Achievements and performance

Review of charitable activities undertaken by the charity

The East Durham Employability Trust has continued with our mission to maximise the potential of individuals whilst adding value to industry by responsively developing skills and attitudes to match local industry needs. Our Destination Employment programme is thriving, offering a bespoke 12 week work experience programme for individuals who are long term unemployed. We have also offered short term work trials leading into direct paid employment. We hope to expand upon our services in the coming year, increasing work experience placements and diversifying our training potential further by attracting new customers in different sectors to provide a variety of contracts on which our candidates can be trained.

Financial review

Review of financial position

The accounts are set out on pages 5 to 19.

The income for the year was £926k (2024: £738k), the net surplus for the year was £68k (2024: £78k), The funds as at 31 January 2025 are showing a deficit of £53k (2024: £121k).

Policies on reserves

It is the policy of the charity that unrestricted funds which have not been designated for a specific use should be maintained at levels sufficient to enable the charity to continue with its core activities. equivalent to between three and six month's expenditure. The trustees note that there is currently a deficit on unrestricted reserves and are actively seeking new sources of funding.

Risk management

The trustees have assessed the major risks to which the charity is exposed, in particular the financial and operational risks, and are satisfied that systems are in place to mitigate exposure to the major risks. A comprehensive risk is reviewed at each Board meeting.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 JANUARY 2025

1 Accounting policies

Charity information

The East Durham Employability Trust is a private company limited by guarantee incorporated in England and Wales. The registered office is 3 Palmer Road, South West Industrial Estate, Peterlee, SR8 2HU.

1.1 Accounting convention

The financial statements have been prepared in accordance with the charity's governing document, the Companies Act 2006, FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the Charities SORP "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (effective 1 January 2019). The charity is a Public Benefit Entity as defined by FRS 102.

The charity has taken advantage of the provisions in the SORP for charities not to prepare a Statement of Cash Flows.

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Going concern

At the time of approving the financial statements, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives.

Restricted funds are subject to specific conditions by donors or grantors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

1.4 Incoming resources

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

1.5 Resources expended

All expenditure is accounted for on an accrual basis and has been classified under the headings that aggregate all costs to that category. Charitable activity costs includes expenditure relating to the operation of the charity and includes both direct and support costs relating to those activities. Support costs include central function expenditure and are allocated on the basis of staff allocated to each activity. Governance costs include those incurred in the governance of the charity and its assets, and are primarily associated with constitutional and statutory requirements.

THE EAST DURHAM EMPLOYABILITY TRUST

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 JANUARY 2025

1 Accounting policies

(Continued)

1.6 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Leasehold land and buildings	20% straight line
Plant and equipment	20% straight line
Fixtures and fittings	15% straight line
Motor vehicles	20% straight line

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the statement of financial activities.

1.7 Impairment of fixed assets

At each reporting end date, the charity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

1.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.9 Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

THE EAST DURHAM EMPLOYABILITY TRUST

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 JANUARY 2025

1 Accounting policies

(Continued)

Basic financial liabilities

Basic financial liabilities, including creditors and loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.

1.10 Employee benefits

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the charity is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.11 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

1.12 Leases

Rentals payable under operating leases, including any lease incentives received, are charged as an expense on a straight line basis over the term of the relevant lease.

2 Critical accounting estimates and judgements

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

Critical judgements

Assessing indicators of impairment

In assessing whether there have been any indicators of impairment of assets, the trustees have considered both external and internal sources of information such as market conditions and experience of recoverability.

THE EAST DURHAM EMPLOYABILITY TRUST

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 JANUARY 2025

2 Critical accounting estimates and judgements

(Continued)

Key sources of estimation uncertainty

Determining residual values and useful economic lives of tangible fixed assets

The company depreciates tangible fixed assets over their estimated useful lives. The estimation of the useful lives of assets is based on historic performance as well as expectations about future use and therefore requires estimates and assumptions to be applied by management. The actual lives of these assets can vary depending on a variety of factors, including technological innovation, product life cycles and maintenance programmes.

Judgement is applied by trustees when determining the residual values for tangible fixed assets. When determining the residual value trustees aim to assess the amount that the company would currently obtain for the disposal of the asset, if it were already of the condition expected at the end of its useful economic life. Where possible this is done with reference to external market prices.
