Governance and management

Drug Watch Foundation are managed by Mr Malcolm Roberts who oversees the day to day running of the charity.

Aims and objectives

To preserve and protect the good health of persons in the U.K. who are in danger of becoming addicted to or dependent upon or who have already become addicted to or dependent on drugs, and to educate the public in the dangers of drug abuse.

Summary of the main achievements during the period

Working along government guidelines, Drug Watch Foundation have highlighted potential risks and harms of using both legal and illegal drugs via forms of interception and education. We continue to tackle the problem early on and believe that the quality of drug education in schools that we provide will increase the knowledge and confidence to both recognise the risks and effects, and the confidence to resist peer pressure.

The charity's policy on reserves

It is our policy to always keep a positive reserve balance where possible, any excess reserves will be invested into charities similar to ourselves.
