### **Directors' Annual Report (Incorporating the Director's Report) *(continued)***

#### **Year ended 31 August 2020**

##### **Structure, governance and management**

Denbigh Museum/Amgueddfa Dinbych is a company limited by guarantee with charitable status. The day to day management of the organisation is undertaken by a management committee which met for the first time on 12th March 2014. The management committee meets every 6 weeks and reports to the Board of Trustees who are also Directors of the company. The directors are elected at the AGM every year by members of Denbigh Museum/Amgueddfa Dinbych to operate on their behalf in accordance with the constitution.

##### **Objectives and activities**

The objects of the Charity are specifically restricted to the following: -

1) to establish and maintain a strictly accredited museum for the benefit of the public 2) to promote art and history for the benefit of the public by the establishment and maintenance of a museum 3) to advance education by the establishment and maintenance of a museum 4) to have power to hold and/or own collections.

We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities.

##### **Achievements and performance**

The Museum's activities have been severely hampered by the coronavirus pandemic. Government restrictions introduced in March 2020 saw all museums closed. This meant that we were unable to open for visitors during the main tourist season or organise activities. Restrictions were lifted at the end of July 2020 but the measures that needed to be in place to protect visitors and volunteers were, at the time, considered impractical. This, naturally, has had an impact on our income.

As a result of the pandemic it has not been possible to hold Board or Management Committee meetings. This includes the Annual General Meeting which has been postponed. Discussions and decisions have taken place through email and telephone conversations. Online meetings of the Finance Sub-committee have proven to be successful and it is planned to expand this to all other meetings.

By the summer of 2020, discussions on relocation to the former Denbigh College had progressed. The Board has agreed in principle to become one of the stakeholders in the building which is being purchased by Vale of Clwyd Mind. This has been delayed because of storm damage to the roof. It is anticipated that the purchase will be completed later in the year. The support of Grŵp Cynefin has been invaluable in this matter.

No temporary exhibitions were held at the Museum during the 2020 season because of the pandemic.

In July 2020, the museum took possession of the late R M (Bobi) Owen's extensive collection, which he had bequeathed to the museum. With the museum closed to the public it will be possible for volunteers to concentrate on cataloguing and scanning the donated items.

**Year ended 31 August 2020**

## **Financial review**

The Museum continues to receive donations and income from hiring. Welsh Government introduced financial support through its Economic Resilience Fund to support businesses through the pandemic. An application was submitted which was successful. The enforced closure and consequent reduction in income has highlighted the Museum's over-reliance on donations for its revenue. To counter this the Finance Sub-committee is in the process of setting up a 100 Club type lottery with a planned launch date of January 2021.

## **Plans for future periods**

The main aims of the Board for the next year are to explore further sources of revenue/income generation thereby becoming financially sustainable with less reliance on donations and grants. The Board will also continue with its preparations for the relocation to the former college building (likely to be mid 2022) which will be a step forward to achieving accreditation status.

## **Small company provisions**

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

The directors' annual report was approved on 7 April 2021 and signed on behalf of the board of trustees by:

### **Notes to the Financial Statements**

**Year ended 31 August 2020**

#### **1. General information**

The charity is a public benefit entity and a private company limited by guarantee, registered in England and Wales and a registered charity in England and Wales. The address of the registered office is Church House, High Street, St Asaph, Denbighshire, LL17 0RD.

#### **2. Statement of compliance**

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Companies Act 2006.

#### **3. Accounting policies**

##### **Basis of preparation**

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through income or expenditure.

The financial statements are prepared in sterling, which is the functional currency of the entity.

##### **Going concern**

There are no material uncertainties about the charity's ability to continue.

##### **Judgements and key sources of estimation uncertainty**

The preparation of the financial statements may require management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

##### **Fund accounting**

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes.

Designated funds are unrestricted funds earmarked by the directors for particular future project or commitment.

Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal, and fall into one of two sub-classes: restricted income funds or endowment funds.

#### **3. Accounting policies** *(continued)*

##### **Incoming resources**

All incoming resources are included in the statement of financial activities when entitlement has passed to the charity; it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured. The following specific policies are applied to particular categories of income:

- income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.
- legacy income is recognised when receipt is probable and entitlement is established.
- income from donated goods is measured at the fair value of the goods unless this is impractical to measure reliably, in which case the value is derived from the cost to the donor or the estimated resale value. Donated facilities and services are recognised in the accounts when received if the value can be reliably measured. No amounts are included for the contribution of general volunteers.
- income from contracts for the supply of services is recognised with the delivery of the contracted service. This is classified as unrestricted funds unless there is a contractual requirement for it to be spent on a particular purpose and returned if unspent, in which case it may be regarded as restricted.

##### **Resources expended**

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

- expenditure on raising funds includes the costs of all fundraising activities, events, non-charitable trading activities, and the sale of donated goods.
- expenditure on charitable activities includes all costs incurred by a charity in undertaking activities that further its charitable aims for the benefit of its beneficiaries, including those support costs and costs relating to the governance of the charity apportioned to charitable activities.
- other expenditure includes all expenditure that is neither related to raising funds for the charity nor part of its expenditure on charitable activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

##### **Tangible assets**

All fixed assets are initially recorded at cost.

### Notes to the Financial Statements *(continued)*

#### Year ended 31 August 2020

#### 3. Accounting policies *(continued)*

##### Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fixtures & fittings	-	20% straight line
Equipment	-	25% straight line

##### Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date.

##### Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stock to its present location and condition.

##### Government grants

Government grants are recognised at the fair value of the asset received or receivable. Grants are not recognised until there is reasonable assurance that the charity will comply with the conditions attaching to them and the grants will be received.

Where the grant does not impose specified future performance-related conditions on the recipient, it is recognised in income when the grant proceeds are received or receivable. Where the grant does impose specified future performance-related conditions on the recipient, it is recognised in income only when the performance-related conditions have been met. Where grants received are prior to satisfying the revenue recognition criteria, they are recognised as a liability.

##### Financial instruments

A financial asset or a financial liability is recognised only when the charity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs.

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Debt instruments are subsequently measured at amortised cost.

# Denbigh Museum/Amgueddfa Dinbych

## Company Limited by Guarantee

### Notes to the Financial Statements *(continued)*

#### Year ended 31 August 2020

#### 3. Accounting policies *(continued)*

##### Financial instruments *(continued)*

Where investments in shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in income and expenditure. All other such investments are subsequently measured at cost less impairment.

Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Other financial instruments are subsequently measured at fair value, with any changes recognised in the statement of financial activities, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised under the appropriate heading in the statement of financial activities in which the initial gain was recognised.

For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics.

Any reversals of impairment are recognised immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.
