going concern
